31 19-5-1158. Arkansas Self-Funded Cyber Response Program Trust Fund.

32 (a) There is created on the books of the Treasurer of State, the  
33 Auditor of State, and the Chief Fiscal Officer of the State a trust fund to  
34 be known as the "Arkansas Self-Funded Cyber Response Program Trust Fund".

35 (b) The fund shall consist of:

36 (1) All moneys received by the Arkansas Cyber Response Board for

1 the Arkansas Self-Funded Cyber Response Program, including:

2 (A) Premiums collected by the Arkansas Cyber Response  
 3 Board under this subchapter; and

4 (B) Restitution, interest payments, grants, gifts, and  
 5 refunds; and

6 (2) All income derived through investment of the fund.

7 (c)(1) The funds shall be administered by and disbursed at the  
 8 direction of the Arkansas Cyber Response Board.

9 (2) Moneys shall not be appropriated from the fund for any  
 10 purpose except for:

11 (A) The use and benefit of participating governmental  
 12 entities for claims; and

13 (B) Expenses of the Arkansas Cyber Response Board,  
 14 including without limitation travel expenses, actuarial fees, consultant  
 15 expenses, and service contract fees.

16 (3) The assets of the fund may be invested and reinvested as the

24  
 25 SECTION 2. Arkansas Code Title 21, Chapter 2, is amended to add an  
 26 additional subchapter to read as follows:

27  
 28 Subchapter 8 – Arkansas Self-Funded Cyber Response Program Act

29  
 30 21-2-801. Title.

31 This subchapter shall be known and may be cited as the "Arkansas Self-  
 32 Funded Cyber Response Program Act".

33  
 34 21-2-802. Legislative findings and intent.

35 (a) The General Assembly finds that:

36 (1) The counties, municipalities, and school districts of this

1 state are increasingly targeted by cyberattacks from malicious actors  
2 resulting in substantial risks, damages, and losses;

3 (2) The cost to purchase cybersecurity insurance for coverage of  
4 the risks, damages, and losses suffered during a cyberattack is too  
5 burdensome for a city, county, or school district; and

6 (3) Considerable savings might be effected by the establishment  
7 of a self-funded cyber response program for a cyberattack committed against  
8 the counties, municipalities, and school districts of this state and their  
9 respective public officials and public employees.

10 (b) By enacting this subchapter, the General Assembly intends to:

11 (1) Establish the Arkansas Self-Funded Cyber Response Program  
12 for participating governmental entities and to establish the Arkansas Cyber  
13 Response Board to administer the program; and

14 (2) Provide that the program is in lieu of, or in addition to,  
15 various cybersecurity insurance policies and to thereby effectuate  
16 substantial savings in the cost of a response to a cyberattack for those  
17 participating governmental entities.
