

Donald R. Hoffman
President and CEO
EXCEL Services Corporation

Mr. Hoffman is an accomplished nuclear professional and has more than 50 years of experience in Nuclear Operations, Engineering, Licensing, and Regulation. Mr. Hoffman founded EXCEL Services Corporation in 1985 to provide specialized professional services to nuclear utilities in licensing, engineering, operations, technical, and regulatory support. EXCEL has become recognized as a premier worldwide supplier of these support services and has been enhancing safety, improving performance, and reducing costs in the nuclear industry for more than three decades.

Mr. Hoffman has served in various positions supporting US and International nuclear facility clients and has been the Executive Sponsors and Executive Project Manager for multiple projects including:

- 24-Month Fuel Cycle Extensions
- Improved Technical Specification Conversions and Upgrades
- Extended Power Upgrades
- License Renewal and Subsequent License Renewals
- Design Basis Reconstitutions
- Combined Operating Licenses
- Design Certifications

Prior to starting EXCEL, Mr. Hoffman served in the US Nuclear Submarine Navy as a senior reactor operator and engineering officer and as a manager and lead reviewer at the Nuclear Regulatory Commission reviewing license applications and technical specifications.
