History:

The 21st Amendment to the Constitution of the United States repealed the 18th Amendment of the United States Constitution (ratified by the States effective on January 19, 1919), which had prohibited the manufacture, sale, or transport of intoxicating liquors for beverage purposes within the United States and all territories thereof. Amendment 21 was declared ratified by Conventions in the States on the 5th day of December 1933. Section 2 of Amendment 21, however, provided that:

“The transportation or importation into any state, territory or possession of the United States for delivery of use therein of intoxicating liquors, in violation of the laws thereof, is hereby prohibited.”

Thus, Amendment 21 left it up to each state to determine whether it would be lawful to transport or import intoxicating liquors for delivery or use therein.

Act 7 of 1933 (1st Ex. Sess.) authorized the manufacture, sale, and distribution within the State of Arkansas of light wines and beer. Act 7 defined “beer” to mean any fermented liquor made from malt or any substitute therefore and having an alcoholic content of not in excess of 3.2% by weight.

Section 3 of Act 7 levied a tax at the rate of \$1 for 32 gallons and proportionately for large or smaller quantities for the privilege of receiving, handling, possessing, manufacturing, and/or selling light wines and/or beer under said Act. In addition to such gallonage tax, special taxes were levied for the issuance of permits to wholesale dealers, brokers, distributors, manufacturers, and retailers of non-intoxicating liquor as defined in Act 7.

In brief, Act 7 of 1933 (1st Ex. Sess.) was passed shortly before the ratification of the 21st Amendment, but authorized the lawful manufacture and sale of only non-intoxicating beer and light wine having an alcoholic content of not in excess of 3.2% by weight.

At the time of the adoption of Amendment 19 to the Arkansas Constitution in 1934, which restricted the General Assembly's ability to levy taxes, the only alcoholic beverages authorized to be manufactured and/or sold in this state were:

1. Non-intoxicating beer and wine having an alcoholic content of 3.2% or less by weight;
2. Native wine manufactured for shipment outside the State;
3. Native brandy manufactured for shipment outside the State.

Act 69 of 1935 authorized the manufacture and sale of native wine in Arkansas.

Act 108 of 1935 was the first Act of the General Assembly enacted after the repeal of Prohibition and the passage of Amendment 19, which authorized the lawful sale of intoxicating liquor and intoxicating beer and wine in this State. The act defined the word “spirituous” to mean liquor distilled from the fermented juices of grain, fruits, or vegetables and containing more than 21% alcohol by weight, or any other liquids containing more than 21% alcohol by weight.

The word “vinous” was defined to mean the fermented juices of fruits, except wine, and containing more than 5% and not more than 21% alcohol by weight. The exclusion of wine from this definition was apparently intended to exclude “native wine” from the provisions of Act 108.

The word “malt” was defined in Act 108 to mean liquor brewed from the fermented juice of grain and containing more than 5% alcohol by weight.

Act 108 excluded from the definition of “malt liquors” beer containing not more than 5% alcohol by weight, and all other malt beverages containing not more than 5% alcohol by weight and also provided that such beer and other malt beverages were exempted from the provisions of Act 108.

The second paragraph of Section 6 of Act 108 contains the following language:

“It is further provided that malt and vinous beverages containing more than 3.2% alcohol by weight and not more than 5% of alcohol by weight shall be taxed and regulated as provided for malt and vinous beverages containing not more than 3.2% alcohol by weight under the provisions of Act No. 7 of the Acts of the Extraordinary Session of the General Assembly of 1933, approved August 24, 1933.”

Act 109 of 1935 provided for the levy of gallonage taxes, in addition to other permit fees and taxes, on distilled spirits, as follows:

1. Spirituous Liquor\$0.40 per gallon
2. Vinous Liquor (except native wine).....\$0.10 per gallon
3. Malt Liquor (does not include beer)\$0.03 per gallon

Act 109 did not specifically levy a tax on beer. However, Section 6 of Act 108 of 1935 provided that beer and malt liquor having in excess of 3.2% alcoholic content and not more than 5% alcoholic content, would be taxed at the same rate of tax provided under Act 7 of 1933 (1st Ex. Sess.), \$1 per barrel of 32 gallons.

Act 108 of 1947 amended Act 109 of 1935, and increased the gallonage taxes on alcoholic beverages to the following rates:

1. Spirituous Liquor\$2.50 per gallon
2. Vinous Liquor (except native wine).....\$0.75 per gallon
3. Malt Liquor.....\$0.20 per gallon
4. Beer\$5.00 per barrel of 32 gals.

Act 169 of 1969 increased the beer tax to \$7.50 per barrel of 32 gallons on all beer having an alcoholic content in excess of 3.2% by weight.

Act 844 of 1983 increased the tax from \$7.50 to \$8.75 per 32-gallon barrel having an alcoholic content of more than 3.2% but not more than 5%. Act 844 of 1983 contained a provision by which the tax would revert to \$7.50 per 32-gallon barrel if and when the State sales tax was increased.

Act 63 of 1983 (1st Ex. Sess.) increased that State sales tax. Due to this, the beer tax reverted to \$7.50 per 32-gallon barrel.

Act 424 of 1987 imposed the \$7.50 per 32-gallon barrel tax upon light beer.

Act 848 of 1993 provided that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 614 of 2017 provided for a change in the tax rebate for qualified manufacturers of beer and malt beverages.

Act 671 of 2017 provided for equalizing the excise tax rates of beer and hard cider.

Act 672 of 2017 provided for equalizing the taxation of leased or rented beer kegs with the sale of beer kegs under the gross receipts tax law.

Act 596 of 2025 amended the definition of "beer" under the alcoholic beverages law to include malt beverages and to increase the allowable alcohol content.

Act 874 of 2025 created an excise tax credit for beer and sake that contain at least 20% Arkansas rice as percentage weight of their total grain bill. The act required the credit to be calculated based on the percentage weight of Arkansas rice in the total grain bill.

3.6. IMPORTED WINE TAX

Vinous liquor, manufactured outside the confines of Arkansas, defined as the fermented juices of fruit having more than 5% and not more than 21% of alcohol by weight, and light wine, defined as fermented juices of fruit having between 0.5% and 5% alcohol by weight, shall be taxed by the Secretary of the Department of Finance and Administration, who shall remit the money collected from wholesalers to the State Treasury.

Rate and Base:

Seventy-five cents (75¢) per gallon of vinous liquor

Twenty-five cents (25¢) per gallon of light wine

Exemptions:

Sacramental wine

History:

Act 7 of 1933 (1st Ex. Sess.) (approved on August 24, 1933) authorized the manufacture, sale, and distribution within the State of Arkansas of light wines and beer. Act 7 defined “beer” to mean any fermented liquor made from malt or any substitute therefor and having an alcoholic content of not in excess of 3.2% by weight.

Act 7 defined “light wine” to mean the fermented liquor made from malt or any substitute therefor and having an alcoholic content of not in excess of 3.2% by weight. Act 7 also defined the term “intoxicating liquor” to mean vinous, ardent, malt fermented liquor, or distilled spirits with an alcoholic content in excess of 3.2% by weight.

Section 3 of Act 7 levied a tax at the rate of \$1 for 32 gallons, and proportionately for larger or smaller quantities, for the privilege of receiving, handling, possessing, manufacturing and/or selling light wines and/or beer under said Act. In addition to such gallonage tax, special taxes were levied for the issuance of permits to wholesale dealers, brokers, distributors, manufacturers, and retailers of non-intoxicating liquor as defined in Act 7.

In brief, Act 7 of 1933 (1st Ex. Sess.) (approved on August 24, 1933) was passed shortly before the ratification of the Amendment 21, but authorized the lawful manufacture and sale of only non-intoxicating beer and light wine having an alcohol content of not in excess of 3.2% by weight.

Act 108 of 1935, also known as the “Thorn Liquor Law,” was apparently the first Act passed by the General Assembly authorizing the lawful sale of spirituous or intoxicating liquor, beer, and wine in Arkansas following the repeal of Prohibition and following the adoption of Amendment 19 to the Arkansas Constitution at the November 6, 1934, general election.

Act 108 defined the word “spirituous” to mean liquor distilled from the fermented juices of grain, fruits, or vegetables and containing more than 21% alcohol by weight, or any other liquids containing more than 21% alcohol by weight.

The word “vinous” was defined to mean the fermented juices of fruits, except wine, and containing more than 5% and not more than 21% alcohol by weight (the exclusion of “wine”

from this definition was apparently intended to exclude “native wine” from the provisions of Act 108).

The second paragraph of Section 6 of Act 108 contains the following language:

“It is further provided that malt and vinous beverages containing more than 3.2% alcohol by weight and not more than 5% of alcohol by weight shall be taxed and regulated as provided for malt and vinous beverages containing not more than 3.2% alcohol by weight under the provisions of Act No. 7 of the Acts of the Extraordinary Session of the General Assembly of 1933, approved August 24, 1933.”

The last paragraph of Section 6 of Act 108 contained specific language that the “exemption of wine as provided in this Act from the provisions hereof shall be construed, and it is hereby declared to be the legislative intent of this Act to mean only such wines or vinous liquors manufactured within the State of Arkansas,” and provided that all wine or vinous liquors manufactured without the confines of this State shall be legally sold, transported, imported, possessed, and consumed upon payment of same privilege and excise taxes as provided for other alcoholic liquors which are included and legalized under the provisions of Act 108.

Act 109 of 1935 provided for the levy of gallonage taxes, in addition to other permit fees and taxes, on distilled spirits, as follows:

1. Spirituous Liquor\$0.40 per gallon
2. Vinous Liquor (except native wine).....\$0.10 per gallon
3. Malt Liquor (does not include beer)\$0.03 per gallon

Act 108 of 1947 amended Act 109 of 1935 and increased the gallonage tax on imported wine from 10¢ per gallon to 75¢ per gallon.

Act 424 of 1987 imposed a tax of 25¢ per gallon on all light wines and wine coolers.

Act 902 of 1987 exempted all sacramental wines from all taxes levied on wine and wine coolers.

Act 848 of 1993 provided that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 673 of 2017 provided for the proper process for paying taxes for shipments of wine under the Direct Shipment of Vinous Liquor Act.

The taxes are remitted by the wholesaler to the Revenue Division of the Department of Finance and Administration, which deposits the taxes into the State Treasury as liquor tax.

Rate and Base:

1. Two dollars and fifty cents (\$2.50) on each gallon of spirituous liquor;
2. Twenty cents (20¢) on each gallon of malt liquor;

History:

Amendment 18 to the Constitution of the United States, which declared “after one year from the ratification of this article the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited,” was declared ratified January 16, 1919. This prohibition amendment was repealed by Amendment 21 to the Constitution of the United States and declared “the transportation or importation into any state, territory, or possession of the United States for delivery or use therein of intoxicating liquors, in violation of the laws thereof, is hereby prohibited,” was declared ratified December 5, 1933.

Act 108 of 1935, also known as “The Thorn Liquor Law,” provided for the manufacture, sale, transportation, possession, or other disposition of spirituous, vinous, and malt liquors and required permit fees for the above purposes.

The liquors regulated by Act 108 were defined as follows:

1. Spirituous shall mean liquor distilled from fermented juices of grain, fruits or vegetables containing more than 21% of alcohol by weight;
2. Vinous shall mean the fermented juices of fruits, except wine, and containing more than 5% and not more than 21% of alcohol by weight;
3. Malt shall mean liquor brewed from fermented juices of grain and containing more than 5% of alcohol by weight.

Act 108 also provided that beer containing not more than 5% of alcohol by weight and other malt beverages containing not more than 5% of alcohol by weight were not defined as malt liquors and were exempt from the provisions of Act 108.

Act 108 further provided that malt and vinous beverages containing more than 3.2% of alcohol by weight and not more than 5% of alcohol by weight shall be taxed and regulated as provided for malt and vinous beverages containing not more than 3.2% alcohol by weight under the provisions of Act 7 of 1993 (1st Ex. Sess.), approved August 24, 1933.

Act 109 of 1935 imposed the first tax on spirituous, vinous, and malt liquors as follows:

1. Excise tax of 5¢ for each proof gallon or distilled spirits for which a permit is issued;
2. Forty cents (40¢) on each gallon of spirituous liquor;
3. Ten cents (10¢) on each gallon of vinous liquor (except wines);
4. Three cents (3¢) on each gallon of malt liquor.

Act 236 of 1937 amended Act 109 of 1935 by imposing a tax of 40¢ on each gallon of spirituous liquor and an additional tax of 25¢ on each gallon of spirituous liquor.

Act 18 of 1938 (1st Ex. Sess.) added a second “additional tax” of 15¢ a gallon on spirituous liquor, raised the tax on vinous liquor to 50¢ a gallon, and retained the 3¢ per gallon tax on malt liquor.

Act 176 of 1939 levied an inspection fee of 60¢ per case, not exceeding 3 gallons, on all spirituous liquors which were for sale outside the limits of this State.

Act 310 of 1939 imposed a “liquor consumers sales tax” upon all sales of spirituous and vinous liquors which was to be collected from the wholesaler at the rate of 3% of the wholesale price. The retailer was to pass it on to the consumer by collecting 2% on all retail sales of liquor.

Act 393 of 1939 added a third “additional” tax of 32¢ a gallon on spirituous liquor.

Act 266 of 1941 again amended the tax rates on liquors to provide that the tax on spirituous liquor shall be \$1.12 on each gallon, raised the tax on vinous liquor to 60¢ on each gallon and raised the tax on malt liquor to 20¢ on each gallon.

Act 313 of 1945 imposed an additional tax of 38¢ on spirituous liquor for a 2-year period ending May 31, 1947. Such additional tax was for the purpose of providing funds for permanent facilities for the Arkansas Livestock Show Association and to provide premiums for State and county livestock shows.

Act 108 of 1947 raised the tax to \$2.50 on each gallon of spirituous liquor and the tax on vinous liquor to 75¢ on each gallon and retained the 20¢ per gallon tax on malt liquor.

Act 844 of 1983 increased the tax on spirituous liquor to \$2.875 on each gallon. This Act contained a provision that would repeal the tax increase when the State sales tax was increased.

Act 63 of 1983 (1st Ex. Sess.) increased the State sales tax; therefore, the liquor tax reverted to \$2.50 per gallon.

Act 424 of 1987 imposed a tax of \$1 per gallon on pre-mixed spirituous liquor and 50¢ per gallon on light spirituous liquor.

Act 848 of 1993 provided that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 1035 of 2017 created the Chocolate-Covered Cherry Freedom Act of 2017 to allow the transportation into Arkansas of alcohol-infused candies.

Act 271 of 2021 levies a tax on mead in the same amount and manner as wine.

3.10. MIXED DRINK TAX

The sale of alcoholic beverages other than beer or wine for on-premises consumption is subject to a tax of 14% upon the gross receipts in addition to the gross receipts tax levied by Arkansas Code § 26-52-101 et seq. The tax shall be paid to the Secretary of the Department of Finance and Administration, who shall deposit the monies into the State Treasury. The tax may be passed on to the consumer.

Rate and Base:

Fourteen percent (14%) upon gross receipts

Exemptions:

History:

Act 132 of 1969 authorized on-premises consumption of alcoholic beverages other than beer or native wine, and a supplemental tax of 10% was levied upon the gross receipts.

Act 844 of 1983 increased the mixed drinks supplemental tax to 12% and provided that wine shall not be defined as a “mixed drink.” This Act contained a provision that, when the State sales tax was increased, the mixed drink tax would revert to 10%.

Act 1000 of 1985 levied an additional 3% mixed drink tax for the period July 1, 1985, until December 31, 1985. Act 495 of 1993 allowed tobacco product wholesalers to deduct from the tax due bad debts that are reported for federal income tax purposes.

within the State 2% of the manufacturer's selling price. The tax shall be computed on the actual manufacturer's invoice price before discounts and deals and shall be paid by the wholesaler, or by the retailer if he purchases directly from the manufacturer.

Act 38 of 2003 (1st Ex. Sess.) increased the tobacco excise tax by an additional 7% for a total tax of 32%, as in effect on and after June 1, 2003.

Act 817 of 2007 authorized direct payment of excise tax to Department of Finance and Administration for consumers who purchase untaxed tobacco products or unstamped cigarettes.

Act 180 of 2009 increased the cigarette tax by an additional \$28 per 1,000 cigarettes. Levied an additional tax on tobacco products other than cigarettes at 36% of the manufacture's selling price before discounts and deals. The commission paid to stamp deputies is not less than 3% of the total aggregate cigarette tax collected.

Act 836 of 2011 created the Tobacco Products Reporting Act to amend disclosure and enforcement of the Tobacco Products Act of 1977.

Act 510 of 2013 limited the total amount of excise or privilege taxes on cigars to 50¢ per cigar.

This Act also allowed a 2% discount for prompt payment of tobacco products tax regardless of the status of funding the research funds. All of the changes in this act will not be effective for any fiscal year in which a specified minimum amount of funds have been appropriated for specific research and prevention funds.

6.3. DISTILLATE SPECIAL MOTOR FUELS TAX

Distillate special fuels are subject to a gallonage tax levied on suppliers who collect the tax from dealers or users. The Secretary of the Department of Finance and Administration collects the tax and remits it to the State Treasury.

Rate and Base:

(An additional 6¢ per gallon tax applies as a wholesale sales tax, and the tax is subject to an annual increase based on the average wholesale selling price of the fuel.)

Exemptions:

2. Sales for off-road use, delivered to supplier mark “not for motor vehicle use;”
3. Distributors export sales or sales for export;
4. Sales by a pipeline importer who has received fuel or to a licensed first receiver in this state;
5. Airplane fuels.

Municipal transit buses and fire departments may apply for a refund of taxes paid.

History:

Act 40 of 1965 (1st Ex. Sess.), also known as the “Special Motor Fuels Tax Law,” enacted that distillate special motor fuels were taxed at a different rate from gasoline. Distillate special motor fuels were taxed as motor fuel (gasoline) until Act 383 of 1941, but then were taxed at the same rate as gasoline.

Act 112 of 1985 removed the distillate special fuels exemption on gasohol.

Act 456 of 1985 increased the distillate special motor fuel tax by 2¢ per gallon.

Act 996 of 1985 provided that 100% of the revenues credited to the State Highway Special Construction Account will go to the State Aid Road Fund, up to a maximum of \$13,000,000 in each year.

Act 219 of 1991 levied an additional excise tax of 4¢ per gallon on distillate special motor fuels (diesel). The Act also repealed the weight distance tax.

Act 364 and 382 of 1991 levied an additional excise tax of 2¢ per gallon on distillate special motor fuels (diesel).

Act 618 of 1993 exempted airplane fuel from the distillate special motor fuels tax.

Act 954 of 1995 provided that as in effect on and after July 1, 1997, all reports and tax remittance shall be done by electronic funds transfer.

Act 1006 of 1995 would increase the distillate special motor fuels (diesel tax) by 5¢ per gallon if approved by the voters. The revenue would be used in partial repayment of general obligation bonds for highway construction.

Act 1028 of 1999 increased the tax on distillate special fuels (diesel) by 2¢ per gallon as in effect on and after April 1, 1999, and by another 2¢ as in effect on and after April 1, 2000. If the voters approve the bond issue provided on the Arkansas Highway Financing Act of 1999, this increase in distillate special fuels tax will be used to pay the bonds, if not approved the increase will be distributed to the Highway Department and local governments as other motor fuel taxes. The Act also increased and phases out the limit of State Highway Special Construction Account transfers to the State Aid Road Fund. Subsequently, voters approved the bond issue.

Act 208 of 2003 allowed counties to use these funds for local projects eligible for funding under State and federal highway agencies.

Act 1058 of 2011 deposited the first \$4,000,000 of the 8.5¢ tax on distillate special fuels, to general revenues.

Act 1010 of 2013 codified Amendment 91 distribution of 1¢ per gallon to the State Aid Street Fund.

Act 1 of 2016 (3rd Ex. Sess.) repealed the deposit of the first \$4,000,000 of the 8 and 8.5¢ tax on distillate special fuels, to general revenues. As in effect on and after July 1, 2016.

Act 416 of 2019 levied a wholesale sales tax on motor fuel and distillate special fuel. To determine the rate for distillate special fuel, the Secretary of the Department of Finance and Administration multiplies the 12-month average wholesale selling price of distillate special fuel for the period of January 1 through December 31 of the immediately preceding year by 2.9% and converts that to a cent-per-gallon amount rounded to the nearest 0.1¢. The rate is then effective for the 12-month period beginning on October 1 of the year in which the calculation is made.

Act 483 of 2021 repealed section 26-55-1302, which entitled fire departments to a refund of the motor fuel tax or distillate special tax paid.

Act 191 of 1957, also known as “Arkansas Greyhound Racing Law,” repealed Act 339 of 1935 and imposed the following taxes, licenses, and fees:

1. Three hundred dollars (\$300) per day license fee for each day of racing meet;

Act 142 of 1965 increased the tax on all moneys wagered from 5% to 6% and retained the provision that 1/3 of the odd cents or breaks goes to the State. Act 142 also provided that 1/3 of unredeemed winning tickets would be paid to the State as special revenues for credit to the State Police Fund and 1/6 of the pari-mutuel tax was designated as special revenues for

credit to the State Police Fund. One-third (1/3) of the unredeemed winning tickets would be retained by the franchise holder and 1/3 would be paid to the county where the track is located.

Act 397 of 1967 authorized the dog racing franchise holder to conduct 2 additional days of races and provided that 1/3 of the net proceeds derived from the additional days be deposited with the City Treasurer of the city in which the track is located and that 2/3 of the net proceeds of the 2 additional days be deposited with the State Treasurer as special revenues for credit to the Children's Colony Fund to be used for construction, maintenance, operation, and improvement of the Children's Colony.

Act 291 of 1969 amended Act 397 of 1967 to provide that the 2/3 of the net proceeds of the 2 additional days of racing credited to the Children's Colony Fund was to be used for construction or improvement of the Arkansas Children's Colony.

Act 382 of 1971 amended Act 191 of 1957 by providing that 2/3 of the odd cents or breaks would be paid to the city where the track is located, instead of 1/3 to the franchise holder and 1/3 to the city. Act 780 of 1973 again changed the distribution of the unredeemed winning tickets to the following:

Act 391 of 1977 amended Act 382 of 1969 to provide that revenues derived from the 12 additional days of racing and deposited in the Indigent Patients Hospitalization Fund could also be used to provide not more than \$20,000 per year to a private nonprofit hospital for crippled children located in Memphis, Tennessee, for providing hospital and medical services to indigent Arkansas children.

Act 711 of 1979 authorized the State Racing Commission to permit an additional 6 days of racing during each year and provided that the net proceeds derived from 2 days of racing, designated by the franchise holder, be classified as special revenues to be deposited in the State Treasury to the credit of the Municipal Assistance Fund which shall be distributed to all

Act 454 of 1981 provided that of the moneys derived from the pari-mutuel tax on the 12 additional days of racing authorized by Act 382 of 1969, as amended by Act 391 of 1977, \$200,000 shall be used for support and operation of the Crittenden County Emergency Medical Services Program benefiting medical indigents in Eastern Arkansas to be divided as follows:

1. One-quarter (1/4) for Crittenden County emergency medical services for medical indigents;

Act 773 of 1981 provided that of the moneys derived from the pari-mutuel tax on the 12 additional days of racing authorized by Act 382 of 1969, as amended by Act 391 of 1977, \$100,000 each year shall be used to support the Emergency Medical Services Programs of Mississippi County, Poinsett County, Cross County, St. Francis County, and Lee County.

Franchise Holder: Shall withhold no more than 19% of the total monies wagered in simulcast racing, except when the State of the host race meet allowed for withholding a greater percentage.

Acts 342 and 347 of 1995 increased the number of racing days to 122 per meet. These acts also reduce the privilege tax from 7% to 3% on the first \$125,000,000, and 7% on wagers over \$125,000,000.

Act 1509 of 1999 made the following adjustments to Arkansas Code Annotated § 23-111-509 regarding revenues collected from dog racing:

Act 1054 of 1995 provided that the environmental assurance fee shall be pledged revenues for the purpose of servicing bonds for the purpose of financing the cost of compensating tank owners or operators for third-party claims from the Petroleum Storage Tank Trust Fund. If bonds are issued, the fee shall be collected, regardless of the amount of money in the Fund.

Act 670 of 2005 increased the petroleum environmental assurance fee to 0.3¢ and increased the maximum interim payment limitations.

Act 560 of 2021 increased the minimum balance from \$15,000,000 to \$30,000,000 that must be in the Petroleum Storage Tank Trust Fund that would require a reduction in the petroleum environmental assurance fee.

History:

Fees Levied on Motor Carriers:

Act 571 of 1919 created the Corporation Commission with jurisdiction over “common carriers, railroads, street railroads, express companies, all car companies, freight lines, toll bridges, ferries and steamboats and vehicles of all kinds engaged in the transportation of freight and passengers” and various other public utilities.

Act 572 of 1919 did not specifically levy a fee or tax on motor carriers, but did authorize certain fees for papers, records or official documents of the Commission and declared that all public service corporations subject to regulation by the

commission shall pay a special license fee based upon the value of its property.

Act 124 of 1921 abolished the Corporation Commission and created the Railroad Commission with the same jurisdiction and repealed the Section of Act 571 which levied the special license fee.

Act 99 of 1927, also known as “An Act to Provide for the Regulation, Supervision, and Control of Motor Vehicles Used in the Transportation of Persons or Property for Compensation in the State of Arkansas,” levied a tax of 2% of the gross amount received by carriers from all fares and charges.

Act 62 of 1929 amended Act 99 of 1927 and required a \$25 permit fee to be licensed as a common carrier and raised the privilege tax to 3% of all fares and charges.

Act 367 of 1941 established the following fees:

1. Certificate of public convenience and necessity..... \$25.00
2. Contract carrier permit..... \$25.00

Act 262 of 1949 levied a fee on each motor carrier based on the proportion of the total cost of regulating motor carriers that the gross revenues of each carrier bears to the gross revenues of all motor carriers provided that the fee levied on each carrier shall not exceed 0.4% of the gross revenues of each carrier.

Act 397 of 1955 increased the fee for application for a certificate of public convenience and necessity to \$50 and the permits for contract carriers to \$50 and added a fee of \$50 for an application for a transfer of a certificate or permit. Act 397 also levied a fee of \$6 for each truck and \$10 for each carrier of passengers. Penalties for violating the provisions of Act 397 were \$100 to \$500 for credit to the Commission Fund and 1/2 of court fines were remitted to the State Treasurer for credit to the Commission’s fund. The fees levied by Act 262 of 1949 were repealed by Act 397. Act 397 also provided for a fee of \$25 for temporary authority for a period not exceeding 90 days.

Act 343 of 1957 reduced the fee for each bus or truck to \$5 annually.

Act 468 of 1977 required the \$25 fee for a carrier to operate in interstate commerce who had not previously filed an application with the commission and a fee of \$10 if the carrier had previously filed an application.

The fees, permits and fines in effect presently were levied by the following Acts:

1. Act 262 of 1949 - Annual fee
2. Act 262 of 1949 - Rail carrier fees
3. Act 397 of 1955 - Certificate of public convenience and necessity

Act 572 of 1987 combined the Highway Safety Program and the Transportation Commission into the Transportation Safety Agency.

Act 153 of 1989 (1st Ex. Sess.) abolished the Transportation Regulatory Board and the Transportation Safety Agency and transferred all powers, functions, and duties to the Arkansas Highway Commission.

Act 1027 of 1993 provided for an annual fee of \$5 for the registration of insurance from each common or contract carrier operating in the State.

Act 1362 of 2013 ensured compliance with Act 1159 of 2011.

Act 299 of 2015 authorized State Highway Commission officers to enforce BWI.

Act 1 of 2016 (3rd Ex. Sess.) required the State Highway Commission to propose and submit rules to the Highway Commission Review and Advisory subcommittee of the Legislative Council for review concerning criteria for distribution of funds and the distribution of funds from the state Highway and Transportation Department Fund and Road and Bridge Repair, Maintenance, and Grants Fund and spending priority designated for highway construction contracts and public road construction projects.

Act 389 of 2021 amended the exemptions to the Arkansas Motor Carrier Act, 1955 to include commercial motor vehicle operating in intrastate commerce that have a gross vehicle weight rating, gross combination weight rating, gross vehicle weight, or gross combination weight of 26,000 lbs. or less.

Act 739 of 2021 extended the powers and duties of the commission to require the implementation of the recommendations included in the final report submitted by the Legislative Council resulting from the study of the Arkansas Department of transportation required by the Highway Commission Review and Advisory Subcommittee of the Legislative Council.

Therefore, this history will only be concerned with the resident hunting and fishing license, for all other Game & Fish licenses and permits are set by the Commission.

Act 124 of 1915 imposed an annual license fee of \$1 for every person before hunting, chasing or killing any wild deer; an annual license fee of \$1 for fly fishing or bait casting, and an annual license fee of \$25 for catching fish for market purposes, using a seine, net, or other device other than a hook and line.

Act 133 of 1917 created the State Game and Fish Commission and imposed the following fees:

1. Resident license to hunt deer, bear, or turkey	\$1.10

History:

Act 285 of 1943 authorized the Commissioner of Revenues to execute leases on lands owned by the State of Arkansas for the production of oil, gas, casing head gas, and other hydrocarbons for such consideration as to him may appear for the best interest of the State of Arkansas. Prior to the enactment of Act 285, the only requirement for the severance of natural resources was the consent of the Attorney General; and this applied only to the taking of natural resources from navigable streams and lakes. This provision was included in Act 138 of 1915 and was repeated in Act 296 of 1917.

Act 212 of 1929 substituted the Commissioner of Revenues for the Attorney General for giving consent for the severance of natural resources.

Act 524 designated all funds received for leases or permits as general revenues for deposit in the State Treasury.

Act 572 of 1977 amended Act 524 of 1975 and created the Severed Resources Fund and provided a fee of \$130 to cover the cost of processing the lease or permit. The proceeds of the \$130 was to be deposited as follows:

1. Five dollars (\$5) declared to be cash funds and to be deposited in a bank in the Revenue Department Building Fund;
2. One hundred twenty-five dollars (\$125) to be deposited in the State Treasury for credit to the Severed Resources Fund for use by the Natural Resources Committee.

Act 684 of 1981 amended Act 524 of 1975 to provide that the Director of the Department of Commerce shall set the fee to cover the cost of processing the application for a permit or lease. The moneys received were to be deposited in the Severed Resources Fund. It also provided that fund balances in the Fund in excess of \$5,000 on June 30 shall be transferred to the General Revenue Allotment Fund.

Act 691 of 1981 transferred all duties and functions of the Natural Resource Committee to the Department of Finance and Administration.

Act 509 of 1993 transferred the responsibility and authority for issuing leases for natural resources on State-owned lands.

Act 910 of 2019 changed the membership of the Natural Resources Committee with the realignment of executive branch agencies.

The Arkansas State Game and Fish Commission establishes a schedule of minimum fees and royalties on commission lands. The Commissioner of State Lands collects all funds as fees, royalties for leases or permits and deposits such funds in the State Treasury.

Sand and gravel may be removed from the beds or bars of any navigable river or lake by the Arkansas Department of Transportation, any county or road district, or any federal agency to be used for road building or maintenance.

Arkansas State Game and Fish Commission for lands held or managed by the commission.

History:

Act 138 of 1915 was enacted to protect the beds and bars of navigable streams and lakes and provided that it shall be unlawful for any person to take sand or gravel, oil, and coal from rivers and lakes without first receiving the consent of the Attorney General. The person receiving such consent paid into the State Treasury monthly 5¢ for each cubic yard of sand and gravel, 1/2¢ for each gallon of oil and 6¢ per ton for coal. For any other valuable minerals the person made a contract with the Attorney General. The State Treasurer returned the funds so collected to the counties at the end of each year to be used for public roads.

Act 296 of 1917 amended Act 138 of 1915 and established the following rates:

Two and one-half cent (2.5¢) for each cubic yard of sand, 5¢ for each cubic yard of gravel, 0.5¢ for each gallon of oil, and 6¢ for each ton of coal.

It also provided that all funds collected should be credited by the State Treasurer to the General Revenue Fund.

Act 212 of 1929 substituted the Commissioner of Revenues for the Attorney General for giving consent to removing the items listed in previous Acts.

Act 25 of 1933 amended Act 212 of 1929 to extend the provisions of the Act to include all areas adjoining the mainland or islands in the navigable streams or any other lands held in the name of the State of Arkansas.

Act 149 of 1935 again amended Act 212 of 1929 to provide that the Commissioner of Revenues, with the advice and approval of the Attorney General, could define the limits in which any 1 person may take natural resources to 1,000 acres for oil or gas or casing head gas and 200 acres for other minerals and set the following rates:

Two and one-half cents (2.5¢) for each cubic yard of sand, 5¢ for each cubic yard of gravel, 6¢ per ton on coal, 1/8th of the value of oil taken, and 1/8th of the value of gas or casing head gas.

Act 524 of 1975 established the Natural Resources Committee with the authority to set a schedule of minimum fees and royalties for taking sand and gravel, minerals and timber from State owned lands. The lease or permit was to be procured from the Department of Commerce, which would also collect all moneys due on the lease or permit and deposit the same in the State Treasury. Funds received by the Department of Commerce from all sources under Act 524 were special revenues and deposited in the accounts from which the agencies were supported, if such funds resulted from leases or permits on lands owned or held in the name of a State agency. All other funds received from all other state-owned lands were to be deposited in the State Treasury as general revenues. This Act also required a \$5 bid or application fee which was declared to be a cash fund for deposit in the Revenue Department Building Fund.

Act 572 of 1977 amended Act 524 of 1975 and required that a person entering into a lease or permit with the State of Arkansas shall pay a fee of \$130 with \$5 credited to the Revenue Department Building Fund and \$125 credited to the Severed Resources Fund for use by the Natural Resources Committee.

Act 684 of 1981 amended Act 572 of 1977 to allow the Director of the Department of Commerce to set the fee for a lease or permit with the State of Arkansas.

Act 691 of 1981 transferred the Natural Resource Committee to the Department of Finance and Administration and added the following to the Natural Resource Committee: the State Land Commissioner, Director of the Game and Fish Commission, Director of the Department of Parks and Tourism, and Director of the Department of Finance and Administration. The Chairman of the Committee is now appointed by the Governor.

History:

Act 118 of 1923 imposed the first severance tax on natural resources and provided for the levying of a tax of 25¢ per ton on bauxite and 1¢ per ton on coal and a tax of 2.5% of the gross cash market value of the total production on all other natural resources mined or severed. The payment of the taxes was required of the severer or producer actually engaged in the operation of severing natural products and was to be paid quarterly by him to the State Treasurer.

Act 681 of 1923 amended Act 118 of 1923 to remove manganese ore from the requirement of paying a tax of 2.5% of the gross cash market value and levied instead a tax of 10¢ per ton.

Act 2 of 1924 (2nd Ex. Sess.) removed the 25¢ per ton tax on bauxite and imposed a tax of 2.5% of the gross cash market value.

Act 142 of 1927 levied an additional severance tax of 1 mill on each ton of coal mined and 1 mill on each ton of manganese ore mined. On all other minerals, an additional tax of 0.1% of the gross market value was imposed. These additional taxes were for the support of the Office of the State Geologist.

Act 203 of 1929 excluded coals from the payment of the additional 1 mill per ton tax levied by Act 142 of 1927. Coal was also excluded from the additional 0.1% tax levied by Act 142 of 1927 on all other minerals.

Act 136 of 1947 repealed all previous severance tax laws and imposed the following taxes on each producer at the following rates:

1. On barite, bauxite, titanium ore, manganese and manganiferous ores, zinc ore, cinnabar, and lead ore, 10¢ per ton of 2,000 lbs.;
2. On coal and lignite, 1¢ per ton of 2,000 lbs.;
3. On gypsum and chemical grade limestone, silica sand, and dimension stone, 1¢ per ton of 2,000 lbs.;

6. On diamonds, mussel shells, fuller’s earth, ochre, oil, natural asphalt, native sulphur, salt, iron, pearls, and other precious stones, whetstone, novaculite, and on all other natural resources, 4% of the market value at time and point of severance.

The act also provided that 75% of severance taxes would be general revenues and 25% would be special revenues to be returned to the counties.

Act 21 of 1957 amended the severance tax rates in Act 136 of 1947 so as to provide additional general revenues as follows:

1. On barite, bauxite, titanium ore, manganese and manganiferous ores, zinc ore, cinnabar, and lead ore, 15¢ per ton of 2,000 lbs.;
2. On coal and lignite, 2¢ per ton of 2,000 lbs.;

3. On gypsum and chemical grade limestone, silica sand, and dimension stone, 1 1/2¢ per ton of 2,000 lbs.;

Provided, however, that whenever the production of oil on a single lease shall average 10 barrels or less per well per day during each calendar month, the privilege or license tax shall be computed at the rate of 4% of the market value at time and point of severance. The Commissioner of Revenues shall have the power to promulgate such reasonable rules and regulations as shall be necessary to effectively enforce the foregoing provisions;

 - b. Seventy-five percent (75%) to the County Aid Fund to be distributed to the counties quarterly on the same basis as other highway revenues are distributed to the counties from the County Aid Fund.

Act 874 of 1983 increased the severance tax on salt water whose naturally dissolved components, or solutes, are used as

a source of raw materials for bromine and other products derived from the same salt water used in bromine production from \$2 to \$2.45 per 1,000 barrels and provided that 45¢ of the tax shall be deposited as special revenues for credit to the Oil and Gas Commission Fund.

3. For each annual renewal\$1.00

The County Clerk was authorized to retain 15¢ as his fee for each certificate and each renewal. The balance was divided 50% to the County General Fund and 50% to the Game Protection Fund in the State Treasury.

Act 140 of 1963 provided that, after deducting the 15% allowed the County Clerk, the balance of the fees would be remitted to the Game and Fish Commission.

Act 442 of 1965 transferred the duties of the County Clerks with respect to the registration of motorboats to the State Revenue Department and provided that the 15% of fees retained by the County Clerks should be deposited by the Commissioner of Revenues in the State Treasury for credit to the Constitutional and Fiscal Agencies Fund.

Act 237 of 1975 authorized the present fees of \$2 for a 2-year period for a certificate of registration and a \$2 fee for a biennial renewal.

Vessels less than 16 feet in length.....	\$4.00
Vessels over 16 feet in length.....	\$8.00
Vessels 26 feet and over.....	\$12.00
Transfers of ownership.....	\$2.00

It should be noted that Act 122 contained a provision for 4-year boat registration. This portion of Act 122 was inconsistent with United States Coast Guard regulations, which do not recognize boat registration greater than 3 years.

Act 517 of 1995 provided that the registration for motorboats shall be valid for 3 years. The Act provided for the following registration fees:

	3 Years
Vessels less than 16 feet in length.....	\$6.00
Vessels 16 feet to less than 26 feet.....	\$12.00
Vessels 26 feet or more	\$18.00

Act 1774 of 2003 defined and included personal watercrafts for law enforcement purposes and changed the fee distribution. This Act also amended the distribution of funds to authorize 24% to the Marine Sanitation Fund.

Act 335 of 2011 authorized the transfer on death to a beneficiary of motorboats that are registered with the Department of Finance and Administration (\$10 fee).

Act 900 of 2011 repealed the exemption for motorboat used for demonstration purposes or testing.

Act 220 of 2013 added exemption for motorboat used for demonstration purposes or testing.

Act 733 of 2019 required the renewal of certificates of number upon payment of fee, proof of liability insurance (if applicable); motorboat listed for assessment; and the payment of required personal taxes.
