Basic Change:

House Amendment No. 1 --- HB1422-H1 amends the Only Citizens Vote Act to make the original bill's provisions applicable to a driver's license issued to certain noncitizens equally applicable to an identification card issued to certain noncitizens.

HB1422-H1 removes from existing law certain categories of documents and identification cards that may be accepted for voter identification purposes, including:

- A concealed handgun carry license;
- An employee badge or identification document issued by an accredited postsecondary educational institution in the state; and
- A public assistance identification card if the card shows a photograph of the person to whom the document or identification card was issued.

HB1422-H1 additionally adds a requirement that the Secretary of State:

- Refer to the Attorney General for prosecution any person with a noncitizen driver's license or identification card who is found to be registered as a voter;
- Direct the county clerk cancel the person's voter registration.

The Secretary of State is required to provide notice to the individual, which must include the opportunity for the individual to provide evidence or documentary proof of United States citizenship and provide by rule a process for a person to contest the cancellation of voter registration.

HB1422-H1 is effective on and after January 1, 2026.

Original Bill --- HB1422 creates the "Only Citizens Vote Act", which amends the contents and use of a driver's license for certain noncitizens.

Under current law, an individual with a valid, unexpired nonimmigrant visa or nonimmigrant visa status for entry into the United States may obtain a driver's license. HB1422 provides that such a driver's license is to expire no later than the expiration date of the valid, unexpired nonimmigrant visa or nonimmigrant visa status for entry into the United States. HB1422 makes several changes regarding the content and appearance of a driver's license issued to a noncitizen:

- The license must display the phrase "Non-Citizen";
- The license must display the phrase "Not valid for federal identification purposes or voter identification purposes"; and
- The license must be distinct in appearance and printed in vertical or portrait format.

- The expiration date of the documentary evidence of a person's lawful status provided by the applicant; or
- The period provided for in § 27-16-1111, which provides that a holder of a nonimmigrant visa may be allowed an additional 240 days if the applicant presents a valid Form I-797C.

Original Bill --- HB1422 amends § 27-16-801(a)(1) of the Motor Vehicle Driver's License Act to provide that a driver's license issued to a person who has a valid, unexpired nonimmigrant visa or nonimmigrant visa status for entry into the United States shall expire no later than the expiration date of the valid, unexpired nonimmigrant visa or nonimmigrant visa status for entry into the United States. HB1422 may benefit from an amendment clarifying whether this provision is intended to supersede § 27-16-1111, which provides that a holder of a nonimmigrant visa may be allowed an additional 240 days if the applicant presents a valid Form I-797C, Notice of Action.
