

“Impact” Arkansas

A statewide initiative to secure energy independence,
emission reductions & fuel cost savings.

a joint presentation by:

Jim Brown, Executive VP
First Security Finance

Steve Richardson, President
Public Solutions Group, Ltd.

Overview

- ✓ **The Real Impacts of Alternative Fuels**
- ✓ **What the Neighbors Are Doing**
 - Oklahoma
 - Texas
 - Louisiana
- ✓ **A Better Way for Arkansas**
 - Program Questions
- ✓ **Questions & Discussion**

Real Impacts Of Alternative Fuels

✓ **Energy Independence**

- \$700+ Billion spent importing oil in 2010
 - 40% from hostile nations

✓ **Fuel Cost Savings**

- CNG: more than \$2.00 p/gal
- LPG: more than \$1.00 p/gal
- E85: avg. of \$0.50 p/gal

✓ **Reduced Toxins**

- Up to 90% less PM (cardiovascular disease)
- Up to 60% less NOx (asthma)

✓ **Job & Industry Creation**

What the Neighbors Are Doing

Oklahoma: (expires 2015)

- **75% Infrastructure Tax Credit**
- **50% AFV Tax Credit**
 - One-time tax credits
- **0% Interest Loan**

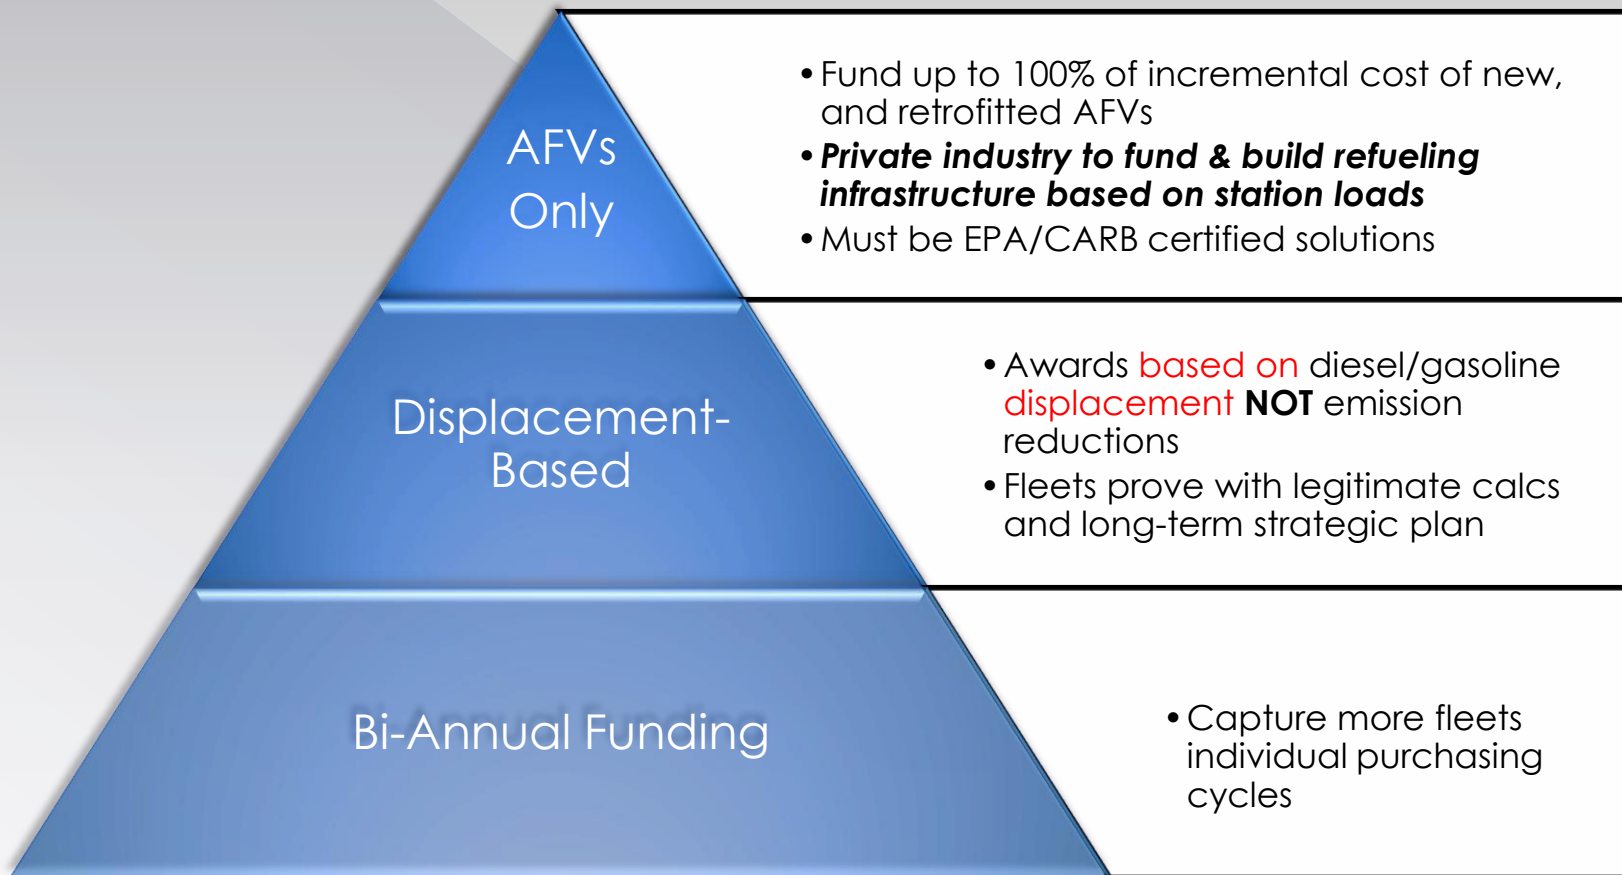

Texas: (vehicle registration)

- **Texas Triangle – Program**
 - \$100,000 for CNG infrastructure / \$250,000 for LNG
 - TERP guidelines for AFVs
- **Texas Emission Reduction Plan (TERP)**
 - Heavily favors diesel-to-diesel retrofits/repowers
 - Approximately \$6,000 - \$8,000 for HD AFVs
 - No infrastructure assistance

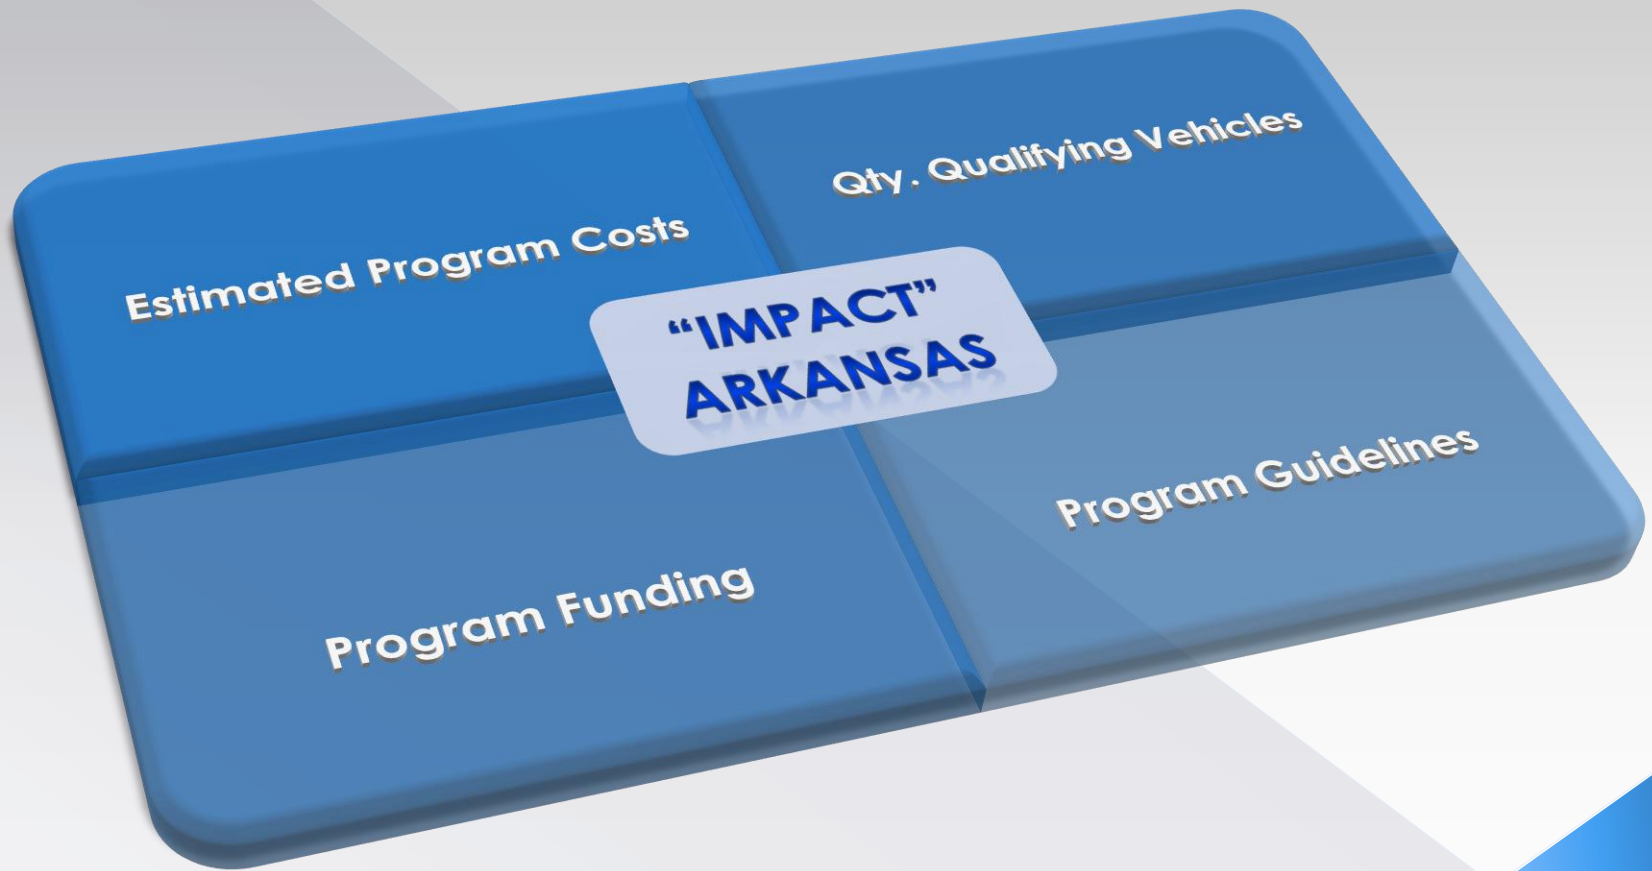

Louisiana:

- **50% Infrastructure & AFV Tax Credit**

“Impact” Program Components

Program Questions

CNG In Arkansas

(A Possible Solution)

- ✓ **Public Vehicle Data**
- ✓ **Fueling Facilities & Providers**
- ✓ **Funding Needs**
- ✓ **Economic Impact**
