24 by the provisions of this subchapter a compensation plan for the setting of

35 appropriate grades assigned to a class, but it is not the intent that any pay
36 increases shall be automatic or that any employee shall have a claim or a

 2 shall determine that the employee, by experience, ability, and work
 3 performance, has earned the increase in pay authorized for the appropriate
 4 rate.

 15 salary increases authorized in this subchapter or by any other law which
 16 affects salary increases for state employees, the Chief Fiscal Officer of the
 17 State, upon approval of the Governor, may reduce the percentage of all
 18 authorized salary increases for all state employees covered by this
 19 subchapter without regard to whether the employees are compensated from
 20 general or special revenues, federal funds, or trust funds.

21 (2) Provided that, if sufficient general revenues should then
 22 become available at any time during the biennium to provide the maximum
 23 additional salary increases for all state employees without regard to the
 24 source of revenues, salary increases for state employees provided for in this
 25 subchapter or by any other law may then be fully implemented by the Chief
 26 Fiscal Officer of the State.

27 (d) All percentage calculations stipulated in this subchapter or any
 28 other law affecting salaries of state employees may be rounded to the nearest
