Impact Assessment for SB238 Sponsored by Senator A. Clark

Subtitle TO CREATE THE OFFENSE OF AGGRAVATED TRESPASS; AND TO MAKE TECHNICAL CORRECTIONS.

Impact Summary¹ Cannot be determined. The proposed bill creates a new offense of Aggravated Criminal Trespass. Data is unavailable as to the number of occurrences by which Criminal trespass is committed with the elements of the new offense. For this reason, the projected impact of the proposed bill cannot be determined.

Change from Current Law² Amends Arkansas Code Annotated § 5-39-203, Criminal trespass, by creating a new offense, *Aggravated criminal trespass*. Under the proposed bill, *a person commits aggravated criminal trespass, if, while intoxicated by alcohol or a controlled substance, he or she purposely enters locked premises owned or leased by another person*. The conduct included in the new offense is currently punishable as misdemeanor criminal trespass. [new language is indicated by *italics*].

The proposed bill also amends other civil and forfeiture provisions regarding Criminal trespass.

Impact Information The proposed bill creates a new offense and increases the penalty for some occurrences of Criminal trespass. The likely number of these occurrences cannot be determined. Available data of reported convictions for the offense as currently written is not sufficiently specific to determine a projected impact. For this reason, the projected impact of the proposed bill cannot be determined. The following data is provided for informational purposes only.

The Administrative Office of the Courts (AOC) reports that for the three (3) year period beginning on 1/1/2020 and ending on 12/31/2022, there were twenty-four (24) felony convictions for § 5-39-203, Criminal trespass. The Division of Correction (ADC) reports that there are currently zero (0) offenders serving a term of incarceration for § 5-39-203, Criminal trespass.

¹ This impact assessment was prepared 2/21/2023 8:34 AM by the staff of the Arkansas Sentencing Commission pursuant to A. C. A. § 16-90-802(d)(6) with data supplied by the Arkansas Department of Corrections and the Administrative Office of the Courts. A micro-simulation model may be used for bills which have the potential for significant impact on correctional resources. The following designations will be used: "minimal" = less than 10 offenders per year will be affected; "medium" = would require budgetary increases for ADC inmate costs; and "major" = would require budgetary increases for ADC inmate costs and construction costs for additional beds.
