

**ADMINISTRATIVE RULES SUBCOMMITTEE
OF THE
ARKANSAS LEGISLATIVE COUNCIL**

Thursday, March 19, 2026

10:00 a.m.

Room A, MAC

Little Rock, Arkansas

A. Call to Order

B. Rules Filed Pursuant to Arkansas Code § 10-3-309

1. Department of Agriculture, State Plant Board (Corey Seats, Matthew Ford, Mike Stage)

- a. REPEAL Rules on Catfish Processors in Arkansas, 2 CAR pt. 23

DESCRIPTION: Act 577 of 2025 repealed the Arkansas Catfish Processor Fair Practices Act of 1987, codified at Arkansas Code § 2-6-101, et seq. The act requires the repeal of Rules on Catfish Processors in Arkansas, 2 CAR pt. 23.

PUBLIC COMMENT: No public hearing was held on this rule. The public comment period expired on January 13, 2026. The board indicated it received no public comments.

The proposed effective date for this rule is in April 2026.

FINANCIAL IMPACT: The board indicated that this rule has no financial impact.

LEGAL AUTHORIZATION: Acts 2025, No. 577, sponsored by Senator Ben Gilmore, repealed the Arkansas Catfish Processor Fair Practices Act of 1987, Arkansas Code § 2-6-101 et seq. The rulemaking authority for these rules previously existed at Arkansas Code §§ 2-6-104 and 2-6-105, both of which were repealed by Act 577.

2. Department of Human Services, Division of County Operations (Mary Franklin)

- a. Continuity of Coverage (20 CAR pts. 500, 571)

DESCRIPTION:

Statement of Necessity

This rule addresses continuity of coverage in two situations. Each update requires revision of the Division of County Operations (DCO) Medical Services Policy (MSP) rule.

First, the Center for Medicaid and Children's Health Insurance Program (CHIP) Services issued an informational bulletin regarding federal eligibility requirements and available flexibilities to promote continuity of coverage of children and youth enrolled in Medicaid and CHIP. To comply with the requirements, DCO removes from the MSP the 90-day waiting period for children receiving ARKids B who have been disenrolled from group health plan

coverage. The new requirement also necessitates an amendment to the Arkansas CHIP State Plan.

Second, clarification is needed regarding Child Support Enforcement Services and continuity of coverage of a child's healthcare benefits. DCO revises the MSP to clarify that benefits cannot be denied or terminated due to a refusal of a caretaker to cooperate with OCSE such that sanction will not occur or be enforced until after the 60-day postpartum period ends. Also, DCO clarifies good cause for refusal to cooperate in cases of rape or incest.

Summary of Changes

- Medical Services Policy:

Section F-130: Added a Note to the Child Support Enforcement Services section that if the parent, guardian, or caretaker relative is currently pregnant, they may still be referred to OCSE but will not be sanctioned if they refuse or fail to comply. Sanction will not be applied until the month after the end of their 60-day postpartum period, or, if already sanctioned, it will be lifted until the month after the 60-day postpartum period ends. No sanction will be applied if cooperation occurs. Removed the descriptor "forcible" from cases of rape or incest.

Section F-180: Removed ninety (90) day waiting period for ARKIDS B eligibility, including deletion or updating prior exceptions as needed for consistency, and added a note clarifying the federal definition of a group health plan.

- Arkansas Children's Health Insurance Program (CHIP) Eligibility State Plan: Amendment removing the 90-day waiting period.

PUBLIC COMMENT: No public hearing was held on this rule. The public comment period expired on February 9, 2026. The agency indicated that it received no public comments.

The proposed effective date is April 1, 2026.

FINANCIAL IMPACT: The agency indicated that this rule has a financial impact.

Per the agency, the total cost to implement this rule is \$73,127 for the current fiscal year (\$22,501 in general revenue and \$50,626 in federal funds) and \$12,507 for the next fiscal year (\$3,848 in general revenue and \$8,659 in federal funds). The total estimated cost by fiscal year to a state, county, or municipal government to implement this rule is \$22,501 for the current fiscal year and \$3,848 for the next fiscal year.

LEGAL AUTHORIZATION: The Department of Human Services has the responsibility to administer assigned forms of public assistance and is specifically authorized to maintain an indigent medical care program (Arkansas Medicaid). See Ark. Code Ann. §§ 20-76-201(1), 20-77-107(a)(1). The Department has the authority to make rules that are necessary or desirable to carry out its public assistance duties. Ark. Code Ann. § 20-76-201(12). The Department and its divisions also have the authority to promulgate rules as necessary to conform their programs to federal law and receive federal funding. Ark. Code Ann. § 25-10-129(b).

3. **Department of Human Services, Division of Medical Services (Elizabeth Pitman)**

a. Cell and Gene Therapy (CGT) Model (20 CAR pts. 570, 624)

DESCRIPTION:

Statement of Necessity

Arkansas Medicaid joined the Cell and Gene Therapy (CGT) Access Model developed by the Centers for Medicare & Medicaid (CMS) Innovation Center. The CMS Innovation Center develops and implements payment and service delivery models (pilot programs) and conducts Congressionally mandated demonstrations to support health care transformation and increase access to high-quality care.

The CGT Access Model focuses on outcomes-based agreements with manufacturers to improve health outcomes and reduce long-term costs for state Medicaid programs. Cell and gene therapies are onetime treatments that can transform the lives of people living with rare and severe diseases that are difficult to treat. While there may be other models negotiated with manufacturers by CMS, the initial model is for patients with sickle cell disease. A State Plan Amendment (SPA) will be necessary to allow for the one-time treatments. Reimbursement rate will be no less than actual acquisition cost for the medication.

Summary

Arkansas Medicaid will request a SPA from CMS and take other steps to implement the CGT Access Model. The State Plan Amendment will allow claims for select gene therapy drugs to be reimbursed in addition to the hospital per diem rates for dates of service on or after January 1, 2026. The SPA also will allow for select access model drugs to be carved out of the hospital per diem and to be reimbursed at the provider's Actual Acquisition Cost for the drug, verified by the purchasing invoice. Corresponding updates to the Medicaid Hospital Provider Manual will provide information and billing guidelines for the cell and gene therapy model for sickle cell disease.

PUBLIC COMMENT: A public hearing was held on this rule on January 7, 2026. The public comment period expired on January 10, 2026. The agency indicated that it received no public comments.

The proposed effective date is pending legislative review and approval.

FINANCIAL IMPACT: The agency indicated that this rule has a financial impact.

Per the agency, the total cost to implement this rule is \$2,821,540 for the current fiscal year (\$868,188 in general revenue and \$1,953,352 in federal funds) and \$5,643,080 for the next fiscal year (\$1,745,405 in general revenue and \$3,897,675 in federal funds). The total estimated cost by fiscal year to a state, county, or municipal government to implement this rule is \$868,188 for the current fiscal year and \$1,745,405 for the next fiscal year.

The agency indicated that there is a new or increased cost or obligation of at least \$100,000 per year to a private individual, private entity, private business, state government, county government, municipal government, or to two or more of those entities combined. Accordingly, the agency provided the following written

findings:

(1) a statement of the rule's basis and purpose;

Arkansas Medicaid is joining the Centers for Medicare & Medicaid Innovation (CMMI) cell and gene therapy access model. This model will focus on outcomes-based agreements with manufacturers to improve health outcomes and reduce long-term costs for state Medicaid programs.

(2) the problem the agency seeks to address with the proposed rule, including a statement of whether a rule is required by statute;

Medicaid seeks to improve efficiency and quality of care through use of cell and gene therapies as one-time treatments that can transform the lives of people living with rare and severe diseases that are difficult to treat. There may be other models negotiated with manufacturers by CMS. This initial model is for patients with sickle cell disease. This is an optional model and no statute requires rulemaking.

(3) a description of the factual evidence that:

(a) justifies the agency's need for the proposed rule; and

(b) describes how the benefits of the rule meet the relevant statutory objectives and justify the rule's costs;

Medicaid seeks to promulgate this rule to implement an outcomes-based model for reimbursement of FDA approved medications already required for coverage and accessibility for patients with rare diseases.

(4) a list of less costly alternatives to the proposed rule and the reasons why the alternatives do not adequately address the problem to be solved by the proposed rule;

N/A

(5) a list of alternatives to the proposed rule that were suggested as a result of public comment and the reasons why the alternatives do not adequately address the problem to be solved by the proposed rule;

N/A

(6) a statement of whether existing rules have created or contributed to the problem the agency seeks to address with the proposed rule and, if existing rules have created or contributed to the problem, an explanation of why amendment or repeal of the rule creating or contributing to the problem is not a sufficient response; and

N/A

(7) an agency plan for review of the rule no less than every ten (10) years to determine whether, based upon the evidence, there remains a need for the rule including, without limitation, whether:

(a) the rule is achieving the statutory objectives;

(b) the benefits of the rule continue to justify its costs; and

(c) the rule can be amended or repealed to reduce costs while continuing to achieve the statutory objectives.

The Agency monitors state and federal rules and policies for opportunities to reduce and control costs.

LEGAL AUTHORIZATION: The Department of Human Services has the responsibility to administer assigned forms of public assistance and is specifically authorized to maintain an indigent medical care program (Arkansas Medicaid). *See* Ark. Code Ann. §§ 20-76-201(1), 20-77-107(a)(1). The Department has the authority to make rules that are necessary or desirable to carry out its public assistance duties. Ark. Code Ann. § 20-76-201(12). The Department and its divisions also have the authority to promulgate rules as necessary to conform their programs to federal law and receive federal funding. Ark. Code Ann. § 25-10-129(b).

- b. Medication Assisted Treatment Attestation of Coverage (20 CAR pt. 570)

DESCRIPTION:

Statement of Necessity

The Division of Medical Services (DMS) implements a requirement in the Consolidated Appropriations Act of 2024 (P.L. 118-42), based upon guidance from the Centers for Medicare & Medicaid Services (CMS). Section 201 of the CAA made permanent a mandatory Medicaid benefit for medications for opioid use disorder (MOUD) instituted in 2020 that was scheduled to end on September 25, 2025. The mandatory benefit requires coverage of counseling services and behavioral therapies associated with the provision of required drug and biological coverage. States must cover all drugs approved under section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355), including methadone, and all biological products licensed under section 351 of the Public Health Service Act (42 U.S.C. 262) to treat opioid use disorders.

Summary

To implement the Act, the Centers for Medicare and Medicaid Services (CMS) issued a template for states to attest compliance. The new template removes the September 30, 2025, end date for federal coverage of Medication Assisted Treatment. To comply with the mandate, DMS shall submit the template as an amendment to the Arkansas Medicaid State Plan.

PUBLIC COMMENT: A public hearing was held on this rule on January 28, 2026. The public comment period expired on February 16, 2026. The agency indicated that it received no public comments.

The proposed effective date is May 1, 2026.

FINANCIAL IMPACT: The agency indicated that this rule has no financial impact.

LEGAL AUTHORIZATION: The Department of Human Services has the responsibility to administer assigned forms of public assistance and is specifically authorized to maintain an indigent medical care program (Arkansas Medicaid). *See* Ark. Code Ann. §§ 20-76-201(1), 20-77-107(a)(1). The Department has the authority to make rules that are necessary or desirable to carry out its public assistance duties. Ark. Code Ann. § 20-76-201(12). The Department and its divisions also have the authority to promulgate rules as necessary to conform their programs to federal law and receive federal funding. Ark. Code Ann. § 25-10-129(b).

This rule implements the federal Consolidated Appropriations Act of 2024. Division G, Title I, Subtitle B, § 201 of the Act removed a scheduled end date for

considering medication-assisted treatment for opioid use disorder “medical assistance” under Title XIX of the Social Security Act, regarding grants to states for medical assistance programs. *See* 42 U.S.C. § 1396d(a)(29).

4. Department of Labor and Licensing (Dan Parker, Lindsay Moore)

- a. Review of Plan Review Disputes by Department of Labor and Licensing, 14 CAR pt. 40

DESCRIPTION: The proposed new rule will adopt procedures to address the responsibilities of the Department of Labor and Licensing under Act 591 of 2025 concerning the referral of a dispute by a local government official or a private professional provider if a local government official and a private professional provider are unable to resolve a dispute on matters concerning state law or state-adopted building codes.

The rule establishes the procedures and information required to refer a plan review dispute to ADLL and how ADLL will consider the proposal and render an opinion. A certified copy of the opinion may be used by the parties in any subsequent court or administrative proceeding.

PUBLIC COMMENT: No public hearing was held on this rule. The public comment period expired on January 21, 2026. The agency indicated that it did not receive public comments.

Camille Fleming, an attorney with the Bureau of Legislative Research, asked the following questions:

QUESTION (1): 14 CAR § 40-201. How many times can a party request a referral on a singular issue that they are a party to? RESPONSE: Once.

QUESTION (2): 14 CAR § 40-201(b). After a matter is submitted to the Department of Labor and Licensing, how long will the department wait for a reply from the other party before it must begin its review of the matter? RESPONSE: Within five (5) business days.

QUESTION (3): 14 CAR § 40-201(d). If a party submits a referral request or a reply to a request to the Department of Labor and Licensing through means other than email, such as traditional mail, will the department contact the party to let them know how to submit a referral? RESPONSE: Yes.

QUESTION (4): 14 CAR § 40-201(d). If the Department of Labor and Licensing chooses not to consider the submission, will the department notify the parties that it will not review the submission and why it is not reviewing the submission? RESPONSE: Yes.

QUESTION (5): 14 CAR § 40-202. Can a party appeal the decision made by the Department of Labor and Licensing? RESPONSE: No. The determination is advisory, but “may be used in any subsequent court or administrative proceeding as truth of the matter asserted therein” under 14 CAR § 40-202(b).

The proposed effective date is pending legislative review and approval.

FINANCIAL IMPACT: The agency indicated that there is no financial impact, with the following qualifications:

There is no financial impact to a local government unless the local government is unable to resolve a plan review dispute with a private professional provider

concerning state law or a state-adopted building code and refers the dispute to ADLL. If so, the local government will incur the cost of submitting information to support the referral request to ADLL.

There is no financial impact to a private party unless a “private professional provider” of plan review services is unable to resolve a dispute with a local government official concerning state law or a state-adopted building code and refers the dispute to ADLL. If so, the private professional provider will incur the cost of submitting information to support the referral request to ADLL.

LEGAL AUTHORIZATION: The Department of Labor may promulgate rules to implement Arkansas Code § 14-1-506, plan review request for permit. *See* Arkansas Code § 14-1-506(e).

This rule implements Acts 2025, No. 591, sponsored by Senator Joshua Bryant, which amended the law concerning construction and development and allowed third parties to perform plan reviews and site inspections.

5. Department of Labor and Licensing, Contractors Licensing Board (Dan Parker, Jimmy Lawson)

a. Rules for the Contractors Licensing Board, 17 CAR pt. 255

DESCRIPTION: The proposed rules will amend the existing rules consistent with Act 235 of 2025 to:

(1) Raise the dollar value of projects for which “Light Building” licensees can contract from \$750,000 to \$1,500,000 (17 CAR § 255-305(b)(2));

(2) Raise the dollar value of the dollar amount that separates “Restricted” from “Unrestricted” licenses from \$750,000 to \$1,500,000 (17 CAR § 255-401(a)(2)(C));

(3) Clarify the level of financial statements required to obtain an unrestricted license and a restricted license (17 CAR § 255-401(a));

(4) Correct legal citations and typographical errors and make grammatical/stylistic changes recommended by BLR (17 CAR §§ 255-202(a)(3), 204(a)(4) and (c)(7), and 401 (a)(2)(C), (d)(2), and (e)(1)(C)); and

(5) Formally provide by Rule the Board’s existing discretion to:

(A) Defer investigation into a complaint during the pendency of any civil litigation involving the complainant and contractor; and

(B) Upon resolution of the litigation, act in accordance with the findings, order, or judgment of the civil court (17 CAR § 255-501(c)(3)).

PUBLIC COMMENT: No public hearing was held on this rule. The public comment period expired on January 21, 2026. No public comments were received.

The proposed effective date is pending legislative review and approval.

FINANCIAL IMPACT: The agency indicated that there is no financial impact.

LEGAL AUTHORIZATION: The Contractors Licensing Board shall have power to make such bylaws and rules for its operation as it shall consider appropriate, provided that they are not in conflict with the laws of the State of Arkansas. *See* Arkansas Code § 17-25-203.

This rule implements Acts 2025, No. 235, sponsored by Senator Joshua Bryant, amended the law concerning financial statements required to be submitted by a licensee of the Contractors Licensing Board.

- b. Rules of the Residential Contractors Committee, 17 CAR pt. 295

DESCRIPTION: The proposed rule will amend the existing rule to:

(1) Formally provide by Rule the Residential Contractors Committee’s existing discretion to:

(A) Defer investigation into a complaint during the pendency of any civil litigation involving the complainant and contractor; and

(B) Upon resolution of the litigation, act in accordance with the findings, order, or judgment of the civil court (17 CAR § 255-501(c)(3)).

This amendment confirms as a rule a long-standing policy of the Board to defer investigations during relevant pending litigation between homeowner and contractor.

PUBLIC COMMENT: No public hearing was held on this rule. The public comment period expired on January 21, 2026. The agency indicated that it received no public comments.

The proposed effective date is pending legislative review and approval.

FINANCIAL IMPACT: The agency indicated that there is no financial impact.

LEGAL AUTHORIZATION: The Contractors Licensing Board shall have power to make such bylaws and rules for its operation as it shall consider appropriate, provided that they are not in conflict with the laws of the State of Arkansas. *See* Arkansas Code § 17-25-203.

PUBLIC COMMENT: No public hearing was held on this rule. The public comment period expired on January 26, 2026. The agency received the following

public comments:

1. Commenter Name: Tom Hunt, Executive Director of the HVAC/R Association

Comment Summary: Mr. Hunt expressed concern regarding the ability for children of the owners to be able to work with their parents during the summer.

HVACR Response: The existing rule states that you must be at least 18 years old to obtain an HVACR license. The Board does not require the child of an owner to be licensed under age 18, however, the parents should contact the Child Labor section of the Arkansas Department of Labor and Licensing or US Department of Labor for youth employment requirements.

2. Commenter Name: Tom Hunt, Executive Director of the HVAC/R Association

Comment Summary: Mr. Hunt expressed concern about how the Continuing Education Units (CEU) will be administered on the three-year International Code Council (ICC) cycle timeline.

HVACR Response: Mr. Hunt was informed of how the three-year Code Cycle clock works, i.e., that the requirement is for 8 hours of CEU's at some time during each published code cycle and there is no annual minimum requirement for CEU's.

3. Commenter Name: Tom Hunt, Executive Director of the HVAC/R Association

Comment Summary: When will rules be implemented?

HVACR Response: The rules will be implemented once they are administratively approved by the Legislative review committee and the Arkansas Legislative Council.

The proposed effective date is pending legislative review and approval.

FINANCIAL IMPACT: The agency indicated that there is no financial impact.

LEGAL AUTHORIZATION: The HVACR Licensing Board may adopt certain rules to ensure the proper administration and enforcement of Arkansas Code § 17-33-101 et seq., which is the Arkansas Code chapter on heating, ventilation, air conditioning, and refrigeration workers. *See* Arkansas Code § 17-33-202(1).

This rule implements Acts 2025, No. 746, sponsored by Senator Missy Irvin, which assisted the administration of the code enforcement section of the Department of Labor and Licensing, repealed the electrical contractor and air conditioning electrician licenses, transferred and upgraded the Class C HVACR license, improved the licensing of apprentice electricians, helped the elevator owners satisfy testing requirements, clarified annual licensing renewal periods, and aided in the administration of the state's electrician, HVACR, elevator, and boiler safety laws.
