RE: August Rules Update

The Department of Public Safety (DPS) has identified one 2025 Legislative ACT that requires promulgation of rules.

ACT 678

Section 10 of ACT 678 allows for the issuance of electronic identification cards for commissioned security officers and commissioned school security officers. 17CAR §350-506 "Identification" is being changed to reflect the use of these electronic identification cards.

Public comment period expired with zero comments received. BLR had questions about the rule packet in which this rule was included. ASP Regulatory staff is in the process of answering those questions with intentions of appearing before the Rules Committee in September.

Respectfully submitted,

Eric Wacaster
DPS Chief Counsel
501-747-7103
