Ms. Blair, I will reiterate what I told you on the phone – you already have a claim against DHS related to the removal of your daughter, and it was dismissed by the Commission for lack of jurisdiction. You appealed that decision, and you're waiting to hear when the appeal will be considered by the legislative subcommittee.

Despite this information, if you intend to file a second claim based on that same removal, you will need to send the Commission the complete claim form. The pictures that you've attached are cut off. Please send the complete claim form in pdf form to ascc.new.claims@arkansas.gov.

Thanks,

I am asking yet once again, Are you all going to offer us any assistance. If so contact me. I will be filing again with Claims commission asking for relief for two illegal double jeopardy removals. My child is being treated badly, locked up like an animal and rented out, please help. Only reason why they would terminate my rights. Please don't let them continue to hurt us because we are disabled and woman and girl and people are abusing their authority. Verify and View please.

I have emailed Krista Putman, Mark White, Courtney Brown, Cindy Gillespie, and Lori Mc Donald asking for supports services and reunification. Please give me my daughter. The termination order is full of lies. Please give me my daughter. Look at Sgt Womack bodycam of the whole evening starting at 3:15 pm. Made a mess that could have been solved several different ways. Ms. Blair, you now have two claims pending before the Commission – (1) Claim No. 250621, which is the claim that was denied by the Commission and that you appealed to the Arkansas Legislature, and (2) Claim No. 251860, which is the claim that you recently filed and that is in a deficient status until we receive complete copies of your claim form.

To which of these claims does the below email relate?

Ms. Blair, I understand that you just called the office asking for help with your new claim. I will be your point of contact at the Commission moving forward, and I have asked everyone in the office to forward your calls to me. If you need help with something, please call and ask for me.

The photographs of your claim form are cut off and difficult to read. When we spoke on the telephone a few days ago, you stated that you were going to fax the claim form to the Commission and asked for the fax number.

If you want to pursue this claim, we have to have a copy of the claim form that is complete and legible. Please mail, fax, or email a complete copy of the claim form. Your claim will remain in a deficient status until we receive a complete copy.

Kathryn,

Ms. Blair just called. She asked me how I was doing, and then asked if I could pull her documents to create her a new claim. I stated if she'd hold for a moment, I'd get you on the line. She said no, and that she didn't want to speak with you, she just wanted me to create her a new claim. I told her that you would be able to assist her with her request and she still declined to speak with you. She asked if I could just inform you of her request and I told her I would let you know.

BEFORE THE ARKANSAS STATE CLAIMS COMMISSION

BEVERLY BLAIR **CLAIMANT**

VS. **CLAIM NO. 251860**

STATE OF ARKANSAS
DHS **RESPONDENT**

ANSWER AND MOTION TO DISMISS

Comes the Respondent, State of Arkansas, Department of Human Services ("DHS"), by its attorney, Abbey Trussell, and for its Answer and Motion to Dismiss states:

1. Respondent denies liability for claim 251860. Claimant's parental rights were terminated effective February 20, 2024. *See* Exhibit 1, redacted. Claimant has no standing to bring this action nor does this Commission have jurisdiction over such an action.

2. Claimant has failed to state a claim upon which relief may be granted, as required by the Arkansas Rules of Civil Procedure. Ark. R. Civ. P. 12(b)(6).

3. The Claim appears to seek money damages for removal of a minor child, lack of due process and liable [sic] on the termination order. Upon information and belief, Claimant is referring to the dependency and neglect action which ultimately resulted in the termination of her parental rights as stated above. This action was fully litigated and adjudicated before the Juvenile Court in Case No. 35JV-22-281.

4. Claimant is precluded from bringing these claims by both the doctrines of *res judicata* and collateral estoppel. All claims regarding DHS, the dependency neglect investigation, and reunification/rehabilitation were addressed and resolved before the Juvenile Court.

5. Pursuant to Ark. Code Ann. § 9-27-306(a)(B) the circuit [juvenile] court shall have exclusive original jurisdiction and shall be the sole court for proceedings in which a juvenile is alleged to be dependent or dependent-neglected from birth to eighteen years of age.

6. The Circuit Court of Jefferson County, Arkansas, Juvenile Division, has exclusive original jurisdiction over the matter involving the juvenile. That Court terminated Claimant's parental rights by Order dated March 1, 2024. *See* Exhibit 1. Claimant has no standing to seek money damages from DHS for a Juvenile Court's termination of her parental rights or raise claims on behalf of the child. Additionally, this Commission does not have jurisdiction to hear the matter.

7. In addition, findings were made by the Juvenile Court specifically relating to reunification/rehabilitation attempts. *See* Exhibit 1, pp 4-6. Claimant is barred from re-litigating these issues by the doctrines of collateral estoppel and *res judicata*. Further, Claimant cannot seek money damages from DHS simply because she disagrees with the findings of the Juvenile Court and the Juvenile Court's termination of Claimant's parental rights.

8. The Claims Commission shall not make an award for a claim or action that, as a matter of law, would be dismissed by a court of law for reasons other than sovereign immunity. Ark. Code Ann. § 19-10-204(c).

WHEREFORE, Respondent moves that claim 251860 be dismissed, and for all other just and proper relief to which it may be entitled.

Respectfully Submitted,

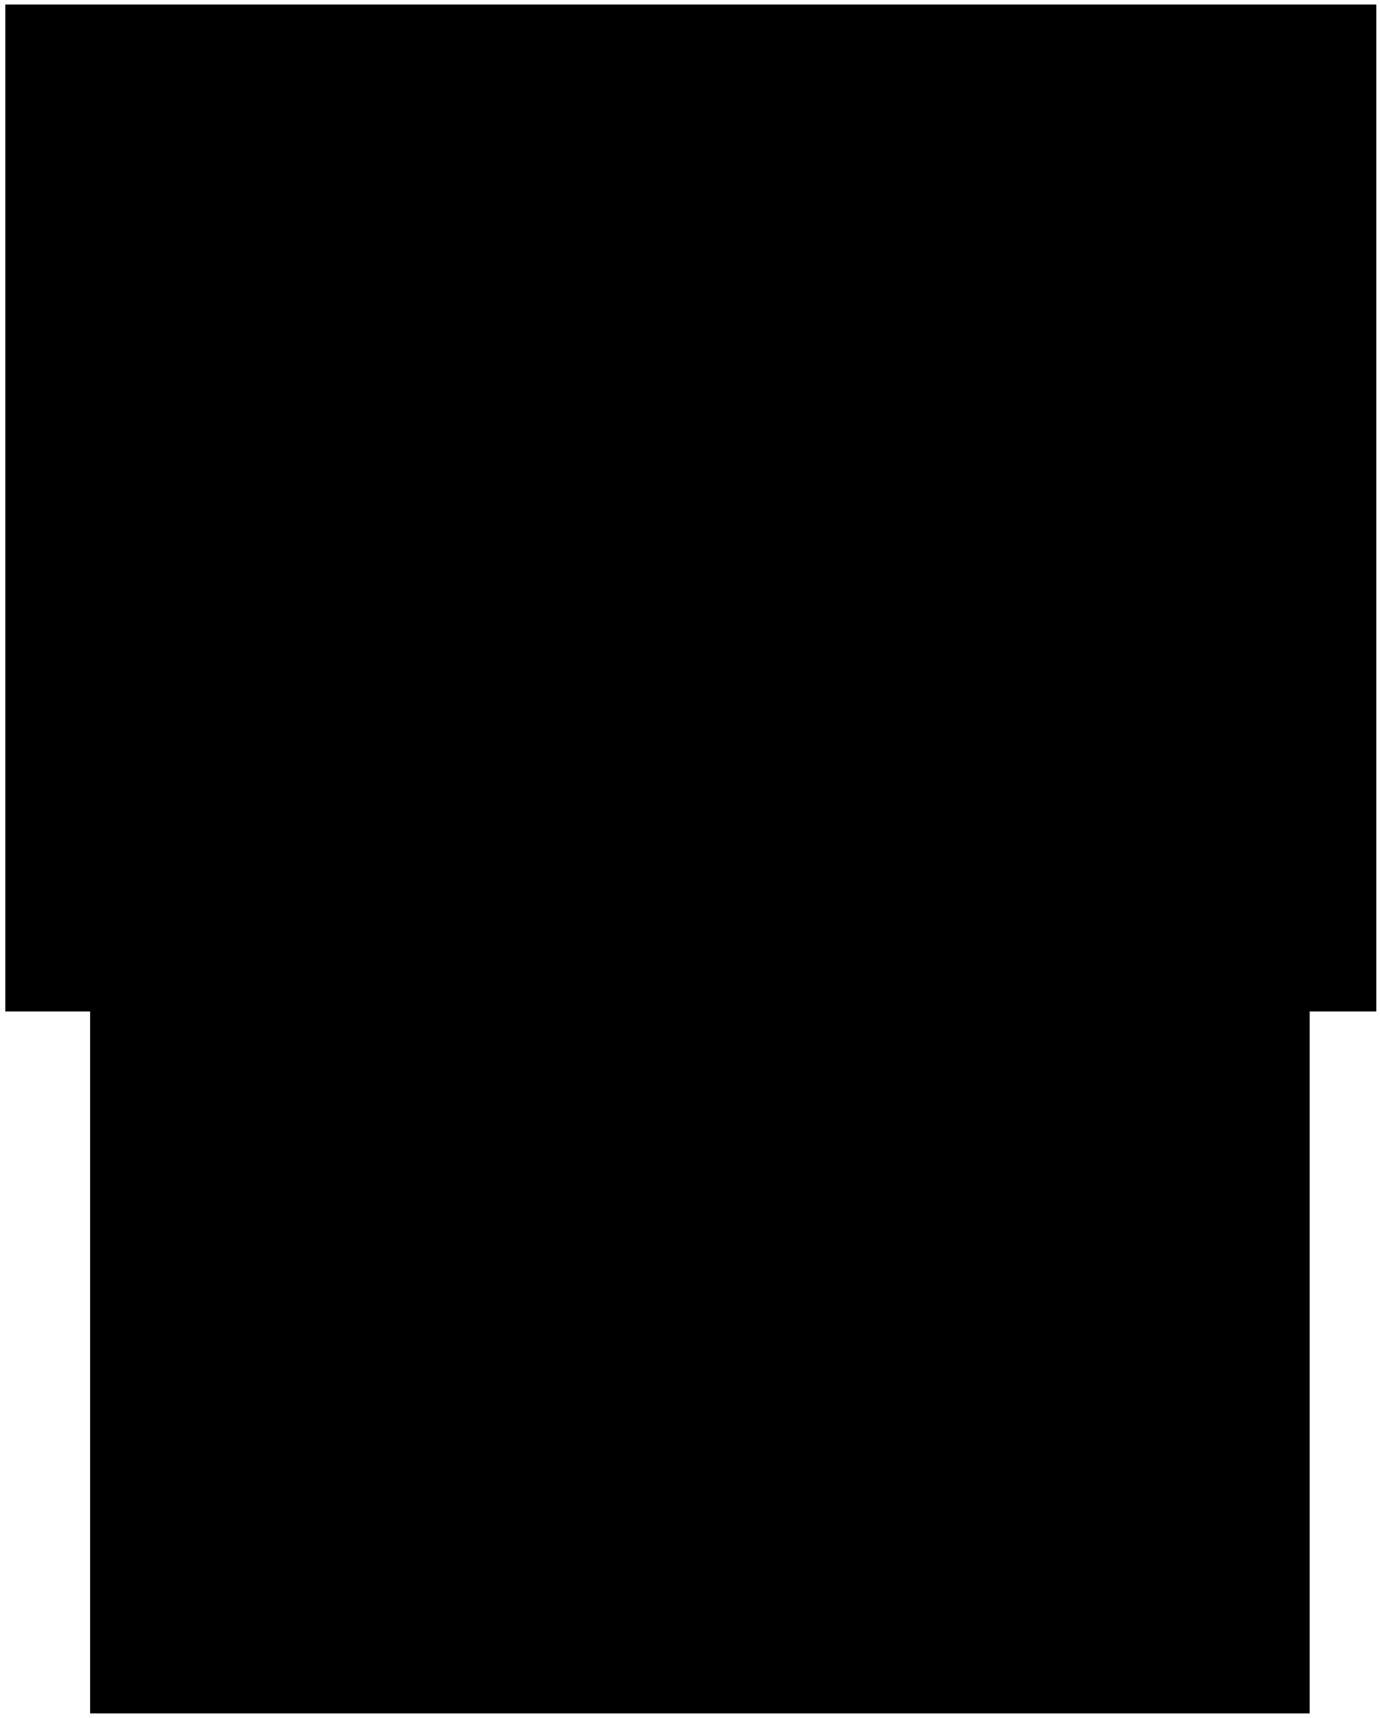

Arkansas Department of Human Services
Office of Chief Counsel

No true finding and it being the second time it being no true finding/no probable cause, I ask that this matter be treated with the serious care it deserves. A family was interrupted for 14 months and again the parent rights were terminated without a true finding or probable cause and no fair hearing, services or supports. This is a crime to do this to a family and it is double jeopardy. Please let's abide by the law and not allow these abuses to continue. I want my daughter and love her. This should' ve never happened. Two removals and no true finding which you must have to remove a child.

AI Overview +3

In Arkansas, the statute of limitations for reinstatement of parental rights is **three years from the date the original order terminating parental rights was entered**. This means that a parent whose rights have been terminated can file a petition to reinstate their rights, provided the following conditions are met: the original termination order was entered at least three years prior, services have been resumed for at least 180 days (or 90 days depending on the specific legislation), and the parent has substantially complied with court orders and case plans.

Elaboration:

Three-Year Waiting Period:

The core requirement is that three years must pass from the date of the termination order before a petition for reinstatement can be filed.

Motion to Resume Services:

The parent must first file a motion to resume services under Arkansas Code § 9-27-369.

Beverly Blair wanting to know when relief and reunification is in the way. Have not seen child since May 30, 2022 and have begged via email for what I am begging for now. 1. Should not have happened because relief was sought 12/21/23 in Eastern District of Ark. Both state and local were notified. 2. No try finding to even have [redacted] Chief Counsel and attorneys are aware of that fact. 3. Conduct and libel by attorneys are noted in termination order. Please reunify my child and I . Rights were terminated by mistake. I pay auxillary payments from my benefits every month and it should' ve gotten a cost of living adjustment Everytime one is given. I have not abandoned or neglected my daughter. Emails to Krista Putman, Courtney Brown, Lori Mc Donald, Mark White, Cindy Gillespie begging for help will verify no abandonment.

I have not had rights reinstated. Double jeopardy occured and I have proved liable in the Termination Order. You have a child who was taken without a true finding for a second time. The state was served in 12/21/23 about a Deliberate Indifference Circumstance from Eastern District of Arkansas about this matter [redacted] Et AL. Where is my child and where is our relief and help. Taken a second time without a true finding. You have to return my child and put where we were before the separations occured. Verify [redacted] for seven years at [redacted] Real Estate Office. No reasonable efforts. No abandonment still paying Survivor Benefits Via Social Security that should have increased with Cost of Living Adjustment since 9/2012 and also begging for help via email from Cindy Gillespie, Mark White, Krista Putman, Courtney Brown, and Lori McDonald. Lastly, not a threat to self or others not mentally ill.Return what you have taken. Stop lying on me in termination order and return to me my daughter . I have lost my child, a home and three vehicles. Please return my daughter.

It is my wish that both be heard on Sept 22, Since the Dept is in violation of Both state and federal law and their own policy and procedure. They have not helped a family but destroyed it with libel and failure to effect service and has not allowed a fair public hearing or any supports, services, or reliefs. Double jeopardy, no true finding, and a termination is not fair and impartial law it is ticket fixing. Please offer any help or relief you can. Please keep me informed. Have not received rights back, seen my daughter, or had any contact with the dept per federal court saying it is moot and we need some relief for two removals without a true substantiated finding. Please help before my daughter is killed or trafficked or deprived of food or care.

BEFORE THE ARKANSAS STATE CLAIMS COMMISSION

BEVERLY BLAIR **CLAIMANT**

V. **CLAIM NO. 251860**

ARKANSAS DEPARTMENT OF HUMAN SERVICES **RESPONDENT**

ORDER

Now before the Arkansas State Claims Commission (the "Commission") is the motion filed by the Arkansas Department of Human Services (the "Respondent") to dismiss the claim of Beverly Blair (the "Claimant"). Based upon a review of the motion, the claim file, and the law of the State of Arkansas, the Commission hereby finds as follows:

1. Claimant filed her claim asking for money damages regarding the termination of her parental rights over her child.

2. Respondent filed a motion to dismiss, arguing, *inter alia*, that Claimant's parental rights were terminated on February 20, 2024, such that Claimant does not have standing to bring this claim. Respondent also argued that the Commission has no jurisdiction over this type of action. Respondent stated that dismissal was proper under Ark. R. Civ. Proc. 12(b)(6), as this matter was fully litigated and adjudicated before the juvenile court in Jefferson County, such that Claimant is barred from bringing these claims under the doctrines of *res judicata* and collateral estoppel. Respondent attached the Jefferson County order terminating Claimant's parental rights.

3. Claimant responded, stating that there was "[n]o true finding" or "probable cause" or a "fair hearing."

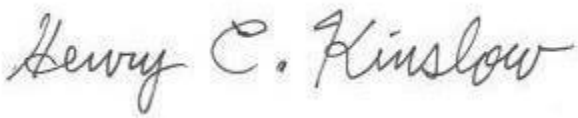

4. The Commission finds that dismissal of this claim is proper for lack of jurisdiction, just as it found that Claimant's previous claim based upon the same facts (*Blair v. DHS*, Claim

No. 250621) must be dismissed for a lack of jurisdiction. The fact that Claimant is seeking monetary damages in the instant claim, as opposed to the return of her child in Claim No. 250621, does not change the fact that the Commission has no jurisdiction to consider or to take any action in response to the Jefferson County Circuit Court order terminating Claimant's parental rights. To the extent that Claimant's filings could be construed as a claim for violation of due process, the Commission does not have jurisdiction to consider such a claim.

5. As the Commission finds that dismissal is proper for lack of jurisdiction, the Commission need not reach Respondent's other arguments in favor of dismissal.

6. Respondent's motion to dismiss is GRANTED, and Claimant's claim is DISMISSED for lack of jurisdiction.

IT IS SO ORDERED.

I would like a motion for reconsideration regarding the clear wrong doing on behalf of the dept. If there is no true finding and no fair hearing and you are still paying Survivor Benefits and begging for supports and services, those are reasons to reconsider and appeal the decision just granted pease. You can not have ris judicata without a true finding or a fair hearing. I want to be reconsidered and I want any thing else available to punish for two removals without a true finding and you can't have ris judicata without a fair hearing or not even a service to come to court or any advisement from the dept. I asked for damages my daughter was removed without a true finding.

As for your second claim related to your daughter (Blair v. DHS, Claim No. 251860), the Commission dismissed this claim, and you have filed a motion for reconsideration. The Commission has not issued a decision on the motion. When it does, the order will be transmitted to the parties.

Ms. Blair, the Commission has no authority to order DHS to do anything. It cannot order DHS to allow you to see your daughter, to undo an order terminating your parental rights, or anything else. The Commission's only remedy is, where is finds that an agency is liable for damages, it can award money. In this claim, DHS has asked the Commission to dismiss your claim, and you opposed that motion. When the Commission makes a decision on that motion, you and Ms. Trussell will receive a copy of the order via email.

If your email was a filing related to your claim, then you are required to copy Ms. Trussell on any filings (or to provide her with a copy) under the Arkansas Rules of Civil Procedure. If Ms. Trussell isn't copied on an email, then your email should specify how and when you are providing a copy of it to her. You have elected to serve as your own attorney in this claim. If you have legal questions about how to proceed or how to get your questions in the below email answered, you may want to speak with an attorney who can advise you. Because I work for the Commission, I cannot serve as your attorney and cannot provide you with any legal advice.

BEFORE THE ARKANSAS STATE CLAIMS COMMISSION

BEVERLY BLAIR **CLAIMANT**

V. **CLAIM NO. 251860**

ARKANSAS DEPARTMENT OF HUMAN SERVICES **RESPONDENT**

ORDER

Now before the Arkansas State Claims Commission (the "Commission") is the motion filed by Beverly Blair (the "Claimant") seeking reconsideration of the Commission's September 5, 2025, order granting the motion to dismiss filed by the Arkansas Department of Human Services (the "Respondent"). Based upon a review of the motion, the claim file, and the law of the State of Arkansas, the Commission hereby finds as follows:

1. Claimant filed her claim asking for money damages regarding the termination of her parental rights over her child.

2. Respondent filed a motion to dismiss, arguing, *inter alia*, that the Commission has no jurisdiction over this type of action. In an order dated September 5, 2025, the Commission granted Respondent's motion based upon the Commission's lack of jurisdiction over this claim.

3. Claimant then filed a motion for reconsideration, stating that there was "no true finding" or a "fair hearing."

4. Rule 7.1 of the Commission Rules and Regulations states that motions for reconsideration "will only be entertained if they set forth new or additional evidence which was not [previously] available . . . ."

5. The Commission finds that Claimant has not stated grounds under Commission Rule 7.1 warranting reconsideration. **The fact remains that the Commission does <u>not</u> have**

jurisdiction over this claim as explained by the Commission in its September 5, 2025, order. As such, the Commission finds that Claimant's motion for reconsideration should be DENIED and that the Commission's September 5, 2025, decision remains in effect.

IT IS SO ORDERED.

Please note that any future filings should be submitted to asccpleadings@arkansas.gov, with a copy to the opposing party.

Now before the Arkansas State Claims Commission (the "Commission") is the motion filed by Beverly Blair (the "Claimant") seeking reconsideration of the Commission's September 5, 2025, order granting the motion to dismiss filed by the Arkansas Department of Human Services (the "Respondent"). Based upon a review of the motion, the claim file, and the law of the State of Arkansas, the Commission hereby finds as follows:

1. Claimant filed her claim asking for money damages regarding the termination of her parental rights over her child.
2. Respondent filed a motion to dismiss, arguing, *inter alia*, that the Commission has no jurisdiction over this type of action. In an order dated September 5, 2025, the Commission granted Respondent's motion based upon the Commission's lack of jurisdiction over this claim.
3. Claimant then filed a motion for reconsideration, stating that there was "no true finding" or a "fair hearing."
4. Rule 7.1 of the Commission Rules and Regulations states that motions for reconsideration "will only be entertained if they set forth new or additional evidence which was not [previously] available . . . ."

5. The Commission finds that Claimant has not stated grounds under Commission Rule 7.1 warranting reconsideration. The fact remains that the Commission does not have jurisdiction over this claim as explained by the Commission in its September 5, 2025, order. As such, the Commission finds that Claimant's motion for reconsideration should be DENIED and that the Commission's September 5, 2025, decision remains in effect.

It is law and policy and procedure to have a true finding to remove and make a child remain out of the home according to DCFS master policy and procedure. My daughter has been removed twice without a true finding and my rights have been terminated without me having a fair hearing or being served to come to court. The Dept. Is wrong and I want them held liable for libel and other wrong doing mainly illegal seizure. I want to be allowed to be heard since I was not accommodated to be heard at the Big Mac Building for my disability last session. I am able to effectively parent my child and I want my rights back. I have made sure she has income support regardless of who was caring for her. But according to case law the best interest of the child is with the natural caretaker unless the have been adjudicated unfit in a court of law, and that has not happened. See Heather Robbins v. State of Ark.and Santasky v. Kramar. Please let's abide by the law. I want to be heard on rebuttle by legislation please. We have not received any help. Nothing.

It is my wish that both be heard on Sept 22, Since the Dept is in violation of Both state and federal law and their own policy and procedure. They have not helped a family but destroyed it with libel and failure to effect service and has not allowed a fair public hearing or any supports, services, or reliefs. Double jeopardy, no true finding, and a termination is not fair and impartial law it is ticket fixing. Please offer any help or relief you can. Please keep me informed. Have not received rights back, seen my daughter, or had any contact with the dept per federal court saying it is moot and we need some relief for two removals without a true substantiated finding. Please help before my daughter is killed or trafficked or deprived of food or care.

Ms. Blair, I do not have an update for you. The Commission has dismissed both of your claims related to the termination of your parental rights. In the first claim, the Legislature affirmed the Commission's dismissal, and that claim has been closed. In the second claim, your appeal is pending before the Legislature, and when the appealed claim is added to a meeting agenda of the Claims Review Subcommittee, the Bureau of Legislative Research will send notice to the parties. The Commission is not statutorily permitted to take any action on an appealed claim.

Ms. Blair, I do not have an update for you. The Commission has dismissed both of your claims related to the termination of your parental rights. In the first claim, the Legislature affirmed the Commission's dismissal, and that claim has been closed. In the second claim, your appeal is pending before the Legislature, and when the appealed claim is added to a meeting agenda of the Claims Review Subcommittee, the Bureau of Legislative Research will send notice to the parties. The Commission is not statutorily permitted to take any action on an appealed claim.

It is my wish that both be heard on Sept 22, Since the Dept is in violation of Both state and federal law and their own policy and procedure. They have not helped a family but destroyed it with libel and failure to effect service and has not allowed a fair public hearing or any supports, services, or reliefs. Double jeopardy, no true finding, and a termination is not fair and impartial law it is ticket fixing. Please offer any help or relief you can. Please keep me informed. Have not received rights back, seen my daughter, or had any contact with the dept per federal court saying it is moot and we need some relief for two removals without a true substantiated finding. Please help before my daughter is killed or trafficked or deprived of food or care.

May, I also have the new claim that was received and the dept has not responded to filed in June around the 28th day please. Trying to get the new filing. I have filing from 2015 in which due to disability and no accomodations I was not able to attend. I am available to dispose or any other form of question just to be heard and helped please. Please don't let my child be hurt or harmed and that is why she has been seized and I have not been allowed to have contact with her please. Please help.

Please allow me the opportunity to ask why they have removed my daughter twice without a true finding substantiated claim and have terminated my rights without trying to first help us.
