RE: September Rules Update

The Department of Public Safety (DPS) has identified one 2025 Legislative ACT that requires promulgation of rules.

ACT 678

Section 10 of ACT 678 allows for the issuance of electronic identification cards for commissioned security officers and commissioned school security officers. 17CAR §350-506 "Identification" is being changed to reflect the use of these electronic identification cards.

DPS is on the September 17 agenda to appear before the Rules Committee to submit this rule as part of its rule packet.

Respectfully submitted,

Eric Wacaster
DPS Chief Counsel
