The Honorable Blake Johnson, Co-Chairperson
The Honorable Frances Cavanaugh, Co-Chairperson
ALC Review
State Capitol Building, Room 315
Little Rock, Arkansas 72201

Dear Senator Johnson and Representative Cavanaugh:

Under Arkansas Procurement Law, all non-exempt service contracts for must be presented for legislative review if they have an annual contract amount that equals or exceeds fifty thousand dollars (\$50,000) in any contract year or a total projected contract amount of three hundred fifty thousand dollars (\$350,000) over the term of the contract. See Ark. Code Ann. § 19-61-116. With this letter, the Department of Shared Administrative Services, Office of State Procurement (OSP), is presenting for legislative review all such services contracts received this month.

In addition, the University of Arkansas at Little Rock (UALR), Center for Integrative Nanotechnology Sciences (CINS), is requesting ratification of costs for purchases exceeding competitive bid thresholds totaling \$60,148.37. A contract between UALR/CINS and SigmaGraft, Inc., for semi-regular purchases of proprietary bone material to support medical research was procured using an outdated Sole Source approval. These purchases were required to maintain project continuity and any change regarding the vendor or product would have resulted in having to restart the FDA approval process and push development back several years.

None of the remaining contracts presented appear, on their face, to have been procured in violation of Arkansas Procurement Law. We request for their favorable review.

Additionally, as requested during the September 20, 2024, ALC meeting, I also note the date the original RFPs were issued, and the RFP method (MAP or Traditional) utilized for the procurement:

Re: Ratification Of SigmaGraft Inc., Good Purchase

In fiscal year 2026 Center for Integrative Nanotechnology Science engaged in purchases of proprietary bone material from SigmaGraft based on a sole source justification that was outdated.

The expenses in question are as follows:

RQ-0000643942 in the amount of \$10,015.98, pending approval

PO-1000697193 in the amount of \$10,015.98, dated 6/4/2026

PO-1000676446 in the amount of \$10,015.08, dated 4/27/2026

PO-1000666344 in the amount of \$10,015.08, dated 4/7/2026

PO-1000626026 in the amount of \$10,036.25, dated 1/13/2026

PO-1000584046 in the amount of \$10,050.00, dated 10/7/2025

These are semi-regular purchases supporting medical research with the potential for governmental adoption at the federal level. Purchase amounts through this vendor have exceeded competitive bid thresholds in fiscal year 2026. The PI's efforts having shifted into human clinical testing over this fiscal year necessitated escalation of production for the NuCress™ Bone Void Filler BVF using proprietary products only available through this supplier. These purchases were required to maintain project continuity, and, per the associated SSJ update, a change in vendor or product would necessitate restarting the FDA approval ent back by several years.

Going forward, the department will ensure all necessary updates to any sole source justifications in the future when planning for purchases through this, or similar, suppliers as well as noting purchase thresholds with regards to the sole source.

Given the oversight was not malicious or intentional. And, considering no change in potential supplier's ability to meet the specifics of this need, it is in the best interest of Nanotechnology Science within their FDA approval(s) and therefore, should be paid.

Regards,

OSP Approval Request Request for Qualifications (RFQ)

Complete all sections of this *OSP Approval Request—Request for Qualifications* form and follow the steps specified in the *Request for Qualifications Procedures*. Email the completed form to the Office of State Procurement review mailbox at osp.review@arkansas.gov to ensure timely review.

Pursuant to Arkansas Code Annotated § 19-11-802 (e)(1), if approved by the Office of State Procurement, this RFQ request must be submitted to the Legislative Council for review **prior to** conducting the RFQ. Legislative Council review deadlines apply.

Procurement Unit Requesting the RFQ

Requesting Department: 0311 - Disability Determination

Requesting Division: n/a Purchasing Contact: Jeff Stearns

Phone Number: 501-682-7627 Email: Jeffrey.stearns@ssa.gov

General Information

Description of Service/Commodity: Medical Consultant for disability case processing.

Total Projected Cost: \$1,200,000

Start Date of Resulting Contract: 11/1/2026

Expiration Date of Resulting Contract: 6/30/2033

Why is an RFQ the most suitable method of procurement?

Medical Consultant must have a strong medical background and ability to apply that knowledge to Social Security Administration standards.

Why should cost not be considered in the procurement?

While cost is always an element to our medical consultant contracts, we believe quality is the paramount concern. The Arkansas DDS continues to be a national leader in case cost.

How will the cost of the contract be controlled?

Chief medical consultants are always monitoring production and quality of each of the agency's contract medical consultants. If a medical consultant is not performing at an acceptable level, this person can be counseled and/or trained on ways to improve their performance. Chief medical consultants also have the authority to move/remove work from contractors that are not achieving necessary efficiency or quality standards.

Provide additional details as needed.

Finding qualified medical contractors can be difficult. For many years we have kept a standing ad on our website for doctors to contact us about work. If/when we have need our agency looks through that list of qualified vendors and chooses one or more (depending on need) to engage in discussions with and to

potentially offer a contract.

If this request to conduct an RFQ also includes a request to award to multiple contractors, please note that a multiple award request must include a rationale and basis for the multiple award contract and the number of contractors required to fulfill the need (see Arkansas Code Annotated § 19-11-262).

If a multiple award is desired, provide the rationale and basis for the multiple award contract.

Based on current disability workload and training capacity, the agency has determined that one additional doctor would be the ideal number. Multiple medical consultants are necessary to meet growing demand for MC approval with increased cases in FFY26

For a multiple award request, indicate the number of contractors required to fulfill the need.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Arkansas Office of State Technology via Carahsoft (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Arkansas Office of State Technology via Carahsoft:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: miles.ross@arkansas.gov

To advise Arkansas Office of State Technology via Carahsoft of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at miles.ross@arkansas.gov and in the body of such request you must state: your

previous email address, your new email address. We do not require any other information from you to change your email address

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from Arkansas Office of State Technology via Carahsoft

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to miles.ross@arkansas.gov and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Arkansas Office of State Technology via Carahsoft

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to miles.ross@arkansas.gov and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process.

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify Arkansas Office of State Technology via Carahsoft as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by Arkansas Office of State Technology via Carahsoft during the course of your relationship with Arkansas Office of State Technology via Carahsoft.

OSP Approval Request Request for Qualifications (RFQ)

Complete all sections of this *OSP Approval Request—Request for Qualifications* form and follow the steps specified in the *Request for Qualifications Procedures*. Email the completed form to the Office of State Procurement review mailbox at osp.review@arkansas.gov to ensure timely review.

Pursuant to Arkansas Code Annotated § 19-65-201(e)(1), if approved by the Office of State Procurement, this RFQ request must be submitted to the Legislative Council for review **prior to** conducting the RFQ. Legislative Council review deadlines apply.

Procurement Unit Requesting the RFQ

Requesting Department: 0710 - Arkansas Department of Human Services

Requesting Division: Office of Procurement Purchasing Contact: Damian Hicks

Phone Number: 501-320-6250 Email: damian.hicks@dhs.arkansas.gov

General Information

Description of Service/Commodity: Supervised Independent Living (SIL) Programs

Anticipated Start Date of Resulting Contract: 7/1/2027

Anticipated Expiration Date of Resulting Contract: 6/30/2034

Anticipated Project Amount: 15,298,036.95

Why is an RFQ the most suitable method of procurement?

The Department of Human Services (DHS) seeks approval to issue a multiple award Request for Qualifications (RFQ). The RFQ will identify qualified vendors interested in providing housing, educational support, employment readiness through vocational training, resume writing assistance, job search support, interview preparation, financial literacy, ongoing supervision from case workers when requested, and connecting youth with mental health services, healthcare, and insurance. The Supervised Independent Living (SIL) services will be provided to youth ages 18-21 who elect to participate in extended foster care. These youth may be the parent of one or more dependent children (maximum of two) who may be placed or reunited with the young adult in the Division of Children & Family Services (DCFS) approved SIL setting. The RFQ method is the most advantageous to the State of Arkansas because the qualifications of the vendors are the most important factors in the selection process due to the State's need to identify qualified vendors in each of the ten (10) DCFS service regions across the state. DHS wishes to create partnerships with all vendors who demonstrate the ability to implement the expectations of the program.

Why should cost not be considered in the procurement?

DCFS's ability to provide these services is contingent upon the availability and award of funding. As a result, DCFS will set a fixed rate for these services as they have for the past several years in order to be able to allocate the funding fairly across its service areas.

How will the cost of the contract be controlled?

DCFS has limited funding available to fund these services; therefore the cost of the contract will be controlled by

maintaining fixed rates and monitoring spending levels across all resultant contracts.

Provide additional details as needed.

[Click here to enter text.](#)

If this request to conduct an RFQ also includes a request to award to multiple contractors, please note that a multiple award request must include a rationale and basis for the multiple award contract and the number of contractors required to fulfill the need (see Arkansas Code Annotated § 19-61-509).

If a multiple award is desired, provide the rationale and basis for the multiple award contract.

The multiple award was approved by OSP on 3/26/2026. The division decided to pivot from an IFB to a RFQ on 7/15/2026.

For a multiple award request, indicate the number of contractors required to fulfill the need.
