Basic Change:

House Amendment No. 1 --- HB1129-H1 (engrossed 02/27/25) increases the amount of real property that is eligible for the exemption under the bill from 80 to 160 acres.

Original Bill --- HB1129 amends the definition of "homestead" for the property tax exemption for a disabled veteran by increasing the amount of real property that is eligible for the exemption from 40 to 80 acres.

A disabled veteran who has been awarded special monthly compensation by the Department of Veterans Affairs for the loss of, or the loss of use of, one or more limbs, for total blindness in one or both eyes, or for service-connected 100% total and permanent disability is exempt from payment of all state taxes on the homestead and personal property owned by the disabled veteran. Generally, a surviving spouse and minor dependent child of a deceased disabled veteran are also exempt from payment of all state taxes on the homestead.

§ 26-3-306 currently defines "homestead" to mean a dwelling used as the disabled veteran's principal place of residence, along with up to 40 acres of real property contiguous to the dwelling so long as the contiguous real property is not used for a commercial purpose. HB1129 amends the definition of "homestead" to increase the amount of real property contiguous to a dwelling that is eligible for the exemption from 40 to 80 acres.

HB1129 is effective for assessment years beginning on or after January 1, 2025.

Fiscal Impact:

No impact to state revenues. It is uncertain what revenue impact to county property tax collections would result.

Taxpayer Impact:

A taxpayer eligible for the homestead exemption under § 26-3-306 would be able to claim up to 160 acres of real property.
