\*The Gross Special Revenues collected in fiscal year 2001-02 includes \$106,384,645 incorrectly deposited as Special Revenues.

\*Other Non-Revenues includes receipts to cash in-treasury funds.

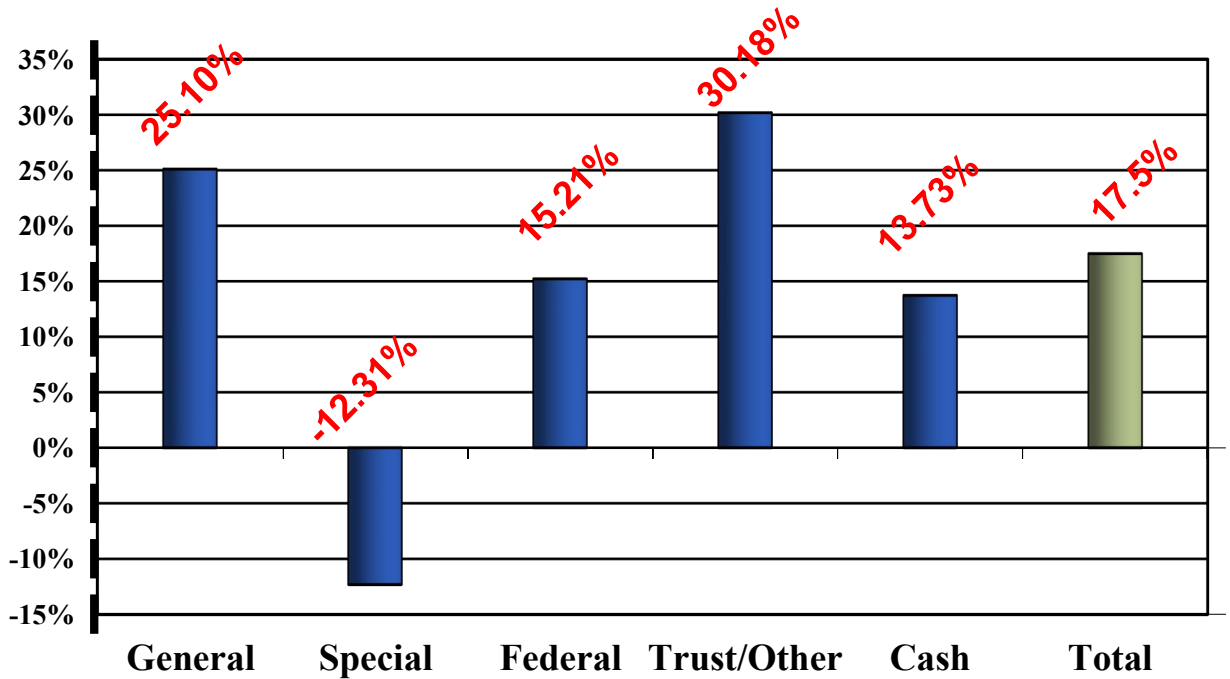

\* For total expenditures for Fiscal Year 2002 through Fiscal Year 2016, all unappropriated cash funds and General Improvement Funds are excluded. Cash fund expenditures for institutions of higher education reflect the amounts reported to the Department of Finance and Administration by each institution and may not reflect total cash fund expenditures.

# Percent Change in ALL Revenue Collections From Fiscal Year 2020 to Fiscal Year 2024

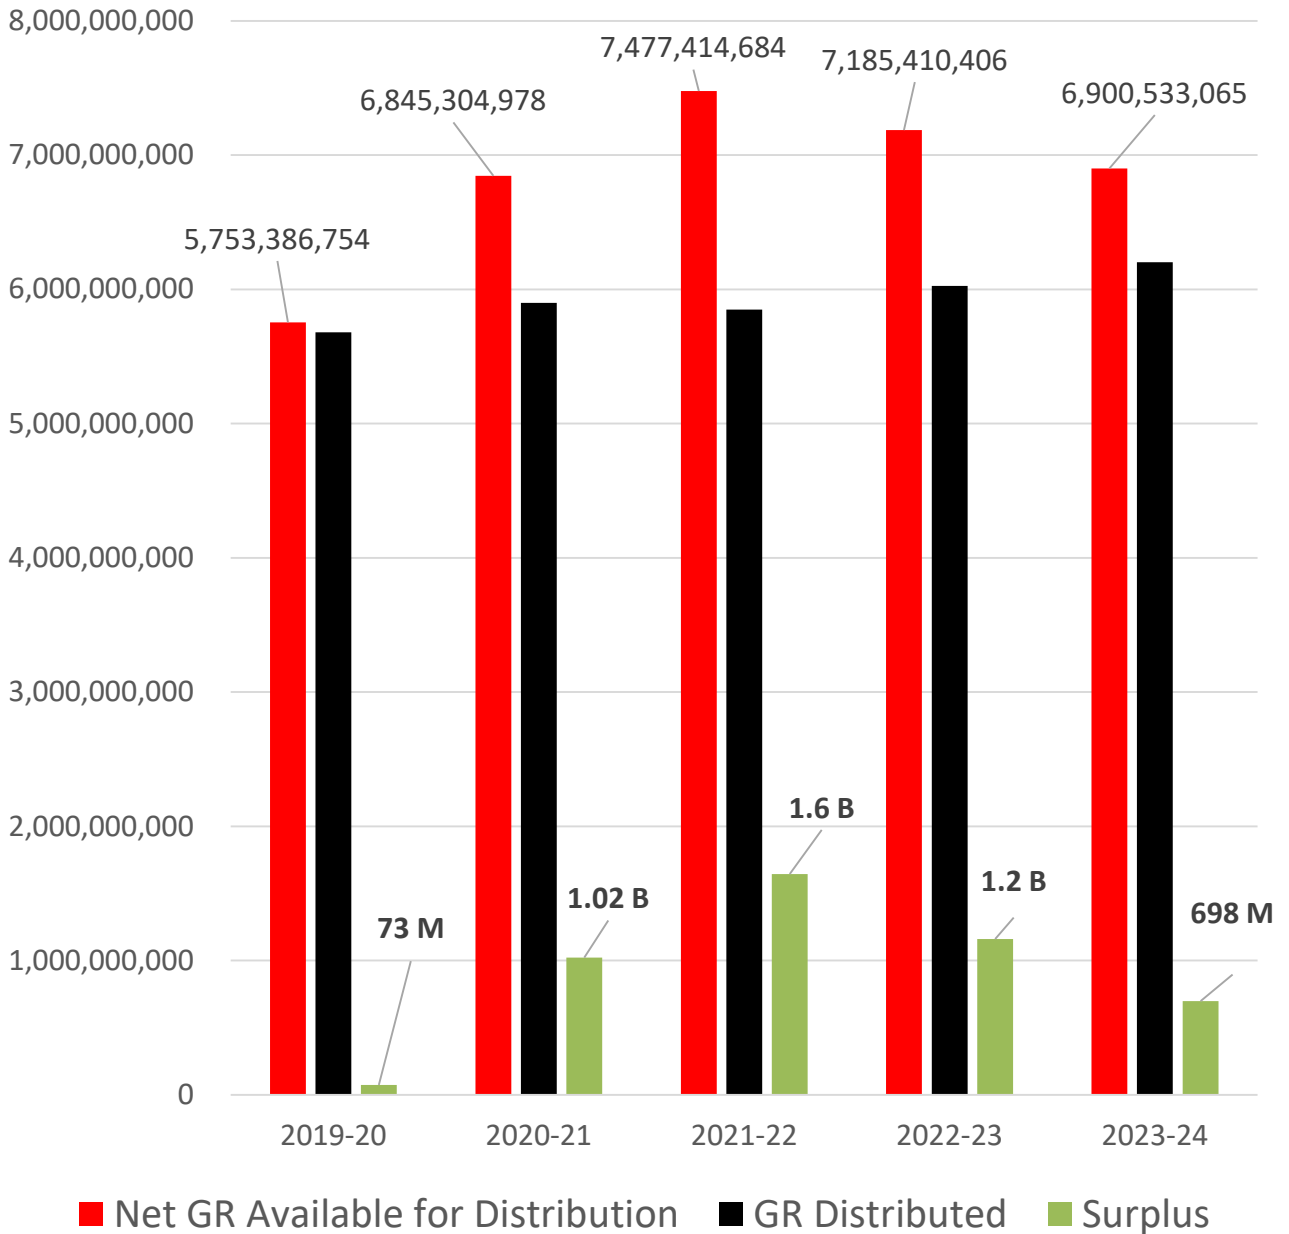

# FUNDED BUDGET FY2024 \$39.6 BILLION

“Funded Budget” revenues include budgeted fund balances and total budgeted cash and federal appropriations. The cash and federal budget numbers reflect what Institutions and Agencies budget, which is often the total cash and federal authorized appropriation or spending authority, which will often be greater than the actual federal receipts and cash collected and expensed by the end of the Fiscal Year.

## General Revenue

### General Tax

- Funds received by the State from fees and taxes levied on the general population of the state.
- The proceeds are not designated to be used for a particular purpose but are allocated every year by acts of the General Assembly.
- Interest earnings are retained in the State Treasury.

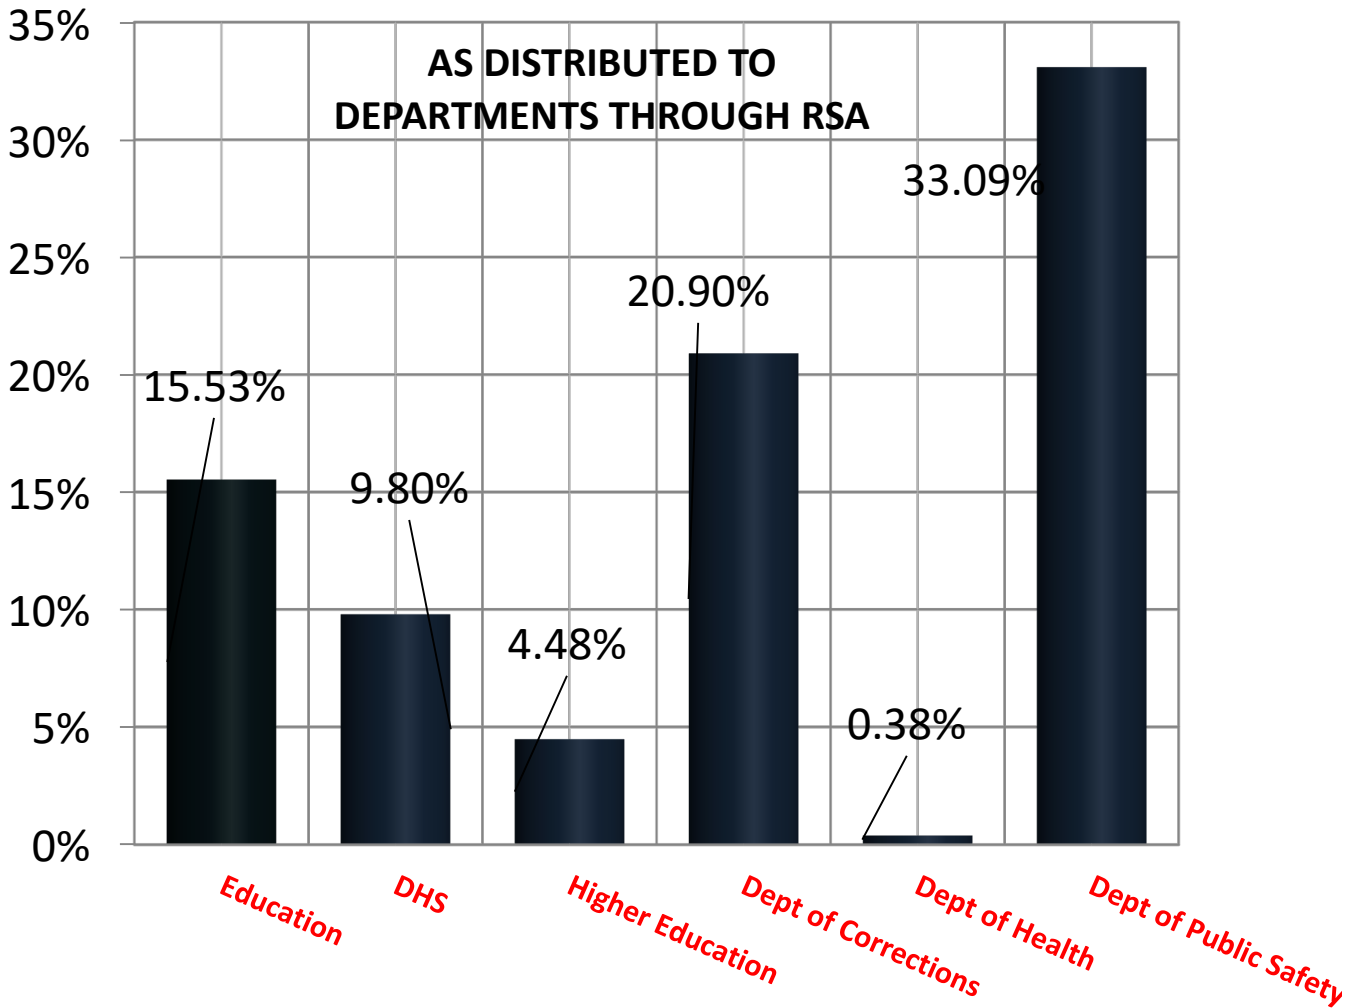

### Some Characteristics are:

- There is a 3% to 4% deduction on collections for an administrative service charge
- Legislature distributes funds each year through Revenue Stabilization Law for operating budgets
- Balances not spent by the end of the Fiscal Year are recovered (with some exceptions as authorized by law)

### Some Examples:

- Sales tax
- Income tax
- Insurance premium tax
- Racing taxes
- Alcoholic beverages

(1) As of the 2008-09 Department of Education Annual Statistical Report (ASR) Report - this category is entitled and defined as follows: Avg. Salary – Non-Federal Certified Clsm FTEs. The average salary of K-12 certified personnel employed by the district as K-12 classroom teachers, librarians, counselors, psychologists, and other K-12 certified, non-administrative employees and paid from the Teacher Salary Fund. Certified employees paid from federal funds are not included. For 2010-11 - Bureau of Legislative Research - Research Staff provided revised FTE counts that replaced the ASR FTE data, and this resulted in a revised Average Teacher Salary K-12 and a revised All Certified School Personnel Average Salary.

(2) As of the 2008-09 ASR Report, this category is entitled and defined as follows: Personnel – Non-Federal Certified FTEs. The number of all certified personnel including administrative FTEs, K-12 Classroom FTEs and other non-administrative personnel employed by the district and paid from the Teacher Salary Fund. Adult Education employees and certified employees paid from federal funds are not included. For 2010-11 - Bureau of Legislative Research - Research Staff provided revised FTE counts that replaced the ASR FTE data, and this resulted in a revised Average Teacher Salary K-12 and a revised All Certified School Personnel Average Salary.

(3) As of the 2008-09 ASR Report, this category is entitled and defined as follows: ADA (Average Daily Attendance K-12). The annual average of the total days in attendance divided by the number of days taught. It includes students who attend school outside the district on a tuition agreement between the respective districts. This report uses the four-quarter average ADA.

(4) As of the 2008-09 ASR Report, this category is entitled and defined as follows: Personnel – Non-Federal Certified Clsm FTEs. The number of K-12 certified personnel employed by the district as K-12 classroom teachers, librarians, counselors, psychologists, and other K-12 certified, non-administrative employees and paid from the Teacher Salary Fund. Certified employees paid from federal funds are not included. For 2010-11 - Bureau of Legislative Research - Research Staff provided revised FTE counts that replaced the ASR FTE data, and this resulted in a revised Average Teacher Salary K-12 and a revised All Certified School Personnel Average Salary.

(5) Student /Teacher Ratio K-12 is the average daily attendance defined in (3) divided by the number of teachers defined in (4).

(6) As of the 2008-09 ASR Report, this category is entitled and defined as follows: Per Pupil Expenditures. Per Pupil Expenditures is the Net Current Expenditures divided by the Average Daily Attendance. The Per Pupil Expenditure (PPE) is calculated using the four-quarter average ADA in compliance with NCES guidelines. Arkansas uses the three-quarter Average Daily Membership for funding and other analytical purposes.

Foundation funding is distributed based on a school district's **average daily membership (ADM)**, the calculation for a district's total number of students. Each school district receives the "Foundation Funding" amount set in the matrix multiplied by its prior year ADM.

### Categorical Funding for Kindergarten through Twelfth Grade

Included in the Matrix is Specific Recommended Funding for K-12

The funding rates above do not include any supplemental funding that may have been provided by the General Assembly.

The General Assembly created four categorical funding programs to provide additional funding to help districts address students' special needs and teacher training needs.

1. **Enhanced Student Achievement (ESA)** Student Funding provides funding to help districts with the extra costs associated with educating low income students. Districts receive funding for each student qualifying for free and reduced price lunches or (NSL) in the immediately preceding school year, and the rate per student depends on the percentage these students represent of their overall student body.
2. **English Language Learners (ELL)** (formerly Limited English Proficiency, amended by Act 59 of the Second Extraordinary Session of 2003) serves students identified as not being proficient in the English language. This program helps enable school districts to provide specially-trained staff, instructional materials and training for teachers with these qualified students.
3. **ALTERNATIVE LEARNING:** School districts were required to provide an alternative learning environment (ALE) for students who demonstrated an inability to function in the standard learning environment. The ALE program provided educational programs to eligible students in alternative classroom settings, as well as additional services to meet the needs of this group of at-risk students. The Department of Education calculated ALE funds by multiplying the funding number as shown in the chart above, by the number of identified ALE students enrolled during the previous school year. This is to provide funding for the growth in the number of students in the program. Growth rate is projected based on the average rate of growth over the past three years.
4. **PROFESSIONAL DEVELOPMENT:** The rules governing professional development require all licensed educators in Arkansas public schools/districts to obtain a minimum of 60 hours of professional development annually. 36 of those 60 hours are required for license renewal. Required Professional Development for License Renewal is based on the Rules Governing Professional Development and Standards for Professional Learning as approved by the State Board of Education (SBE).

# FEDERAL MEDICAID MATCH RATES (FMAP)

- Federal Medical Assistance Percentages (FMAP) are the percentage rates used to determine the matching funds rate allocated annually to certain medical and social service programs (Medicaid).
- The rate is based upon a states personal income growth compared to the rest of the nation.
- Higher state income growth equals a lower FMAP rate (or lower match amount paid by the Federal Government - more State \$ needed).
- The FMAP is updated every year.
