Subject: ALC Review Subcommittee Legislative Request - UAMS On-Call Services - Construction Contracts

Good Afternoon, Review Subcommittee Members,

At the request of the Subcommittee chairs, UAMS provided the following information on their on-call construction contracts which were submitted for review this month. During the committee meeting, members asked for the list of on-call contract vendors and a short description of the type of service that each vendor will provide. Additionally, it was requested that if those vendors had been previously paid, for those expenses to be provided as well. I hope this information is helpful. Please let us know if you have any additional questions for UAMS regarding these contracts.

From Andy Davis at UAMS:

Of the vendors on-call contracts that were held, the amounts paid on their previous contracts are show in the table below. If there is no amount, they're a new vendor and we haven't had a previous on-call contract with them.
