**RE: January Rules Update**

The Department of Public Safety (DPS) has identified one 2025 Legislative ACT that requires promulgation of rules.

**ACT 678**

Section 10 of ACT 678 allows for the issuance of electronic identification cards for commissioned security officers and commissioned school security officers. 17CAR §350-506 "Identification" is being changed to reflect the use of these electronic identification cards. This rule change is currently under review by the Governor's office.

DPS previously identified ACT 653 and ACT 951 as ACTs requiring rule promulgation. Upon further review DPS no longer believes these ACTs require rule promulgation.

Respectfully submitted,

Eric Wacaster  
DPS Chief Counsel
