4
5 SECTION 2. DO NOT CODIFY. Legislative findings and intent.

6 (a) The General Assembly finds that:

7 (1) Following its implementation in 1987, the Arkansas Code has
8 not undergone any recodification that is customary for statutory codes of its
9 type;

10 (2) The Arkansas Code Revision Commission asked staff of the
11 Bureau of Legislative Research to assemble a nonsubstantive, technical
12 recodification of Arkansas Code, Title 19, that contained technical changes
13 to the language of Title 19 and transferred certain material from Title 19 to
14 more appropriate titles of the Arkansas Code;

15 (3) The commission also asked the bureau to form a working group
16 of various state agencies, constitutional officers, and the Arkansas Bar
17 Association to review the proposed draft recodification of Title 19 for the
18 purposes of:

19 (A) Ensuring that only technical changes were made as part
20 of the recodification; and

21 (B) Obtaining input on the proposed draft from state
22 agencies, constitutional officers, and the Arkansas Bar Association;

23 (4) The working group reviewed the proposed draft recodification
24 from October 2023 until August 2024, recommended multiple technical revisions
25 to the draft recodification, and referred the revised draft to the commission
26 for its consideration; and

27 (5) At its October 2024 meeting, the commission approved the
28 draft recodification and requested that it be prepared for consideration by
29 the Ninety-Fifth General Assembly.

30 (b) It is the intent of the General Assembly that this act shall make
31 only technical, not substantive, changes to the Arkansas Code of 1987.

32

15 from the MSA Disbursements attributable to calendar year 2001, the amount
16 necessary to bring the principal amount of the Arkansas Healthy Century Trust
17 Fund to one-hundred million dollars (\$100,000,000). The remainder of any MSA
18 Disbursements attributable to calendar year 2001 shall be deposited into the
19 Tobacco Settlement Program Fund and distributed pursuant to § 19-90-108.
20 Beginning in 2002, and for each annual MSA Disbursement thereafter, all MSA

23 follows:

24 (1) The first five million dollars (\$5,000,000) received as an
25 MSA Disbursement in each calendar year beginning in 2002 shall be transferred

28 (2) After the transfer described in § 19-90-104(d)(1), the
29 amounts remaining in the Tobacco Settlement Cash Holding Fund shall be

31 (e) While it is intended that the State Board of Finance will transfer
32 funds from the Tobacco Settlement Cash Holding Fund immediately upon receipt,
33 to the extent that any amounts must be held pending the transfers described

35 such amounts in suitable investments maturing not later than when the moneys
36 are expected to be transferred, provided that such investments are made in

1 compliance with § 19-90-103(c).

2

3 19-90-105. Creation and administration of Tobacco Settlement Debt
4 Service Fund.

5 (a) There is hereby created and established a fund, designated as a
6 cash fund and held separate and apart from the State Treasury, to be known as
7 the "Tobacco Settlement Debt Service Fund", which Fund shall be administered
8 by the State Board of Finance. All moneys deposited into the Tobacco
9 Settlement Debt Service Fund are hereby designated cash funds pursuant to §
10 19-40-103, restricted in their use and to be used solely as provided in this
11 chapter.

12 (b) There shall be transferred from the Tobacco Settlement Cash
13 Holding Fund to the Tobacco Settlement Debt Service Fund, the amount set

15 Tobacco Settlement Debt Service Fund shall be held until needed to make
16 payments on Debt Service Requirements. The State Board of Finance is
17 authorized to invest any amounts held in the Tobacco Settlement Debt Service
18 Fund in suitable investments maturing not later than when the moneys are

20 comply with § 19-90-103(c), and further provided that the investment of such
21 moneys may be further limited by the provisions of any trust indenture
22 pursuant to which Bonds are issued or any related non-arbitrage certificate
23 or tax regulatory agreement.

24 (c) Amounts held in the Tobacco Settlement Debt Service Fund shall be
25 transferred to funds and accounts established and held by the trustee for the
26 Bonds at such times and in such manner as may be specified in the trust
27 indenture securing the Bonds. If so required by any trust indenture pursuant
28 to which Bonds have been issued, amounts deposited into the Tobacco
29 Settlement Debt Service Fund may be immediately deposited into funds or
30 accounts established by such trust indenture and held by the trustee for the
31 Bonds. The State Board of Finance is authorized to execute any consent,
32 pledge, or other document, reasonably required pursuant to a trust indenture
33 to affirm the pledge of amounts held in the Tobacco Settlement Debt Service
34 Fund to secure Tobacco Settlement Revenue Bonds.

35 (d) On December 15 of each calendar year, any amounts held in the
36 Tobacco Settlement Debt Service Fund, to the extent such amounts are not

1 needed to pay Debt Service Requirements prior to the following April 15,
2 shall be transferred to the Arkansas Healthy Century Trust Fund. At such time
3 as there are no longer any Bonds outstanding, and all Debt Service
4 Requirements and other contractual obligations have been paid in full,
5 amounts remaining in the Tobacco Settlement Debt Service Fund shall be
6 transferred to the Arkansas Healthy Century Trust Fund.

7
8 19-90-106. Issuance of tobacco settlement revenue bonds by Arkansas
9 Development Finance Authority.

10 (a) The Arkansas Development Finance Authority ("ADFA") is hereby
11 directed and authorized to issue Tobacco Settlement Revenue Bonds, the
12 proceeds of which are to be used for financing the Capital Improvement
13 Projects described in § 19-90-106(b). The Bonds may be issued in series from
14 time to time, and shall be special obligations only of ADFA, secured solely
15 by the revenue sources set forth in this section.

16 (b) The Capital Improvement Projects to be financed shall be:

17 (1) University of Arkansas for Medical Sciences, Biosciences
18 Research Building; provided, however, that no more than two million, two
19 hundred thousand dollars (\$2,200,000) of the annual transfer to the Tobacco
20 Settlement Debt Service Fund shall be allocated in any one year to pay Debt
21 Service Requirements for this project, and provided further that no more than
22 twenty-five million dollars (\$25,000,000) in principal amount of Tobacco
23 Settlement Revenue Bonds may be issued for this project;

24 (2) Arkansas State University Biosciences Research Building;
25 provided, however, that no more than one million, eight hundred thousand
26 dollars (\$1,800,000) of the annual transfer to the Tobacco Settlement Debt
27 Service Fund shall be allocated in any one year to pay Debt Service
28 Requirements for this project, and provided further that no more than twenty
29 million dollars (\$20,000,000) in principal amount of Tobacco Settlement
30 Revenue Bonds may be issued for this project;

31 (3) College of Public Health of the University of Arkansas for
32 Medical Sciences; provided, however, that no more than one million dollars
33 (\$1,000,000) of the annual transfer to the Tobacco Settlement Debt Service
34 Fund shall be allocated in any one year to pay Debt Service Requirements for
35 this project, and provided further that no more than fifteen million dollars
36 (\$15,000,000) in principal amount of Tobacco Settlement Revenue Bonds may be

1 issued for this project; and

2 (4) Only such other capital improvement projects related to the
3 provision of health care services, health education, or health-related
4 research as designated by legislation enacted by the General Assembly;
5 provided that the deposits to the Tobacco Settlement Debt Service Fund are
6 adequate to pay Debt Service Requirements for such additional projects.

7 (c) Prior to issuance of any series of Bonds authorized herein, ADFA
8 shall adopt a resolution authorizing the issuance of such series of Bonds.
9 Each such resolution shall contain such terms, covenants, conditions, as
10 deemed desirable and consistent with this chapter together with provisions of
11 the Arkansas Development Finance Authority Act, § 15-5-101 et seq., § 15-5-
12 201 et seq., and § 15-5-301 et seq., including without limitation, those
13 pertaining to the establishment and maintenance of funds and accounts,
14 deposit and investment of Bond proceeds and the rights and obligations of
15 ADFA and the registered owners of the Bonds. In authorizing, issuing, selling
16 the Bonds and in the investment of all funds held under the resolution or
17 indenture securing such Bonds, ADFA shall have the powers and be governed by
18 the provisions of §§ 15-5-309 and 15-5-310.

19 (d) The Bonds shall be special obligations of ADFA, secured and
20 payable from deposits made into the Tobacco Settlement Debt Service Fund
21 created pursuant to this chapter. In pledging revenues to secure the Bonds,
22 the provisions of § 15-5-313 shall apply.

23 (e) If so determined by ADFA, the Bonds may additionally be secured by
24 a lien on or security interest in facilities financed by the Bonds, by a lien
25 or pledge of loans made by ADFA to the user of such facilities, and any
26 collateral security received by ADFA, including, without limitation, ADFA's
27 interest in and any revenue derived from any loan agreements. It shall not be
28 necessary to the perfection of the lien and pledge for such purposes that the
29 trustee in connection with such bond issue or the holders of the Bonds take
30 possession of the loans, mortgages and collateral security.

31 (f) It shall be plainly stated on the face of each Bond that it has
32 been issued under this chapter, and the Arkansas Development Finance
33 Authority Act, § 15-5-101 et seq., § 15-5-201 et seq., and § 15-5-301 et
34 seq., that the Bonds shall be obligations only of ADFA secured as specified
35 herein and that, in no event, shall the bonds constitute an indebtedness of
36 the State of Arkansas or an indebtedness for which the faith and credit of

1 the State of Arkansas or any of its revenues are pledged or an indebtedness
2 secured by lien, or security interest in any property of the State.

3 (g) The Bonds may be issued in one or more series, as determined by
4 ADFA. Additional Bonds may be issued in one or more series to fund additional
5 Capital Improvement Projects subsequently designated pursuant to § 19-90-
6 106(b)(4), so long as ADFA determines that revenues transferred to the
7 Tobacco Settlement Debt Service Fund, in combination with other revenues
8 available to secure the Bonds pursuant to § 19-90-106(e); will be sufficient
9 to meet all Debt Service Requirements on such additional Bonds and any other
10 Bonds then outstanding.

11 (h) Any funds remaining and available to ADFA or the trustees under
12 any indenture or resolution authorized herein after the retirement of all
13 Bonds outstanding under such indenture or resolution, and the satisfaction of
14 all contractual obligations related thereto and all current expenses of ADFA
15 related thereto, shall be transferred to the Arkansas Healthy Century Trust
16 Fund.

17 (i) ADFA may issue Bonds for the purpose of refunding Bonds previously
18 issued pursuant to this chapter, and in doing so shall be governed by the
19 provisions of § 15-5-314.

20 (j) All Bonds issued under this chapter, and interest thereon, shall
21 be exempt from all taxes of the State of Arkansas, including income,
22 inheritance, and property taxes. The Bonds shall be eligible to secure

STATE TREASURY MANAGEMENT

19

20 Subchapter 1. General Provisions [Reserved.]

21 Subchapter 2. Temporary Loans to Local Governments

22 Subchapter 3. State Treasury Management Law

23 Subchapter 4. State Treasury Money Management Trust Act

24 Subchapter 5. State Board of Finance

25

26

Subchapter 1 – General Provisions [Reserved.]

27

28

Subchapter 2 – Temporary Loans to Local Governments

29

30

19-3-201. Legislative intent.

31

32 The General Assembly recognizes that legislation considered by the
33 First Extraordinary Session of the Seventy-First General Assembly may remove
34 the penalty requirements for failure to pay property taxes by installments
35 and that this action may result in a reduction of property tax revenues
36 available to cities, counties, and school districts, thereby imposing a
financial hardship upon the cities, counties, and school districts during

1 portions of their calendar or fiscal year. It is, therefore, the intent of
2 this subchapter to authorize the State Board of Finance, in the manner
3 provided in this subchapter, to make temporary loans to cities, counties, and
4 school districts to assist in maintaining their average cash flow if there is
5 a material reduction in their cash flow resulting from legislation enacted by
6 the First Extraordinary Session of the Seventy-First General Assembly.

7
8 19-3-202. Procedure for obtaining and repaying loans.

9 (a)(1) The State Board of Finance may make temporary loans to cities,
10 counties, and school districts from average daily balances in the State
11 Treasury available to the board for investment purposes.

12 (2)(A) For a city, county, or school district to be eligible to
13 receive temporary loans under this subchapter, the city, county, or school
14 district shall prepare a schedule from each of the five (5) preceding
15 calendar or fiscal years.

16 (B) This schedule shall reflect the average monthly cash
17 flow derived from property tax sources and the proportion of property taxes
18 available during each month as they relate to the aggregate amount of
19 property taxes collected and available to the city, county, or school
20 district during the calendar or fiscal year, and the city, county, or school
21 district shall average the monthly cash flow percentages for the five-year
22 period.

23 (b)(1) If the board determines that the cash flow of the city, county,
24 or school district has fallen below the monthly average percentage cash flow
25 for property taxes available to the city, county, or school district for the
26 prior five (5) fiscal years and that the current level of cash flow is not
27 adequate to enable the city, county, or school district to maintain an
28 adequate level of services, the board may make temporary loans to the city,
29 county, or school district.

30 (2) These temporary loans may be in an aggregate amount no
31 greater than the difference between average monthly percentage cash flow of
32 the city, county, or school district for the preceding five (5) years for the
33 period and the actual percentage cash flow in the current tax year computed
34 on the basis of taxes collected in relation to the estimated tax collections
35 for the tax year.

36 (c)(1) All these temporary loans shall be repaid to the board upon

1 their maturity. The maturity of a temporary loan shall not be beyond the
2 last day of the calendar year in which the loan is made.

3 (2)(A) If a city, county, or school district fails or refuses to
4 pay any such temporary loan according to the repayment schedule agreed to by
5 the board or as set forth in this section, the board shall certify this fact
6 and the amount of the unpaid temporary loan to the Treasurer of State.

7 (B) The Treasurer of State shall withhold the amount of
8 the unpaid temporary loan from the next moneys available for distribution to
9 the city, county, or school district from state general revenues and shall
10 transfer the amount from the County Aid Fund, the Municipal Aid Fund, or the
11 Public School Fund, as the case may be, to the appropriate State Treasury
12 account or source from which the temporary loan was made.

13

14 19-3-203. Rules.

15 The State Board of Finance may promulgate appropriate rules for the
16 administration of this subchapter, including the establishment of the
17 necessary forms and loan instruments to be used in connection with making
18 loans under this subchapter.

19

28 agencies.

29 (b) The comprehensive financial management system shall provide for an
30 adequate control over receipts, expenditures, and balances to the end that

32 of the state and its various subdivisions. The comprehensive financial
33 management system shall:

34 (1) Include a modified accrual system embracing encumbrance
35 accounting;

36 (2) Conform with generally accepted governmental accounting

1 principles; and

2 (3) Provide a reporting system whereby actual expenditures are
3 compared to those predicted in the agency's annual operations plan described
4 in subchapter 6 of this chapter.

5 (c) In obtaining any necessary fiscal information, the Chief Fiscal
6 Officer of the State may make an examination of the books and records of an
7 agency to determine the financial condition of the agency and to report on
8 it.

9

34 depository other than the State Treasury, the Chief Fiscal Officer of the
35 State may authorize the agency to deposit the moneys into the State Treasury.

36 (b) The Chief Fiscal Officer of the State shall determine the

1 classification of the funds and shall designate or create the State Treasury
2 fund into which the moneys are to be deposited.

3 (c) The appropriation acts that appropriated the cash moneys shall be
4 construed to be in conformity with Arkansas Constitution, Article 5, § 29,
5 and Arkansas Constitution, Article 16, § 12, for withdrawing moneys from the
6 State Treasury.

7 (d) All moneys deposited into the State Treasury under this section
8 shall be deposited as nonrevenue receipts and shall not be subjected to the
9 provisions of § 19-21-105 unless the source of the revenue is specifically
10 classified in § 19-41-201 or § 19-42-201.

11 (e) If any moneys classified as trust funds under this section earn
12 interest, then that interest shall be credited to the trust fund.

13

14 19-4-504. Requisites of financial management system.

15 The financial management system shall at all times:

16 (1) Reflect the unencumbered balances of all State Treasury

26

27 19-4-505. State accounting system to conform to generally accepted
28 accounting principles – Legislative intent.

29 (a)(1) It is the intent of the General Assembly that the state
30 accounting system, as authorized in this subchapter, be established in
31 conformity with generally accepted accounting principles as recognized by the
32 Governmental Accounting Standards Board, the American Institute of Certified
33 Public Accountants, the Financial Accounting Standards Board, and any
34 successor governing boards.

35 (2) However, the Chief Fiscal Officer of the State shall consult
36 the Legislative Joint Auditing Committee before proposing, adopting, or

1 recommending compliance with any of the generally accepted accounting
2 principles that conflict with law.

3 (b) It is further recognized that the state accounting system should
4 comply with recognized principles of accounting for and reporting of public
5 moneys in order to properly and fairly discharge to the taxpayers the state's
6 responsibility of adequately accounting for the taxpayers' moneys.

7

8 19-4-506. Accounting and reporting capabilities.

9 A governmental accounting system shall make it possible both to:

10 (1) Present fairly and with full disclosure the financial
11 position and results of financial operations of the funds and account groups
12 of the governmental unit in conformity with generally accepted accounting
13 principles; and

14 (2) Determine and demonstrate compliance with finance-related
15 legal and contractual provisions.

16

17 19-4-507. Fund accounting systems.

18 (a) Governmental accounting systems shall be organized and operated on
19 a fund basis.

20 (b) As used in this section, "fund" means a fiscal and accounting
21 entity with a self-balancing set of accounts recording cash and other
22 financial resources, together with all related liabilities and residual
23 equities or balances, and changes therein, that are segregated for the
24 purpose of carrying on specific activities or attaining certain objectives in
25 accordance with special rules, restrictions, or limitations.

26

27 19-4-508. Interim and annual financial reports.

28 (a) Appropriate interim financial statements and reports of financial
29 position, operating results, and other pertinent information shall be
30 prepared to facilitate management control of financial operations,
31 legislative oversight, and when necessary or desired, for external reporting
32 purposes.

33 (b) An annual comprehensive financial report covering all funds and
34 account groups of the governmental unit shall be prepared and published,
35 including:

36 (1) Appropriate combined, combining, and individual fund

1 statements;

2 (2) Notes to the financial statements;

3 (3) Schedules;

4 (4) Narrative explanations; and

5 (5) Statistical tables.

6 (c)(1) General purpose financial statements may be issued separately
7 from the annual comprehensive financial report.

8 (2) General purpose financial statements shall include the basic
9 financial statements and notes to the financial statements that are essential
10 to fair presentation of financial position and operating results and changes
11 in financial position of proprietary funds and similar trust funds.

12

13 19-4-509. Design of financial management system.

14 (a)(1) The financial management system shall be designed to record
15 transactions in accordance with generally accepted accounting principles as
16 established by the Governmental Accounting Standards Board.

17 (2) The financial management system shall provide a suitable
18 analysis of the operation, maintenance, and improvement of all state agencies
19 and their functions.

20 (3) The financial management system shall furnish a breakdown
21 and itemization of all financial transactions in accordance with the
22 appropriations and allotments of the General Assembly, federal grants, and
23 bank funds of the agencies.

24 (b) The Chief Fiscal Officer of the State shall prepare a general
25 ledger manual covering the system of classifying financial transactions and
26 shall supply all agencies with a copy of this general ledger manual.

27

28 19-4-510. Appropriations code manual.

29 (a) After the General Assembly has enacted the various appropriation
30 measures for the support and operation of state government and its agencies,
31 the Chief Fiscal Officer of the State shall prepare a complete code manual
32 setting out all of the appropriations of the General Assembly, the purpose of
33 the appropriations and the funds, fund accounts, or accounts from which the
34 appropriations are made and shall classify them in accordance with the titles
35 and definitions as enumerated in this chapter.

36 (b) After establishing the appropriation items and classifying them

1 under this chapter in strict conformity to the intent and purposes of the
2 appropriation acts and within the limitations of the revenues and funds
3 available for these purposes, it shall then be unlawful for the Chief Fiscal
4 Officer of the State or a disbursing officer of a state agency to transfer
5 from an appropriation item, the purpose of which is defined under this
6 chapter, to any other appropriation item of a different classification and
7 purpose as defined in this subchapter except when permitted by law.

8
9 19-4-511. Classification of appropriations.

10 (a)(1) For the purpose of establishing the proper accounts, for
11 budgetary control, for accounting, and for other provisions of this chapter,
12 the appropriations of the General Assembly shall be classified under one (1)
13 or more of the classifications prescribed in §§ 19-4-512 – 19-4-516.

14 (2) The purposes for which these appropriations may be used are
15 defined as prescribed in §§ 19-4-512 – 19-4-516, but not necessarily limited
16 to those purposes.

17 (b) However, the state's financial management system may invoke
18 additional budget control using features of the state's financial management
19 system that are in addition to the appropriations of the General Assembly.

20
21 19-4-512. Personal services – Definition.

22 The personal services classification is for regular full-time, part-
23 time, and extra-help employees, employer matching costs, employer special or
24 extra compensation, overtime earnings, and other employee benefits that are
25 legally authorized, and the personal services classification is categorized
26 in the following subclassifications:

27 (1) Regular Salaries. This subclassification is applicable to
28 all salaries and compensation, except as provided in this section, for state
29 employees when the number of employees and maximum amounts of compensation
30 are statutorily authorized as provided by Arkansas Constitution, Article 16,
31 § 4, regardless of the financial resources compensating such employees within
32 this subclassification, and regardless of when the method of salary
33 disbursing of the institutions of higher education involves payment from
34 state agency bank funds of the institution of higher education, subject to
35 reimbursement to the institution of higher education for such amounts as are
36 properly payable from funds in the State Treasury. However, the state's

1 financial management system may include in the subclassification of regular
2 salaries the following:

3 (A) Extra Salaries. This description includes all special
4 remuneration received by state employees in addition to regular salary that
5 is authorized by law. Any state agency that receives an appropriation for
6 extra salaries may pay eligible employees at the following rates, with the
7 total additional compensation not to exceed seven thousand dollars (\$7,000)
8 per fiscal year:

9 (i) Physicians who are certified by the American
10 specialty boards, at a rate of pay not to exceed four thousand five hundred
11 dollars (\$4,500) per fiscal year;

12 (ii) Physicians who are eligible to be certified by
13 the American specialty boards, at a rate of pay not to exceed two thousand
14 five hundred dollars (\$2,500) per fiscal year; and

15 (iii) Physicians certified in child psychiatry or
16 forensic psychiatry, an additional two thousand five hundred dollars (\$2,500)
17 per fiscal year will be allowed;

18 (B) Special Compensation. This description includes
19 special remuneration when authorized by law for employee suggestion awards;
20 and

21 (C) The payment of extra salaries and special compensation
22 when authorized by law is in addition to the maximum amounts of compensation
23 set by law for regular salaries;

24 (2) Extra Help.

25 (A) This subclassification shall be used for payment of
26 all salaries and compensation of part-time or temporary employees, as
27 authorized by law, who are employed one thousand five hundred (1,500) hours
28 per fiscal year or less.

29 (B) This subclassification may be used to pay part-time or
30 temporary employees who are employed for more than one thousand five hundred
31 (1,500) hours per fiscal year if specific authorization is provided by law
32 and if such use is within standards established by the Secretary of the
33 Department of Finance and Administration.

34 (C) Extra-help funds shall not be used to pay additional
35 compensation to a full-time state employee.

36 (D) As used in this section, "state employee" means any

1 employee occupying a regular salaried position for a state agency, board,
2 commission, department, or institution of higher education;

3 (3) Overtime. This subclassification is applicable for payment
4 of services performed in excess of normal hours of work during a specific
5 time when specifically authorized by law; and

6 (4) Personal Services Matching.

7 (A) This subclassification represents the state agency's
8 proportion of the amounts necessary to contribute the state agency's share or
9 to match the deductions from the salaries of state employees for:

10 (i) Social Security;

11 (ii) Retirement;

12 (iii) Group employee insurance programs;

13 (iv) Workers' compensation;

14 (v) Unemployment compensation contributions; and

15 (vi) A state contribution for state employee

16 retirees who are eligible to participate in the health and life insurance
17 programs offered by the state as defined by § 21-5-411 and as authorized by
18 the Chief Fiscal Officer of the State.

19 (B) The Chief Fiscal Officer of the State may make
20 appropriate reclassifications of the state agency's appropriation for
21 maintenance and general operation to effect the payment of personal services
22 matching as described in this subdivision (4).

23
24 19-4-513. Maintenance and general operation.

25 (a) The maintenance and general operation classification covers items
26 of expense necessary for the proper and efficient operation of the state
27 agency, authority, board, commission, department, or institution of higher
28 education, except as otherwise classified in this subchapter.

29 (b) It is recognized that in those instances in which the maintenance
30 and general operation line-item classification is not subclassified, the
31 state agency may expend moneys for operations in compliance with the intent
32 of this subchapter.

33 (c) If an appropriation for maintenance and general operation
34 authorized for a state agency, board, department, or institution of higher
35 education is restricted in its use by budget classification as set out in
36 subsection (d) of this section, transfers between such classifications may be

1 made subject to the procedures set out as follows:

2 (1)(A) If the amount of any of the budget classifications of
3 maintenance and general operation in an agency's appropriation act are found
4 by the administrative head of the agency to be inadequate, then the agency
5 head may request, upon forms provided for such a purpose by the Chief Fiscal
6 Officer of the State, a modification of the amounts of the budget
7 classification. In that event, the agency head shall set out on the forms the
8 particular classifications for which he or she is requesting an increase or
9 decrease, the amounts thereof, and his or her reasons for requesting a
10 modification of the amounts of the budget classification.

11 (B) The total amount of the budget shall not exceed either
12 the amount of the appropriation or the amount of the funds available.

13 (C)(i) Except as provided in subdivision (c)(1)(C)(ii) of
14 this section, transfers shall not be made from the capital outlay or data
15 processing subclassification unless specific authority for those transfers is
16 provided by law.

17 (ii) Transfers from capital outlay to data
18 processing may be made when it is determined by the Division of Information
19 Systems that data processing services for a state agency can be performed on
20 a more cost-efficient basis by the division than through the purchase of data
21 processing equipment by that state agency;

22 (2)(A) In considering the proposed modification as prepared and
23 submitted by each state agency, the Chief Fiscal Officer of the State shall
24 make such studies as he or she deems necessary.

25 (B) If the requested transfer, when added to other
26 transfers previously approved during the fiscal year for the same
27 classification with the same appropriation, would result in a deviation of
28 any kind in the affected classifications of less than five percent (5%) up to
29 a maximum of two thousand five hundred dollars (\$2,500) from the
30 classifications established by law, the Chief Fiscal Officer of the State
31 shall approve the requested transfer if in his or her opinion it is in the
32 best interest of the state.

33 (C) If the requested transfer, when added to other
34 transfers previously approved during the fiscal year for the same
35 classification within the same appropriation, would result in a deviation of
36 five percent (5%) or more, or more than two thousand five hundred dollars

1 (\$2,500), the Chief Fiscal Officer of the State shall submit the request,
2 along with his or her recommendation, to the Legislative Council for its
3 advice before approving the request; and

4 (3) If a state agency expends or obligates any approved budget
5 in excess of the maximum classification, the Chief Fiscal Officer of the
6 State shall study the reasons for the excess expenditures and shall take
7 immediate steps to correct the excess spending that he or she deems necessary
8 after notification of such actions has been sent to the Legislative Council.

9 (d) Maintenance and general operation may be further categorized into
10 the following subclassifications and the expenses of each subclassification
11 shall be used according to the subclassification:

12 (1) Operating Expenses. This subclassification includes without
13 limitation expenses associated with the following:

- 14 (A) Postage, telephone, and telegraph;
- 15 (B) Transportation of commodities or objects;

33 business;

35 as part of the job.
- 36 (ii) Clothing items purchased for its employees and

1 not required to be worn during working hours, or which are purchased for the
2 promotion of the agency, shall not be subclassified as an operating expense;

3 (R) Other items of operating expense that are provided by
4 the appropriation act or under reasonable rules and procedures issued by the
5 Chief Fiscal Officer of the State; and

6 (S) Debt service on equipment or measures required by a
7 guaranteed energy cost savings contract executed under the Guaranteed Energy
8 Cost Savings Act, § 19-68-101 et seq., or an energy efficiency project
9 financed under the State Entity Energy Efficiency Project Bond Act, § 15-5-
10 1801 et seq.;

11 (2) Conference and Travel Expenses. This subclassification
12 includes:

13 (A) The costs of a state employee attending a conference,
14 seminar, or training program; and

15 (B) The costs of a state agency-sponsored or hosted
16 conference, seminar, or training program when the expenses are not otherwise
17 classified according to this section;

18 (3) Professional Fees. This subclassification includes the
19 expenses for contractual agreements entered into by the state agency with an
20 individual, partnership, corporation, or anyone other than a state employee
21 to provide a particular document, report, speech, study, or commodity other
22 than those contractual agreements that by their nature would be classified
23 elsewhere in this subchapter;

24 (4) Capital Outlay. This subclassification includes without
25 limitation the following expenses:

26 (A) Purchase of land, buildings, equipment, furniture, and
27 fixtures; and

28 (B) Contractual agreements, all of which are to be
29 capitalized from the maintenance and general operation classification of
30 appropriation; and

31 (5) Data Processing. This subclassification includes purchase
32 of data processing services from the division, or others, and other expenses
33 that are not necessarily classified elsewhere in this section by virtue of
34 the appropriation based upon budgets presented for consideration.

35 (e) Notwithstanding this section or any other law to the contrary,
36 state-supported colleges and universities may utilize maintenance and

1 operation appropriations for the payment of moving expenses of employees,
2 including new hires.

3
4 19-4-514. Grants, assistance, and special aid.

5 The grants, assistance, and special aid classification is applicable to
6 all appropriations made by the General Assembly from state, federal, or other
7 moneys for educational assistance, welfare grants, rehabilitation services,
8 aid to counties and municipalities, and to all other special appropriations
9 that have for their purpose the appropriating of state, federal, or other
10 moneys for public benefits.

11
12 19-4-515. Construction and permanent improvements.

13 (a)(1) The construction and permanent improvements classification is
14 determined by the language of the appropriation acts that make available
15 funds for construction and new improvements. For the purpose of classifying
16 the expenditures under any such appropriation, all the necessary expenses in
17 connection with the appropriation are part of the construction costs. These
18 items of expense include without limitation the following:

19 (A) Advertising for bids;

20 (B) Architects, engineers, and other professional services
21 in connection with the proposed projects; and

22 (C) The payment of estimates on the various contracts in
23 connection with such construction programs.

24 (2) All construction and improvements are subject to §§ 19-4-
25 1401 – 19-4-1411 and to the rules promulgated by the Chief Fiscal Officer of
26 the State.

27 (3)(A)(i) A state agency for which appropriations have been made
28 by the General Assembly for construction or improvements shall not make any
29 contract or incur any indebtedness payable from the appropriations unless
30 there are sufficient funds on hand, for the benefit of any agency, to pay for
31 the proposed obligations under the contracts.

32 (ii) However, an agency may accept and use grants
33 and donations and use its unobligated cash income or other funds available to
34 it for the purpose of supplementing the appropriations for construction
35 purposes.

36 (B) The appropriations and funds otherwise provided by the

1 General Assembly for personal services, maintenance, and general operation of
2 an agency shall not be used in connection with any proposed construction
3 projects for which specific appropriations have been made by the General
4 Assembly, except for minor repairs and maintenance.

5 (b) The restrictions of this section do not apply to contracts
6 approved by the State Highway Commission for construction of roads and
7 bridges in the highway system.

8 (c) The Chief Fiscal Officer of the State may reclassify but not
9 consolidate an agency's appropriation for construction to effect the payment
10 of construction-related costs in the appropriate classification as described
11 in this subchapter using the state's financial management system to invoke
12 budget control.

13

14 19-4-516. Special appropriations.

15 (a)(1) All other appropriations made by the General Assembly that do
16 not come under any of the classifications referenced in this subchapter are
17 special appropriations and shall be used only for the specific purposes for
18 which the appropriations are made.

19 (2) Except as otherwise provided by law, an agency receiving a
20 special appropriation shall not expend funds from any appropriation other
21 than from the special appropriation for the special purpose covered by the
22 special appropriation.

23 (3) The state's financial management system may invoke
24 additional budget control using features of the financial management system
25 that are in addition to the appropriations of the General Assembly.

26 (b) To allow for full disclosure of investment transactions, to make
27 available special reports on investment transactions, and to isolate
28 investment expenditures from normal expenditures, the Chief Fiscal Officer of
29 the State may establish separate appropriation codes for investments and
30 transfer to those appropriations from the investment line item as established
31 in the agency appropriation acts.

32 (c)(1)(A) An agency may request a special appropriation for
33 promotional items by submitting a written request to the Chief Fiscal Officer
34 of the State.

35 (B) A written request for a special appropriation under
36 subdivision (c)(1)(A) of this section shall:

1 (i) Specify the amount of the requested special
2 appropriation, the authorized appropriation section for the requested special
3 appropriation, and the funding source to be used for the requested special
4 appropriation; and

5 (ii) Provide a brief description of the type of
6 promotional items to be purchased and the purpose for which the promotional
7 items will be used.

8 (2)(A) Except as provided in subdivision (c)(2)(B) of this
9 section, the Chief Fiscal Officer of the State may approve only up to five
10 thousand dollars (\$5,000) in cumulative written requests per agency under
11 this subsection each fiscal year.

12 (B) A single written request for a special appropriation
13 under this subsection that exceeds the limit specified in subdivision
14 (c)(2)(A) of this section or a written request for a special appropriation
15 under this subsection that, if approved, would result in the cumulative
16 amount of approved written requests under this subsection exceeding the limit
17 stated in subdivision (c)(2)(A) of this section shall be submitted to the
18 Legislative Council or, if the General Assembly is in session, the Joint
19 Budget Committee, for review before the Chief Fiscal Officer of the State may
20 approve the written request.

21 (3) Upon approving a written request for a special appropriation
22 under this subsection, the Chief Fiscal Officer of the State shall create a
23 new line item for promotional items for the agency making the request and
24 shall cause a transfer of the approved amount from the requesting agency's
25 operating expenses to the requesting agency's promotional items line item.

26

27 19-4-517. Authority of Treasurer of State to use certain funding for
28 operations.

29 (a) The Treasurer of State may utilize the funding for maintenance and
30 general operations provided for in the Constitutional Officers Fund and State
31 Central Services Fund to allow for reconciling items that may occur in the
32 operations of the office of the Treasurer of State.

33 (b) The Treasurer of State with the advice and approval of the
34 Legislative Joint Auditing Committee shall develop policies and procedures
35 for proper accounting of reconciling items.

36

1 Subchapter 6 – Annual Operations Plans of State Agencies

2
3 19-4-601. Responsibility generally.

4 Except as limited by appropriations and funding by the General Assembly
5 and other provisions of law, state agencies shall administer their programs
6 as authorized by the General Assembly and are responsible for the proper
7 management of their programs.

8
9 19-4-602. Compliance and approval required.

10 (a) A state agency shall not increase the salaries of its employees,
11 employ additional employees, expend money, or incur any obligations except in
12 accordance with law and with a properly approved annual operations plan that
13 includes a quarterly fiscal program.

14 (b) Appropriations subject to this subchapter are not available for
15 expenditures or encumbrance until the state agency has complied with this
16 subchapter.

17
18 19-4-603. Exemptions generally.

19 Appropriations for retirement benefits, refunds, and Social Security
20 requirements of the teacher and public employees retirement systems are
21 excluded from this subchapter.

22
23 19-4-604. State-supported institutions of higher education.

24 (a) At least thirty (30) days before the start of each fiscal year,
25 the Chief Fiscal Officer of the State shall make studies for the purpose of
26 estimating the anticipated amounts of general revenues to be available for
27 distributions under the provisions of the Revenue Stabilization Law, § 19-20-
28 101 et seq., for the fiscal year. The Chief Fiscal Officer of the State shall
29 compute the estimated amounts of general revenues to be available for
30 allocation to the respective State Treasury accounts in accordance with their
31 percentage distributions of general revenues under the Revenue Stabilization
32 Law, § 19-20-101 et seq.

33 (b) The Chief Fiscal Officer of the State shall certify to each of the
34 respective state-supported institutions of higher education, at least thirty
35 (30) days before the start of each fiscal year, the estimated amounts of
36 general revenues to be available for distribution to the State Treasury

1 account for their respective state-supported institutions of higher
2 education. The Chief Fiscal Officer of the State shall include in each
3 certification the quarterly allocations of the amounts that are estimated to
4 be available for expenditures based upon these estimates.

5 (c) Upon receipt of the estimated amounts to be available for
6 expenditure and after reviewing the quarterly allocation of the amounts as
7 submitted by the Chief Fiscal Officer of the State, a state-supported

15 anticipated revenues and fund balances in the state-supported institution of
16 higher education's account in the State Treasury for the fiscal year; and

17 (2) The revised quarterly allocations will not impose an undue

20 (e) The Chief Fiscal Officer of the State shall periodically review
21 the estimates of projected general revenue collections anticipated to be

5 revised program has been submitted and approved; and

6 (4) In case the Chief Fiscal Officer of the State determines

23 Subchapter 7 – Expenditures Generally

24

25 19-4-701. Fiscal periods of state.

26 (a) For the purpose of this chapter, relating to the appropriation and
27 disbursement of funds:

28 (1) The fiscal year of the state commences on July 1 and ends on
29 June 30 of the following year; and

30 (2) The biennial period, or “biennium”, commences on July 1
31 following the adjournment of the regular session of the General Assembly and
32 ends on June 30 two (2) years thereafter.

33 (b)(1) The definition of the fiscal year, for the purposes of this
34 chapter, does not affect special appropriations when no fiscal period is
35 defined in the act making the special appropriation or affect the bond year
36 for other fiscal transactions.

1 (2)(A) In the case of a special appropriation in which the
2 emergency clause has been adopted by the General Assembly and when no period
3 of time is mentioned in the act making the appropriation, the appropriation
4 is available for a two-year period from and after the effective date of the
5 act.

6 (B) In the case of a special appropriation in which the
7 emergency clause has not been adopted and when no period of time is mentioned
8 in the act making the appropriation, the appropriation becomes available
9 ninety (90) days after the adjournment of the General Assembly. The
10 appropriation is available for a two-year period from and after the date the
11 appropriation became available.

12
13 19-4-702. Time limits for presenting vouchers.

14 (a)(1)(A) A state agency may pay carryover obligations of the state
15 that were incurred on or before June 30 of the current fiscal year up to
16 forty-five (45) days after the end of the current fiscal year.

17 (B) The carryover obligations shall be supported by
18 purchase documents with corresponding receipts for the goods or services that
19 have been recorded as received in the state's financial management system by
20 June 30 of the fiscal year previous to the fiscal year in which the carryover
21 obligations are requested to be paid.

22 (2) The payments of the carryover obligations shall be charged
23 against appropriations and fund cash balances of the fiscal year in which the
24 obligations were incurred.

25 (3) Any payments for carryover obligations that are not
26 supported by the documents as required in this subsection, or which are
27 requested to be paid after forty-five (45) days following June 30 of the
28 fiscal year previous to the fiscal year in which the carryover obligations
29 are requested to be paid, shall be charged to the appropriations and fund
30 cash balances of the then-current fiscal year.

31 (b) If the vouchers are approved for payment, the Auditor of State
32 shall issue his or her warrants in payment of them not later than two (2)
33 weeks following the receipt of the vouchers from the Department of Finance
34 and Administration.

35 (c)(1) In the event of a just claim against a state agency, when the
36 claim is submitted too late for payment in the manner prescribed in this

1 section and the state agency affected has an appropriation for the same
2 purpose for the fiscal period following that period in which the claim was
3 incurred, then the disbursing agent may draw his or her voucher in the
4 payment of the claim against the new appropriation, but only if there were
5 sufficient funds and appropriations for the prior year to cover the claim.

6 (2) Otherwise, the claim shall be submitted to the Arkansas
7 State Claims Commission for payment.

8 (d)(1)(A) If a biweekly pay period for personal services, as defined
9 in §§ 19-4-512 and 19-4-1607, commences in the closing period of one (1)
10 fiscal period and either ends in the following fiscal year or is paid in the
11 following fiscal year, then the payment of the obligation may be made in
12 whole from the appropriation for either fiscal period, as determined by the
13 Chief Fiscal Officer of the State.

14 (B) However, an obligation shall not be incurred unless
15 there are funds on hand or estimated to become available to meet the
16 obligation when it becomes due.

17 (2)(A) For purposes of wages and compensation, the Chief Fiscal
18 Officer of the State may determine the starting date of authorized job
19 classifications and positions to coincide with the payment of the obligation
20 under subdivision (d)(1) of this section.

21 (B) However, the determination under subdivision (d)(2)(A)
22 of this section shall not cause any state fiscal year to be charged with
23 fewer than twenty-six (26) or more than twenty-seven (27) biweekly pay
24 periods.

25 (e)(1) All state agencies may carry over from the first fiscal year of
26 any biennium to the second fiscal year of the biennium any unexpended
27 appropriations and funds to the extent necessary to pay for items or
28 commodities ordered at least ninety (90) days before the end of the first
29 fiscal year but not received until after the end of the first fiscal year, if
30 the purchase of such items and commodities is substantiated by a written
31 contract resulting from the receipt of a formal bid.

32 (2)(A) All state agencies may carry over from the first fiscal
33 year of any biennium to the second fiscal year of the biennium any unexpended
34 maintenance and operation appropriations and funds, as defined under § 19-4-
35 513, to the extent necessary to pay for renovation and minor and major
36 repairs under the jurisdiction of the Building Authority Division that were

1 under contract at least ninety (90) days before the end of the first fiscal
2 year but that will not be completed until after the end of the first fiscal
3 year and are substantiated by written contracts.

4 (B) This carryover provision applies only to
5 appropriations and funds involving maintenance and operations.

6 (3) This subsection is supplemental to any other authority
7 granted any state agency by law to carry forward unexpended fund balances
8 from one (1) fiscal year to another.

9

10 19-4-703. Redemption of warrants.

11 A warrant issued by the Auditor of State is not payable by the
12 Treasurer of State unless the warrant has been presented for payment within
13 the twelve (12) months immediately following the close of the fiscal year or

15 warrant was charged.

16

17 19-4-704. No obligations without appropriations.

18 (a) An obligations shall not be paid from appropriated funds until the
19 General Assembly has made an appropriation for that purpose.

20 (b) A state agency shall not enter into any contract that would
21 contemplate that payments under the contracts would be made beyond the
22 expiration of the biennial period unless the General Assembly, before the
23 expiration of the biennial period, makes an appropriation for that purpose,
24 or in the case of multiyear contracts for commodities or services, a
25 determination in writing has been made before use that:

26 (1) Estimated requirements cover the period of the contract and
27 are reasonably firm and continuing; and

28 (2) Such a contract would serve the best interests of the state
29 by encouraging effective competition or otherwise promoting economies in
30 state procurement.

31 (c) An obligations shall not be incurred unless there are sufficient
32 funds or an approved federal grant on hand, or estimated to become available,
33 to meet the obligation when it becomes due.

34

35 19-4-705. Obligations limited to funds available.

36 (a) A state agency for which regular operating appropriations are made

1 on a fiscal-year basis shall not incur an obligation under the appropriations
2 unless there are funds on hand or an approved federal grant, or estimated to
3 become available, during the fiscal year for the payment of the obligation.

4 (b) An agency shall not create any obligation in one (1) fiscal year
5 that will make it necessary to use the revenues of the following fiscal year
6 in order to meet the obligation except in the case of multiyear contracts for
7 commodities or services and as provided in § 19-4-707.

8 (c)(1) If an agency had bank funds that are not required by law to be
9 deposited into the State Treasury, the agency may create additional
10 obligations to the extent of the bank funds on hand, or that are estimated to
11 become available during the fiscal period.

12 (2) However, except in the case of multiyear contracts for
13 commodities or services and as provided in § 19-4-707, the agency shall not
14 create any obligations, in the aggregate, that would make the total of the
15 obligations exceed the total of all funds available to the agency during the
16 fiscal period.

17
18 19-4-706. Interest and carrying charges.

19 State agencies, including exempt agencies, may enter into contracts
20 that contemplate the payment of interest, late charges, but only when the
21 late charges are incurred sixty (60) days after payment is due, or carrying
22 charges under rules that the State Procurement Director promulgates.

23
24 19-4-707. Obligations for improvements.

25 Although disbursements shall not be made during any fiscal period in
26 excess of the appropriations made available by the General Assembly for the
27 fiscal period, contracts for improvements including major repairs,
28 alterations, and construction of new buildings and facilities may be let to
29 the extent of the appropriations made available for those purposes for the
30 biennial period. However, those contracts shall not be let in amounts
31 exceeding the probable funds available or that are estimated to become
32 available during the period.

33
34 19-4-708. Depletion of agency funds.

35 If a state agency incurs obligations in such manner that the funds
36 allocated or belonging to the agency are depleted and the agency is unable to

1 pay all of its outstanding commitments without incurring a deficit, then the
2 Chief Fiscal Officer of the State may suspend all exemptions under the
3 Arkansas Procurement Law, § 19-61-101 et seq., with respect to the agency.
4 Under these circumstances, the Chief Fiscal Officer of the State may notify
5 the agency that all future obligations of any kind shall be approved by the
6 Chief Fiscal Officer of the State before they become valid obligations
7 against the funds of the agency.

8

9 19-4-709. Statement of financial condition.

10 (a) The Chief Fiscal Officer of the State may require, from time to
11 time as he or she deems necessary, a statement from a state agency setting
12 out the prospective funds that are estimated to become available and a
13 statement of the outstanding obligations and of the proposed expenditures of
14 that agency for the remainder of the fiscal period.

15 (b) If, in the Chief Fiscal Officer of the State's judgment, an agency
16 has incurred or is about to incur a deficit, the Chief Fiscal Officer of the
17 State shall call upon the agency to stop incurring obligations, under penalty
18 of the agency's disbursing bond.

19

20 19-4-710. Interagency transfers – Definition.

21 (a) To prevent the duplication of recording expenditures and revenues
22 resulting from interagency transactions, the Chief Fiscal Officer of the
23 State, after securing the approval of the proposed procedures by the
24 Legislative Auditor, may provide for an interagency transfer of moneys or
25 recognize a journal entry to charge the expenditure to the disbursing agency
26 without creating a warrant and to identify the cash receipt by the receiving
27 agency.

28 (b) Budget manuals prepared for the General Assembly for the biennial
29 state budget shall identify the original revenue source of interagency
30 transfers of funds.

31 (c) As used in this section, "interagency transfer" means:

32 (1) The purchase of services or commodities by one (1) state
33 agency from another state agency, or within a state agency; or

34 (2) Other transfers of funds under § 19-20-106 or other
35 provision of law.

36

1 19-4-711. Transfer of responsibilities.

2 If a state agency or its responsibilities, or a part of its
3 responsibilities, is transferred by law within a biennium to another agency,
4 the Chief Fiscal Officer of the State shall transfer all or part of the line-
5 item appropriations, personnel positions, and moneys necessary to accomplish

20

21 19-4-903. Standard reimbursements and special authorizations –
22 Definitions.

23 (a)(1) Except for special authorization by the Chief Fiscal Officer of
24 the State, reimbursement for meals and lodging while traveling on official
25 business of the state shall not exceed the maximum rates as prescribed by the
26 Federal Travel Directory published by the United States General Services
27 Administration.

28 (2)(A) Requests for special authorization shall be limited to
29 those rare occasions in which unusual circumstances may cause the existing
30 rates to be inadequate and shall be set out in writing in such detail as
31 shall be required in the state travel procedures and shall be executed in
32 behalf of each individual traveler for each special authorized occasion.

33 (B) Requests for special authorization by employees of an
34 institution of higher education are subject to the approval of the chief
35 executive officer of the institution of higher education and not the
36 Department of Finance and Administration.

1 (3) Under such emergency conditions as shall be determined by
2 the Governor, the limitations of this subsection with respect to meals and
3 lodging may be waived or modified.

4 (b)(1) As used in this subsection, "state-owned motor vehicle" means a
5 motor vehicle purchased or leased by:

6 (A) The State of Arkansas;

11 (D) A state-supported institution of higher education.

12 (2)(A) Unless otherwise provided by law, reimbursement for the
13 use of privately owned motor vehicles while traveling on official business
14 for the state shall not exceed the allowable rate of the Internal Revenue
15 Service per mile for business use of privately owned motor vehicles.

16 (B) A state agency director may authorize reimbursement
17 for travel expenses for meals, lodging, and private automobile or airplane
18 usage at amounts less than that established under the authority of this
19 section.

20 (C) The Chief Fiscal Officer of the State by rule may
21 establish procedures and the rate for reimbursing individuals for the use of
22 privately owned airplanes while traveling on official business for the state.

23 (3)(A)(i) An employee of the State of Arkansas who utilizes, but
24 whose job does not require the state employee to utilize, a state-owned motor
25 vehicle for transportation to or from his or her permanent residence from or
26 to his or her official station on a daily basis shall reimburse the fund from
27 which the operating expenses of the state-owned motor vehicle are paid at the
28 same rate authorized by the state agency director of the agency employing the
29 state employee for reimbursements for private automobile usage under
30 subdivision (b)(2)(B) of this section.

31 (ii) As used in subdivision (b)(3)(A)(i) of this

35 education; and

36 (b) Includes a constitutional officer and an

1 employee of a constitutional officer.

2 (B) All state-owned motor vehicles or state-leased motor
3 vehicles shall be for official business use only.

4 (c) The Chief Fiscal Officer of the State shall promulgate rules to
5 implement this subchapter.

6

7 19-4-904. Exempt persons and agencies.

8 (a)(1) The limitations of this subchapter relating to travel rules do
9 not apply to:

10 (A) Except as provided in § 19-4-903(b), the
11 constitutional or elective officials and their employees; or

12 (B) Official guests of the state.

13 (2) This subchapter shall not be used to supersede or set aside
14 the provisions of law providing for fixed allowances, established amounts for
15 per diem, or to special travel privileges provided by law for specific
16 purposes when the allowances exceed those authorized in this subchapter.

17 (b)(1)(A) Personal reimbursement shall not be allowed to a state
18 official, state employee, or any other person traveling on official business
19 for expenses covering personal entertainment, flowers, valet service, laundry
20 and cleaning, or other personal expenses, as those expenses are defined in
21 the state travel rules.

22 (B) A state official, state employee, or any other person
23 traveling on official business shall submit his or her travel reimbursement
24 requests upon forms prescribed by the Department of Finance and
25 Administration, itemized in such detail as is necessary to carry out the
26 purposes and intent of this section.

27 (2) The tip reimbursement amount shall not exceed fifteen
28 percent (15%) of the meal amount expended.

29 (3) The total reimbursement for meals and tips shall not exceed
30 the maximum rates prescribed by the Financial Management Guide published by

32 (c) The cost of meals, lodging, and mileage of state employees who are
33 designated by a supervisor or agency director to attend official or special
34 board meetings or other functions recognized as being in the performance of
35 their official duties may be paid either as reimbursement to the state
36 employee or on direct billing, in the case of meals and lodging, subject to

1 approval of the supervisor or agency director.

2 (d) It is recognized that within the state-supported institutions of
3 higher education there exists an obligatory inherent cost of providing travel
4 expenses for a group or number of students who, when accompanied by those who
5 instruct the students in the fundamentals of a competitive sport and direct
6 team strategy, must travel and be recognized as a cohesive unit representing
7 not only their state-supported institution of higher education, but
8 exemplifying the State of Arkansas in their behavior, attitudes, interests,
9 presentation, and conduct. In these circumstances the payment of group travel
10 expenses, including those of students and employees, may be authorized as
11 follows:

12 (1) Meals and lodging;

13 (2) Transportation;

14 (3) Entertainment, within reasonable limits, to ease the
15 pressure on students of their objectives;

16 (4) Costs of group activities, including gratuities, laundry,
17 cleaning, and favors; and

18 (5) Other personal expenses to be paid only from auxiliary funds
19 not inconsistent with standards, rules, or prohibitions established by
20 recognized national or state governing associations pertaining to the
21 respective students and employees and the state-supported institutions of
22 higher education they are representing.

23

24 19-4-905. State-owned motor vehicles generally.

25 (a) All state-owned motor vehicles that are purchased under the
26 authority of the Chief Fiscal Officer of the State shall be licensed in such
27 manner so as to identify each state-owned motor vehicle as state property.

28 (b) The Chief Fiscal Officer of the State shall provide a special
29 state property license plate suitable for all state-owned motor vehicles and
30 shall establish procedures for the purpose of supplying information on all
31 state-owned motor vehicles, both those that are purchased and those that are
32 sold, traded in, or otherwise disposed of.

33 (c) The Chief Fiscal Officer of the State shall make rules for
34 obtaining the required special state property license plates and for
35 returning the special state property license plates when the state-owned
36 motor vehicles are disposed of and shall notify all state agencies of

1 procedures to be followed.

2 (d) Each agency shall pay the regular license fee for the special
3 state property license plate in the manner prescribed by the Department of
4 Finance and Administration.

5 (e) If the best interests of the state would be served by not
6 displaying a special state property license plate, such as in police work, an
7 exception to this section may be obtained only upon the written approval of
8 the Governor.

9

10 19-4-906. Motor vehicle restrictions and authorizations – Definition.

34 state in the manner provided by law.

35

36 19-4-1202. Designation of disburser.

1 (a) If appropriations are made available to a state agency or to a
2 nongovernmental agency or activity and no disbursing officer is provided for
3 by law, the Chief Fiscal Officer of the State and the Auditor of State shall
4 designate a person to act as disbursing officer and fix the amount of bond
5 for such purposes.

6 (b) If the General Assembly enacts legislation that provides for more
7 than one (1) disbursing officer from a fund or fund account and there are
8 insufficient funds available to finance all appropriations made therein, the
9 Chief Fiscal Officer of the State shall certify the amount of funds and
10 appropriations to be made available for each disbursing officer.

11
12 19-4-1203. Disbursing agents.

13 If the executive head of a state agency designates a full-time employee
14 to act as his or her agent in the disbursement of funds under his or her
15 control, then that agent may act without furnishing additional bond if the
16 executive head of the agency notifies the Chief Fiscal Officer of the State
17 and the Auditor of State in writing of the designation.

18
19 19-4-1204. Bond required.

20 (a) The disbursement of funds in the State Treasury, of federal funds
21 granted to the state or to a state agency, of bank funds of a state agency,
22 of trust funds of a state agency, or of any other special funds belonging to
23 a state agency shall be done only by a bonded official or bonded employee in
24 the manner prescribed by law.

25 (b) Each disbursing officer or disbursing agent shall furnish bond in
26 the penal sum required by law or, in the absence of any law on the subject,
27 in an amount fixed by the Chief Fiscal Officer of the State and the Auditor
28 of State with a corporate surety company authorized to do business in this
29 state and conditioned upon the faithful performance of his or her duties and
30 for the proper accounting for all funds received and disbursed by him or her.

31
32 19-4-1205. Signature or facsimile.

33 (a) The original copy of all checks drawn in connection with the
34 disbursement of public funds for which the disbursing officer is responsible
35 shall bear the manual signature of the disbursing officer or his or her
36 authorized agent, or may contain or bear a mechanically produced facsimile

1 signature of the disbursing officer or his or her authorized agent.

2 (b) When the Chief Fiscal Officer of the State has determined that the
3 executive head of a state agency has established adequate internal
4 administrative procedures and controls pursuant to law, and that
5 determination has been made only after the Chief Fiscal Officer of the State
6 has consulted with the Legislative Auditor, the Chief Fiscal Officer of the
7 State may grant an exemption from manual signatures to allow for a computer-
8 produced digitized signature of the disbursing officer or his or her
9 authorized agent.

10

11 19-4-1206. Duties generally.

12 (a) The bonded disbursing officer for each state agency or the bonded
13 disbursing officer for a regular or special fund provided for by the General
14 Assembly is responsible and held accountable for the proper expenditure of
15 the funds under his or her control.

16 (b) Each disbursing officer or agent shall:

17 (1) Keep advised as to the availability of the appropriations
18 and funds for which he or she is the disbursing officer and be informed as to
19 the legality of and authority for any obligations that may be incurred before
20 any disbursements are made;

21 (2) Keep advised as to the laws or administrative rules relating
22 to general accounting procedures and restrictions for the disbursement of
23 funds; and

24 (3) Certify that:

25 (A) Any disbursements that he or she may make are in
26 accordance with the terms of any applicable contracts, purchasing procedure,
27 or other authority;

28 (B) The services have been performed or the goods
29 received; and

30 (C) The vendor or payee is entitled to the amount set
31 forth in the check or voucher.

32

33 19-4-1207. Duty to monitor finances.

34 The executive head of the agency for which appropriations are
35 authorized and the agency's disbursing officer shall:

36 (1) Be cognizant at all times of the resources available,

1 including applicable fund balances, revenues, and other income, for financing
2 the appropriations authorized by the General Assembly;

3 (2) See that no obligations are incurred that cannot be lawfully
4 discharged from funds appropriated or available from other sources when they
5 become due and payable; and

6 (3) Not operate the agency during any fiscal year from the then-
7 current fiscal year's available resources at a level of operations that would
8 require for the succeeding fiscal year funds in addition to those already
9 authorized by the General Assembly.

10
11 19-4-1208. Compliance with other laws.

12 The disbursement of funds authorized by the General Assembly are
13 limited to the appropriations and the funds made available for the support of
14 the appropriations. The restrictions of the Arkansas Procurement Law, § 19-
15 61-101 et seq., the Uniform Classification and Compensation Act, § 21-5-201
16 et seq., the Revenue Stabilization Law, § 19-20-101 et seq., and rules
17 promulgated by the Department of Finance and Administration authorized by law
18 shall be strictly complied with in the disbursement of the funds.

19
20 19-4-1209. Revenues insufficient to meet appropriations.

21 (a) The disbursements of funds are subject to the controls of the
22 procedures authorized by this subchapter, other acts of the General Assembly,
23 and rules established by the Department of Finance and Administration.

24 (b) If during any fiscal year the governmental revenues available to
25 the state or a state agency are not sufficient to cover the appropriations
26 made by the General Assembly from the revenues, then:

27 (1) The bonded disbursing officer for each agency is responsible
28 and held accountable for the incurring of any obligations and disbursements
29 of any funds in behalf of the agency for which he or she acts as disbursing
30 officer. He or she shall keep advised as to the amount of governmental
31 revenues available for the operation of his or her agency. Each disbursing
32 officer is prohibited from incurring any obligations in excess of the funds
33 made available by this chapter and other laws providing revenues for any such
34 agency, and the disbursing officer is subject to the restrictions and
35 limitations of this chapter;

36 (2) The Chief Fiscal Officer of the State shall exercise the

1 powers of his or her office to enforce the fiscal laws of the state to
2 prohibit deficit spending and to promulgate rules that will require that all
3 agencies comply with the fiscal laws.

4 (3)(A) The Chief Fiscal Officer of the State may require,
5 whenever he or she deems necessary, a financial report from any agency.

6 (B) If a financial report or any other available
7 information of an agency that has appropriated funds or an agency that has
8 both state and bank funds reveals that the agency is in financial distress,
9 then the Chief Fiscal Officer of the State may direct that all of the funds
10 of the agency, including any bank funds, are subject to approval under this
11 chapter;

12 (4) If during any year it is determined that the proposed
13 disbursements exceed the amount approved for that year, then, upon direction
14 of the Chief Fiscal Officer of the State, necessary reductions in proposed
15 disbursements shall be made;

16 (5) If, in accomplishing the necessary reductions in
17 disbursements, it is required to reduce the salaries of employees, the
18 reductions shall be made in proportion to existing salaries, and the
19 reductions shall be made in the salaries of all employees, including
20 administrators and directors;

21 (6) The Chief Fiscal Officer of the State shall withhold all
22 distributions of special and general revenues as prescribed in this chapter
23 and in the Revenue Stabilization Law, § 19-20-101 et seq., at any time that a
24 state agency fails to comply with the restrictive provisions of this chapter;
25 and

26 (7)(A) The creditors of an agency have first consideration in
27 connection with disbursement of the funds of the agency.

28 (B) If the funds of an agency become depleted to an extent
29 that the creditors cannot be paid from funds on hand or that will become
30 available during the same fiscal year, the Chief Fiscal Officer of the State
31 shall direct the agency to stop incurring obligations until the funds on hand
32 and the funds estimated to become available are sufficient to meet all the
33 obligations.

34
35 Subchapter 13 – Monitoring for Deficit Spending
36

1 19-4-1301. Legislative intent and purpose.

2 (a) This subchapter is an addition to the General Accounting and
3 Budgetary Procedures Law, § 19-4-101 et seq., and other fiscal laws of this
4 state. This subchapter is enacted for the purpose of imposing additional
5 duties and responsibilities upon the Chief Fiscal Officer of the State to
6 monitor state expenditures and financial obligations in order to assure that
7 all state agencies, programs, and services plan and use the funds provided or
8 made available for the support of the essential services of government within
9 their respective jurisdictions. This monitoring shall be done without
10 incurring obligations or commitments that would exhaust the available funds
11 within a time frame of less than twelve (12) months or that would create
12 deficits.

13 (b) The General Assembly is cognizant of the economic recession that
14 has reduced the growth of state revenues that are available for the operation
15 of many of the programmed commitments or expansions of services of
16 government. By this subchapter the General Assembly intends to strengthen the
17 responsibilities and duties of the Chief Fiscal Officer of the State to
18 provide for the planned and orderly, yet rigid, enforcement of the various
19 laws of this state designed to protect against deficit spending.

20 (c) It is further the intent and purpose of this subchapter to mandate
21 that all public officials, administrators, and employees charged with the
22 responsibility of administering and disbursing state funds be held strictly
23 accountable for the administration of the programs under their jurisdiction.
24 Those officials, administrators, and employees shall periodically reevaluate
25 and modify, if necessary, the various programs and services under their
26 respective jurisdiction to assure the orderly providing of the greatest
27 possible level of essential services and programs on a regular twelve-month
28 basis, within the limitation of the funds available.

29 (d) The General Assembly further recognizes that many agencies may
30 have to evaluate and curtail projected or planned program expansions. Many
31 agencies may also have to exercise options to reduce the levels of existing
32 services or program commitments to keep the projected expenditures for the
33 programs or services within the limitations of funds estimated to be
34 available for the programs or services, as provided in this subchapter. It is
35 the intention of the General Assembly that each state agency review its
36 ongoing obligations and services and make the necessary adjustments to

1 provide the greatest possible level of essential services commensurate with
2 the funds available on a year-round, twelve-month basis.

3
4 19-4-1302. Provisions supplemental.

5 This subchapter is supplemental and in addition to the fiscal laws of
6 this state and repeals only those laws and parts of laws that are
7 specifically in conflict with this subchapter.

8
9 19-4-1303. Exemptions.

10 Funds disbursed by the Arkansas Department of Transportation, the
11 Arkansas State Game and Fish Commission, and the Office of the Arkansas
12 Lottery and the funds appropriated in the general appropriation bill provided
13 for in Arkansas Constitution, Article 5, § 30, are exempt from this
14 subchapter.

15
16 19-4-1304. Failure to conform to directives and mandates.

17 (a) If a state agency fails or refuses to conform to the directives
18 and mandates of the Chief Fiscal Officer of the State to restrict or curtail
19 its financial obligations or program commitments as intended by this
20 subchapter, the executive head of the agency or members of the board or
21 commission responsible for the agency may be guilty of misfeasance in office
22 or employment and may be removed from office by appropriate legal
23 proceedings.

24 (b) The fact that it may be necessary for an agency to reduce existing
25 levels of services to conform to orders or directives of the Chief Fiscal
26 Officer of the State, as intended by this subchapter, is not lawful
27 justification for failure to conform to the orders or directives.

28
29 19-4-1305. Failure to perform duties.

30 If the Chief Fiscal Officer of the State fails to perform his or her
31 duties as mandated under this subchapter and within the time limitations set
32 forth in this subchapter, he or she is guilty of misfeasance of his or her
33 office and may be removed from office in the manner provided by law.

34
35 19-4-1306. Procedures for monitoring agency expenditures and fiscal
36 operations.

1 (a) In addition to the powers and duties provided under this chapter
2 and other fiscal laws of the state, the Chief Fiscal Officer of the State
3 shall invoke additional procedures to assure that all state agencies are
4 operated on a planned and orderly basis of essential services within the
5 limitations of funds available.

6 (b) In furtherance of the purposes of this subchapter, the Chief
7 Fiscal Officer of the State shall institute the following additional
8 procedures and controls:

9 (1)(A) At least thirty (30) days before the commencement of each
10 fiscal year, the Chief Fiscal Officer of the State shall make studies for the
11 purpose of estimating the anticipated amount of general and special revenues
12 to be made available for distribution under the Revenue Stabilization Law, §
13 19-20-101 et seq., and for the support of agencies that derive their support
14 from special revenues, for the fiscal year or the fiscal quarter, or for any
15 calendar month if he or she deems it necessary. In addition, the Chief Fiscal
16 Officer of the State shall compute the estimated amount of general revenues
17 that will be available for distribution to the respective State Treasury
18 accounts in accordance with the respective percentage distributions of
19 general revenues authorized under the Revenue Stabilization Law, § 19-20-101
20 et seq.

21 (B) Each executive head of an agency responsible for
22 administering special revenues or federal funds shall notify the Chief Fiscal
23 Officer of the State of any unusual events that would adversely affect the
24 estimate of the moneys received upon which the agency is operating. The
25 notification shall be given immediately upon knowing of the existence of
26 those events by the executive head of the agency;

27 (2) Upon completion of revenue estimates for each fiscal year or
28 each fiscal quarter, or monthly if deemed necessary, the Chief Fiscal Officer
29 of the State shall prepare schedules reflecting the estimated amount of
30 general revenues to be available for distribution to the State Treasury funds
31 and accounts for each of the agencies that share in the distribution of
32 general revenue funds of the state, either in whole or in part. In addition,
33 the Chief Fiscal Officer of the State may require the preparation of
34 estimates from the administering agency or prepare estimates of the
35 anticipated amount of special revenues to be available for distribution to
36 those agencies that receive support from special revenues, from both general

1 and special revenues, or from cash funds or other sources;

2 (3)(A) After preparing the estimates and schedules for each
3 fiscal year, fiscal quarter, or month, the Chief Fiscal Officer of the State
4 shall review the annual operations budgets of each agency.

5 (B) The Chief Fiscal Officer of the State shall institute
6 controls that he or she deems necessary to modify or restrict the level of
7 approved expenditures that may be incurred by each agency to assure that
8 sufficient funds will be available to maintain a minimum level of essential
9 services and programs by each agency without undue interruption or
10 curtailment of the level of programs and essential services provided for any
11 extended period during each fiscal year or that might create circumstances
12 that would institute deficit spending to meet the obligations or services in
13 excess of the funds available for the support thereof, as provided by law;
14 and

15 (4) If in reviewing the annual operations budgets of a state
16 agency, the Chief Fiscal Officer of the State determines that the level of
17 operations of the agency or the projected commitment of the agency is being
18 operated in a manner that would impose serious curtailment of essential
19 services or would create circumstances of deficit spending, then he or she
20 shall immediately notify the executive head of the agency responsible for the
21 operation of the services as to the curtailments and controls that should be
22 instituted to bring the level of operations or services within the necessary
23 fiscal restraints recommended by the Chief Fiscal Officer of the State.

24 (c) The Chief Fiscal Officer of the State shall furnish a copy of each
25 directive issued under subdivision (b)(4) of this section to the Governor, to
26 the Legislative Council, and to the Legislative Joint Auditing Committee.
27

28 Subchapter 14 – Construction of Buildings and Facilities

29
30 19-4-1401. Notice required.

31 (a) In all instances in which the state has an interest in
32 construction work requiring bids, the notice provisions of §§ 22-9-201 – 22-
33 9-204 shall be complied with and observed.

34 (b) This subchapter does not amend or repeal §§ 22-9-201 – 22-9-204,
35 except those emergency procedures provided by §§ 22-9-201 – 22-9-204.
36

1 19-4-1402. Contracts to be filed.

2 (a) Executed counterparts of all contracts entered into by a state
3 agency with respect to proposed projects for new improvements or major
4 repairs or additions to existing buildings and facilities shall be approved
5 by and filed with the Building Authority Division before the issuance of any
6 vouchers making payments under the contract, unless the contract is exempted
7 from the jurisdiction of the Building Authority Division by a law or a rule
8 promulgated under the Arkansas Administrative Procedure Act, § 25-15-201 et
9 seq.

10 (b)(1) The boards of trustees of the University of Arkansas, Arkansas
11 State University, University of Central Arkansas, Henderson State University,
12 Arkansas Tech University, and Southern Arkansas University, respectively, are
13 exempt from the requirements of this section requiring the filing of the
14 contracts with the Building Authority Division.

15 (2) The governing boards of all other public institutions of
16 higher education shall be exempt from the requirement for approval and filing
17 of the contracts with the Building Authority Division:

18 (A) Upon approval of the Division of Higher Education; and

19 (B) If, before granting approval, the Division of Higher
20 Education has reviewed and approved policies and procedures adopted by the
21 governing boards of the public institutions of higher education with respect
22 to bidding and construction of capital improvement projects.

23 (3) This section does not prevent a public institution of higher
24 education exempt under this subsection from entering into an agreement with
25 the Building Authority Division to file its contracts with the Building
26 Authority Division.

27 (c)(1) All contracts for new improvements or major repairs or
28 additions to existing buildings and facilities under this subchapter shall
29 include a project disclosure statement prepared by the agency, board,
30 commission, or public institution of higher education.

31 (2) The disclosure statement shall provide the estimated
32 timeline, scope, and cost of the total project.

33 (3) The disclosure statement shall not be construed as
34 authorizing:

35 (A) Additional work that is beyond the scope of the bid
36 documents; or

1 (B) Payment exceeding the contract amount.

2 (d) This section does not prohibit an agency, board, commission, or
3 public institution of higher education from executing contract amendments.

4

5 19-4-1403. Agencies exempted.

6 This subchapter does not apply to the State Highway Commission and the
7 Arkansas Department of Transportation.

8

9 19-4-1404. Forces employed.

10 (a)(1) If an agency of the state determines to construct buildings and
11 facilities or to make repairs or additions to existing buildings and
12 facilities and there are funds available for these purposes, then the agency
13 may undertake the project by the employment and use of its own forces, or by
14 contract, or in part by its own forces and in part by contract, all as in the
15 opinion of the agency is in the best interest of the state.

16 (2) The agency may employ architects for the purposes stated
17 under subdivision (a)(1) of this section.

18 (b) This section does not apply to a city, town, county, or school
19 district within this state.

20

21 19-4-1405. Bidding procedure – Definition.

22 (a)(1) After a state agency has caused the preparation and has
23 approved plans and specifications, the state agency shall then proceed to
24 advertise for bids for the contemplated work by the publication of notice one
25 (1) time each week for not less than two (2) consecutive weeks for projects
26 over the amount of fifty thousand dollars (\$50,000), and shall proceed to
27 advertise for bids one (1) time each week for not less than one (1) week for
28 projects more than the quote bid and less than or equal to fifty thousand
29 dollars (\$50,000).

30 (2) The notice under subdivision (a)(1) of this section shall:

31 (A)(i) Be published in a newspaper of general circulation
32 published in the county in which the proposed improvements are to be made or
33 in a trade journal reaching the construction industry.

34 (ii) The last publication in the newspaper shall be
35 not less than one (1) week before the date on which the bids are to be
36 received.

- 1 (B) Provide for the receipt of sealed bids;
2 (C) Set forth the time and place in which the bids will be
3 received;
4 (D) Specify from whom copies of the plans and
5 specifications and a draft of the proposed contract may be obtained for
6 examination;
7 (E) Contain the amount of the bid security; and
8 (F) Contain such other information and requirements as, in
9 the opinion of the state agency, may be necessary or desirable.

10 (b)(1) On the date and time fixed in the notice, the state agency
11 shall open, tabulate, and compare bids, and award the contract to the lowest
12 responsible bidder.

13 (2) However, the state agency shall have the right to reject any
14 bids and to waive any formalities.

15 (c)(1) The successful bidder shall be required to furnish bonds to the
16 State of Arkansas, with corporate guaranty or indemnity sureties on the
17 bonds.

18 (2)(A) The bonds shall be both for the completion of the
19 construction free of all liens and encumbrances, in an amount fixed by the
20 Building Authority Division, and for the protection of the state agency and
21 the state agency's members against all liability for injury to persons or
22 damage to, or loss of, property arising, or claimed to have arisen, in the
23 course of the work project, within limits fixed by the division.

24 (B) However, for projects undertaken by public
25 institutions of higher education, the bonds shall be in an amount and within
26 limits fixed by the governing board of the public institution of higher
27 education.

28 (d)(1)(A) Every bid submitted on state agency construction contracts
29 for projects over the amount stated in § 22-9-203 is void unless accompanied
30 by a cashier's check drawn upon a bank or trust company doing business in
31 this state or by a corporate bid bond and the agent's power of attorney as
32 his or her authority.

33 (B) Bid security is not required for projects under or
34 equal to the amount stated in § 22-9-203.

35 (2) The bid security shall indemnify the public against failure
36 of the contractor to execute and deliver the contract and necessary bonds for

1 faithful performance of the contract.

2 (3) The bid security shall provide that the contractor or surety
3 must pay the damage, loss, cost, and expense subject to the amount of the bid
4 security directly arising out of the contractor's default in failing to
5 execute and deliver the contract and bonds.

6 (4) Liability under this bid security shall be limited to five
7 percent (5%) of the amount of the bid.

8 (e)(1)(A) When it is obvious from examination of the bid document that
9 it was the intent of a bidder to submit a responsive bid and because of a
10 scrivener's error, the bid, if accepted, would create a serious financial
11 loss to the bidder, the Secretary of the Department of Transformation and
12 Shared Services may relieve the bidder from responsibility under his or her
13 bond and may reject the bid.

14 (B) However, for projects undertaken by public
15 institutions of higher education exempt from review and approval of the
16 division, the chief executive officer of the public institution of higher
17 education or his or her designee may relieve the bidder from responsibility
18 under his or her bond and may reject his or her bid in the same manner and
19 within the same period as allowed by the division.

20 (2) As used in this section, "scrivener's error" means:

21 (A) An error in the calculation of a bid which can be
22 documented by clear and convincing written evidence and which can be clearly
23 shown by objective evidence drawn from inspection of the original work
24 papers, documents, or materials used in the preparation of the bid sought to
25 be withdrawn; and

26 (B) In the case of a bid sought to be withdrawn, the bid
27 was submitted in good faith and the mistake was due to a calculation or
28 clerical error, an inadvertent omission, or a typographical error as opposed
29 to an error in judgment.

30 (3)(A) To receive relief under subdivision (e)(1) of this
31 section, the bidder must serve written notice to the secretary or to the
32 chief executive officer or his or her designee of a public institution of
33 higher education exempt from review and approval of the division any time
34 after the bid opening, but no later than seventy-two (72) hours after
35 receiving the intent to award, excluding Saturdays, Sundays, and holidays.

36 (B) Failure to make a withdrawal request within seventy-

1 two (72) hours shall constitute a waiver by the bidder of the bidder's right
2 to claim that the mistake in his or her bid was a scrivener's error.

3 (4) If the secretary or the chief executive officer or his or
4 her designee of a public institution of higher education exempt from review
5 and approval of the division has relieved the bidder from responsibility
6 under his or her bond, action on the remaining bids should be considered as
7 though the withdrawn bid had not been received.

8 (f)(1) A state agency shall not require in plans or specifications
9 that a bidder or supplier:

10 (A) Hold membership in any professional or industry
11 associations, societies, trade groups, or similar organizations;

12 (B) Possess certification from any professional or
13 industry associations, societies, trade groups, or similar organizations as
14 steel building fabricators; or

15 (C) Be endorsed by any professional or industry
16 associations, societies, trade groups, or similar organizations.

17 (2) However, plans and specifications may include or reference
18 standards adopted by professional or industry associations, societies, trade
19 groups, or similar organizations.

20

21 19-4-1406. Method of financing.

22 (a) Before a state agency enters into a contract of employment with an
23 architect or takes any other affirmative action toward the construction or
24 financing of a project as provided in this subchapter, it shall submit to the
25 Chief Fiscal Officer of the State, in writing, a summary statement setting
26 forth:

27 (1) A general description of the proposed project;

28 (2) Its estimated overall costs; and

29 (3) The method it proposes to use to finance its cost, which
30 shall be a method of financing that must be approved by the Governor.

31 (b)(1) After examining the method of financing and making such
32 investigation as he or she shall deem necessary or advisable, the Chief
33 Fiscal Officer of the State shall notify the agency, in writing, of his or
34 her and the Governor's approval or disapproval of the method of financing the
35 project.

36 (2) In the event of disapproval by the Chief Fiscal Officer of

1 the State and the Governor under subdivision (b)(1) of this section, the
2 agency may submit an alternate plan of financing the project.

3 (3) In any event, affirmative action shall not be taken by the
4 agency until a method of financing is approved by the Governor and the Chief
5 Fiscal Officer of the State under subdivision (b)(1) of this section.

6 (4) The Chief Fiscal Officer of the State may not pass upon the
7 need for any construction of a project as provided in this subchapter, as
8 such authority is vested solely in the agency.

9 (c)(1) The method of financing as required by this subchapter shall
10 include estimated dates for commencing and completing the project.

11 (2) After the contracts for the project have been awarded, then
12 the method of financing shall be amended to include the estimated dates of
13 completion in accordance with the awarded contracts.

14
15 19-4-1407. Matching funds.

16 (a) If funds provided by the state for projects regulated in this
17 subchapter are subject to matching provisions, the Chief Fiscal Officer of
18 the State shall require in the proposed method of financing that all of the
19 funds or approved grants available for the proposed project, including state,
20 federal, and agency funds, shall be considered in connection with preliminary
21 planning and the awarding of contracts in connection with the project.

22 (b) In those instances in which construction projects utilize funds
23 other than those deposited into the State Treasury, the Chief Fiscal Officer
24 of the State shall prescribe the procedure for payments from all other funds
25 made available to the agency.

26
27 19-4-1408. Use of other funds.

28 (a)(1) A state agency for which appropriations have been made by the
29 General Assembly for construction and improvements shall not make any
30 contract or incur any indebtedness payable from those appropriations until
31 there are sufficient funds on hand or, in the case of federal grants, until
32 the grant has received final approval from the granting federal agency for
33 the benefit of the state agency to pay for the proposed obligations under the
34 contracts.

35 (2) An agency may accept and use grants and donations and use
36 the agency's unobligated cash income and other funds available to the agency

1 to supplement appropriations for construction purposes.

2 (b) The appropriations and funds otherwise provided by the General
3 Assembly for personal services, maintenance, and general operation of the
4 agency shall not be used in connection with any proposed construction
5 projects for which specific appropriations have been made by the General
6 Assembly.

7

8 19-4-1409. Completion of contracts.

9 Upon completion of each contract awarded for the fulfillment of a
10 project authorized by the General Assembly:

11 (1) The affected state agency shall notify the Department of
12 Finance and Administration of the culmination of the contract;

13 (2) No further expenditures or obligations shall be incurred;
14 and

15 (3) The unexpended and unobligated funds shall be impounded.

16

17 19-4-1410. Processing of payments.

18 (a)(1) When a contractor submits a properly prepared request for
19 payment of work completed on state construction projects and the request for
20 payment conforms with the provisions of the contract award and laws of the
21 State of Arkansas, the following maximum time is allowed for the processing
22 of the payment requests by the various parties involved, excluding time
23 required for transmittal from one (1) party to another:

24 (A) A design professional – five (5) working days;

25 (B) A state agency or institution of higher education
26 exempt from review and approval by the Building Authority Division – five (5)
27 working days, including preparation of a voucher and submission for payment;
28 and

29 (C) The Department of Finance and Administration – five
30 (5) working days.

31 (2) If payment is contested by any of the parties listed in this
32 subsection, it shall be the responsibility of the parties contesting the
33 payment, within the time specified for processing payment, to notify the
34 contractor involved that payment has been contested and reasons for
35 contesting the payment.

36 (3) If any of the parties listed in this subsection fails to

1 properly process uncontested requests for payments within the time limits
2 specified following date of receipt, a penalty of eight percent (8%) per
3 annum of the amount of the request for payment shall be assessed against the
4 parties responsible for the delay.

5 (b)(1) The Chief Fiscal Officer of the State shall establish
6 procedures for monitoring payments to contractors. When it has been
7 determined that payment processing has exceeded the time limits established
8 in this section, the Chief Fiscal Officer of the State shall cause an
9 investigation to be made for the purpose of determining the responsible
10 parties and the amount of penalty to be paid.

11 (2) Penalties assessed for failure to comply with this section
12 shall be paid to the contractor by the parties responsible in accordance with
13 procedures established by the Chief Fiscal Officer of the State.

14

15 19-4-1411. Fund balances.

16 (a) If, after the expiration date of the second biennial period for
17 which funds have been appropriated for the benefit of any specific capital
18 improvement project, there remains a balance of funds or appropriations, then
19 such fund balances as may remain in the Development and Enhancement Fund for
20 the benefit of the capital improvement project shall be reallocated for the
21 benefit of proposed new or existing capital improvement projects of the
22 various state agencies as may be enacted.

23 (b) This section does not limit the authority of the General Assembly
24 to appropriate funds for the benefit of any proposed new or existing capital
25 improvement project of the various state agencies.

26

27 19-4-1412. Projects constructed with private funds.

28 (a) If funds from private sources are provided to a public institution
29 of higher education for projects that exceed five million dollars
30 (\$5,000,000) regulated in this subchapter sufficient to finance at least
31 eighty percent (80%) of the estimated cost of the proposed project, excluding
32 the cost of land, this subchapter and all other provisions of the Arkansas
33 Code governing construction of public facilities, including without
34 limitation §§ 22-9-101 and 22-9-103 and §§ 22-9-201 – 22-9-212, shall not be
35 applicable to such projects, subject to the following:

36 (1)(A) The governing board of the public institution of higher

1 education shall have adopted a resolution and procedure that shall:

2 (i) Set forth the method by which the architect,
3 engineer, construction manager, contractor, and major subcontractors are to
4 be selected for the project;

5 (ii) Include by appropriate public notice and
6 solicitation the opportunity for qualified, licensed professionals to submit
7 proposals and assure the design and completion of the project in an
8 expeditious manner while adhering to high standards of design and
9 construction quality; and

10 (iii) Require a payment and performance bond in an
11 amount determined by the governing board and provide for the manner in which
12 the construction shall be managed and supervised.

13 (B) In selecting a contractor and other professionals for
14 the projects, the governing board of the public institution of higher
15 education shall consider the experience of the person or firm in constructing
16 similar projects, the record of the person or firm in timely completion of
17 such projects, and other similar matters to assure that the person or firm
18 will complete the project within the time and to the specifications set by
19 the governing board of the public institution of higher education;

20 (2)(A) Before the public institution of higher education enters
21 into a contract with an architect, engineer, construction manager, or
22 contractor for the design, construction, or financing of any project financed
23 from private funds as provided in this section, the public institution of
24 higher education shall submit to the Chief Fiscal Officer of the State and
25 the Legislative Council, in writing, a summary statement setting forth a
26 general description of the proposed project, its estimated overall cost, and
27 the method proposed to finance the cost, including a description of the
28 sources and amount of private funds.

29 (B) The Chief Fiscal Officer of the State may forward a
30 copy of this statement to the Building Authority Division, the Secretary of
31 the Department of Transformation and Shared Services, and the Governor for
32 information; and

33 (3) To enable a public institution of higher education to
34 qualify under this subsection, the private funds shall be paid to the public
35 institution of higher education or to a fund or foundation for the benefit of
36 the public institution of higher education, and such funds may be represented

1 in whole or in part by a written pledge or commitment from a donor, if the
2 public institution of higher education assures itself of the financial
3 stability of the donor to fulfill the pledge or commitment.

4 (b) Notwithstanding anything in this section to the contrary, § 19-4-
5 1405(f), §§ 22-9-401 – 22-9-404, § 22-9-501 et seq., § 22-9-601 et seq., and
6 § 22-9-701 et seq. shall remain in full force and effect and shall not be
7 affected by this section.

8
9 19-4-1413. Projects exceeding five million dollars.

10 (a) If funds from any sources are provided to state agencies for
11 projects that exceed five million dollars (\$5,000,000), excluding the cost of
12 land, this subchapter and all other provisions of the Arkansas Code governing
13 construction of public facilities, including without limitation § 22-9-201 et
14 seq., at the election of state agencies or the institutions of higher
15 education set forth in subdivision (b)(5) of this section shall not be
16 applicable to the projects if the selection and contracting process set forth
17 in this section is followed.

18 (b)(1) A contract for projects between the state agency and the
19 construction manager, general contractor, architect, or engineer shall not be
20 entered into without first obtaining approval of the Building Authority
21 Division and review by the Legislative Council.

22 (2) The division shall have involvement in the selection and
23 contract process from the project inception.

24 (3) There shall be separate contracts for design and

26 (4) The division may promulgate rules pertaining to the process
27 for awarding and overseeing the contracts.

28 (5) The Board of Trustees of the University of Arkansas and the
29 Board of Trustees of the Arkansas State University System are exempt from
30 review and approval by the division and any rules promulgated by the
31 division, if the Board of Trustees of the University of Arkansas and the
32 Board of Trustees of the Arkansas State University System have adopted
33 policies and procedures involving the awarding and oversight of the contracts
34 for design and construction services.

35 (6) All procedures pertaining to the contracts shall provide, to
36 the extent practicable, substantial uniformity between institutions of higher

1 education with respect to the policies and procedures to be followed.

2 (c)(1) For all projects contemplated or contracted for, the division
3 shall:

4 (A) Review and approve the advertisement as stated in
5 subsection (d) of this section, the scope of work, the site selection,
6 funding review, and, to the extent available, all project drawings, plans,
7 and specifications before solicitation of proposals for the project;

8 (B) Conduct on-site observations of the construction
9 project on a regular basis and maintain project records; and

10 (C)(i) Review and approve all contract amendments.

11 (ii) State agencies shall submit a summary of all
12 contract amendments to the Legislative Council.

13 (2)(A) The institutions of higher education stated in
14 subdivision (b)(5) of this section shall perform all duties and

16 and procedures adopted by their governing boards.

17 (B) Institutions of higher education shall submit a
18 summary of all contract amendments to the Legislative Council.

19 (d)(1) The selection procedures for the construction manager, general
20 contractor, architect, or engineer shall provide for solicitation for
21 qualified, licensed professionals to submit proposals.

22 (2) The procedures shall assure the design and completion of the
23 project in an expeditious manner while adhering to high standards of design
24 and construction quality.

25 (3) The state agency and each institution of higher education
26 stated in subdivision (b)(5) of this section shall:

27 (A) Publish notice of its intention to receive written
28 proposals three (3) consecutive days in a newspaper of statewide
29 distribution;

30 (B) Allow a minimum of ten (10) working days for the
31 professionals to send letters or resumes in response to newspaper

33 (C) Provide additional means of notification, if any, as
34 the state agency or institution of higher education stated in subdivision

22 (E) Members of a preselection committee may also serve as

28 (i) The experience of the professional or
29 professionals in similar projects;

30 (ii) The record of the professional or professionals
31 in timely completion of the projects with high quality workmanship; and

32 (iii) Other similar matters to determine that the

14 (2)(A) The bidder may not submit a multiplier representing
15 estimated cost inflation as part of the formal bid process.

16 (B) The bid will represent the fixed price amount for the
17 fiscal year.

18 (3) The most qualified bidder offering the best value for the
19 state agency or the institution of higher education shall be selected to
20 perform the construction services identified in the construction

26 per construction job for the first year of the contract for state agencies;
27 and

28 (ii) One million two hundred thousand dollars

33 if:

34 (A) The price remains mutually agreeable to the state
35 agency or the institution of higher education and the contractor; and

36 (B) The quality of the work is satisfactory to the state

1 agency or the institution of higher education.

5 opportunities and lowest cost circumstances.

6 (e)(1) Executed counterparts of a contract entered into by a state
7 agency with respect to job order projects shall be approved by and filed with

20 (ii) Before granting approval under subdivision
21 (e)(2)(B)(i) of this section, the Division of Higher Education shall review
22 and approve the policies and procedures regarding bidding and construction of
23 capital improvement projects as adopted by the governing board of the public
24 institution of higher education.

25 (3) A public institution of higher education that is exempt
26 under this section may enter into an agreement with the Building Authority
27 Division to file its contracts with the Building Authority Division.

Subchapter 16 – Salaries and Payroll Disbursement

4

5 19-4-1601. Regular Salary Procedures and Restrictions Act.

6 (a) This section and § 21-5-101 shall be known as and may be cited as
7 the “Regular Salary Procedures and Restrictions Act”.

8 (b) Arkansas Constitution, Article 16, § 4, provides: “Except as
9 provided in Arkansas Constitution, Article 19, § 31, the General Assembly
10 shall fix the salaries and fees of all officers in the State; and no greater
11 salary or fee than that fixed by law shall be paid to any officer, employee,
12 or other person, or at any rate other than par value; and the number and
13 salaries of the clerks and employees of the different departments of the
14 State shall be fixed by law.” Therefore, the following provisions shall be
15 applicable to all authorized regular salary positions in appropriation acts
16 unless specific exception is made otherwise by law:

17 (1) For any position authorized by the General Assembly for the
18 benefit of any department, agency, board, commission, institution, or program
19 for which the provisions of the Uniform Classification and Compensation Act,
20 § 21-5-201 et seq., are to be applicable, it is declared to be the intent of
21 the General Assembly that the Uniform Classification and Compensation Act, §
22 21-5-201 et seq., shall govern with respect to:

23 (A) The entrance pay level;

24 (B) The procedures by which salary increases may be
25 granted; and

33 exceed the maximum established for the position during any one (1) fiscal
34 year and that the maximum pay level authorized is for full-time employment;

35 (3)(A) For all positions authorized by the General Assembly for
36 any department, agency, board, commission, institution, or program, it is the

4 the employee and length of service.

5 (B) It is not the intent of the General Assembly that the
6 maximum pay level as authorized in the appropriation act, or any increases
7 established for the various grades under the provisions of the Uniform
8 Classification and Compensation Act, § 21-5-201 et seq., be paid unless the
9 qualifications are complied with and then only within the limitations of the
10 appropriations and funds available for this purpose.

11 (C) An employee authorized by the General Assembly shall
12 not receive from appropriated or cash funds, either from state, federal, or
13 other sources, compensation in an amount greater than that established by the
14 General Assembly as the maximum pay level for the employee unless specific
15 provisions are made therefor by law; and

16 (4) An employee of the State of Arkansas shall not be paid any
17 additional cash allowances, including without limitation uniform allowance,
18 clothing allowance, motor vehicle depreciation or replacement allowance,
19 fixed transportation allowance, and meals and lodging allowance, other than
20 for reimbursement for costs actually incurred by the employee unless the
21 allowances are specifically set out by law as to eligibility of employees to
22 receive the allowances, and the maximum amount of the allowances is
23 established by law for each employee or for each class of employee eligible
24 to receive the allowances.

34
35 19-4-1605. Payment from multiple funds.

36 In those instances in which a state agency has approved line-items for

1 salaries that are payable from more than one (1) fund, the Chief Fiscal
2 Officer of the State may establish a paying account on his or her books and
3 on the books of the Treasurer of State and the Auditor of State from which
4 all such salaries may be paid, with provisions for reimbursing the paying
5 account by directing the transfer of the necessary funds and appropriations
6 on the books of the Treasurer of State, the Auditor of State, and the Chief
7 Fiscal Officer of the State.

8
9 19-4-1606. Review of payroll required.

10 (a)(1) The Department of Transformation and Shared Services shall
11 review the payroll of state agencies covered by the Uniform Classification
12 and Compensation Act, § 21-5-201 et seq., with respect to the salaries of all
13 employees of affected state agencies.

14 (2) The review under subdivision (a)(1) of this section shall

2 maximum amount to be paid for a twelve-month payroll period.

3 (B) A greater amount than that established for the maximum
4 annual salary of a state official or employee shall not be paid to the state
5 official or employee during any such twelve-month payroll period, nor shall
6 more than one-twelfth (1/12) of the annual salary be paid to the state
7 official or employee during any calendar month unless authorized in this
8 subchapter.

9 (2) The limitations set out in this section may be converted to
10 biweekly or weekly increments of one-twenty-sixth (1/26) or one-fifty-second
11 (1/52) of the maximum annual salary.

12 (3) For complying with federal requirements, upon approval of
13 the Secretary of the Department of Transformation and Shared Services in
14 consultation with the Chief Fiscal Officer of the State, the maximum annual
15 salaries may be converted to hourly rates of pay for positions established on
16 the basis of twelve (12) months or less if authorized by law.

17 (b) The remuneration paid to a state employee may exceed the maximum
18 annual salary as authorized by the General Assembly as follows, and the

1 paid from bank funds for the remainder of the year if his or her services are
2 required by the state agency.

3
4 19-4-1609. State-supported institutions of higher education.

5 (a)(1) Pursuant to administrative procedures established by the Chief

9 This procedure shall be requested, in writing from the executive head,
10 communicated to the Chief Fiscal Officer of the State by which, effective at
11 a date in accordance with the request, each payroll for all salaries of the
12 state-supported institution of higher education payable to employees, or a
13 maintenance and general operations expense of the state-supported institution
14 of higher education and personal services matching for employees of the
15 state-supported institution of higher education, or both, may be disbursed by
16 the state-supported institution of higher education and paid from state
17 agency bank funds of the state-supported institution of higher education,
18 subject to reimbursement and correction of reporting as provided in this
19 section.

20 (2)(A) The Chief Fiscal Officer of the State may approve such
21 salary and personal services matching, or a maintenance and general
22 operations expense disbursement procedure, or both, for such reimbursement if
23 he or she determines that each state-supported institution of higher
24 education has complied with all administrative procedures established by the
25 Chief Fiscal Officer of the State.

26 (B)(i) The Chief Fiscal Officer of the State may revoke
27 any such approval by transmitting a thirty-day notice to the executive head
28 of the state-supported institution of higher education when the Chief Fiscal
29 Officer of the State finds that internal administrative procedures and
30 controls of the state-supported institution of higher education are not
31 adequate.

32 (ii) The Legislative Joint Auditing Committee shall
33 advise the Chief Fiscal Officer of the State and keep him or her informed
34 regarding any of its findings that may be relevant to such determination
35 regarding these state-supported institutions of higher education.

36 (b)(1) Upon completion of salary and personal services matching, or a

1 maintenance and general operations expense disbursement, or both, by the
2 state-supported institution of higher education, the disbursing officer or
3 other appropriate official of the state-supported institution of higher
4 education shall examine the payroll or a maintenance and general operations
5 expense, or both, as disbursed for such amounts as are properly payable from
6 State Treasury funds.

7 (2)(A) At such time as the disbursing officer or other
8 appropriate official of the state-supported institution of higher education
9 examines the payroll, or a maintenance and general operations expense for
10 determining the reimbursable amount, or both, he or she shall also review the
11 payroll or maintenance and general operations expense in order to discover
12 any erroneous or improper payments as provided by law.

13 (B) The liability for erroneous or improper payments is
14 with the executive head of that state-supported institution of higher
15 education and its bonded disbursing officer, or his or her designated bonded
16 assistant.

17 (c) All salaries and personal services matching, or a maintenance and
18 general operations expense, or both, are subject to the restrictions and
19 controls provided by law and the administrative procedures of the Chief
20 Fiscal Officer of the State.

21 (d) Under this section, the University of Arkansas for Medical
22 Sciences may utilize appropriated funds to authorize procedures for the
23 disbursement of indigent care maintenance and general operations
24 appropriations to be paid from cash funds of the University of Arkansas for
25 Medical Sciences, subject to reimbursement and correction of reporting.

26

27 19-4-1610. Retroactive pay prohibited.

28 (a)(1) If a state employee is being paid less than the maximum
29 provided for by law, and thereafter the head of the agency provides for an
30 increase in the rate of pay for the state employee, the rate of pay shall not
31 exceed one-twelfth (1/12) of the annual maximum amount of the salary position
32 on which he or she is placed, for the remainder of the annual period.

33 (2) Payments under subdivision (a)(1) of this section shall not
34 be made for a preceding fiscal year.

35 (b)(1) An increase in the rate of pay, either by paying the full
36 amount of the maximum salary or by placing a state employee in a position

1 calling for a greater salary, shall not be construed as authorizing the
2 payment of any retroactive salary to the state employee.

3 (2) Payments under subdivision (b)(1) of this section shall not
4 be made for a preceding fiscal year.

5 (c)(1) Salary payments made to correct an administrative error shall
6 not be considered retroactive pay, nor shall such a payment be construed as
7 exceeding the state employee's maximum authorized pay.

8 (2) Payments under subdivision (c)(1) of this section may be
9 made for a preceding fiscal year if:

10 (A) Requested within twelve (12) months of the end of the
11 preceding fiscal year; and

12 (B) Upon the consent of the Secretary of the Department of
13 Transformation and Shared Services in consultation with the Chief Fiscal
14 Officer of the State.

15

16 19-4-1611. Supplemental payments prohibited.

17 (a) If the General Assembly has established by law the maximum annual
18 salaries for certain positions for a state agency and has appropriated for
19 those positions, a greater salary than that established by law shall not be
20 paid to a person occupying the position by making supplemental payments from
21 agency bank funds.

22 (b) However, the salaries under subsection (a) of this section may be
23 paid partly from state-appropriated funds and partly from agency bank funds,
24 but the aggregate of the payments shall not exceed the maximum annual salary
25 rate, when the maximum annual salary rate is established by law.

26

27 19-4-1612. Overtime pay.

28 (a) It is the policy of the State of Arkansas that overtime pay for
29 state employees is the least desirable method of compensation for overtime
30 work.

31 (b)(1) All state departments, agencies, boards, commissions, and
32 institutions may pay overtime to their employees, under the rules and
33 regulations set out by the federal Fair Labor Standards Act of 1938.

34 (2)(A) The Secretary of the Department of Transformation and
35 Shared Services shall specify those specific employees or groups of employees
36 other than employees of the Arkansas Department of Transportation eligible to

1 receive overtime compensation, the circumstances under which overtime pay is
2 to be allowed, and other matters the secretary finds appropriate and
3 necessary to comply with the federal Fair Labor Standards Act of 1938 as
4 regards the payment of overtime compensation.

5 (B) The Director of State Highways and Transportation
6 shall make the determinations under this subsection as to employees of the
7 Arkansas Department of Transportation.

8 (c) The rules authorized by this section shall not go into effect
9 until the secretary, or the Arkansas Department of Transportation as to its
10 employees, has sought the advice of the Legislative Council.

11 (d) If the federal Fair Labor Standards Act of 1938 is held, for
12 whatever reason, to be nonapplicable to state employment, then any state
13 department, agency, board, commission, or institution may pay overtime to its
14 employees only if the General Assembly has given authorization by an
15 appropriation.

16 (e)(1) The State Highway Commission:

17 (A) For the purpose of paying overtime, may transfer a
18 portion of the appropriation for overtime in the operative appropriation act
19 for the Arkansas Department of Transportation to the appropriation for
20 regular salaries in the operative appropriation act for the Arkansas
21 Department of Transportation; and

22 (B) Shall notify the Auditor of State and the Secretary of
23 the Department of Finance and Administration of a transfer authorized under
24 this subdivision (e)(1).

25 (2) If the commission makes a transfer under subdivision (e)(1)
26 of this section:

27 (A) The overtime applicable to any salaries may be paid
28 from the appropriation for regular salaries in the operative appropriation
29 act for the Arkansas Department of Transportation; and

30 (B) One (1) state warrant may be issued to each employee
31 for the total of the regular salary and overtime earned.

32 (3) The amount appropriated for salaries in the operative
33 appropriation act for the Arkansas Department of Transportation may be
34 exceeded for an employee eligible for overtime to the extent of the overtime
35 paid to the employee.

36 (4) The overtime paid shall be identifiable for each employee,

1 and in total for all employees, on the voucher or other record that is
2 submitted to support the issuance of a state warrant.

3
4 19-4-1613. Lump-sum terminal pay.

5 (a) Upon termination, resignation, retirement, death, or other action
6 by which a person ceases to be an active employee of a state agency, the
7 amount due the employee or his or her estate, including any accrued unpaid
8 annual or holiday leave that is due in accordance with the policies of the
9 state agency and lump-sum payments of sick leave balances upon retirement as
10 provided by law, may, and should, be included in the final pay to the
11 employee or his or her estate for the employee's active work, even though the
12 final payment of salary or wages may exceed one-twenty-sixth (1/26) or other
13 fractional amount based upon days, weeks, or months of the employee's annual
14 authorized compensation at the date active employment ceases.

15 (b) An employee receiving the additional compensation shall not return
16 to state employment until the number of days for which he or she received
17 additional compensation has expired.

18 (c) Payment of the additional compensation shall not be considered as
19 exceeding the maximum for a position so authorized.

20 (d) If an employee receives compensation for unused sick leave at
21 retirement pursuant to § 21-4-501 and returns to state employment, the
22 employee shall not be required to wait until the expiration of the number of
23 days for which he or she received additional compensation before returning to
24 state employment or to repay the amount of the compensation.

25
26 19-4-1614. Judicial awards under federal laws.

27 (a)(1) If a state employee, or the authorized agent of a state
28 employee, files suit against the State of Arkansas in a court of competent
29 jurisdiction for relief under Title VII of the federal Civil Rights Act of
30 1964, as amended, or the federal Civil Rights Act of 1866, or the federal
31 Civil Rights Act of 1871, or the Fourteenth Amendment to the United States
32 Constitution, and the court finds for the state employee and in so finding
33 awards wages or salaries for personal services rendered in addition to wages
34 or salaries already paid or due, the additional wages or salaries shall be
35 paid from the regular salary appropriation from which the state employee is
36 normally paid.

1 (2) If it is found, however, that a payment under subdivision
2 (a)(1) of this section will impair the regular salary appropriation, the
3 Chief Fiscal Officer of the State shall transfer the necessary appropriation
4 from the maintenance and general operations appropriation of the employing
5 agency to the regular salary appropriation in order that the additional wages
6 or salaries shall be paid.

7 (b) Any liquidated damages awarded by the court, pursuant to the
8 federal laws cited in subsection (a) of this section, are to be paid in the
9 same manner as the additional wages or salaries provided for in subsection
10 (a) of this section.

11 (c)(1) When notified that a state employee has filed suit or is in any
12 other manner claiming redress under the federal laws cited in subsection (a)
13 of this section, the Chief Fiscal Officer of the State may investigate the
14 circumstances surrounding the claim.

15 (2) If, based on the evidence and facts found during the
16 investigation under subdivision (c)(1) of this section, the Chief Fiscal
17 Officer of the State determines or has reason to believe that the court would
18 sustain the state employee's claim and find for the state employee and in so
19 doing award wages or salaries in addition to those paid or due for the state
20 employee's personal service rendered, then the Chief Fiscal Officer of the
21 State, with the advice of the Legislative Council or the Joint Budget
22 Committee, shall authorize payment of the additional wages or salaries as
23 provided in subsection (a) of this section.

24
25 19-4-1615. Awards from Arkansas State Claims Commission.

26 (a) If a state employee is awarded a claim by the Arkansas State
27 Claims Commission for wages or salaries for personal services rendered for a
28 state agency, the award shall be processed through the state mechanized
29 payroll system.

30 (b) The award under subsection (a) of this section shall be paid from
31 the regular salaries and personal services matching appropriation from which
32 the state employee is normally paid.

33
34 Subchapter 17 – Reimbursements, Collections, and Refunds

35
36 19-4-1701. Reimbursements and refunds generally.

1 (a) The Chief Fiscal Officer of the State shall prescribe the method
2 of handling refunds and reimbursements to the state for moneys previously
3 paid out or due the state. If no properly classified appropriation account
4 exists on the books of the Chief Fiscal Officer of the State and the Auditor
5 of State for which the respective refund is applicable, the Chief Fiscal
6 Officer of the State may establish the appropriation account on the books of
7 the Chief Fiscal Officer of the State, the Auditor of State, and the various
8 fiscal officers.

9 (b) A refund shall not cause a transfer of appropriation on the books

11 various fiscal officers except for:

12 (1) Proceeds received from insurance policies for casualty
13 losses by state agencies;

26 state on behalf of the federal government; and

27 (8) Reimbursements by vendors or their agents for warranties,
28 product rebates, and service adjustments.

29
30 19-4-1702. Petty cash imprest funds.

31 (a) Petty cash imprest funds for a state agency shall be approved by
32 the Chief Fiscal Officer of the State only in the case of actual need for the
33 funds in connection with the daily operations of the agency and are subject
34 to limitations with respect to amount and use of the funds that may be
35 prescribed by him or her.

36 (b) The petty cash imprest funds shall not be used to circumvent

1 purchasing rules, nor for the purpose of reimbursing individuals for travel
2 expenses.

3
4 19-4-1703. Collections generally.

5 All fines, fees, penalties, court costs, taxes, and other collections
6 that, by the laws of this state, are to be remitted directly to the Treasurer
7 of State for credit in the State Treasury to an account of an agency of this
8 state shall be remitted directly to the agency to whose account they are to
9 be credited. Upon receipt, the agency shall transmit them to the Treasurer of
10 State who shall credit them in the State Treasury to the account of the
11 agency.

12
13 19-4-1704. Geological publications income.

14 Charges, income, receipts, or revenue derived from the sale of
15 publications by the Office of the State Geologist shall be deposited into the
16 State Treasury as a refund to expenditures.

17
18 19-4-1705. Deposits for highway employees retirement.

19 All moneys received in the State Treasury for deposit into the State
20 Highway Employees' Retirement System Fund that are derived from the sale or
21 redemption of stocks, bonds, or other securities, other than interest, are to
22 be classified and handled on the books of the Treasurer of State, the Auditor
23 of State, and the Department of Finance and Administration as a refund to
24 expenditures.

25
26 19-4-1706. Grants, aids, and donations.

27 All state agencies are authorized to accept grants, aids, and donations
28 and to enter into contracts to accept grants, aids, and donations. Following
29 procedures prescribed by the Chief Fiscal Officer of the State, funds
30 received from grants, aids, and donations may be deposited, disbursed,
31 budgeted, and regulated.

32
33 19-4-1707. Federal funds generally.

34 (a) If the United States Congress appropriates funds for the benefit
35 of the state or a state agency or if any federal funds are paid to the state
36 or an agency thereof for the purpose of reimbursing the state for funds

1 previously paid out, and if any such federal funds are deposited into the
2 State Treasury and there is no law providing for the depositing of those
3 moneys into a state fund or appropriating them from a state fund, taking into
4 consideration the provisions and requirements of the miscellaneous federal
5 grant appropriation, then the Chief Fiscal Officer of the State may direct
6 the State Treasury to establish funds, fund accounts, or accounts on the
7 books of the various fiscal officers of the state for the purpose of handling
8 and disbursing these federal funds.

9 (b) Any such federal funds shall be handled only in accordance with
10 the purpose for which the funds were granted to, or paid over to, the state

12 prescribed by the Chief Fiscal Officer of the State for the disbursement of
13 funds.

15 19-4-1708. Federal funds for vocational schools.

16 Reimbursements of federal funds to the Division of Career and Technical

24 direct or indirect cost reimbursement plans, other than research grants,
25 originated by a state agency other than a state institution of higher
26 education shall be submitted to the Department of Finance and Administration
27 before their submission to the granting source.

28 (b) Excepting the provisions of § 19-4-1807, the remainder of this
29 subchapter does not apply to state institutions of higher education.

30
31 19-4-1802. Preliminary or informal proposals.

32 (a) Preliminary or informal proposals that do not commit personnel,
33 space, facilities, or state funds may be submitted directly to the granting
34 source.

35 (b) However, when the grant requested, if approved, would result in
36 the commitment of state personnel, space, facilities, equipment, or funds, or

1 the program to be proposed by the state agency with the resources from the
2 federal grant has not received specific legislative authorization through an
3 appropriation or specific enabling legislation, the requesting agency shall
4 notify, in writing, the Secretary of the Department of Finance and
5 Administration that the preliminary or informal proposal is being made and
6 shall briefly describe it.

7

8 19-4-1803. Evaluation report.

9 Each request submitted to the Department of Finance and Administration
10 shall be accompanied with an evaluation report prepared by the state agency
11 that includes without limitation the following information:

12 (1) A description of the purpose of the program;

13 (2) An explanation of the relationship of the program or plan to
14 the agency's total program and why the program is needed;

15 (3) Its priority in the total program;

16 (4) A statement whether similar programs are being conducted, if
17 known, or could be conducted in or by other agencies;

18 (5) An explanation of the effects of this program and the
19 state's obligation, if any, to continue the program, and the level of
20 continuance, if federal funds are curtailed;

21 (6) A statement of how the agency's programs and objectives
22 would be affected if the request is not approved; and

23 (7) The amount of overhead payment anticipated from federal
24 funds, and its adequacy, to reimburse the agency and central state services
25 for actual indirect costs reimbursements.

26

27 19-4-1804. Receipt of funds.

28 (a) When federal funds, grants, aids, or reimbursements, including
29 unsolicited funds, are received by a state agency, the Department of Finance
30 and Administration shall be notified on forms to be prescribed by the
31 Secretary of the Department of Finance and Administration.

32 (b) The department shall prescribe procedures for quarterly reporting
33 information relative to grants, aids, reimbursement, and direct or indirect

5

6 19-4-1806. Letters of credit – Definitions.

7 (a) As used in this subchapter:

8 (1) “Checks-paid letter of credit” means a system that requires
9 state warrants to be issued without federal moneys on deposit in the State
10 Treasury. The federal share of the warrants only become available to the
11 Treasurer of State on the day the warrants are presented for redemption. A
12 receipt is processed and credited to the proper fund before the warrants are
13 redeemed;

14 (2) “Delay-of-drawdown letter of credit” means a system that
15 requires the Auditor of State to issue warrants without federal moneys on
16 deposit in the State Treasury for specific programs primarily financed by
17 federal moneys. Moneys are drawn upon the letter of credit and deposited with
18 the Treasurer of State based on an agreement with the United States
19 Government establishing warrant redemption patterns. Deposits are made each
20 day based on estimates of the amount of warrants to be redeemed each day. If
21 warrants are presented for redemption on a given day in excess of the amount
22 deposited into the State Treasury, an additional amount of moneys may be
23 requested on a letter of credit and deposited with the Treasurer of State to
24 enable proper warrant redemption and to prevent deficit spending; and

25 (3) “Federal letter of credit” means an instrument certified by
26 an authorized official of a grantor agency which authorizes a grantee to draw
27 funds needed for immediate disbursement in accordance with Treasury Circular
28 1075.

29 (b)(1) Upon approval of the Chief Fiscal Officer of the State and
30 under procedures prescribed by the Chief Fiscal Officer of the State, letters
31 of credit, either individually or under a single, unified, checks-paid, or
32 delay-of-drawdown system may be included and accounted for on the books of
33 record of the Auditor of State, the Chief Fiscal Officer of the State, and
34 the applicable state agency as deferred federal revenues to be treated as an
35 asset comparable to “cash on hand”. In connection therewith, the Chief Fiscal
36 Officer of the State may direct the creation and establishment of a revolving

1 paying account on the books of records of the applicable state's accounting
2 records. Furthermore, upon implementation of a checks-paid or delay-of-
3 drawdown system:

4 (A) The affected agency may issue vouchers;

5 (B) The Department of Finance and Administration may
6 approve vouchers for payment; and

7 (C) The Auditor of State may issue warrants for federal
8 programs without regard to federal fund or paying account balances on deposit
9 in the State Treasury.

10 (2)(A) The Treasurer of State shall not redeem any warrants
11 without sufficient fund balances on deposit equal to the total amount of
12 warrants presented for redemption.

13 (B) In no event shall the implementation of a checks-paid
14 or delay-of-drawdown letter of credit system be construed as deficit
15 spending.

16 (C) The Chief Fiscal Officer of the State, after
17 consulting with the Auditor of State and the Treasurer of State, may
18 prescribe rules as necessary to implement a checks-paid or delay-of-drawdown
19 letter of credit system.

20 (3) An agency shall not implement a checks-paid or delay-of-
21 drawdown letter of credit system except upon approval of the Chief Fiscal
22 Officer of the State and upon advice of the Legislative Council.

23

24 19-4-1807. Quarterly reports.

25 (a)(1) The Secretary of the Department of Finance and Administration
26 shall file quarterly reports with the Legislative Council itemizing and
27 summarizing all contracts or agreements entered into by the Governor with the
28 United States Government, or any agencies or instrumentalities of the federal
29 government, whereby the State of Arkansas is to participate in any program
30 involving the expenditure of federal funds.

31 (2) The quarterly reports shall be filed, whether or not state
32 funds are obligated in connection therewith, with respect to new federal
33 programs or expansions of existing federal programs that were not in
34 existence or that were not implemented by state participation, at the time of
35 the adjournment of the regular session of the General Assembly and entered
36 into before the convening of the next regular session of the General

1 Assembly.

2 (b) With respect to each contract or agreement, the report shall list:

3 (1) A brief statement of the purposes of the contract or
4 agreement;

5 (2) The amount of federal funds to be expended under the
6 contract or agreement;

7 (3) The amount of any state matching funds required in
8 connection with the program, if any, related to the contract or agreement;

9 (4) The name of the agency that will administer the program, if
10 any, related to the contract or agreement; and

11 (5) Any additional information that will enable the members of
12 the Legislative Council to determine the nature and purposes of the contract
13 or agreement.

14

15 19-4-1808. Review and continuance of programs.

16 (a)(1) The Legislative Council shall review the quarterly reports
17 filed by the Secretary of the Department of Finance and Administration as
18 required in this subchapter.

19 (2) The Legislative Council shall submit findings and
20 recommendations to each succeeding regular session of the General Assembly
21 for enabling legislation to implement, restrict, or prohibit the state's
22 participation in any such new federal program or expanded federal program
23 that was implemented by contract or agreement entered into by the Governor
24 subsequent to the adjournment of the preceding session of the General
25 Assembly.

26 (b)(1) If the next regular session of the General Assembly fails to
27 prohibit or restrict the state's participation in any new or expanded program
28 implemented by contract or agreement signed by the Governor with the United
29 States Government during the interim since the immediately preceding regular
30 session of the General Assembly, then the state may continue to participate
31 in the federal program.

32 (2)(A) However, if the General Assembly restricts or prohibits
33 the state's participation in any new or expanded federal program implemented
34 by contract or agreement subsequent to the last regular session, then it is
35 unlawful for the state to continue to participate in or to expend any state
36 funds in connection with any such program.

1 (B) All contracts or agreements entered into by the
2 Governor or any agency of the state acting under authority of the Governor
3 are void and the state's participation therein ceases upon the adjournment of
4 the General Assembly, or at such later date if a later date for the
5 termination of the state's participation therein has been prescribed by law.

6
7 Subchapter 19 – Losses and Recoveries

8
9 19-4-1901. Notice and proof of loss.

10 The Chief Fiscal Officer of the State shall give notice and make proof
11 of loss to, and demand payment of, the surety of any bond executed by any
12 state officer or employee in which the audit report by the Legislative Joint
13 Auditing Committee of the records and accounts shows that the officer or
14 employee and his or her surety may in any way be liable.

15
16 19-4-1902. Payment of loss.

17 (a) Within a reasonable time after the Chief Fiscal Officer of the
18 State has given notice and made proof of loss and demand for payment as
19 prescribed in this subchapter, the surety shall make payment to the Chief
20 Fiscal Officer of the State of the amount so found to be due. The Chief
21 Fiscal Officer of the State shall forthwith transmit the amounts so received
22 to the Treasurer of State with instructions to credit it to the fund, fund
23 accounts, or accounts entitled to the funds.

24 (b) If the amounts so recovered are funds that are not required by law
25 to be deposited into the State Treasury, then the funds shall be transmitted
26 by the Chief Fiscal Officer of the State to the agency to which the recovered
27 funds belong, with instructions to credit it to the accounts entitled to the
28 funds.

29
30 19-4-1903. Legal action.

31 If a surety fails or refuses to pay over the amounts so found to be
32 due, the Chief Fiscal Officer of the State shall give notice of the failure
33 or refusal to the Attorney General. The Attorney General shall immediately
34 take the legal action that is necessary to collect the amount so found to be
35 due from the officer or employee and his or her surety.

36

1 19-4-1904. Auditor's testimony.

9 Subchapter 2 – Security for Deposits

10

11 19-5-201. Legislative intent and construction.

12 The law specifying what securities may be accepted as security for the
13 deposit of public funds of the State of Arkansas or any political subdivision
14 of the state is inadequate in that it is unduly restrictive on the types of
15 securities that may be accepted. The types of securities that may be accepted
16 as security for deposits of public funds is in need of being expanded, and
17 this subchapter is supplementary to and does not repeal any existing law that
18 specifies certain securities that may be accepted as security for deposit of
19 public funds. To that end, this subchapter is declared to be remedial and
20 shall be liberally construed.

21

22 19-5-202. Definition.

23 As used in this subchapter, “public funds” means without limitation
24 funds of:

- 25 (1) The State of Arkansas, or any agency, department, board,

33 (6) A receiver appointed under § 14-62-104.

36 (a) When a depository in the State of Arkansas must furnish security

1 for the deposit of any public funds pursuant to Arkansas law or when security
2 must be granted to a public official in connection with public funds, the
3 following shall be considered as eligible security for such purposes and
4 subject to the depositor's discretion regarding the suitability of the
5 collateral:

6 (1) The pledge or escrow of the assets of the bank consisting of
7 an investment in which a state bank may invest under § 23-47-401;

8 (2) A surety bond issued by an insurance company licensed under

16 (B) Listed on the then-current United States Department of
17 the Treasury Listing of Approved Sureties;

18 (3) Private deposit insurance issued by an insurance company
19 licensed under the laws of the State of Arkansas and either:

23 (ii) Standard & Poor's Insurance Rating Service;

24 (iii) Moody's Investors Service, Inc.; or

26 (B) Listed on the then-current United States Department of
27 the Treasury Listing of Approved Sureties; or

28 (4) An irrevocable standby letter of credit issued by a Federal
29 Home Loan Bank.

30 (b) The aggregate market value of assets pledged or escrowed or the
31 face amount of the surety bond, private deposit insurance, or letter of
32 credit securing the deposit of funds by a single depositor shall be equal to
33 or exceed the amount of the deposit to be secured.

34 (c) Notwithstanding subdivision (a)(1) of this section, if a political
35 subdivision, school district, improvement district, or other issuer has
36 defaulted on any bonds or other obligations within the preceding period of

1 ten (10) years, bonds or other obligations of the defaulting political
2 subdivision, school district, improvement district, or other issuer are not
3 eligible as security for the deposit of public funds or as security required
4 to be deposited in connection with public funds.

22 district to issue bonds or coupon bonds, the authorization shall be deemed
23 to, and is extended to, include the authority to issue bonds that may be
24 either coupon bonds, payable to bearer, or may be registrable as to principal
25 only with interest coupons, or may be registrable as to both principal and
26 interest without coupons. These bonds may be exchanged for bonds of another
27 denomination, which bonds of another denomination may in turn be either
28 coupon bonds payable to bearer or coupon bonds registrable as to principal
29 only, or bonds registrable as to both principal and interest without coupons,
30 as the governing body determines.

31 (b) As used in this section:

32 (1) "Improvement district" means all improvement districts,
33 drainage districts, levee districts, and other special districts formed for

35 by the assessment of benefits upon the real property in the district and the
36 levy of a tax on those assessed benefits;

10 of law authorizing the issuance of registrable bonds.

11
12 19-6-102. Replacement of lost, destroyed, or stolen bonds.

13 (a) In cases in which a valid bond, note, interest coupon, or evidence

17 becomes lost, mislaid, destroyed, or stolen, the body that issued the

19 right, title, and interest to and in the instrument a replacement instrument,
20 but only on the filing with the body of:

21 (1) An affidavit reciting ownership of all right, title, or
22 interest in and to the lost, mislaid, destroyed, or stolen instrument and
23 giving its name, the name of the board, commission, or body that issued it,
24 the date of maturity, the denomination and number and that of a lost,
25 mislaid, destroyed, or stolen interest coupon appertaining thereto, and
26 briefly describing the circumstance of the loss, mislaying, destruction, or
27 theft; and

28 (2) A bond in double the face amount of the replacement,
29 including any interest coupons affixed thereto, with a surety company
30 licensed to do business in Arkansas as surety thereon, conditioned that if
31 the principal, the heirs, legal representatives, successors, or assigns of
32 the principal, or any of them, in case the instrument so lost, mislaid,
33 destroyed, or stolen is found or comes into the hands or power of any of
34 them, or into the hands, custody, or power of any other person, shall
35 deliver, or cause it to be delivered to the obligor for cancellation, and
36 also shall at all times indemnify and save harmless the obligor from and

1 against all loss, claims, actions, suits, damages, charges, or expenses of
2 any nature and character by reason of the lost, mislaid, destroyed, or stolen
3 instrument, or the issuance of a replacement in lieu thereof, or the paying
4 or crediting as prescribed of the face amount of the lost, mislaid,
5 destroyed, or stolen instrument without the surrender thereof, then the

Subchapter 3 – Refunding Bonds

7

8

19-6-301. Delivery and deposit in trust – Definition.

9

(a) When refunding bonds are issued by the state, a county,
10 municipality, school district, state-supported educational institution,
11 improvement district of any kind, agency, or political subdivision, which may
12 be called “issuing authorities”, the bonds may either be sold or delivered in
13 exchange for the outstanding obligations being refunded. If sold, the
14 proceeds may be either applied to the payment of the outstanding obligations
15 or deposited into trust for the retirement of the obligations, either at
16 maturity or upon any authorized redemption date as specified in the
17 ordinance, resolution, order, or other instrument authorizing the issuance of
18 the refunding bonds.

19

(b) The bonds may be issued in the principal amount necessary to pay
20 the principal of, interest on, redemption premiums, if any, trustee’s and
21 paying agent’s fees, and charges in connection with the obligations being
22 refunded to maturity or to the redemption date specified in the instrument
23 authorizing the issuance of the refunding bonds, these items to be called
24 “total debt service requirements of the obligations being refunded”, to pay
25 expenses incidental thereto, and to pay the expenses of authorizing and
26 issuing the refunding bonds.

27

(c)(1)(A) The bonds may be delivered when moneys or investment
28 securities or a combination thereof, sufficient to meet, as and when due, the
29 total debt service requirements of the obligations being refunded, have been
30 irrevocably deposited into trust with a bank or trust company organized under
31 the laws of the United States or any state of the United States.

32

(B) The bank or trust company shall be qualified to
33 receive trust funds pursuant to a trust agreement requiring the bank or trust
34 company to apply the trust funds to the payment, as and when due, of total
35 debt service requirements of the obligations being refunded. If the bank or
36 trust company is not the paying agent for the obligations being refunded, the

1 trust agreement shall require it to pay over trust moneys to the paying agent
2 as and when required for the timely meeting of total debt service
3 requirements of the obligations being refunded.

4 (2)(A) As used in this section, "investment securities" means
5 direct obligations of, or obligations the principal of and interest on which
6 are fully guaranteed by, the United States, maturing and bearing interest at
7 such times and in such amounts as, together with uninvested trust moneys,
8 will make available sufficient moneys to meet, as and when due, total debt
9 service requirements of the obligations being refunded.

10 (B) In determining the sufficiency of the trust deposit,
11 the principal amount of the investment securities and the interest to be
12 earned on them shall be considered.

13
14 19-6-302. Sale when old bonds cannot be presented.

15 (a)(1) Where refunding bonds are to be issued by a municipality,
16 county, state-supported educational institution, or improvement district of
17 any kind and the bonds to be refunded cannot be presented for payment and
18 cancellation simultaneously with the payment and delivery of the refunding
19 bonds, the refunding bonds may be delivered when the purchase money is
20 deposited into trust.

21 (2) The purchase money may be deposited for the purpose of
22 payment of the principal of and interest on the bonds to be refunded with an
23 insured bank or trust company in the state that is otherwise fully qualified
24 to receive trust funds if the bonds to be refunded have fixed maturity dates
25 of not to exceed twelve (12) months from the date of the payment and delivery
26 of the refunding bonds or if the bonds are redeemable before maturity and
27 have been duly called for payment.

28 (b) If the bank or trust company is not the paying agent for the bonds
29 to be refunded, the purchase money shall be paid over by it to the paying
30 agent three (3) days before the maturity of the bonds or three (3) days
31 before the date for which the bonds have been called for payment.

32
33 19-6-303. Private sale to United States.

34 Refunding bonds authorized to be sold by the State of Arkansas or an
35 agency or instrumentality of the state at public sale, notwithstanding the
36 provision for public sale, nevertheless may be sold to the United States or

1 an agency of the United States at private sale without public advertisement
2 if the bonds are sold at not less than par and at a rate of interest not
3 greater than the rate borne by the bonds to be refunded.

4
5 19-6-304. Interest rate.

6 (a) A county, school district, improvement district, or municipality
7 may refund bonds issued under statutory or constitutional authority at any
8 time outstanding by the issuance of bonds bearing a rate or rates of interest
9 that the issuer deems to be just and fair, whether or not greater than the
10 rate or rates of interest borne by the bonds being refunded.

11 (b) Bonds shall not be refunded at a rate of interest greater than the
12 maximum rate set by the statutes or constitutional provision under which the
13 bonds were originally authorized.

14
15 19-6-305. Conversion privilege.

16 The refunding bonds may be issued with the privilege of conversion to a
17 lower rate or rates of interest if the issuer receives no less and pays no
18 more than the issuer would receive or pay if the bonds were not converted.
19 The conversion is subject to the approval of the issuer.

20
21 19-6-306. Inclusion of redemption premiums in principal.

22 The State of Arkansas, an agency of the state, a county, a
23 municipality, a school district, an improvement district of any kind, or any
24 other political subdivision of the state, which may be called "issuing
25 authorities", may include in the principal of refunding bonds the amount of
26 redemption premiums required to be paid to accomplish the redemption of the
27 bonds being refunded.

28
29 Subchapter 4 – Registered Public Obligations Act of Arkansas

30
31 19-6-401. Title.

32 This subchapter shall be known and may be cited as the "Registered
33 Public Obligations Act of Arkansas".

34
35 19-6-402. Purpose.

36 (a) The Internal Revenue Code, 26 U.S.C. § 1 et seq., provides that

1 interest with respect to certain obligations may not be exempt from federal
2 income taxation unless the obligations are in registered form. It is
3 therefore a matter of state concern that public entities be authorized to
4 provide for the issuance of obligations in such form. It is a purpose of this
5 subchapter to empower all public entities to establish and maintain a system
6 pursuant to which obligations may be issued in registered form within the
7 meaning of the applicable provisions of the Internal Revenue Code, 26 U.S.C.
8 § 1 et seq.

9 (b) Obligations have traditionally been issued in bearer rather than
10 in registered form, and a change from bearer to registered form may affect
11 the relationships, rights, and duties of issuers of and the persons that deal
12 with obligations and, by such effect, the costs of issuing obligations. Such
13 effects will impact the various issuers and varieties of obligations
14 differently depending upon their legal and financial characteristics, their
15 markets, and their adaptability to recent and prospective technological and
16 organizational developments. It is therefore a matter of state concern that
17 public entities be provided flexibility in the development of such systems
18 and control over system incidents so as to accommodate the different impacts.
19 It is a purpose of this subchapter to empower the establishment, maintenance,
20 and amendment, from time to time, of differing systems of registration of
21 obligations so as to accommodate the differing impacts upon issuers and
22 varieties of obligations. It is further a purpose of this subchapter to
23 authorize systems that will facilitate the prompt and accurate transfer of
24 registered public obligations and develop practices with regard to the
25 registration and transfer of registered public obligations.

26

26 19-6-404. Applicability.

29 otherwise, this subchapter applies to the registered public obligation,
30 notwithstanding any provision of law to the contrary. When this subchapter is
31 applicable, no contrary provision applies.

32 (b) This subchapter does not limit or prevent the issuance of
33 obligations in any other form or manner authorized by law.

34 (c) Unless determined otherwise pursuant to subsection (a) of this
35 section, this subchapter applies with respect to obligations that have been
36 approved by vote, referendum, or hearing that authorizes or permits the

1 authorization of obligations in bearer and registered form or in bearer form
2 only. These obligations need not be resubmitted for a further vote,
3 referendum, or hearing for the purpose of authorizing or permitting the
4 authorization of registered public obligations pursuant to this subchapter.
5

6 19-6-405. Construction.

7 (a) This subchapter shall be liberally construed to accomplish the
8 intent and purposes of this subchapter and is the sole authority required for
9 the accomplishment of those purposes.

10 (b) This subchapter shall be construed in conjunction with the Uniform
11 Commercial Code, § 4-1-101 et seq., and the principles of contract law
12 relative to the registration and transfer of obligations.
13

14 19-6-406. System of registration.

15 (a)(1) Each issuer may establish and maintain a system of registration
16 with respect to each obligation that it issues. The system of registration
17 may either be a system pursuant to which:

18 (A) Only certificated registered public obligations are
19 issued;

20 (B) Only uncertificated registered public obligations are
21 issued; or

22 (C) Both certificated registered public obligations and
23 uncertificated registered public obligations are issued.

24 (2) The issuer may amend, discontinue, and reinstitute any
25 system of registration, from time to time, subject to covenants.

26 (b) The system of registration shall be established, amended,
27 discontinued, or reinstated for the issuer by, and shall be maintained for
28 the issuer as provided by, the official or official body.

29 (c) The system of registration shall be described in the registered
30 public obligation or in the official actions that provide for original
31 issuance of the registered public obligation and in subsequent official
32 actions providing for amendments and other matters from time to time. The
33 description may be by reference to a program of the issuer that is
34 established by the official or official body.

35 (d)(1) The system of registration shall define the methods by which
36 transfer of the registered public obligation shall be effective with respect

1 to the issuer and by which payment of principal and any interest shall be
2 made.

3 (2) The system of registration may:

4 (A) Permit the issuance of registered public obligations
5 in any denomination to represent several registered public obligations of
6 smaller denominations; and

7 (B)(i) Provide for:

8 (a) The form of any certificated registered
9 public obligation or of any writing relating to an uncertificated registered
10 public obligation;

11 (b) Identifying numbers or other designations;

12 (c) A sufficient supply of certificates for
13 subsequent transfers;

14 (d) Record and payment dates;

15 (e) Varying denominations;

17 obligations; and

18 (g) Accounting, cancelled certificate
19 destruction, registration and release of security interests, and other
20 incidental matters.

21 (ii) Unless the issuer otherwise provides, the
22 record date for interest payable on the first or fifteenth day of a month
23 shall be the fifteenth day or the last business day of the preceding month,
24 respectively, and for interest payable on other than the first or fifteenth
25 day of a month, shall be the fifteenth calendar day before the interest
26 payment date.

28 registered public obligation and uncertificated registered public obligations
29 are issued, both types of registered public obligations may be regularly
30 issued, or one (1) type may be regularly issued and the other type issued
31 only under described circumstances or to particular described categories of
32 owners. Provision may be made for registration and release of security
33 interest in registered public obligations.

34 (f) The system of registration may include covenants of the issuer as
35 to amendments, discontinuances, and reinstatutions of the system of
36 registration and the effect of such on the exemption of interest from the

1 income tax provided for by the Internal Revenue Code, 26 U.S.C. § 1 et seq.

2 (g) Whenever an issuer issues an uncertificated registered public
3 obligation, the system of registration may provide that a true copy of the
4 official actions of the issuer relating to the uncertificated registered
5 public obligations be maintained by the issuer or by the person, if any,
6 maintaining the system of registration on behalf of the issuer, so long as
7 the uncertificated registered public obligation remains outstanding and
8 unpaid. A copy of these official actions, verified to be such by an
9 authorized officer, are admissible before any court of record, administrative
10 body, or arbitration panel without further authentication.

11 (h) This subchapter does not preclude a conversion from one of the
12 forms of registered public obligations provided for by this subchapter to a
13 form of obligation not provided for by this subchapter if interest on the
14 obligation so converted will continue to be exempt from the income tax
15 provided for by the Internal Revenue Code, 26 U.S.C. § 1 et seq.

16 (i) The rights provided by other laws with respect to obligations in
17 forms not provided for by this subchapter, to the extent not inconsistent
18 with this subchapter, shall apply with respect to registered public
19 obligations issued in forms authorized by this subchapter.

20

23 by the issuer by the manual or facsimile signatures of authorized officers.

27 this section, a certificated registered public obligation or any writing
28 relating to an uncertificated registered public obligation may include a
29 certificate signed by the manual or facsimile signature of an authenticating
30 agent, registrar, transfer agent, or the like.

2 public obligation remains valid and binding, notwithstanding that before the
3 issuance thereof any of the officers had ceased to fill their respective
4 offices.

5 (b)(1) An authorized officer empowered to sign any certificated
6 registered public obligation may adopt as and for the signature of the
7 officer the signature of a predecessor in office if the predecessor's
8 signature appears on the certificated registered public obligation.

9 (2) An authorized officer incurs no liability by adoption of a
10 predecessor's signature that would not be incurred by the authorized officer
11 if the signature were that of the authorized officer.

12

13 19-6-409. Seal.

14 When a seal is required or permitted in the execution of a certificated
15 registered public obligation, an authorized officer may cause the seal to be
16 printed, engraved, stamped, or otherwise placed in facsimile on the
17 certificated registered public obligation. The facsimile seal has the same
18 legal effect as the impression of the seal.

19

20 19-6-410. Appointment of agents by issuer.

21 (a)(1) An issuer may:

22 (A) Appoint for such term as may be agreed, including for
23 so long as a registered public obligation may be outstanding, corporate or
24 other authenticating agents, transfer agents, registrars, and paying or other
25 agents; and

26 (B) Specify the terms of the corporate or other
27 authenticating agents, transfer agents, registrars, and paying or other
28 agents' appointment, including their rights, their compensation and duties,
29 limits upon their liabilities, and provision for their payment of liquidated
30 damages in the event of breach of certain of the duties imposed. These
31 liquidated damages may be made payable to the issuer, the owner, or a
32 financial intermediary.

33 (2) Corporate or other authenticating agents, transfer agents,
34 registrars, and paying or other agents appointed under this section do not
35 have to have an office or do business within this state.

36 (b)(1) An issuer may agree with custodian banks and financial

1 intermediaries, and nominees of any of them, in connection with the
2 establishment and maintenance by others of a central depository system for
3 the transfer of pledge of registered public obligations.

4 (2) Any such custodian banks and financial intermediaries, and
5 nominees, if qualified and acting as fiduciaries, may also serve as
6 authenticating agents, transfer agents, registrars, or paying or other agents
7 of the issuer with respect to the same issue of registered public
8 obligations.

9 (c) This section does not preclude the issuer from performing, either
10 alone or jointly with other issuers, a transfer, registration,
11 authentication, payment, or other function described in this section.

12

13 19-6-411. Payment of costs.

14 (a)(1) Before or at original issuance of registered public
15 obligations, an issuer may provide as a part of a system of registration
16 that:

17 (A) The transferor or transferee of the registered public
18 obligations pay all or a designated part of the costs of the system of
19 registration as a condition precedent to transfer;

25 system of registration not provided to be paid for by the transferor or
26 transferee or out of proceeds.

27 (b) As a part of a system of registration, the issuer may provide for
28 reimbursement or for satisfaction of its liability by payment by others. The
29 issuer may:

30 (1) Enter into agreements with others respecting the
31 reimbursement or payment;

32 (2) Establish fees and charges pursuant to the agreements or
33 otherwise; and

34 (3) Provide that the amount or estimated amount of the fees and
35 charges shall be reimbursed or paid from the same sources and by means of the
36 same collection and enforcement procedures and with the same priority and

1 effect as with respect to the obligations.

2
3 19-6-412. Reciprocal recognition for obligations.

4 Obligations issued by public entities under the laws of one (1) or more
5 states, territories, possessions, or the District of Columbia, which are in
6 registered form, whether or not represented by an instrument, and which,
7 except for their form, satisfy the requirements with regard to security for
8 deposits of moneys of public agencies prescribed pursuant to any law of this
9 state, satisfy all such requirements, even though they are in registered
10 form, if a security interest in the obligations is perfected on behalf of the
11 public agencies whose moneys are so deposited.

12
13 19-6-413. Registration records.

14 (a) With regard to the ownership of or security interest in registered

19 within or without this state that the issuer determines.

20

22
23 Subchapter 7 – Taxable Bond Act of 1989

24
25 19-6-701. Title.

26 This subchapter shall be known and may be cited as the “Taxable Bond
27 Act of 1989”.

28
29 19-6-702. Legislative findings.

30 The General Assembly finds and declares:

31 (1) The United States Supreme Court, in the case of South
32 Carolina v. Baker, 485 U.S. 505 (1988), held that no barrier exists under the
33 United States Constitution to the imposition of federal income taxation on
34 interest received by holders of bonds of governmental units. Such an
35 exemption from federal income taxation has been a desirable feature of these
36 bonds, operating to reduce interest expense to governmental units and

1 enhancing the marketability of the bonds;

2 (2) The continued ability of governmental units to provide for
3 the financing of public improvements and other projects and programs that
4 serve important public purposes by the issuance of bonds is essential for the
5 health, welfare, and economic well-being of the people of the State of
6 Arkansas;

7 (3) By the adoption of the Internal Revenue Code, 26 U.S.C. § 1
8 et seq., the United States Congress has substantially limited the purposes
9 for which bonds may be issued with interest exempt from federal income
10 taxation and imposed other restrictive provisions as a condition of the
11 exemption. Additionally, under the authority of *South Carolina v. Baker*, the
12 United States Congress may be expected to enact other laws and effect changes
13 in federal tax policy to eliminate or further reduce the exemption of
14 interest on bonds of governmental units from federal income taxation, with
15 the result that, to provide financing for public purposes, governmental units
16 may now find it in their best interests to issue bonds the interest on which
17 is not exempt from federal income taxation;

18 (4) Under the Arkansas Constitution and existing laws of this
19 state, governmental units have had, and continue to have, the power to issue
20 bonds without respect to whether the interest thereon is subject to federal
21 income taxation. However, many statutes applicable to governmental units lack
22 effective, modern procedures under which the structure of a taxable financing
23 may comply with current market practices, obtain the lowest effective
24 borrowing cost, or provide terms most suitable to the governmental unit, the
25 project, or the financing program; and

26 (5) The purposes sought to be achieved by this subchapter are to
27 provide governmental units with all means necessary to obtain financing for
28 public purposes under the changing circumstances related to future tax policy
29 of the federal government and to supplement and complement the provisions of
30 existing and future laws authorizing the issuance of bonds, to the end that
31 governmental units may provide for the health, safety, and welfare of the
32 people by the issuance of bonds under terms and conditions necessary under
33 the then-existing conditions.

34

15 specific category or by a general authorization to accomplish public
16 purposes.

17
18 19-6-707. Ordinance, resolution, indenture, etc.

19 The ordinance, resolution, indenture, agreement, or other instrument
20 providing for the issuance of taxable bonds may provide for any of the
21 following:

22 (1) The bonds shall be in such denominations, in such form,
23 either bearer or registered, and payable at such place or places, either
24 within or without the United States, at such time or times, as, in each case,
25 the governmental unit determines, subject to any limitations on the maturity
26 of bonds set forth in the law under authority of which the bonds are issued;

27 (2) The bonds shall be payable in legal tender of the United
28 States, in a foreign currency, in commodities, or in precious metals, as the
29 governmental unit determines;

30 (3) In connection with the bond issue, the governmental unit may

1 boundaries of the United States or its territories or possessions;

2 (4)(A) In connection with, or incidental to, the sale and
3 issuance of bonds, the governmental unit may enter into any contracts that it
4 determines to be necessary or appropriate to achieve a desirable effective
5 interest rate in connection with the bonds by means of, but not limited to,
6 contracts commonly known as investment contracts, funding agreements,
7 interest rate swap agreements, currency swap agreements, forward payment
8 conversion agreements, futures, or contracts providing for payments based on
9 levels of or changes in interest rates, or contracts to exchange cash flows
10 or a series of payments, or contracts, including, without limitation,
11 options, puts or calls, whether or not used to hedge payment, rate, spread,
12 or similar exposure.

13 (B) Contracts or arrangements as described under
14 subdivision (4)(A) of this section:

15 (i) May also be entered into by governmental units
16 in connection with, or incidental to, entering into any agreement that

20 credit worthiness of the counterparties, when applicable, including any
21 rating by a nationally recognized rating service or any other criteria as may
22 be appropriate;

23 (5) In connection with, or incidental to, the sale and issuance
24 of the bonds, or entering into any of the contracts or arrangements referred
25 to in subdivision (4) of this section, the governmental unit may enter into
26 the credit enhancement or liquidity agreements, with payment, interest rate,
27 security, default, remedy, and other terms and conditions that the

32 principal of, premium, if any, and interest on the bonds, or any of the
33 contracts entered into pursuant to subdivision (4) of this section, may be
34 invested in securities or obligations described in the ordinance or
35 resolution providing for the issuance of the bonds.

36

1 19-6-708. Sale.

2 The bonds may be sold at public or private sale. If the governmental
3 unit determines that a negotiated sale of the taxable bonds is in the best
4 interest of the governmental unit, the governmental unit may negotiate for

8 (a) The proceeds of an issue of taxable bonds and the investment
9 earnings on the proceeds shall be used in the manner and to the extent

11 taxable bonds, by the governmental unit issuing the taxable bonds for a
12 purpose specified for the issuance of taxable bonds in the law under
13 authority of which the taxable bonds are issued.

14 (b) Notwithstanding subsection (a) of this section, invested or
15 reinvested proceeds of an issue of taxable bonds shall be deemed to have been
16 expended for a purpose specified for the issuance of taxable bonds in the law
17 under authority of which the taxable bonds are issued if the earnings on the
18 proceeds and proceeds of liquidation of the investments are acquired with the
19 proceeds, to the extent that they are:

20 (1) Applied to pay or service debt service on the taxable bonds;
21 or

22 (2) Applied toward that purpose.

23 (c) When the bond proceeds of taxable bonds are invested or reinvested
24 by the governmental unit in obligations permitted by this subchapter, the
25 issuance of the taxable bonds shall be deemed to be for a public purpose,
26 provided that the net proceeds of such an investment or reinvestment, after
27 sufficient provision is made for debt service on the taxable bonds, are then
28 applied to a purpose for which the governmental unit has authority to issue
29 taxable bonds and the governmental unit has determined upon appropriate
30 findings of fact that the application of net proceeds is for a public purpose
31 that the governmental unit may perform.

32

33 19-6-710. Refunding bonds.

34 Notwithstanding any provisions of state law relating to the investment
35 or reinvestment of surplus funds of any governmental unit or any more

22 This subchapter shall be known and may be cited as the "Miscellaneous
23 Federal Grant Act".

24
25 19-7-302. Procedure upon availability of unanticipated federal funds.

26 (a) If new or additional federal funds, new or additional

30 programs or new Comprehensive Employment and Training Act, or its
31 successor's, programs are initiated that are not authorized or contemplated
32 in the biennial operations appropriation act for the benefiting state agency
33 and such changes make it necessary that the benefiting state agency employ
34 additional personnel or require additional appropriations to expend these
35 funds in order to carry out the objectives of the federal programs or to meet
36 federal requirements, then the head of the affected state agency may request

1 the approval of the Governor and the Chief Fiscal Officer of the State, as
2 provided in this section, for additional appropriations of one (1) or more
3 new or additional salaried positions to be utilized by that respective
4 agency. The salary rates for these positions shall not exceed the highest

8 21-5-201 et seq.

9 (b) In the case of those agencies, departments, or institutions, that
10 are specifically exempt from the provisions of the Uniform Classification and
11 Compensation Act, § 21-5-201 et seq., such new or additional employees shall
12 be established at salary rates not to exceed the maximum established in the
13 salary schedule of the biennial operations appropriation act for the
14 respective agency for comparable positions. The additional positions shall

29 supported either in part or in whole by state revenues.

30 (d) Upon receipt of the report and supporting documents, for
31 unanticipated miscellaneous federal grants, excluding the Comprehensive
32 Employment and Training Act or its successor, the Governor or the Governor's
33 designee shall study it. If he or she determines that the new or additional
34 positions or appropriations are being sought in strict compliance with this
35 subchapter, the Governor, after seeking the advice of the Legislative Council
36 or the Joint Budget Committee, may approve or modify the request for such

17 investment programs, during the preceding two (2) fiscal years.

18

22 strict compliance:

23 (1) All new or additional federal funds or new or additional

6 GENERAL PROVISIONS
7

8 19-20-101. Title.

9 This *subtitle* shall be known and may be cited as the “Revenue
10 Stabilization Law”.

11
12 19-20-102. Legislative intent.

13 Because of the many revenue laws of the state providing for the levying
14 and collecting of taxes, licenses, and fees for the support of state
15 government and its agencies and enacted by the General Assembly, it is
16 declared to be the policy of the General Assembly with respect to all such
17 revenues and other state income that is required by law to be deposited into
18 the State Treasury to provide for the handling and deposit of the funds in
19 the manner provided in the Revenue Classification Law, § 19-40-101 et seq.,
20 and in this *subtitle* in the following manner:

21 (1) To declare the objects and purposes for which the general
22 revenues as defined in the Revenue Classification Law, § 19-40-101 et seq.,
23 and other incomes individually and collectively are to be used. It is the
24 intent and purpose of this section and other provisions of this *subtitle* to
25 comply with the provisions of the Arkansas Constitution, including Arkansas
26 Constitution, Article 16, § 11;

27 (2) Because the constitutional and fiscal agencies of the state
28 and certain other defined agencies or programs, either individually or
29 collectively, render services to every state department, board, commission,
30 institution, agency, or activity supported from revenues deposited into the
31 State Treasury, it is declared to be the policy of the General Assembly that
32 all taxes, licenses, and fees defined as general revenues and special
33 revenues under the Revenue Classification Law, § 19-40-101 et seq., shall
34 contribute to the support of the constitutional and fiscal agencies and other
35 defined agencies in the proportion and for the purposes as provided by law
36 for the payment of such services;

1 (3) As to the taxes, licenses, fees, and other revenues
2 contributing to the general revenues as defined in the Revenue Classification
3 Law, § 19-40-101 et seq., it is not the purpose of this *subtitle* to levy or
4 to change the amount or rate of such taxes, but to state the purpose for
5 which such general revenues are to be used. This *subtitle* shall not be
6 construed as amending any of the provisions of the law with respect to the
7 taxes defined to be general revenues except for the purpose of providing for
8 the distribution of them and defining the purposes for which these revenues
9 are raised and collected; and

10 (4) As to the special taxes, licenses, fees, and other revenues
11 contributing to the special revenues as provided in the Revenue
12 Classification Law, § 19-40-101 et seq., it is not the intent of the Revenue
13 Classification Law, § 19-40-101 et seq., or of this *subtitle* to levy or
14 change the amount or rate of such taxes nor to change the purposes for which
15 those special revenues are to be used as provided by law. This *subtitle* shall
16 not be construed as amending any of the provisions of the law with respect to
17 the special revenues as defined in this *subtitle*, except for the purpose of
18 providing for the distribution of them and providing that the purposes for
19 which such revenues are collected shall also include the services rendered to
20 the constitutional and fiscal agencies and other defined agencies in the
21 manner provided in the Revenue Classification Law, § 19-40-101 et seq., and
22 in this *subtitle*.

17 (a)(1) There is created on the books of the Treasurer of State, the
18 Auditor of State, and the Chief Fiscal Officer of the State a fund to be
19 known as the “State Apportionment Fund”.

20 (2) All general revenues and all special revenues, as defined in
21 the Revenue Classification Law, § 19-40-101 et seq., shall be deposited by
22 the Treasurer of State into the State Apportionment Fund, there to be handled

24 (b) All revenue received by the Treasurer of State by 4:00 p.m. of any
25 normal working day shall be deposited and so credited to the State
26 Apportionment Fund as occurring on that day and shall be deemed to be gross
27 revenues for that respective day. For the purposes of accounting for such
28 revenue, the Treasurer of State shall credit it to the proper fund account of
29 the State Apportionment Fund as created by this section.
30

31 19-21-102. General Revenue Fund Account.

32 (a)(1) There is established on the books of the Treasurer of State,
33 the Auditor of State, and the Chief Fiscal Officer of the State a fund
34 account to be known as the “General Revenue Fund Account” of the State
35 Apportionment Fund to which all gross general revenues are to be credited
36 upon receipt of them by the Treasurer of State, there to be distributed as

1 provided in this section.

2 (2) The Treasurer of State, with the approval of the Auditor of
3 State and the Chief Fiscal Officer of the State, shall prescribe the
4 procedures and forms required to be used by all governmental units depositing
5 funds into the State Treasury.

6 (b) At the close of business at 12:00 noon on the last working day of
7 each month, the Treasurer of State shall make the following distributions of
8 the gross general revenues in the General Revenue Fund Account on properly
9 signed forms prescribed by him or her, with the approval of the Auditor of
10 State and the Chief Fiscal Officer of the State:

11 (1)(A) From such gross general revenues received during each
12 month, the Treasurer of State shall deduct the amounts represented by claims,
13 taxes erroneously paid, uncollected checks, and advance transfers made to the
14 Individual Income Tax Withholding Fund, the Corporate Income Tax Withholding
15 Fund, and the Home Owners Tax Relief Fund from each applicable revenue
16 received during that month and other advance transfers and shall keep a
17 record for accounting purposes.

18 (B) Advance transfers made during the month to funds or
19 fund accounts from which there are no applicable revenue sources shall be
20 made from gross general revenues received during the month.

21 (C) The remaining revenue in the General Revenue Fund
22 Account shall be designated as net general revenue; and

23 (2)(A)(i) If the Budget Stabilization Trust Fund has
24 insufficient balances to make loans to the Individual Income Tax Withholding
25 Fund, the Corporate Income Tax Withholding Fund, and the Home Owners Tax
26 Relief Fund or to any of those funds or fund accounts enumerated in § 19-23-
27 102 to cover refunds or operating requirements during the month, the Chief
28 Fiscal Officer of the State may make advance transfers from the General
29 Revenue Fund Account to those funds to cover the refunds or operating
30 requirements and notify the Treasurer of State of the advance transfers.

31 (ii) However, the advance transfers to the funds or
32 fund accounts enumerated in § 19-23-102 shall not exceed the anticipated
33 general revenue distribution to the applicable fund or fund account for that
34 month. For calculation purposes only, the Treasurer of State shall add an
35 amount to the net general revenue equal to the advance transfers authorized
36 in this section processed for the current month.

1 (B) From the net general revenue, after adding the advance
2 transfer, if any, the Treasurer of State shall make the following
3 distributions and shall notify the Auditor of State and the Chief Fiscal
4 Officer of the State:

5 (i) First, the Treasurer of State shall deduct one
6 percent (1%), which shall be transferred to the Constitutional Officers Fund,
7 as created in § 19-21-105(c). An appropriate percentage of not less than two
8 percent (2%) and not to exceed three percent (3%), as determined from time to
9 time by the Chief Fiscal Officer of the State as being the amount required to
10 support the estimated commitments and expenditures of the State Central
11 Services Fund for the current fiscal year, shall be transferred to the State
12 Central Services Fund, as created in § 19-21-105(e);

13 (ii) Next, any revenue deposited into the General
14 Revenue Fund Account from the net casino gaming receipts tax under § 5(c) of
15 The Arkansas Casino Gaming Amendment of 2018, Arkansas Constitution,
16 Amendment 100, that exceeds thirty-one million two hundred thousand dollars
17 (\$31,200,000) in a fiscal year shall be held in a subaccount to be
18 transferred on the last business day of the fiscal year from the General
19 Revenue Fund Account to the Arkansas Department of Transportation Fund;

20 (iii)(a) On the last business day of the fiscal year
21 ending June 30, 2020, and on the last business day of each following fiscal
22 year, the Chief Fiscal Officer of the State shall transfer on his or her
23 books and those of the Treasurer of State and the Auditor of State an amount
24 not to exceed thirty-five million dollars (\$35,000,000) from the funds
25 available in the Restricted Reserve Fund and from any other funds designated
26 by the Governor to the Arkansas Department of Transportation Fund.

27 (b) The amount to be transferred under this
28 subdivision (b)(2)(B)(iii) shall be calculated to provide the total sum of
29 thirty-five million dollars (\$35,000,000) to the Arkansas Department of
30 Transportation Fund when combined with the funds transferred in that fiscal
31 year from the General Revenue Fund Account under subdivision (b)(2)(B)(ii) of
32 this section;

33 (iv) Next, the Treasurer of State shall deduct an
34 amount sufficient to pay for cash rebates which have been paid or approved
35 for payment during the current month upon applications filed therefor as
36 authorized in §§ 26-51-601 – 26-51-608 [repealed] and deduct an amount

1 sufficient to pay for refunds made during that month to taxpayers from
2 overpayment of the income tax as certified by the Chief Fiscal Officer of the
3 State and transfer that amount to the Individual Income Tax Withholding Fund,
4 Corporate Income Tax Withholding Fund, and Home Owners Tax Relief Fund, as
5 applicable;

6 (v)(a) Next, the Secretary of the Department of
7 Finance and Administration shall certify the amount distributed to the
8 General Revenue Fund Account from the sales tax and the special privilege tax
9 on medical marijuana under § 17(c) of the Arkansas Medical Marijuana
10 Amendment of 2016, Arkansas Constitution, Amendment 98, for the month.

11 (b) The Treasurer of State shall then deduct
12 an amount equal to the amount certified under subdivision (b)(2)(B)(v)(a) of
13 this section from the General Revenue Fund Account and transfer the amount to
14 the Restricted Reserve Fund to be used to address food insecurity and health
15 needs; and

16 (vi) The remaining revenue, known as general
17 revenues available for distribution, in the General Revenue Fund Account
18 shall be distributed as provided by this *subtitle* to the various funds and
19 fund accounts as created and established in § 19-22-101 et seq. and to any
20 other fund or fund account as may be authorized by law. The Treasurer of
21 State, after distributing the general revenues available for distribution due
22 each fund or fund account, shall deduct the amount of any advance transfers
23 made during the month from the distribution to each applicable fund or fund
24 account.

25 (c)(1) In determining the percentage to be deducted from net general
26 revenues as authorized in this section, the Chief Fiscal Officer of the State
27 shall take into consideration all revenues accruing to the benefit and fund
28 balances of the General Revenue Fund Account, as well as estimated
29 expenditures and commitments for the year from the State Central Services
30 Fund.

31 (2) In estimating the expenditures and commitments for the year,
32 the Chief Fiscal Officer of the State shall use the estimates obtained from
33 the agencies to which appropriations were made from the State Central
34 Services Fund.

35 (d) After determining the percentage deduction required to meet the
36 obligations and commitments as set out in subsection (c) of this section, the

1 Chief Fiscal Officer of the State shall obtain approval from the Legislative
2 Council.

3 (e)(1) It shall remain the jurisdiction of each state agency to
4 determine from which appropriations made payable from the General Revenue
5 Fund Account the reductions in spending will be made to meet their estimated
6 expenditure and commitment level, and each state agency shall notify the
7 Chief Fiscal Officer of the State of its proposed plan of expenditures.

8 (2) A state agency may revise its spending plan from time to
9 time as long as the total of the expenditures by the state agency from the
10 General Revenue Fund Account does not exceed the amount determined by the
11 Chief Fiscal Officer of the State and shall notify the Chief Fiscal Officer
12 of the State of the proposed revisions.

13 (3) This subsection does not require any purchasing or budget
14 decision currently authorized by law for an elected constitutional officer or
15 staff of a constitutional officer to be transferred to the Chief Fiscal
16 Officer of the State.

17 (f) The Chief Fiscal Officer of the State shall ensure that the
18 expenditures from the State Central Services Fund do not in any year exceed
19 the resources available to the General Revenue Fund Account. The Chief
20 Fiscal Officer of the State shall set up the appropriate safeguards on the
21 expenditures and obligations from the General Revenue Fund Account.

22 (g) In order that the General Assembly may be made aware of potential
23 problems as early as possible, the Department of Finance and Administration
24 shall report on the financial condition of the State Central Services Fund to
25 the Legislative Council and to the Legislative Joint Auditing Committee
26 monthly in such detail as may be required.

27

28 19-21-103. Special Revenue Fund Account.

29 (a) There is created on the books of the Treasurer of State, the
30 Auditor of State, and the Chief Fiscal Officer of the State a fund account to
31 be known as the "Special Revenue Fund Account" of the State Apportionment
32 Fund to which all gross special revenues are to be credited upon their
33 receipt by the Treasurer of State, there to be distributed as provided in
34 this section.

35 (b) At the close of books at 12:00 noon on the last working day of
36 each month, the Treasurer of State shall make the following distributions of

1 the gross special revenues in the account on properly signed forms prescribed
2 by him or her, with the approval of the Auditor of State and the Chief Fiscal
3 Officer of the State:

4 (1) From the gross special revenues received during each month,
5 the Treasurer of State shall deduct the amounts represented by claims, taxes
6 erroneously paid, and uncollected checks from the applicable revenues
7 received during that month and shall keep a record of such for accounting
8 purposes. The remaining revenue in the account shall be designated as net
9 special revenues; and

10 (2)(A) The Treasurer of State shall then deduct the same
11 percentage as determined to be deducted from net general revenues in § 19-21-
12 102 and be transferred under the same procedures as set forth in § 19-21-102
13 from each net special revenue collected by any of those agencies enumerated
14 in § 19-21-105(b) and one-half ($\frac{1}{2}$) of the percentage deductions set out in §
15 19-21-102 and transferred in the same proportion to the State Central
16 Services Fund and the Constitutional Officers Fund, from each net special
17 revenue collected by any other department, board, agency, or commission.

18 (B) The Treasurer of State shall then transfer the
19 remaining net special revenues to the proper fund or fund account as
20 designated by law and shall notify the Auditor of State and the Chief Fiscal
21 Officer of the State of the transfers and distributions on forms approved by
22 the Treasurer of State, the Auditor of State, and the Chief Fiscal Officer of
23 the State.

24

25 19-21-104. Revenue Holding Fund Account.

26 (a)(1) There is created on the books of the Treasurer of State, the
27 Auditor of State, and the Chief Fiscal Officer of the State a fund account to
28 be known as the "Revenue Holding Fund Account" of the State Apportionment
29 Fund to which all taxes, licenses, fees, penalties, interest, or other income
30 that, at the time of being deposited with the Treasurer of State, cannot be
31 determined to be either special or general revenues or if any of the revenues
32 were erroneously paid as nonrevenues, there to be distributed or transferred
33 as provided in this section.

34 (2) Revenues credited to the Revenue Holding Fund Account that
35 are determined to be general revenues shall be transferred as gross general
36 revenues to the General Revenue Fund Account. Those revenues determined to be

1 special revenues shall be transferred as gross special revenues to the
2 Special Revenue Fund Account as soon as that determination is made by the
3 Treasurer of State. However, all such transfers shall be made on or before
4 June 30 of the fiscal year during which the revenues were deposited with the
5 Treasurer of State.

6 (b) If it is determined by the Chief Fiscal Officer of the State that
7 moneys credited to the Revenue Holding Fund Account must be transferred, due
8 to a worsening financial position of the benefiting agencies of such
9 revenues, to the Special Revenue Fund Account or to the General Revenue Fund
10 Account before the final determination of their classification can be made,
11 then the Chief Fiscal Officer of the State may request the Treasurer of State
12 to transfer to the appropriate fund account of the State Apportionment Fund
13 from the Revenue Holding Fund Account an amount equal to no more than eighty
14 percent (80%) of the estimated general or special revenues in the Revenue
15 Holding Fund Account.

16

17 19-21-105. Constitutional Officers Fund and State Central Services
18 Fund.

19 (a) The elected constitutional officers and their departments of
20 government as established by the Arkansas Constitution and certain state
21 departments and employees of state departments are known and recognized as
22 performing and rendering, either individually or collectively, services to
23 every other state agency. The General Assembly declares that the services
24 rendered are embraced under or by one (1) or more of the items or agencies as

33 (H) The Arkansas Governor's Mansion Commission;

35 (J) Other activities supporting the legislative,
36 executive, and judicial departments.

1 (c)(1)(A) There is created on the books of the Treasurer of State, the
2 Auditor of State, and the Chief Fiscal Officer of the State a fund to be
3 known as the "Constitutional Officers Fund", there to be used for the
4 maintenance, operation, and improvements of those departments and activities
5 as set out in subdivision (b)(1) of this section unless specific and separate
6 funds are otherwise provided therefor.

7 (B) The Constitutional Officers Fund shall consist of:

9 three percent (3%) deduction from the net general revenue deposited into the
10 State Treasury;

11 (ii) One-third ($\frac{1}{3}$) of the amount produced from the
12 three percent (3%) deduction from the net special revenues collected and
13 deposited into the State Treasury by the agencies set out in subsection (b)

19 (C)(i) Any balance which remains in the Constitutional
20 Officers Fund at the end of a fiscal year which exceeds seven percent (7%) of
21 the anticipated obligations from the Constitutional Officers Fund for the
22 fiscal year just ended or which is estimated to be available for the fiscal
23 year may be transferred from time to time to the State Central Services Fund
24 for use in the next fiscal year.

25 (ii) If the funds transferred to the State Central
26 Services Fund are based on an estimated balance which is less than the actual
27 balance on June 30, the difference shall be transferred to the State Central
28 Services Fund on or before August 1.

29 (iii) If the funds transferred to the State Central

2 be appropriated by the General Assembly.

3 (d)(1) Facts before the General Assembly drawn from statistical
4 computations, comparisons, and related data, taken over a period of many
5 years in the past, are conclusive of the proposition that the cost of the
6 services rendered by the agencies set out in subsection (b) of this section
7 have amounted to not less than three percent (3%) of the total general
8 revenues and special revenues as defined in the Revenue Classification Law, §

13 contribute to the support of the services rendered by the agencies set out in
14 subsection (b) of this section.

15 (3) The purposes for which the taxes, licenses, or fees and
16 other income defined to be general revenues or special revenues are raised
17 and collected shall be deemed to include the services as defined in this
18 section.

19 (e)(1)(A) There is created on the books of the Treasurer of State, the
20 Auditor of State, and the Chief Fiscal Officer of the State a fund to be

3 19-23-103. Authority of Treasurer of State.

4 The Treasurer of State, in calculating the proportionate share of the
5 maximum allocation to determine the monthly distribution of net general
6 revenues available for distribution for each fund or fund account, as
7 authorized in this *chapter*, shall compute the calculation of five (5) digits
8 to the right of the decimal point, "rounded off". In the event the Treasurer
9 of State shall determine that there are errors in any of the totals of the
10 respective funds or fund accounts for which distributions are authorized in
11 this *chapter*, the maximum allocation authorized for each fund and fund
12 account within each subsection shall govern with respect to the allocation to
13 be made to those funds and fund accounts. The Treasurer of State is
14 authorized to correct errors in totals thereof, as reflected in this *chapter*,
15 prior to computing the calculations of the proportionate share of the maximum
16 allocations to be determined in making monthly distributions of net general
17 revenues available for distribution for each fund or fund account, as
18 authorized within the respective priorities set forth in this *chapter*.

19
20 19-23-104. Transfer of remaining revenues.

21 (a) After making the maximum annual allocation as provided for in §
22 19-23-102, the first two hundred million dollars (\$200,000,000) shall be
23 distributed as follows:

24 (1) Seventy-five percent (75%) of the remaining general revenues
25 available for distribution during each fiscal year shall be transferred on
26 the last day of business in each calendar month to the General Revenue
27 Allotment Reserve Fund, there to be used as stated under subsection (b) of
28 this section; and

29 (2) Twenty-five percent (25%) of the remaining general revenues
30 available for distribution during each fiscal year, but not to exceed fifty
31 million dollars (\$50,000,000) each fiscal year, shall be transferred on the
32 last day of business in each calendar month to the Arkansas Department of
33 Transportation Fund.

34 (b)(1) The Chief Fiscal Officer of the State shall determine whether
35 the balance of the Catastrophic Reserve Fund is twenty percent (20%) of the
36 total amount of general revenue funds last distributed under § 19-23-102.

1 (2) If the Chief Fiscal Officer of the State determines that the
2 balance of the Catastrophic Reserve Fund is less than twenty percent (20%) of
3 the total amount of general revenue funds last distributed under § 19-23-102,
4 then after the distributions under subsection (a) of this section, any
5 additional revenue, including the distributions under subdivision (a)(1) of
6 this section and any additional revenues in excess of those distributed under
7 subsection (a) of this section, shall be transferred to the Catastrophic
8 Reserve Fund to ensure that the Catastrophic Reserve Fund balance equals but
9 does not exceed twenty percent (20%) of the total amount of general revenue
10 funds last distributed under § 19-23-102.

11 (3) If it is determined that the balance of the Catastrophic
12 Reserve Fund exceeds twenty percent (20%) of the total amount of general
13 revenue funds last distributed under § 19-23-102, the amount in excess shall
14 remain in the Catastrophic Reserve Fund unless the General Assembly directs
15 otherwise.

16 (c) Any additional revenues available after the distributions in
17 subsection (b) of this section shall be transferred on the last day of
18 business in each calendar month to the General Revenue Allotment Reserve
19 Fund, there to be used for the respective purposes as provided by law.

20 21 CHAPTER 24

22 BUDGET STABILIZATION TRUST FUND

23
24 19-24-101. Budget Stabilization Trust Fund – Creation – Purpose.

25 (a)(1) There is created on the books of the Treasurer of State, the
26 Auditor of State, and the Chief Fiscal Officer of the State a fund to be
27 known as the “Budget Stabilization Trust Fund”.

28 (2) The Budget Stabilization Trust Fund shall consist of funds
29 made available and transferred to it from the Securities Reserve Fund as set
30 out in § 19-26-203, the fund balance and other assets remaining in the State
31 Budget Revolving Fund on June 30, 1987, and any other funds made available by
32 law.

33 (b) The Budget Stabilization Trust Fund shall be used for the purpose
34 of:

35 (1)(A) Making temporary loans to those funds and fund accounts
36 as set out in § 19-23-101 et seq., to the Division of Correction Farm Fund

1 for farm production purposes, to the Division of Correction Prison Industry
2 Fund, to the Department of Parks, Heritage, and Tourism Fund Account, to the
3 Income Tax Refund Fund, to the Gasoline Tax Refund Fund, to the Interstate
4 Motor Fuel Tax Refund Fund, and to the various funds established in the
5 Revenue Classification Law, § 19-40-101 et seq., and any other funds or fund
6 accounts as may be specified elsewhere in this section. The loans made to the
7 funds and fund accounts set out in § 19-23-101 et seq. shall be repaid on or
8 before June 30 of the fiscal year in which the loan is made, except as
9 provided elsewhere in this section.

10 (B)(i) The loans made to the Division of Correction Farm
11 Fund are to be repaid on or before June 30 of the fiscal year following the
12 fiscal year in which the loan was made after the amount of the outstanding
13 loan made the previous fiscal year has been reduced by the value of farm-
14 produced products produced or processed on the farm that were consumed by
15 inmates and other authorized personnel, in amounts as determined and
16 certified by the Legislative Auditor to the Chief Fiscal Officer of the
17 State.

18 (ii) Processed beef purchased by the Division of
19 Correction must be labeled as being from the United States.

20 (iii)(a) The value of products produced or processed
21 on the farm that were consumed by inmates of the Division of Correction or
22 inmates in the custody of the Division of Community Correction and other
23 authorized personnel shall be based upon prices obtained by the Division of
24 Correction and the State Procurement Director for purchasing similar products
25 and quantities on the open market for other state agencies, institutions, and
26 universities.

27 (b) However, the Chief Fiscal Officer of the
28 State may grant an extension not to exceed sixty (60) days for repayment of
29 loans made to the Division of Correction Farm Fund upon receipt by the Chief
30 Fiscal Officer of the State of a certification by the Director of the
31 Division of Correction that farm-produced products are held in storage or are
32 on hand that exceed in market value the amount of loans that are due, and the
33 Chief Fiscal Officer of the State may grant an additional extension not to
34 exceed sixty (60) days for repayment of the loan made to the Division of
35 Correction Farm Fund, after obtaining the advice of the Legislative Council
36 in regard to a request from the Division of Correction for the additional

1 sixty-day extension for repayment of the loan.

2 (iv) Loans made to the Division of Correction Prison
3 Industry Fund for operation expenses shall be repaid on or before June 30 of
4 the fiscal year in which the loan was made, but loans made for the purchase
5 of equipment necessary for implementing the various industries shall be
6 repaid from time to time.

7 (C)(i) Except as otherwise provided in this subdivision
8 (b)(1)(C), loans made to the Income Tax Refund Fund, to the Gasoline Tax
9 Refund Fund, to the Interstate Motor Fuel Tax Refund Fund, and to those other
10 funds established in the Revenue Classification Law, § 19-40-101 et seq., are
11 to be repaid on the last day of the month of which the loan was made.

12 (ii) Loans made under subdivision (b)(1)(D) of this
13 section shall be repaid by June 30 of the fiscal year in which the loan was
14 made.

15 (iii)(a) Loans made to the Department of Human
16 Services Fund during June of any fiscal year for making cash assistance
17 payments to eligible individuals under the Temporary Assistance for Needy
18 Families Program for delivery on or about July 1 of the following fiscal year
19 shall be repaid on or before July 31 of the fiscal year following the fiscal
20 year in which the loan was made.

21 (b) Loans made to the Department of Human
22 Services for the Developmental Disabilities Services Fund Account and the
23 Behavioral Health Services Fund Account in the last month of a fiscal year
24 for federal reimbursement for Medicaid-eligible services and Medicare-
25 eligible services shall be repaid immediately upon receipt of reimbursement
26 but no later than July 31 of the fiscal year following the fiscal year in
27 which the loan was made.

28 (D)(i) The maximum amount of funds that may be loaned to
29 the funds established in the Revenue Classification Law, § 19-40-101 et seq.,
30 shall be one hundred fifty percent (150%) of the estimated revenues to be
31 deposited into the State Treasury during that month to the credit of the
32 State Apportionment Fund and which will become available to that operating
33 fund at the end of the month, excluding the Division of Correction Farm Fund,
34 the Division of Correction Prison Industry Fund, the Division of Arkansas
35 State Police Fund, and the State Forestry Fund.

36 (ii) Except with respect to the funds excluded under

1 this subdivision (b)(1)(D), loans in excess of one hundred percent (100%)
2 shall not be made more than four (4) times per fiscal year per fund.

3 (iii) Loans and distribution of general revenue
4 funds made to the County Aid Fund and the Municipal Aid Fund are to be made
5 on the basis and to the extent of the funds estimated to be available as
6 stated in § 19-23-102(a) so that an equal monthly distribution of general
7 revenues is made, based upon the Chief Fiscal Officer of the State's monthly
8 forecasts of general revenue distribution.

9 (E) Temporary loans may be made to the institutions of
10 higher education for operational purposes. In making these loans, the
11 following procedures shall be applicable. The institutions of higher
12 education shall submit requests for loans to both the Commissioner of the
13 Division of Higher Education and the Chief Fiscal Officer of the State
14 setting forth the need for the loan. The requests shall include at least the
15 following:

16 (i) The current total cash balance of all accounts
17 of the requesting institution's cash funds;

18 (ii) The reasons why the cash fund balances and
19 their general revenue fund balances are insufficient to meet current
20 obligations;

21 (iii) The anticipated duration of the loan; and

22 (iv) A proposed repayment schedule.

23 (F)(i)(a) The Chief Fiscal Officer of the State and the
24 Commissioner of the Division of Higher Education shall review the request for
25 the loan.

26 (b) The Commissioner of the Division of Higher
27 Education shall recommend, in writing, the approval or disapproval of the
28 loan and the reasons for the recommendation to the Chief Fiscal Officer of
29 the State.

30 (c)(1) The Chief Fiscal Officer of the State
31 shall review the institution's request, the funds available in the Budget
32 Stabilization Trust Fund, and the recommendation of the Commissioner of the
33 Division of Higher Education.

34 (2) The Chief Fiscal Officer of the
35 State may request such additional information as is deemed necessary to make
36 a determination as to whether the request should be approved.

1 (3) If the Chief Fiscal Officer of the
2 State determines that the request is proper and necessary for the operation
3 of the institution and that sufficient funds are available, the Chief Fiscal
4 Officer of the State shall approve the request and establish a repayment
5 schedule for the loan.

6 (4) If the Chief Fiscal Officer of the
7 State determines that the loan is not necessary or required, or that funds
8 are not available, the Chief Fiscal Officer of the State shall deny the
9 request.

10 (5) The Chief Fiscal Officer of the
11 State shall communicate in writing to the institution and to the Commissioner
12 of the Division of Higher Education the reasons for disapproval of the
13 requested loan.

14 (ii) All loans made to the institutions of higher
15 education under this section shall be repaid in full by June 30 of the fiscal
16 year in which the loan was made.

17 (iii) If an agency or program is established by the
18 General Assembly that is to be supported solely from other than general
19 revenues or federal funds, the Chief Fiscal Officer of the State may make a
20 temporary loan from the Budget Stabilization Trust Fund to the agency or
21 program to the extent necessary for carrying out the intent of the enabling
22 legislation.

23 (iv) The amount of the loan shall be determined by
24 the Chief Fiscal Officer of the State, and the loans shall be repaid in full
25 by June 30 of the fiscal year in which the loan was made;

26 (2) Making transfers to the University of Arkansas Fund on
27 account of interest on the University of Arkansas Endowment Fund of an amount
28 which, when added to the interest earned on the investment of the University
29 of Arkansas Endowment Fund, shall not exceed the sum of six thousand six
30 hundred thirty-three dollars and thirty-four cents (\$6,633.34) during any
31 fiscal year;

32 (3) Making transfers to the Department of the Military Fund
33 Account of the State General Government Fund as established in § 19-22-
34 102(2)(A)-(C) for the purpose of providing reimbursement or immediate funding
35 for expenses incurred by the Department of the Military on behalf of the
36 Arkansas National Guard emergency call-up appropriation;

1 (4) Making transfers to the Development and Enhancement Fund as
2 established in § 19-27-205 in order to provide supplemental funding for
3 appropriations supported from the Development and Enhancement Fund as may be
4 provided by law;

5 (5) Providing funding, either in whole or in part, for programs
6 as may be authorized by the General Assembly and which are specified as being
7 funded in whole or in part from the Budget Stabilization Trust Fund;

8 (6) Making transfers to the Arkansas Department of
9 Transportation Fund as may be authorized by law and making transfers not to
10 exceed one million dollars (\$1,000,000) in any one (1) fiscal year to provide
11 the state's proportionate share of each declared emergency or major disaster
12 as required by the federal Disaster Relief Act of 1974;

13 (7) Making transfers to the Miscellaneous Revolving Fund, as
14 established in § 19-27-209, to provide funding in whole or in part for
15 appropriations made payable from the Miscellaneous Revolving Fund;

16 (8) Making temporary advances to the various federal accounts of
17 state agencies upon certification of the pending availability of federal
18 funding by the director of the state agency making the request, subject to
19 the following:

20 (A) The requests shall be limited to those occasions
21 whereby the continued operations of the state agency programs would be
22 seriously impaired and unnecessary hardships would be created due to either
23 administrative oversight, delays by the United States Government in
24 forwarding the moneys, or by problems created by the federal fiscal year
25 conversion; and

26 (B)(i) Upon receipt of the grant award authorizations or
27 letter of credit documents, the state agency director shall certify to the
28 Chief Fiscal Officer of the State the amounts of temporary advances to be
29 recovered, whereby the Chief Fiscal Officer of the State shall make recovery
30 and notify the Treasurer of State and the Auditor of State of the recovery.

31 (ii) The temporary advances shall be recovered under
32 subdivision (b)(8)(B)(i) of this section on or before June 30 of the fiscal
33 year in which the temporary advances were made; and

34 (9) Those functions formerly performed by the State Budget
35 Revolving Fund.

36 (c)(1) In addition to the purposes for which the Budget Stabilization

1 Trust Fund may be used as set forth in this section, the Budget Stabilization
2 Trust Fund shall also be used to make temporary loans to the Constitutional
3 Officers Fund and the State Central Services Fund.

4 (2) Loans made to the Constitutional Officers Fund and the State
5 Central Services Fund under the provisions of this section shall be repaid on
6 or before June 30 of the fiscal year in which the loans are made.

7 (d)(1)(A) The Chief Fiscal Officer of the State may transfer up to a
8 maximum of four million dollars (\$4,000,000) from the Budget Stabilization
9 Trust Fund to the State Central Services Fund, only in those instances when
10 obligations incurred by the State Central Services Fund are estimated to
11 exceed or are actually exceeding estimated or actual available resources.

12 (B) The transfer shall also be utilized to provide a level
13 of funding, for those appropriations made payable from the State Central
14 Services Fund, equal to the previous year's expenditure or the current year
15 appropriation, whichever is less, in the event that income from all sources
16 does not provide that funding level.

17 (2) Any transfer made as authorized in this section shall
18 require the review and advice of the Legislative Council prior to the
19 transfer of those funds.

20

21 19-24-102. Loans from fund.

22 (a) The Chief Fiscal Officer of the State shall be guided by the
23 following limitations and procedures in making loans from the Budget
24 Stabilization Trust Fund for the respective purposes for which the loans may
25 be made, as established in this subsection:

26 (1) State agencies supported solely from special revenues are
27 not eligible to make applications for or receive loans from the Budget
28 Stabilization Trust Fund; and

29 (2)(A) Moneys deposited into the Budget Stabilization Trust Fund
30 shall not be used to make loans to any state agency without the state
31 agency's first submitting proof of the need for the moneys and submitting
32 justification therefor verifying that other funds or resources are not
33 available to the state agency or cannot be obtained by the state agency from
34 other funds belonging to or available to the state agency.

35 (B) A loan from the Budget Stabilization Trust Fund shall
36 not be made to a state-supported institution of higher education in an amount

1 equal to or exceeding eighty-five percent (85%) of its monthly guarantee of
2 general revenues estimated to be available for distribution to the state
3 agency during the month.

4 (b) An official or employee knowingly submitting false information to
5 the Chief Fiscal Officer of the State in support of any loan from the Budget
6 Stabilization Trust Fund, upon conviction thereof, is guilty of misfeasance
7 in office and shall be removed from the office or position of employment.

8 (c) The Division of Elementary and Secondary Education shall have no
9 authority to request loans from the Budget Stabilization Trust Fund to
10 provide moneys for distribution to public school districts in this state, nor
11 to write warrants payable from any funds borrowed from the Budget
12 Stabilization Trust Fund, for making monthly payments to school districts in
13 this state earlier than the fifth day before the end of the month.

14
15 19-24-103. Work release centers.

16 (a) The Community Correction Revolving Fund may borrow from the Budget
17 Stabilization Trust Fund for the establishment of new work release centers
18 for the Division of Correction.

19 (b) Loans under subsection (a) of this section shall be repaid by the
20 end of the fiscal year in which the loans are made.

21
22 19-24-104. Loans of anticipated proceeds of Aging and Adult Services
23 Fund Account.

24 In addition to those purposes for which the Budget Stabilization Trust
25 Fund may be used, the Department of Human Services may borrow from the Budget
26 Stabilization Trust Fund an amount equal to eighty percent (80%) of the
27 anticipated proceeds made available to the Aging and Adult Services Fund
28 Account from nursing home bed license fees. The borrowed amounts shall be
29 transferred to the Aging and Adult Services Fund Account in such amounts and
30 under such restrictions and conditions as are determined to be in the best
31 interest of the state by the Chief Fiscal Officer of the State and, in any
32 event, shall be repaid to the Budget Stabilization Trust Fund in full by June
33 30 of the year in which the funds were borrowed.

34
35 19-24-105. Financial aid programs.

36 (a) To provide timely payments under financial aid appropriations, the

1 Chief Fiscal Officer of the State may provide loans from the Budget
2 Stabilization Trust Fund to make available all funds attributable to the
3 financial aid programs under the then current official revenue estimates. If
4 an unanticipated state revenue shortfall occurs, any such loans remaining at
5 the end of a fiscal year shall be repaid from revenues distributed in the
6 first two (2) months of the next fiscal year.

7 (b) Funds for appropriations for purposes other than financial aid
8 shall not be affected by the application of this section.

9

10 CHAPTER 25 – MUNICIPAL AND COUNTY AID FUNDS

11

12 19-25-101. Municipal Aid Fund.

13 (a) There is created on the books of the Treasurer of State, the
14 Auditor of State, and the Chief Fiscal Officer of the State a fund to be
15 known as the “Municipal Aid Fund”.

16 (b) The Municipal Aid Fund shall consist of:

17 (1) Such general revenues as may be made available to the
18 Municipal Aid Fund by the Revenue Stabilization Law, § 19-20-101 et seq.;

19 (2) Such special revenues derived from highway user imposts,
20 known as highway revenues, as may be made available to the Municipal Aid Fund
21 for the benefit of municipalities by the Arkansas Highway Revenue
22 Distribution Law, § 27-70-201 et seq.; and

23 (3) Those special revenues as specified in § 19-42-201(135) of
24 the Revenue Classification Law, § 19-40-101 et seq.

25 (c)(1) All of the general revenues and the special revenues shall be
26 distributed within ten (10) days after the close of each calendar month to
27 the respective cities of the first, cities of the second class, and
28 incorporated towns on the basis of population according to the most recent
29 federal decennial or special census.

30 (2) The amount to be apportioned to each such city or
31 incorporated town is to be in the proportion that each population bears to
32 the total population of all such cities and incorporated towns.

33 (3) If an annexation occurs, the population of the annexed area,
34 as certified by the United States Bureau of the Census of the United States
35 Department of Commerce, may be added to the most recent federal decennial
36 census or special census of the annexing municipality.

1 (4)(A) The moneys received by the respective cities and
2 incorporated towns under this section shall be revenues of the year in which
3 received by them and shall not be revenues of the year in which such moneys
4 were collected and paid into the State Treasury.

5 (B) Of the moneys so received by the respective cities and
6 incorporated towns, the general revenues shall be used for general purposes
7 of municipal government, and the special revenues derived from highway
8 revenues shall be used as provided by the Arkansas Highway Revenue
9 Distribution Law, § 27-70-201 et seq.

10 (5)(A) If the Workers' Compensation Commission has paid claims
11 from the Miscellaneous Revolving Fund on account of any municipal employee
12 covered under workers' compensation, the amount shall be deducted from
13 general revenue turnback as provided by §§ 14-26-103 and 14-60-103.

14 (B) The moneys so deducted shall be transferred to the
15 Miscellaneous Revolving Fund, there to be used as provided by law.

16 (6) If a municipality incorporates during a year in which a
17 federal decennial census is conducted, then for purposes of this section and
18 until data from a federal decennial census or special census is made
19 available to the municipality, the population of the municipality shall be
20 based on the most recent federal decennial census as calculated by the
21 Arkansas Geographic Information Systems Office.

22 (d)(1) It is unlawful for the Treasurer of State to distribute any
23 general revenues and special revenues to any cities or incorporated towns in
24 this state that have expended funds belonging to the city or town for the
25 payment of annual membership dues to, or for the purchase of services
26 rendered by, the Arkansas Municipal League or any other league or association
27 of cities in this state unless the books, affairs, and records of such
28 Arkansas Municipal League or other league or association of cities and towns
29 of this state receiving moneys from cities or towns has been audited by
30 Arkansas Legislative Audit or consent for such an audit by Arkansas
31 Legislative Audit has been given by any such league or association.

32 (2) Arkansas Legislative Audit may audit the books, affairs, and
33 records of the Arkansas Municipal League or any other league or association
34 of cities or incorporated towns in this state, upon request thereof by the
35 appropriate officials of those leagues or associations.

36 (e) If the United States Bureau of the Census determines that the

1 population for a municipality is more than was originally certified in the
2 federal decennial census or the population for a municipality was incorrectly
3 assigned to another municipality and a census count correction or a
4 correction to the designated municipality is received from the United States
5 Bureau of the Census by the appropriate officials of the state, the Treasurer
6 of State shall:

7 (1) Determine the amount of general and special revenue that the
8 municipality should have received based upon the corrected census count; and

9 (2) Submit the amount of general and special revenue determined
10 under subdivision (e)(1) of this section to the Arkansas State Claims
11 Commission for inclusion in the appropriation bill requested from the General
12 Assembly for approved claims.

13

14 19-25-102. County Aid Fund.

15 (a) There is created on the books of the Treasurer of State, the
16 Auditor of State, and the Chief Fiscal Officer of the State a fund to be
17 known as the "County Aid Fund".

18 (b) The County Aid Fund shall consist of:

19 (1) The general revenues as may be provided by the Revenue
20 Stabilization Law, § 19-20-101 et seq., to the County Aid Fund;

17 19-27-216. County Solid Waste Management System Aid Fund –
18 Definitions.

19 (a) There is created on the books of the Treasurer of State, the
20 Auditor of State, and the Chief Fiscal Officer of the State a miscellaneous
21 fund to be known as the “County Solid Waste Management System Aid Fund”.

22 (b) The fund shall consist of such special or general revenues or
23 other moneys that may be deposited into the County Solid Waste Management
24 System Aid Fund as provided by the General Assembly, to be used for the
25 purpose of providing financial assistance to counties in the manner provided
26 in this section, for the establishment, expansion, maintenance, and operation
27 of county solid waste collection and disposal systems.

28 (c) As used in this section:

29 (1) “County solid waste collection and disposal system” or
30 “county solid waste management system” means:

31 (A) A county-owned and operated solid waste management and
32 disposal system funded by moneys appropriated by the quorum court;

33 (B) A municipally owned and operated solid waste
34 management and disposal system located within the county or adjoining
35 counties, operated under contract with the county whereby the county is
36 provided access thereto, and the quorum court appropriates funds to defray

1 the county's share of the cost of operating such facility;

2 (C) A privately owned solid waste management and disposal
3 system located within the county, or an adjoining county, in which the county
4 has entered into a contract providing access and services of the facility for
5 the use and benefit of the county under the terms of which the county's share
6 of the operating cost is funded by an appropriation made by the quorum court
7 of the county; or

8 (D) A solid waste collection and disposal system operated
9 by two (2) or more counties, or by one (1) or more counties and one (1) or
10 more municipalities, or operated by a private owner, under a compact or
11 agreement whereby each of the participating counties and municipalities has
12 access to the facility and appropriates, through its governing body, funds to
13 defray their respective shares of the cost of the facility; and

14 (2) "Solid waste management system" means the entire process of
15 storage, collection, transportation, processing, treatment, and disposal of
16 solid waste.

17 (d) All of the general revenues and special revenues and other funds
18 deposited into the County Solid Waste Management System Aid Fund during each
19 fiscal year shall be allocated by the Treasurer of State to each of the
20 counties in the state, to be distributed to the counties only as provided in
21 this section, on the basis of seventy-five percent (75%) divided equally
22 among the seventy-five (75) counties of the state and twenty-five percent
23 (25%) on the basis of population according to the most recent federal
24 decennial census, with each county to receive an allocation of the funds in
25 the proportion that its population bears to the total population of the
26 state.

27 (e)(1) Before any county is eligible to receive its portion of the
28 moneys in the County Solid Waste Management System Aid Fund during any fiscal
29 year, the county, on or before the first day of the fiscal year, shall
30 furnish the Treasurer of State the following information on forms to be
31 developed by the Treasurer of State:

32 (A) Proof that the county operates, or is in the process
33 of establishing, a solid waste management system for that county and that the
34 solid waste management system is available to serve the residents of the
35 county and may be available for service to various cities and towns within
36 the counties through interlocal agreements, compacts, or authorities;

1 (B) That the quorum court of the county has established
2 and approved a budget for the operation of the county solid waste management
3 system for the fiscal year and has appropriated funds for it in an amount
4 sufficient to support not less than fifty percent (50%) of the costs of
5 operating the solid waste management system and that the funds appropriated
6 for this purpose will be used solely for the cost of establishing, operating,
7 and maintaining the solid waste management system, and for the hiring of
8 personnel and for the acquisition of equipment and land required to operate
9 the solid waste management system; and

10 (C) That the amount of funds allocated to the county for
11 the year under this section shall be used exclusively for establishing,
12 operating, and maintaining the solid waste management system, meeting the
13 requirements of this section, including the acquisition of land, and
14 acquisition, maintenance, repair, and operation of equipment used in
15 connection with the operation of the solid waste management system.

16 (2)(A) If any county fails, during any fiscal year, to expend an
17 amount of county funds equal to at least fifty percent (50%) of the cost of
18 operating its solid waste management system, or uses any of the state funds
19 allocated under this section for any purpose other than as intended by it,
20 the county shall be ineligible to receive moneys during the next-following
21 fiscal year from the County Solid Waste Management System Aid Fund.

22 (B) However, the quorum court may make reapplication for
23 state assistance funds during the year thereafter, upon offering the
24 appropriate assurances in writing that it will meet the full requirements of
25 the intent and purposes of this section in the use of the funds.

26 (f)(1) The moneys saved from legislation enacted by the Seventy-Fifth
27 General Assembly that reduced contributions made by the state for state
28 employees who are employed by a state agency funded, in whole or in part,
29 with general revenues shall be set aside and implemented by the Chief Fiscal
30 Officer of the State and the Treasurer of State in the amount and in
31 accordance with procedures set forth in this subsection:

32 (A) Beginning the month after the month in which the
33 reductions in retirement contributions occur, the Chief Fiscal Officer of the
34 State shall determine the amount of the general revenue savings, by fund or
35 fund account, based upon the previous month's payroll deductions for
36 retirement contributions to the Arkansas Public Employees' Retirement System;

1 (B) During each fiscal year, the Chief Fiscal Officer of
2 the State shall cause to be transferred on the books and those of the
3 Treasurer of State the amount of the monthly general revenue savings from
4 each affected fund or fund account to the Revenue Holding Fund Account before
5 the close of business on the last day of each month until an aggregate of
6 five million dollars (\$5,000,000) of the general revenue savings during a
7 fiscal year has been transferred to the Revenue Holding Fund Account from
8 those sources. Monthly transfers of the general revenue savings to the
9 Revenue Holding Fund Account shall then cease for the remainder of the fiscal
10 year; and

11 (C) After providing for the distribution of general
12 revenues available for distribution, the Treasurer of State shall transfer
13 the total amount of the general revenue savings as certified to the Treasurer
14 of State by the Chief Fiscal Officer of the State from the Revenue Holding
15 Fund Account to the County Solid Waste Management System Aid Fund. This
16 amount shall be used to make monthly distributions from the County Solid
17 Waste Management System Aid Fund in the manner provided by law to the
18 respective counties of this state to be used for the support of the county
19 solid waste management system as provided in this section.

20 (2)(A) If any county fails to qualify for its proportionate
21 share of the moneys in the County Solid Waste Management System Aid Fund
22 during any fiscal year, the moneys shall be reapportioned among various
23 counties that qualify to receive their proportionate shares of the County
24 Solid Waste Management System Aid Fund moneys during the fiscal year, in
25 accordance with the distribution formula set forth in subsection (d) of this
26 section.

27 (B) The Treasurer of State shall monthly distribute moneys
28 to the eligible counties as authorized in this section in the same manner as
29 other county aid funds are distributed, and the moneys shall be credited and
30 used solely for the support and operation of the county solid waste
31 management system.

32
33 19-27-217. Department of Human Services Renovation Fund.

34 (a) There is created on the books of the Treasurer of State, the
35 Auditor of State, and the Chief Fiscal Officer of the State a miscellaneous
36 fund to be known as the "Department of Human Services Renovation Fund".

1 (b) The fund shall be used for constructing, acquiring, renovating,
2 maintaining, repairing, and equipping facilities of the Department of Human
3 Services and for paying disallowances by the United States Government.

4 (c) The fund shall consist of:

5 (1) Federal reimbursement received by the department and
6 deposited into the various fund accounts of the department;

7 (2)(A) General revenues transferred from the Division of Youth
8 Services, the Division of Aging, Adult, and Behavioral Health Services of the
9 Department of Human Services, and the Division of Developmental Disabilities
10 Services for the purposes of repairing, renovating, equipping, acquiring, and
11 constructing department facilities with an annual maximum of five million
12 dollars (\$5,000,000).

13 (B) The projects for which these transfers are authorized
14 shall be projects that:

15 (i) Were unanticipated during the preceding regular
16 session of the General Assembly; and

17 (ii) If not carried out in the interim period
18 between regular sessions of the General Assembly, would cause greater harm to
19 the facilities, clients, or programs of the department than if carried out
20 during the next regular session; and

21 (3) Other nongeneral revenue funds as may be available within
22 the department that can be used for the purposes of the fund.

23 (d)(1) At the request of the Secretary of the Department of Human
24 Services and upon certification of the availability of such funds, the Chief
25 Fiscal Officer of the State shall initiate the necessary transfer documents
26 to reflect the transfer on the books of record of the Treasurer of State, the
27 Auditor of State, the Chief Fiscal Officer of the State, and the department.

28 (2) The secretary shall submit any transfer plan to and must
29 receive approval of the plan from the Chief Fiscal Officer of the State, the
30 Governor, and the Legislative Council before the effective date of the
31 transfer.

32 (e) Any nongeneral revenue funding that may remain in the fund at the
33 end of any fiscal year shall be carried over into the next fiscal year, and
34 all obligated general revenue funding that may remain in the fund at the end
35 of any fiscal year shall be carried over into the next fiscal year to satisfy
36 any legal and contractual obligations that have been entered into before the

1 end of the fiscal year.

2 (f) Determining the amount of funds appropriated to a state agency is
3 the prerogative of the General Assembly and is usually accomplished by
4 delineating specific line items and by identifying the appropriation and
5 funding attached to that line item. The General Assembly has determined that
6 the department could be operated more efficiently if some flexibility is
7 given to the department. That flexibility is being accomplished by providing
8 transfer authority in subsection (d) of this section, and since the General
9 Assembly has granted the department broad powers under the transfer authority
10 concept, it is both necessary and appropriate that the General Assembly
11 maintain oversight of the utilization of the transfer authority by requiring
12 prior approval of the Legislative Council in the utilization of this transfer
13 authority. Therefore, the requirement of approval by the Legislative Council
14 is not a severable part of this section. If the requirement of approval by
15 the Legislative Council is ruled unconstitutional by a court of competent
16 jurisdiction, this entire section is void.

17

13 (COVID-19) crisis.

14 (d)(1) Notwithstanding any other provisions of law, the release of any
15 funds from the COVID-19 Rainy Day Fund shall require prior approval, as
16 defined in this subsection, of the:

17 (A) Speaker of the House of Representatives or his or her
18 designee;

19 (B) Majority party leader of the House of Representatives
20 or his or her designee;

35 President Pro Tempore of the Senate shall communicate the request to the
36 respective majority party leader and respective minority party leader.

1 (ii) If a majority party leader or a minority party
2 leader is unavailable or recuses from the vote, the Speaker of the House of
3 Representatives and the President Pro Tempore of the Senate shall contact the
4 non-responding majority party leader's designee or non-responding minority
5 party leader's designee.

6 (3)(A) As used in this section, "prior approval" means:

7 (i) At least two (2) members listed in subdivision
8 (d)(1) of this section from the House of Representatives and two (2) members
9 listed in subdivision (d)(1) of this section from the Senate approve the
10 release of funds from the COVID-19 Rainy Day Fund; and

11 (ii) The written or electronic approval by the two
12 (2) members listed in subdivision (d)(1) of this section from the House of
13 Representatives and by the two (2) members listed in subdivision (d)(1) of
14 this section from the Senate occurs within two (2) hours after the members

30 (iii) The amount of each prior release and the
31 purpose of the release.

32 (e) Determining the general revenue funding for a state agency each
33 fiscal year is the prerogative of the General Assembly. This is usually
34 accomplished by delineating such maximums for a state agency with general
35 revenue allocations authorized for each fund and fund account by amendment to
36 the Revenue Stabilization Law, § 19-20-101 et seq. Further, the General

1 Assembly has determined that the various state agencies may operate more
2 efficiently if some flexibility is provided authorizing broad powers under
3 this section. Therefore, it is both necessary and appropriate that the
4 General Assembly maintain oversight by requiring prior approval as set out in
5 subsection (d) herein, by this section. The requirement of approval as set
6 out in subsection (d) of this section is not a severable part of this
7 section. If the requirement of approval as set out in subsection (d) of this
8 section is ruled unconstitutional by a court of competent jurisdiction, this
9 entire section is void.

2 and classify all such revenues and other income and to provide for the
3 purposes, individually and collectively, that all such revenues and other

23 (d)(1) After determining the estimated amount of general revenue that
24 will be available for allocation to the state agencies under the Revenue
25 Stabilization Law, § 19-20-101 et seq., and after making the determination
26 required by § 19-27-283(c) and prior to making any transfers deemed necessary
27 by the Chief Fiscal Officer of the State in § 19-27-283(d), the Chief Fiscal
28 Officer of the State may transfer funds from the Catastrophic Reserve Fund in
29 the event a revenue shortfall exists to meet the state's financial obligation
30 to provide an adequate educational system for the state and to provide for
31 the effective operation of state government. In the event the Chief Fiscal
32 Officer of the State determines that a revenue shortfall exists as defined as
33 a circumstance when the official forecast of gross general revenue certified
34 by the Chief Fiscal Officer of the State is projected to increase less than
35 three percent (3%) over and above the gross general revenue collections of
36 the previous fiscal year due to changes in economic conditions, the Chief

1 Fiscal Officer of the State may then transfer funds from the Catastrophic
2 Reserve Fund, as approved by a vote of at least two-thirds ($\frac{2}{3}$) of the members
3 of the Legislative Council or at least two-thirds ($\frac{2}{3}$) of the members of the
4 Joint Budget Committee, to various funds and fund accounts, as deemed
5 necessary, in the Revenue Stabilization Law, § 19-20-101 et seq., for the
6 purpose of meeting unanticipated shortfalls in state general revenue.

7 (2) Or the Chief Fiscal Officer of the State may transfer funds
8 from the Catastrophic Reserve Fund to the Economic Development Superprojects
9 Project Fund for projects authorized under Arkansas Constitution, Amendment
10 82, as approved by the Governor and at least two-thirds ($\frac{2}{3}$) of the members of
11 the Legislative Council or at least two-thirds ($\frac{2}{3}$) of the members of the
12 Joint Budget Committee.

13 (3)(A) The Chief Fiscal Officer of the State may make a one-time
14 transfer of up to fifty million dollars (\$50,000,000) from the Catastrophic
15 Reserve Fund or its successor fund or fund accounts to the General Revenue
16 Allotment Reserve Fund before March 31, 2022.

17 (B) A transfer under subdivision (d)(3)(A) of this section
18 is not subject to the procedures established in subsection (e) of this
19 section.

20 (e)(1) Upon recommendation by the Chief Fiscal Officer of the State,
21 the Governor may determine that circumstances exist that meet the
22 requirements for the utilization of the Catastrophic Reserve Fund as set out
23 in this section, and the procedures under this section shall apply.

24 (2) When the Governor determines there is a need requiring
25 transfer from the Catastrophic Reserve Fund, he or she shall instruct the
26 Chief Fiscal Officer of the State to prepare and submit written documentation
27 to the Legislative Council or the Joint Budget Committee. Such documentation
28 shall include:

29 (A) Sufficient financial data that will enable the
30 verification of the existence of an emergency and the amount necessary to
31 address the need for funds from the Catastrophic Reserve Fund;

32 (B) A proposed distribution of moneys from the
33 Catastrophic Reserve Fund to one (1) or more funds or fund accounts in the
34 Revenue Stabilization Law, § 19-20-101 et seq., or to the Economic
35 Development Superprojects Project Fund, or both; and

36 (C) A statement certifying that no other funds are

1 available that could be transferred in lieu of the funds in the Catastrophic
2 Reserve Fund.

3 (3) Documentation under subdivision (e)(2) of this section shall
4 be submitted to the Legislative Council or Joint Budget Committee for
5 approval before the implementation of the proposed distribution.

6 (4)(A) The Chief Fiscal Officer of the State, after having
7 sought and received prior approval of at least two-thirds ($\frac{2}{3}$) of the members
8 of the Legislative Council or at least two-thirds ($\frac{2}{3}$) of the members of the
9 Joint Budget Committee, shall cause the required transfers to be made on his
10 or her books and on the books of the Treasurer of State and the Auditor of
11 State from the Catastrophic Reserve Fund to the appropriate funds and fund
12 accounts in the Revenue Stabilization Law, § 19-20-101 et seq., or to the
13 Economic Development Superprojects Project Fund, or both.

14 (B) In no event shall the amounts transferred in any
15 fiscal year to the funds and fund accounts in the Revenue Stabilization Law,
16 § 19-20-101 et seq., by this section cause the general revenues to exceed the
17 maximum allocations authorized in the Revenue Stabilization Law, § 19-20-101
18 et seq.

19 (f) Determining the maximum amount of appropriation and general
20 revenue funding for a state agency each fiscal year is the prerogative of the
21 General Assembly. This is usually accomplished by delineating such maximums
22 in the appropriation acts for a state agency and the general revenue
23 allocations authorized for each fund and fund account by amendment to the
24 Revenue Stabilization Law, § 19-20-101 et seq. Further, the General Assembly
25 has determined that creating the Catastrophic Reserve Fund and establishing
26 the procedures for the transfer of funds to various funds and fund accounts
27 in the Revenue Stabilization Law, § 19-20-101 et seq., or to the Economic
28 Development Superprojects Project Fund, or both, provides for the efficient
29 and effective operation of state government if a revenue shortfall is
30 determined to exist. Therefore, it is both necessary and appropriate that the
31 General Assembly maintain oversight by requiring prior approval of the
32 Legislative Council or Joint Budget Committee as provided by this section.
33 The requirement of approval by the Legislative Council or Joint Budget
34 Committee is not a severable part of this section. If the requirement of
35 approval by the Legislative Council or Joint Budget Committee is ruled
36 unconstitutional by a court of competent jurisdiction, this entire section is

1 void.

11 (b) Any contract entered into under this section between an agency
12 procurement official or procurement agent and a vendor of technology systems
13 shall provide for:

14 (1) Payment of the technology systems on the basis of a
15 percentage of the increase in the amount of specific taxes or fees collected,
16 including interest and penalties thereon, for a fixed time period, which
17 increase exceeds revenues projected prior to the project and is attributable
18 to the implementation and use of the technology system; or

19 (2) Payment of the technology system on a fixed fee contract
20 basis, the fee to be paid from the increase in the amount of specific taxes

7 proposal, with advice and consultation from the Department of Finance and
8 Administration, for the purchase of technology systems on the basis of a
9 portion of the increase in the agency's revenues produced by the technology
10 system; and

11 (F)(i) The request for proposal may provide that the
12 agency and the vendor may negotiate an amount or baseline upon which the
13 increase in taxes or fees is measured.

14 (ii) A contract other than a fixed fee contract
15 shall include a factor in the baseline calculation to account for an increase
16 in taxes or fees due solely to economic factors and not to the use of the
17 technology.

18 (3) The agency procurement official or procurement agent and the
19 vendor shall negotiate the contract, with the oversight of the Department of
20 Finance and Administration to assist in negotiating an advantageous contract.

21 (4)(A) The agency director shall submit the proposed contract
22 and a request for new appropriation to the Governor or his or her designee.

26 benefits of the agreement.

27 (C) The Governor or his or her designee shall study the
28 request and determine whether the appropriation requested and the terms of
29 the proposed contract are in strict compliance with this section.

30 (D)(i) The Governor may approve or modify the request for
31 new appropriation and the proposed contract.

32 (ii) Any modification of the proposed contract shall
33 be submitted to the vendor for approval.

35 appropriation request, the Governor shall seek the advice and recommendation
36 of the Legislative Council.

1 (B) Upon review of the Legislative Council, the Governor
2 shall forward a copy of his or her approvals to the agency director and the
3 Chief Fiscal Officer of the State.

4 (d) After receipt of the Governor's approvals, the Chief Fiscal
5 Officer of the State shall direct the Auditor of State and the Treasurer of
6 State to establish upon their books of record the necessary appropriation
7 accounts in accordance with the provisions as set out in this section from
8 the shared benefit holding appropriation.

9 (e) The requesting agency may utilize these appropriations to
10 implement the approved contract.

11 (f) This section does not prohibit an agency that enters into a
12 contract under this section from acquiring goods or services through
13 appropriations for a function or program of that agency not specifically
14 included in a contract entered into under this section.

15 (g) The Secretary of the Department of Transformation and Shared
16 Services may promulgate such rules, procedures, and guidelines as he or she

19 lowest bidder, unless the board determines that the awarding of the contract
20 to the lowest bidder would be in the best interest of the farming operations
21 of the Division of Correction.

22 (ii) In that event, the board may award the contract
23 to the bidder whose bid proposal is deemed by the board to be in the better
24 interest of the farming operations of the Division of Correction.

25 (D) In making a determination under subdivision (c)(2)(C)
26 of this section, the board shall consider without limitation the following
27 factors:

28 (i) The type of equipment to be furnished;

29 (ii) Compatibility of the equipment with the
30 training and experience of the farm managers and employees of the Division of
31 Correction and the experience and skills of the inmates who will be using the
32 equipment;

33 (iii) Provisions contained in the bid proposal
34 providing for maintenance, repair, and service and upkeep of the equipment
35 during the lease period, availability of the service and repair facilities,
36 and source of replacement or repair parts;

1 (iv) The age and condition of the equipment to be
2 leased; and

3 (v) Such other factors as the board deems essential
4 to performance under the contract and dependability and reliability of the
5 equipment to be furnished during the period of the lease.

6 (3)(A)(i) In determining the items of farm machinery and
7 equipment to be acquired by purchase, the board may designate, if the board
8 determines it to be within the better interest of the management of farm
9 croplands of the Division of Correction, those items of farm machinery and
10 equipment to be purchased.

11 (ii) The board may restrict the bid to equipment
12 produced by no fewer than two (2) manufacturers of each item of equipment.

13 (B) In making a determination under subdivision (c)(3)(A)
14 of this section, the board shall include without limitation a consideration
15 of the following factors:

16 (i) The types of farm machinery equipment now being
17 used by the Division of Correction and the experience gained by the Division
18 of Correction in the use of the equipment for the purposes for which it is
19 being purchased;

20 (ii) Availability of service and replacement and
21 spare parts for the equipment;

22 (iii) Familiarity with the equipment of the
23 employees or inmates responsible for the maintenance, repair, and upkeep
24 thereof;

25 (iv) Compatibility of the farm machinery and
26 equipment with repair and maintenance shop facilities available at the
27 Division of Correction;

28 (v) Access to the dealer responsible for warranty
29 service; and

30 (vi) Such additional factors as the board deems
31 pertinent to the better interests of the management and operation of the farm
32 crop lands of the Division of Correction.

33 (C)(i) All purchases of farm machinery and equipment shall
34 be in accordance with the applicable state procurement laws and rules
35 promulgated under the applicable state procurement laws.

36 (ii) Contracts for the providing or furnishing of

1 service, repair, and replacement parts of farm machinery and equipment may
2 include provision for the furnishing of a stated quantity of replacement and
3 spare parts to be stored at the Division of Correction or may include
4 contract prices for major or standard items of service or for the furnishing
5 of replacement and spare parts at stated prices, which shall be at a discount
6 from the published dealer price list, as the board may deem in the best
7 interest of the Division of Correction.

8 (iii) As an alternative, the board may elect to
9 authorize the official to acquire replacement and spare parts on a need basis
10 by following the applicable state procurement procedure in the acquisition of
11 each item thereof as needed.

12 (4)(A) The official of the Division of Correction acting under
13 the instruction and direction of the board and the Director of the Division
14 of Correction shall be the sole and exclusive purchasing agent for the
15 acquisition of:

16 (i) Farm machinery and equipment, whether by lease
17 or purchase;

18 (ii) Repair services for farm machinery and
19 equipment and repair and replacement parts for farm machinery and equipment
20 in the manner set forth in this section; and

21 (iii) Those items covered in subsection (b) of this
22 section.

23 (B) This section does not prohibit the Division of
24 Correction from requesting the State Procurement Director to make available
25 the services of the Office of State Procurement in the acquisition of any
26 item for which the official of the Division of Correction is the exclusive
27 purchasing agent under this section.

28
29 19-61-303. Interest and carrying charges.

30 State agencies, including exempt agencies, may enter into contracts

34 Director.

35
36 19-61-304. Training and certification of procurement personnel.

1 (a) The State Procurement Director shall establish a training and
2 certification program to facilitate the training, continuing education, and
3 certification of state agency procurement personnel.

5 this section, the director:

6 (1) Shall conduct procurement education and training for state
7 agency employees and other public employees;

8 (2)(A) Shall establish a tiered core curriculum that outlines
9 the minimum procurement-related training courses a state agency employee is
10 required to complete for certification.

11 (B) The tiered core curriculum required under subdivision
12 (b)(2)(A) of this section shall:

13 (i) Be designed to develop procurement competency;
14 and

15 (ii) Create a uniform training approach for state
16 agency employees ranging from entry-level procurement personnel to agency
17 procurement officials;

18 (3) May charge a reasonable fee for each participant to cover
19 the cost of providing the training required under this section;

20 (4) May conduct, develop, and collaborate with established
21 training programs, if any, for the purpose of providing certifications of
22 proficiency to state agency employees who complete the training and
23 certification program;

24 (5) May conduct research into existing and new procurement
25 methods; and

26 (6) May establish and maintain a state procurement library.

27 (c)(1) A state agency employee shall not conduct a procurement under
28 this chapter unless the state agency employee is certified through the
29 training and certification program required under this section.

30 (2) To maintain certification under this section, a state agency
31 employee shall complete a reasonable number of hours of continuing education,
32 as provided for by rule by the director.

33 (d)(1) The director shall revoke the certification of a state agency
34 employee who is certified under this section and who is determined to have
35 knowingly violated state procurement laws, Arkansas Code Title 19, Subtitle
36 4.

1 (2) The director shall adopt rules regarding the procedure for
2 revoking a state agency employee's certification under this section.

3
4 19-61-305. Solicitation conferences.

5 (a)(1) A state agency may hold a solicitation conference before or
6 after issuing an invitation for bids, a request for proposals, or a request
7 for qualifications under § 19-65-101 et seq.

8 (2) A solicitation conference may be held:

9 (A) In person; or

10 (B) Online or in another virtual format.

11 (b) Attendance by a vendor at a solicitation conference is not
12 required for that vendor's bid, proposal, or statement of qualifications to
13 be accepted unless the attendance requirement is:

14 (1) Explicitly stated in the invitation for bids, request for
15 proposals, or request for qualifications; and

16 (2) Approved by the State Procurement Director or the head of
17 the procurement agency.

18 (c) A state agency holding a solicitation conference shall:

19 (1) For an invitation for bids or a request for proposals,
20 include the date and time of the solicitation conference in the notice
21 required under § 19-61-505;

22 (2) Require vendors in attendance at a solicitation conference
23 to sign in at the solicitation conference or provide a registration record
24 for an online or other virtual solicitation conference, regardless of whether
25 attendance is required under the solicitation; and

26 (3) Maintain the sign-in sheet or registration records with the
27 other documents related to the solicitation.

28 (d) A statement made at a solicitation conference does not change the
29 invitation for bids, request for proposals, or request for qualifications
30 unless a change is made by written amendment to the invitation for bids,
31 request for proposals, or request for statements of qualifications.

32 (e) A state agency is encouraged to hold a solicitation conference for
33 a procurement that:

34 (1) Has a contract amount of at least:

35 (A) Five million dollars (\$5,000,000) for a single
36 contract year; or

1 (B) Thirty-five million dollars (\$35,000,000) for the
2 total anticipated term of the contract, including any extensions, based on
3 the previous contract for the same commodities or services or, if a previous
4 contract is not available, a contract for similar commodities or services; or

5 (2) Is of strategic importance to the state.
6

7 Subchapter 4 – Vendors – Contractors – Bidders
8

9 19-61-401. Responsibility of bidders and offerors.

10 (a)(1) A determination of nonresponsibility of a bidder or offeror
11 shall be made in accordance with rules promulgated by the State Procurement
12 Director.

13 (2) A reasonable inquiry to determine the responsibility of a
14 bidder or offeror may be conducted.

15 (3) The unreasonable failure of a bidder or offeror to promptly
16 supply information in connection with such an inquiry may be grounds for a
17 determination of nonresponsibility with respect to such bidder or offeror.

18 (4) If a bidder or offeror is determined to be nonresponsible,
19 the reasons therefor shall be included in the determination.

20 (b)(1) Except as otherwise provided by law, information furnished by a
21 bidder or offeror pursuant to this section shall not be disclosed outside of
22 the Office of State Procurement or the procurement agency without prior
23 written consent by the bidder or offeror.

24 (2) This section is not intended to prohibit the office from
25 disclosing such information to the Governor, the Attorney General, or the
26 Secretary of the Department of Transformation and Shared Services when any of
27 those officers deems it necessary.

28 (c) The director or the agency procurement official may require the
29 posting of a bid bond, a performance bond, or a similar assurance by any
30 actual or prospective bidder, offeror, or contractor, under rules promulgated
31 under this chapter.
32

33 19-61-402. Prequalification of suppliers.

34 (a)(1) The State Procurement Director may provide for prequalification
35 of suppliers as responsible prospective contractors for particular types of
36 commodities, technical and general services, and professional and consultant

1 services.

2 (2) Solicitation mailing lists of potential contractors shall
3 include without limitation such prequalified suppliers.

4 (b) Prequalifications shall not foreclose a written determination:

5 (1) Between the time of the bid opening or receipt of offers and
6 making of an award that a prequalified supplier is not responsible; or

7 (2) That a supplier who is not prequalified at the time of bid
8 opening or receipt of offers is responsible.

9

10 19-61-403. Reporting of suspected collusion – Definition.

11 (a) As used in this section, “collusion” means cooperation in the
12 restraint of free and open competition in a public procurement, including
13 without limitation:

14 (1) Price fixing;

15 (2) Bid rigging;

16 (3) Customer or market allocation;

17 (4) Misrepresenting the independence of the relationship between
18 colluding parties; and

19 (5) Exerting improper influence on public officials to obtain
20 advantage in a public procurement, including without limitation:

21 (A) Offering bribes or kickbacks;

22 (B) Extortion; and

23 (C) Fraudulent misrepresentation.

24 (b) When for any reason collusion is suspected among any bidders or
25 offerors, a written notice of the relevant facts shall be transmitted to the
26 Attorney General.

27 (c)(1) All documents involved in a procurement in which collusion is
28 suspected shall be retained until the Attorney General gives notice that they
29 may be destroyed.

30 (2) All retained documents shall be made available to the
31 Attorney General or a designee upon request and proper receipt of the
32 request.

33 (d) Collusion is cause for:

34 (1) Debarment from consideration for award of a contract under §
35 19-61-702; and

36 (2) Suspension from consideration for award of a contract if

1 there is probable cause for suspecting collusion as determined by the
2 Attorney General or the State Procurement Director.

3
4 19-61-404. Vendor training and polling.

5 The Office of State Procurement shall:

6 (1)(A) Develop and deliver vendor training to inform interested
7 vendors of how to do business with the state.

8 (B) The training required under subdivision (1)(A) of this
9 section shall:

10 (i) Be offered throughout the state; and

11 (ii) Be delivered as training sessions in person and
12 online or in another virtual format; and

13 (2) Periodically poll vendors that have been successful in
14 securing business with the state and vendors that have not been successful in
15 securing business with the state to solicit procurement feedback that can be
16 used to improve vendor training.

17
18 19-61-405. Submission of contracts with members of General Assembly
19 required.

20 (a) All contracts with a member of the General Assembly, his or her
21 spouse, or with any business in which a member of the General Assembly or his
22 or her spouse is an officer, a director, or a stockholder owning more than
23 ten percent (10%) of the stock in the business shall be presented to the
24 Legislative Council or to the Joint Budget Committee, if the General Assembly
25 is in session, before the execution date of the contract.

26 (b) The Legislative Council or the Joint Budget Committee shall
27 provide the State Procurement Director and the Director of the Arkansas
28 Ethics Commission with its review as to the propriety of the contract,
29 including without limitation whether the agency properly complied with the
30 procurement process and whether the contract represents an improper conflict
31 of interest between the member of the General Assembly and the agency, within
32 thirty (30) days after receipt of the proposed contract.

33 (c) The contract shall not be submitted to the Legislative Council or
34 to the Joint Budget Committee until the Department of Transformation and
35 Shared Services has reviewed the contract and provided the Legislative
36 Council or the Joint Budget Committee with a recommendation regarding the

1 legality of the contract.

2

3 19-61-406. Vendor performance reporting.

4 (a)(1) A state agency shall report a vendor's performance under a
5 contract executed under this subtitle if the vendor fails to satisfy the
6 performance-based standards stated in the contract in a manner that
7 represents a material deviation.

8 (2) A state agency shall use a form prescribed by the State
9 Procurement Director and approved by the Legislative Council or, if the
10 General Assembly is in session, the Joint Budget Committee, to report a
11 vendor's performance under this section.

12 (b) The report required under this section shall be:

13 (1) Filed with the Office of State Procurement and maintained
14 for a minimum of three (3) years from the termination of the relevant
15 contract, including any extensions and amendments;

16 (2) Signed by the director of the state agency or his or her
17 designee; and

18 (3) Filed monthly until the vendor has performed satisfactorily
19 under the contract for a period of at least ninety (90) consecutive days.

20 (c) A state agency may report a vendor's performance in the manner
21 prescribed under this section for any contract that would not require
22 reporting of a vendor's performance under this section if the state agency
23 encounters an issue with the vendor's performance of a contract.

24 (d) A state agency may use a vendor performance report submitted under
25 this section to evaluate an offeror to the extent that the past performance
26 of an offeror may be considered under the law and the rules adopted by the
27 office.

28

29 19-61-407. Experience requirement – Findings.

30 (a)(1) The General Assembly finds that:

31 (A) An invitation for bids, a request for proposals, and a
32 request for qualifications often require that bidders and offerors have a
33 certain amount of experience to qualify;

34 (B) These experience requirements often apply to the
35 business of the bidder or offeror rather than the key personnel of the bidder
36 or offeror;

1 (C) As a result, new businesses with highly qualified
2 personnel often do not qualify to compete for state contracts even though the
3 executives and employees of the business have the experience required; and

4 (D) It is in the best interests of the state to encourage
5 new businesses and to seek out the most qualified people to provide products
6 and services to the state.

7 (2) The General Assembly intends for this section to:

8 (A) Encourage entrepreneurship;

9 (B) Level the playing field for new businesses to compete
10 for business opportunities; and

11 (C) Enable new businesses with highly qualified personnel
12 to compete for state contracts.

13 (b) If an invitation for bids, a request for proposals, or a request
14 for qualifications under this subtitle requires a certain amount of
15 experience or a certain number of years in existence for the bidder or
16 offeror, the requirement shall be satisfied by either:

17 (1)(A) The amount of experience of the bidder or offeror.

18 (B) A bidder or offeror may use the combined experience of
19 its owners or senior executive staff to satisfy the requirement under
20 subdivision (b)(1)(A) of this section; or

21 (2) The combined amount of experience of the key personnel of
22 the bidder or offeror that will be responsible for satisfying the
23 requirements of the contract to be procured.

24 (c)(1) However, before the issuance of an invitation for bids, a
25 request for proposals, or a request for qualifications, the Office of State
26 Procurement or a procurement agency may determine in writing that the
27 combined experience of the key personnel of a bidder or offeror under
28 subdivision (b)(2) of this section would be insufficient to adequately
29 satisfy the requirements of the invitation for bids, request for proposals,
30 or request for qualifications.

31 (2) A written determination under subdivision (c)(1) of this
32 section shall include the following:

33 (A) A specific description of the products or services
34 that the Office of State Procurement or procurement agency seeks to procure;
35 and

36 (B) A detailed statement of the reasons the combined

1 experience of the key personnel of a bidder or offeror would be insufficient.

2
3 19-61-408. Procurements for services in designated positions and
4 designated financial and information technology positions.

5 A contract for services with a person employed or entity employing
6 persons in a designated position or designated financial or information
7 technology position as defined in § 21-15-101 shall require compliance with
8 the registry records check and criminal history records check laws under §
9 21-15-101 et seq.

10
11 19-61-409. Compliance.

12 (a) A contractor shall ensure, in cooperation with a state agency,
13 that the contract between the contractor and the state agency adheres to the
14 requirements of this subtitle, including without limitation the inclusion of
15 any mandatory language and the submission of the contract for any required
16 review.

17 (b) The signature of a contractor on a contract with a state agency
18 serves as an acknowledgement that the contractor is:

19 (1) Equally responsible with the state agency for adhering to
20 the requirements of this subtitle related to the content and review of the
21 contract; and

22 (2) Subject to the relevant ethical provisions of § 19-64-101 et
23 seq.

24
25 19-61-410. Cancellation of contract on entry of final business closure
26 order – Definition.

27 (a) As used in this chapter, “final business closure order” means a
28 business closure order for which a contractor has either:

29 (1) Waived further administrative review under § 26-18-1001 et
30 seq.; or

31 (2) Exhausted all remedies to appeal under § 26-18-1001 et seq.

32 (b) The Revenue Division of the Department of Finance and
33 Administration shall provide to the Office of State Procurement all final
34 business closure orders entered into against a contractor.

35 (c) Upon receipt of a final business closure order, the office shall,
36 as soon as reasonably practicable:

1 (1) Notify each state agency with which the contractor has a
2 contract that the:

3 (A) Contractor is subject to a final business closure
4 order; and

5 (B) Provision of any goods or services, or both, under a
6 contract with the contractor that is subject to a final business closure
7 order shall cease as soon as reasonably practicable; and

8 (2) Notify all state agencies that the contractor that is
9 subject to a final business closure order shall not be awarded or maintain a
10 contract with a state agency unless the office provides notice under
11 subsection (d) of this section.

12 (d) Upon receipt of information that a contractor has resolved a
13 business closure, the office shall notify all state agencies, as soon as
14 reasonably practicable, that:

15 (1) Any unexpired contracts with the contractor may continue if
16 the contract was not terminated, cancelled, suspended, or discontinued; and

17 (2) The contractor may be awarded or maintain a contract with a
18 state agency.

19

1 (B) Items under state contract are excluded.

2

3 19-61-502. Methods of source selection.

4 Unless otherwise authorized by law, all contracts shall be awarded by

33 would charge for the commodities or services, or both.

34

35 19-61-504. Competitive bidding.

36 (a) A competitive bid form authorized by the State Procurement

1 Director shall be completed for competitive bidding.

2 (2) If three (3) competitive bids are not obtained on purchases
3 when competitive bids are required, the competitive bid form must show the
4 names of at least three (3) firms contacted in attempting to obtain
5 competition or show the reason three (3) firms were not contacted.

6 (3)(A) Only firms that sell the type of commodity or service to
7 be procured shall be contacted for competitive bidding.

8 (B) The purchase procedures outlined in this section shall
9 not apply to commodities, technical and general services, and professional
10 and consultant services under state contract.

11 (b)(1) Contracts in which the purchase price exceeds twenty thousand
12 dollars (\$20,000) and is less than or equal to seventy-five thousand dollars
13 (\$75,000) may be awarded by use of competitive bidding procedures.

14 (2) However, in instances under subdivision (b)(1) of this
15 section, competitive sealed bidding is permitted.

16 (c)(1)(A) All procurements under this section shall be awarded to the
17 responsive and responsible bidder who has submitted the lowest bid that meets
18 the requirements, criteria, and specifications.

19 (B) Delivery time required shall be reasonable and
20 consonant with current industry norms.

21 (2) Complete justification shall be given if an award is made to
22 a bidder other than the low bidder.

23 (d) Repeated small quantity procurements to circumvent the competitive
24 bid limits or failure to obtain competitive bids without justification shall
25 constitute a violation of competitive bidding procedures and shall result in
26 withdrawal of the state agency's competitive bid privileges.

27

28 19-61-505. Competitive sealed bidding.

29 (a)(1) Contracts exceeding an estimated purchase price of seventy-five
30 thousand dollars (\$75,000) shall be awarded by competitive sealed bidding
31 unless a determination is made in writing by the agency procurement official
32 or the State Procurement Director that this method is not practicable and
33 advantageous and specifically states the reasons that this method is not
34 practicable and advantageous.

35 (2) The director may provide by rule that it is not practicable
36 to procure specified types of commodities, technical and general services, or

1 professional and consultant services by competitive sealed bidding.

2 (3) Factors to be considered in determining whether competitive
3 sealed bidding is not practicable shall include whether:

4 (A) Purchase descriptions are suitable for award on the
5 basis of the lowest evaluated bid price; and

6 (B) The available sources, the time and place of
7 performance, and other relevant circumstances are appropriate for the use of
8 competitive sealed bidding.

9 (b) When it is considered impractical to initially prepare a purchase
10 description to support an award based on price, an invitation for bids may be
11 issued requesting the submission of unpriced technical proposals to be
12 followed by an invitation for bids limited to those bidders whose technical
13 proposals meet the requirements set forth in the first invitation for bids.

14 (c) Notice inviting bids shall:

15 (1) Be given not fewer than five (5) calendar days nor more than
16 ninety (90) calendar days preceding the date for the opening of bids by
17 publishing the notice at least one (1) time in at least one (1) newspaper
18 having general circulation in the state or posting by electronic media, but
19 in all instances, adequate notice shall be given;

20 (2) Include a general description of the commodities, technical
21 and general services, or professional and consultant services to be procured;

22 (3) State where invitations for bids may be obtained;

23 (4) State the date, time, and place of bid opening; and

24 (5) State the time, date, and place of the solicitation
25 conference if a solicitation conference is to be held before the opening of
26 bids to provide information to prospective bidders.

27 (d) Bids shall be opened publicly in the presence of one (1) or more
28 witnesses at the time and place designated in the invitation for bids. Each
29 bid, together with the name of the bidder, shall be recorded and open to
30 public inspection.

31 (e)(1)(A) Bids shall be evaluated based on the requirements set forth
32 in the invitation for bids.

33 (B) Requirements set forth in the invitation for bids may
34 include criteria to determine acceptability such as:

35 (i) Inspection;

36 (ii) Testing;

1 (iii) Quality;
2 (iv) Workmanship;
3 (v) Delivery;
4 (vi) Past performance; and
5 (vii) Suitability for a particular purpose and
6 criteria affecting price such as life-cycle or total ownership costs.

7 (2)(A) The invitation for bids shall set forth the evaluation
8 criteria to be used.

9 (B) Criteria may not be used in bid evaluation that were
10 not set forth in the invitation for bids.

11 (3)(A) A time discount may be considered in the evaluation of a
12 bid only:

13 (i) If the state agency specifically solicits
14 pricing that requests a time discount; and

15 (ii) Under the structured terms of the invitation
16 for bids.

17 (B) If a bidder offers a time discount as part of its bid
18 without the solicitation of time discounts by the state agency, the state
19 agency shall not consider the time discount.

20 (f)(1) Correction of patent or provable errors in bids that do not
21 prejudice other bidders or withdrawal of bids may be allowed only to the
22 extent permitted under rules promulgated by the director and upon written
23 approval of the Attorney General or a designee of the Attorney General.

24 (2) An award shall not be made on the basis of a corrected bid,
25 if the corrected bid exceeds the next lowest bid of a responsible bidder.

26 (3)(A) The director or an agency procurement official may seek
27 the clarification of a submitted bid.

28 (B) A written response by a bidder under this subsection
29 shall only clarify the submitted bid and shall not add any substantive
30 language to the submitted bid or change the terms of the submitted bid.

31 (C) If the bidder fails or refuses to clarify any matter
32 questioned about the bidder's bid in writing by the deadline set by the
33 director or agency procurement official, the bid may be rejected.

34 (D) If the bidder clarifies the matter questioned under
35 this subsection in writing, the clarification shall be evaluated and become a
36 part of any contract awarded on the basis of the bidder's bid.

1 (g)(1) The contract shall be awarded with reasonable promptness by
2 written notice to the lowest responsible bidder whose bid meets the
3 requirements and criteria set forth in the invitation for bids.

4 (2)(A) Except with respect to a contract being procured for a
5 construction project, the director or the head of a procurement agency may
6 negotiate a lower bid price, including changes in the bid requirements, with
7 the lowest responsive and responsible bidder if:

8 (i) All bids received from responsive and
9 responsible bidders exceed available funding as certified by the appropriate
10 fiscal officer of the procurement agency; or

11 (ii) It appears that additional savings to the state
12 may result from negotiation.

13 (B)(i)(a) If negotiations with the lowest responsive and
14 responsible bidder conducted under subdivision (g)(2)(A) of this section fail
15 to result in a lower bid price, the state may negotiate for a lower bid price
16 with the next lowest responsive and responsible bidder.

17 (b) If negotiations with the next lowest
18 responsive and responsible bidder under subdivision (g)(2)(B)(i)(a) of this
19 section fail to result in a lower bid price, the state may negotiate for a
20 lower bid price with the next lowest responsive and responsible bidder until
21 an acceptable lower bid price is negotiated or the state determines that
22 negotiations are no longer in the best interest of the state.

23 (ii) A bid price resulting from negotiations
24 conducted under this section shall not be higher than:

25 (a) The bid price originally submitted by the
26 lowest responsive and responsible bidder; or

27 (b) A price previously offered in negotiations
28 by a responsive and responsible bidder.

29 (iii) Negotiations conducted under this section do
30 not preclude the use of other methods of source selection or procurement
31 authority provided under this chapter.

32 (C)(i) Negotiations under this subsection shall be
33 conducted by a person who is trained and certified in negotiation and
34 procurement processes.

35 (ii)(a) The Office of State Procurement shall
36 provide for the training and certification required under this subsection.

1 (b) The training provided by the office shall
2 be specific to Arkansas law.

3 (3) All other bidders requesting to be notified of the award
4 decision shall be promptly notified of the decision.

5 (h)(1) An invitation for bids may be cancelled or any or all bids may
6 be rejected in writing by the director or the agency procurement official.

7 (2) Before the rejection of a bid by the director, the decision
8 to reject the bid may be validated with the state agency for which the
9 procurement is being conducted.

10 (3) A bid may be rejected for failure to adhere to mandatory
11 requirements.

12
13 19-61-506. Competitive sealed proposals.

14 (a) When the use of competitive sealed bidding is not practicable and
15 advantageous, a contract may be awarded by competitive sealed proposals.

16 (b) Public notice of the request for proposals shall be given in the
17 same manner as provided in § 19-61-505, which refers to public notice of
18 competitive sealed bidding.

19 (c)(1) The request for proposals shall indicate the relative
20 importance of price and other evaluation factors.

21 (2)(A) Except as provided in subdivision (d)(2)(B) of this
22 section, cost shall be weighted at least thirty percent (30%) of the total
23 evaluation score for a proposal submitted in response to the request for
24 proposals.

25 (B)(i) The State Procurement Director may approve that
26 cost be weighted at a lower percentage of the total evaluation score for a
27 proposal submitted in response to a request for proposals if the director
28 makes a written determination that the lower percentage is in the best
29 interest of the state.

30 (ii) A state agency's failure to obtain the approval
31 of the director under this subsection for a request for proposals with cost
32 weighted at a lower percentage than required under subdivision (c)(2)(A) of
33 this section is grounds for submitting a protest under § 19-61-701.

34 (C) The use of a lower percentage under subdivision
35 (c)(2)(B) of this section and the corresponding written determination by the
36 director shall be submitted to the Legislative Council or, if the General

1 Assembly is in session, the Joint Budget Committee, for review before the
2 request for proposals is issued.

3 (3) The state's prior experience with an offeror may be
4 considered and scored as part of the offeror's proposal only:

5 (A) To the extent that the request for proposals requests
6 that all offerors provide references; and

7 (B) If the offeror's past performance with the state
8 occurred no more than three (3) years before the offeror submitted the
9 proposal.

10 (4) A state agency shall not include prior experience with the
11 state as a mandatory requirement for submitting a proposal under this
12 section.

13 (d)(1) As provided in the request for proposals and under rule,
14 discussions may be conducted with responsible offerors who submit proposals
15 determined to be reasonably susceptible of being selected for award for the
16 purpose of:

17 (A) Clarifying solicitation requirements to assure full
18 understanding of and responsiveness to the solicitation requirements; or

19 (B) Negotiating a contract that is more advantageous to
20 the state.

21 (2)(A) If discussions conducted after the deadline for the
22 receipt of proposals necessitate material revisions of proposals, each
23 offeror determined to be responsible and reasonably susceptible of being
24 awarded a contract shall be provided an opportunity to revise the offeror's
25 proposal for the purpose of submitting a best and final offer.

26 (B) An offeror may be permitted to revise the offeror's
27 original proposal as a result of discussions only after the original
28 submission deadline and before award for the purpose of providing a best and
29 final offer.

30 (C)(i) Before issuing the notice of award of a contract,
31 the director or the agency procurement official may request a best and final
32 offer from each responsible offeror that is reasonably susceptible of being
33 awarded the contract.

34 (ii) In responding to a request for a best and final
35 offer, an offeror may:

36 (a) Resubmit the offeror's original proposal

1 with lower pricing or additional benefits, or both, in accordance with the
2 specifications of the request for proposals; or

3 (b) Submit a written response that states that
4 the offeror's original proposal, including without limitation the pricing,
5 remains unchanged.

6 (iii) If a best and final offer is requested, the
7 director or the agency procurement official shall evaluate each proposal
8 submitted in response to the request for a best and final offer in
9 determining the proposal that is the most advantageous to the state.

10 (3) In conducting discussions, information derived from a
11 proposal submitted by a competing offeror shall not be disclosed until after
12 a notice of anticipation to award is announced.

13 (e)(1) The director or an agency procurement official may seek the
14 clarification of a submitted proposal.

15 (2) A written response by an offeror under this subsection shall
16 only clarify the submitted proposal and shall not add any substantive
17 language to the submitted proposal or change the terms of the submitted
18 proposal.

19 (3) If the offeror fails or refuses to clarify any matter
20 questioned about the offeror's proposal in writing by the deadline set by the
21 director or agency procurement official, the proposal may be rejected.

22 (4) If the offeror clarifies the matter questioned under this
23 subsection in writing, the clarification shall be evaluated and become a part
24 of any contract awarded on the basis of the offeror's proposal.

25 (f)(1) Award under this section shall be made to the responsible
26 offeror whose proposal is determined in writing to be the most advantageous
27 to the state, taking into consideration price, the evaluation factors set
28 forth in the request for proposals, any best and final offers submitted, and
29 the results of any discussions conducted with responsible offerors.

30 (2) Factors or criteria that are not specified in subdivision
31 (f)(1) of this section shall not be used in the evaluation of a proposal.

32 (3) If it is determined that two (2) or more responsible
33 offerors have tied scores after the evaluation of the proposals, the award
34 under this section shall be made to the responsible offeror that had one (1)
35 of the tied scores and submitted the lowest price proposal.

36 (4) The director or the agency procurement official may enter

1 into negotiations with the responsible offeror whose proposal is determined
2 in writing to be the most advantageous to the state when the best interests
3 of the state would be served, including without limitation when the state can
4 obtain:

5 (A) A lower price without changes to the terms or
6 specifications of the request for proposals; or

7 (B) An improvement to the terms or specifications, or
8 both, of the request for proposals without increasing the price of the
9 proposal.

10 (g)(1) The Office of State Procurement shall:

11 (A) Encourage full discussion by the evaluators who are
12 evaluating proposals submitted in response to a request for proposals under
13 this section; and

14 (B) Develop tools and templates to be used in evaluating
15 proposals submitted in response to a request for proposals under this section
16 that optimize the number of material scored attributes and provide for a
17 limited range of possible scores for each attribute.

18 (2)(A) A state agency may use one (1) or more private evaluators
19 to evaluate proposals submitted in response to a request for proposals under
20 this section.

21 (B) A private evaluator used under this subsection shall
22 be:

23 (i) Held to the same requirements and prohibitions
24 regarding conflicts of interest as state employees;

25 (ii) A qualified volunteer, unless the state does
26 not have the necessary expertise to evaluate the proposals, in which case a
27 paid private evaluator may be used; and

28 (iii) Eligible for travel reimbursement if the state
29 agency decides to make travel reimbursement available.

30 (C) The use of a private evaluator is not required.

31 (D) If a state agency uses one (1) or more private
32 evaluators, the use of a private evaluator shall be disclosed in the
33 procurement file and in any information submitted to the Legislative Council
34 or, if the General Assembly is in session, the Joint Budget Committee.

35 (h)(1) A competitive sealed proposal may be cancelled or any or all
36 proposals may be rejected in writing by the director or the agency

1 procurement official.

2 (2) Before the rejection of a proposal by the director, the
3 decision to reject the proposal may be validated with the evaluation
4 committee that evaluated the proposal.

5 (3) A proposal may be rejected for failure to adhere to
6 mandatory requirements.

7

8 19-61-507. Proprietary or sole source procurements.

9 (a) Under rules promulgated under this chapter, a contract may be
10 awarded for a required or designated commodity or service to a sole or
11 mandatory supplier when the State Procurement Director, the head of a
12 procurement agency, or a designee of either officer above the level of agency
13 procurement official determines in writing that it is not practicable to use
14 other than the required or designated commodity or service.

15 (b) Unless a written determination is made that there is only one (1)
16 source for the required or designated commodity or service, efforts shall be
17 made to obtain price competition.

18

19 19-61-508. Emergency procurements – Definition.

20 (a) The State Procurement Director, the head of a procurement agency,
21 or a designee of either officer may make or authorize others to make
22 emergency procurements as defined in § 19-61-501(4) and in accordance with
23 rules promulgated by the director.

24 (b)(1) A person or a state agency that makes an emergency procurement
25 under this section shall:

26 (A) Receive at least three (3) competitive bids unless the
27 emergency is a critical emergency; and

28 (B) Complete a quotation abstract that includes the:

29 (i) Names of the firms contacted;

30 (ii) Time that each firm was contacted;

31 (iii) Quoted price obtained from each contacted
32 firm; and

33 (iv) Method used for contacting each firm.

34 (2) As used in this subsection, “critical emergency” means an
35 emergency in which human life or health is imminently endangered.

36

1 19-61-509. Multiple award contracts.

2 (a)(1) Multiple award contracts may be made only if the State
3 Procurement Director or an agency procurement official determines in writing
4 that a single award is not advantageous to the State of Arkansas.

5 (2) The determination under subdivision (a)(1) of this section
6 shall state in writing a rationale and basis for the multiple award contract.

7 (3) Multiple award contracts shall be limited to the least
8 number of suppliers necessary to meet the requirements of the using agencies.

9 (b) If the director or agency procurement official anticipates that
10 multiple award contracts will be made, the invitation for bids shall include
11 a notification of the right of the Office of State Procurement or agency to
12 make such an award and the criteria upon which such an award will be based.
13

14 19-61-510. Special procurements.

15 (a) Notwithstanding any other provision of this chapter, the State
16 Procurement Director or the head of a procurement agency may initiate a
17 procurement above the competitive bid amount specified in § 19-61-504, when
18 the director or the head of a procurement agency determines that an unusual
19 or unique situation exists that makes the application of all requirements of
20 competitive bidding, competitive sealed bidding, or competitive sealed
21 proposals contrary to the public interest.

22 (b) A written determination under this section of the basis for the
23 procurement and for the selection of the particular contractor shall be
24 included by the director or the head of a procurement agency in the contract
25 file, and he or she shall file a monthly report with the Legislative Council
26 describing all written determinations under this section.
27

28 19-61-511. Cost-plus-a-percentage-of-cost and cost-plus-a-fixed-fee
29 contracts.

30 As used in this chapter, the cost-plus-a-percentage-of-cost and cost-
31 plus-a-fixed-fee system may be used under the authority of the State
32 Procurement Director when:

33 (1) There exists no other economically practicable price
34 arrangement to secure the commodity;

35 (2) A cost saving may be proved over the least expensive
36 alternative; or

1 (3) The pricing schedule involved is tied to an industry
2 standard or other reliable system of cost prediction.

3
4 19-61-512. Multiyear contracts.

5 (a) Specified Period. Unless otherwise provided by law, a contract for
6 commodities or services may be entered into for periods of not more than
7 seven (7) years if funds for the first fiscal year of the contemplated
8 contract are available at the time of contracting. Payment and performance
9 obligations for succeeding fiscal years shall be subject to the availability
10 and appropriation of funds therefor.

11 (b) Determination Prior to Use. Prior to the utilization of a multiyear
12 contract, it shall be determined in writing that:

13 (1) Estimated requirements cover the period of the contract and
14 are reasonably firm and continuing;

15 (2) A multiyear contract will serve the best interests of the
16 state by encouraging effective competition or otherwise promoting economies
17 in state procurement; and

18 (3) In the event of termination of the multiyear contract for
19 any reason, the contract provides for cessation of services or surrender by
20 the state of the commodities and repayment to the state of any accrued
21 equity, or both cessation of services and surrender by the state of the
22 commodities and repayment to the state of any accrued equity.

23 (c) Termination Due to Unavailability of Funds in Succeeding Years.

24 (1) Original terms of a multiyear contract shall not exceed four
25 (4) years.

26 (2) When funds are not appropriated or otherwise made available
27 to support continuation of performance in a multiyear contract, the multiyear
28 contract shall be terminated and the contractor may be reimbursed for the
29 reasonable value of any nonrecurring costs incurred but not amortized in the
30 price of the commodities or services delivered under the multiyear contract.

31 (3) The cost of termination under subdivision (c)(2) of this
32 section may be paid from:

33 (A) Appropriations currently available for performance of
34 the multiyear contract;

35 (B) Appropriations currently available for procurement of
36 similar commodities or services and not otherwise obligated; or

1 (C) Appropriations made specifically for the payment of
2 such termination costs.

3
4 19-61-513. Finality of determinations.

5 The following determinations are final and conclusive, unless they are
6 clearly erroneous, arbitrary, capricious, or contrary to law:

7 (1) The determinations required by § 19-61-505(g), which refers
8 to competitive sealed bidding, award;

9 (2) The determinations required by § 19-61-506(a), which refers
10 to competitive sealed proposals, conditions for use;

11 (3) The determinations required by § 19-61-506(f), which refers
12 to competitive sealed proposals, award;

13 (4) The determinations required by § 19-61-507, which refers to
14 proprietary or sole source procurements;

15 (5) The determinations required by § 19-61-508, which refers to
16 emergency procurements;

17 (6) The determinations required by § 19-61-504, which refers to
18 competitive bidding;

19 (7) The determinations required by § 19-61-401, which refers to
20 responsibility of bidders and offerors, determination of responsibility;

21 (8) The determinations required by § 19-61-512(b), which refers
22 to multiyear contracts, determination prior to use; and

23 (9) The determinations required by § 19-61-510, which refers to
24 special procurements.

25
26 19-61-514. Specifications – Definition.

27 (a) Definition.

28 (1) “Specification” means any technical or purchase description
29 or other description of the physical or functional characteristics, or of the
30 nature, of a commodity or service.

31 (2) “Specification” may include a description of any requirement
32 for inspecting, testing, or preparing a commodity or service for delivery.

33 (b) The State Procurement Director shall promulgate rules governing
34 the preparation, maintenance, and content of standard and nonstandard
35 specifications for commodities, technical and general services, and
36 professional and consultant services procured by the Office of State

1 Procurement.

2 (c) Maximum Practicable Competition. All specifications under this
3 section shall be drafted so as to assure the maximum practicable competition
4 for the state's actual requirements.

5

6 19-61-515. Preferences among bidders – Conflicts with federal law –
7 Definitions.

8 (a) Definitions.

9 (1) The definitions in this subsection do not apply to other
10 sections of this chapter.

11 (2) As used in this section:

12 (A) "Commodities" means materials and equipment used in
13 the construction of public works projects;

14 (B) "Firm resident in Arkansas" means any individual,
15 partnership, association, or corporation, whether domestic or foreign, that:

16 (i) Maintains at least one (1) staffed office in
17 this state;

18 (ii) For not fewer than two (2) successive years
19 immediately before submitting a bid, has paid taxes under the Division of
20 Workforce Services Law, § 11-10-101 et seq., unless exempt, and either the
21 Arkansas Gross Receipts Act of 1941, § 26-52-101 et seq., or the Arkansas
22 Compensating Tax Act of 1949, § 26-53-101 et seq., on property used or
23 intended to be used for or in connection with the firm's business; and

24 (iii) Within the two-year period, has paid taxes to
25 one (1) or more counties, school districts, or municipalities of the State of
26 Arkansas on either real or personal property used or intended to be used or
27 in connection with the firm's business;

28 (C) "Lowest qualified bid" means the lowest bid that
29 conforms to the specifications and request for bids;

30 (D) "Nonresident firm" means a firm that is not included
31 in the definition of a "firm resident in Arkansas"; and

32 (E) "Public agency" means all counties, municipalities,
33 and political subdivisions of the state.

34 (b)(1)(A) In the purchase of commodities by competitive bidding, a
35 public agency shall accept the lowest qualified bid from a firm resident in
36 Arkansas.

1 (B) This bid shall be accepted only if the bid does not
2 exceed the lowest qualified bid from a nonresident firm by more than five
3 percent (5%) and if one (1) or more firms resident in Arkansas made written
4 claim for a preference at the time the bids were submitted.

5 (C)(i) In calculating the preference to be allowed, the
6 appropriate procurement officials, pursuant to this section and §§ 19-61-101
7 – 19-61-111, 19-61-117, 19-61-201 – 19-61-209, 19-61-301 – 19-61-303, 19-61-
8 401 – 19-61-403, 19-61-501 – 19-61-508, 19-61-511 – 19-61-514, 19-61-601 –
9 19-61-603, 19-61-701 – 19-61-705, and 19-61-801 – 19-61-811, shall take the
10 amount of each bid of the Arkansas dealers who claimed the preference and
11 deduct five percent (5%) from its total.

12 (ii) If after making the deduction under subdivision
13 (b)(1)(C)(i) of this section, the bid of an Arkansas bidder claiming the
14 preference is lower than the bid of the nonresident firm, then the award
15 shall be made to the Arkansas firm that submitted the lowest bid, whether or
16 not that particular Arkansas firm claimed the preference.

17 (2)(A) The preference provided for in this section applies only
18 in comparing bids when one (1) or more bids are by a firm resident in
19 Arkansas and the other bid or bids are by a nonresident firm.

20 (B) The preference provided for under this section does
21 not apply to competing bids if both bidders are firms resident in Arkansas,
22 as defined in this section.

23 (C)(i) All public agencies shall be responsible for
24 carrying out the spirit and intent of this section in their procurement
25 policies.

26 (ii) A public agency that, through an employee or
27 designated agent, is found guilty of violating this section or committing an
28 unlawful act under this section, is guilty of an unclassified misdemeanor.

29 (D) Notwithstanding any other provisions of Arkansas law,
30 upon conviction that person is subject to imprisonment for not more than six
31 (6) months or a fine of not more than one thousand dollars (\$1,000), or both.

32 (E)(i) If a provision or condition of this chapter
33 conflicts with a provision of federal law or a rule or regulation made under
34 federal law pertaining to federal grants-in-aid programs or other federal aid
35 programs, the provision or condition does not apply to the federal-supported
36 contracts for the purchase of commodities to the extent that the conflict

1 exists.

3 chapter with which there is no conflict apply to contracts to purchase

12 supplying water or wastewater utility services, operations, or maintenance to
13 a federal military installation by a municipality of the state.

15 19-61-516. High efficiency lighting – Preference – Definitions.

16 (a)(1) The General Assembly finds:

17 (A) The expansion of state government makes it one of the
18 state's leading purchasers of lighting commodities;

19 (B) Recent technological developments have produced
20 energy-efficient devices that reduce energy costs through a reduction in
21 energy usage; and

22 (C) Prudent use of taxpayer dollars dictates that the
23 State of Arkansas should be at the forefront of implementing energy-efficient
24 devices in facilities operated with public funds.

25 (2) The intent of this section is to promote the use of high
26 efficiency lighting in facilities operated with public funds when feasible.

27 (b) As used in this section:

28 (1)(A) "Fluorescent lamp" means a gas-discharge lamp that:

29 (i) Utilizes a magnetic, electronic, or other
30 ballast; and

31 (ii) Uses electricity to excite mercury vapor in
32 argon or neon gas resulting in a plasma that produces short-wave ultraviolet
33 light that causes a phosphor to fluoresce and produce visible light.

34 (B) "Fluorescent lamp" includes without limitation a
35 compact fluorescent lamp;

36 (2) "High efficiency lighting" means fluorescent lamp or solid

1 state lighting;

2 (3) "Solid state lighting" means a light device that utilizes

11 Assembly, including the Legislative Council and the Legislative Joint
12 Auditing Committee and supporting agencies and bureaus of the General
13 Assembly, the Supreme Court, the Court of Appeals, circuit courts,
14 prosecuting attorneys, and the Administrative Office of the Courts.

15 (c) When a state agency purchases or requires a bid for the purchase
16 of an indoor lamp, a preference for high efficiency lighting shall be
17 exercised if the use of high efficiency lighting is technically feasible and
18 the price is competitive with consideration given to the long-term cost
19 effectiveness and savings of high efficiency lighting.

20 (d)(1) The goal of state agencies for the percentage of purchased
21 indoor lamps that are high efficiency lighting shall be one hundred percent
22 (100%).

23 (2) The Office of State Procurement shall prepare an annual
24 report to the Legislative Council of the state's progress in meeting the
25 goals for the purchase of high efficiency lighting.

28 Findings.

29 (a) The General Assembly finds that:

30 (1) Performance-based contracts provide an effective and
31 efficient method of monitoring and evaluating the overall quality of services

35 an essential requirement for measuring performance.

36 (b)(1) A state agency, board, commission, or institution of higher

1 education that enters into a contract under this subtitle to procure services
2 that has a contract amount of at least one million dollars (\$1,000,000) in a

6 contract that are specifically tailored to the services being provided under
7 the contract.

8 (2) The performance-based standards used under this subsection
9 shall include performance measures based on objective factors.

10 (3) A state agency, board, commission, or institution of higher
11 education is encouraged to use performance-based standards that are based on
12 objective factors in any other contract in which it would serve the best
13 interest of the state.

14 (c) A state agency, board, commission, or institution of higher
15 education that enters into a contract with performance-based standards:

16 (1)(A) Shall monitor the vendor's performance and adherence to
17 the performance-based standards in the contract.

18 (B) For state contracts, the Office of State Procurement
19 is the state agency that monitors each vendor's performance under this
20 subdivision (c)(1); and

21 (2) May impose financial consequences, as identified in the
22 contract, on a vendor that is party to a contract with performance-based
23 standards for failure to satisfy the performance-based standards, including
24 without limitation withholding payment or pursuing liquidated damages to the

32 were collusive, submitted in bad faith, or not arrived at independently
33 through open competition; or

34 (v) The award of the contract resulted from a
35 technical or mathematical error made during the evaluation process; and

36 (B) State facts that substantiate each ground on which the

1 protest is based.

2 (5)(A) A person named in an anticipation to award a contract
3 that is protested under this section may file a written response to the
4 protest.

5 (B) A response to a protest submitted under subdivision

8 (g) When the protest is sustained and the successfully protesting
9 bidder or offeror was denied the contract award, the protesting bidder or
10 offeror may be entitled to the reasonable costs incurred in connection with
11 the solicitation, including bid preparation costs, through the commission.

12 (h) An actual or prospective bidder, offeror, or contractor who is
13 aggrieved by a protest submitted under this section that was without merit or

26 be exercised in accordance with the law governing the Arkansas State Claims
27 Commission and the rules promulgated by the State Procurement Director.

28 (c)(1) If a claim or controversy as described in this section is not
29 resolved by mutual agreement, and after reasonable notice to the contractor
30 and reasonable opportunity for the contractor to present the claim or
31 controversy in accordance with the rules promulgated by the director, then
32 the head of a procurement agency, the director, or the designee of either
33 officer shall promptly issue a decision in writing.

4 of either officer does not issue the written decision required under
5 subsection (c) of this section within one hundred twenty (120) days after
6 written request for a final decision, or within such longer period as may be

16 proposed award shall be:

17 (1) Cancelled; or

18 (2) Revised to comply with the law.

19 (c) If after an award it is determined that a solicitation or award of

31 CHAPTER 62

32 BIDDING – STATE INDUSTRY PRIORITY

33
34 Subchapter 1. General Provisions

35 Subchapter 2. Bidding Priority

36

1 Subchapter 1 – General Provisions

2
3 19-62-101. Purpose.

4 The purpose of this chapter is to protect Arkansas private industries
5 which employ Arkansas taxpayers and citizens from the unfair advantage held
6 by certain out-of-state correctional institutions that utilize convict labor
7 and are exempt from minimum wage requirements, Occupational Safety and Health
8 Act of 1970 requirements, and other such standards which are imposed on
9 private industries and which increase the costs of products manufactured by
10 private industries. This advantage which is enjoyed by many out-of-state
11 correctional institutions allows the out-of-state correctional institutions
12 to often receive contracts under the Arkansas Procurement Law, § 19-61-101 et
13 seq., bidding process when Arkansas private industries also submit bids, thus
14 hindering a healthy competitive environment for the private industries of
15 this state.

16
17 19-62-102. Definitions.

18 As used in this chapter, unless the context otherwise requires:

19 (1) "Bid" means a proposal submitted to the state for the sale
20 of products to the state;

21 (2) "Correctional institution" means a penitentiary, jail,
22 prison, reformatory, or other such establishment owned, operated, or funded
23 by a state or local government in which incarcerated criminals are kept;

24 (3) "Private industry" means a manufacturer, maker of products,
25 company, corporation, or firm that is not a department, division, or arm of
26 the federal, state, or local governments;

27 (4) "Private industry located within the State of Arkansas"
28 means private industry that is located in Arkansas, employing Arkansas
29 citizens and taxpayers as laborers in the process of manufacturing goods and
30 products within this state; and

31 (5) "State" means the government of the State of Arkansas and
32 all departments, branches, agencies, and subdivisions of the state.

33
34 19-62-103. Provisions controlling.

35 Where provisions of this chapter are inconsistent with provisions of
36 the current Arkansas Procurement Law, § 19-61-101 et seq., the provisions in

1 this chapter shall control.

2

3

Subchapter 2 – Bidding Priority

4

5 19-62-201. Priority for state industries.

6 In the bidding process for the sale of products for use by the state, a
7 bid submitted by a private industry located within the State of Arkansas and
8 employing Arkansas taxpayers shall be given priority over a bid submitted by
9 an out-of-state correctional institution employing convict labor.

10

11 19-62-202. Award to lowest state bidder – Exceptions.

12 Subject to any applicable bonding requirements, in all bidding
13 procedures involving a bid by one (1) or more out-of-state correctional
14 institutions and a bid by one (1) or more private industries located within
15 the State of Arkansas, the contract shall be awarded to the sole Arkansas
16 bidder or lowest Arkansas bidder if the Arkansas bidder is not underbid by
17 more than five percent (5%), as provided in § 19-61-515, by another
18 representative of private industry located outside the State of Arkansas or
19 by more than fifteen percent (15%) by an out-of-state correctional
20 institution.

21

22 19-62-203. Underbid by nonresident industry or correctional
23 institution.

24 Subject to any applicable bonding requirements, if a private Arkansas
25 bidder is underbid by more than five percent (5%), as provided in § 19-61-
26 515, by another representative of private industry located outside the State
27 of Arkansas or is underbid by more than fifteen percent (15%) by an out-of-
28 state correctional institution, the state contract shall be awarded to the
29 lowest responsible bidder, whether that bidder is a correctional institution
30 or is a representative of private industry.

21 (b) Schools and school districts desiring to obtain federal surplus
22 materials, equipment, and similar property, shall apply to the division on
23 blanks furnished by the division for that purpose.

24 (c) Schools and school districts applying to the division to purchase
25 surplus materials, equipment, and other property from the United States
26 Government shall pay cash for it by drawing a voucher or warrant in favor of
27 the United States Government for the purchase price of the surplus materials,
28 equipment, and other property.

29

30 19-63-103. Service charge.

31 (a) The Division of Emergency Management may add to the cost of
32 surplus properties secured by the State Agency for Surplus Property an amount
33 necessary to defray the expense of this service and to repay into the
34 Revolving Loan Fund loans made to the agency as provided in this section.

35 (b) The division may establish service charges in such amounts as may
36 be necessary to cover the expenses of the department in administering special

1 federal service programs for schools and agencies. These charges are to be
2 paid by the school, institution, or agency in the amount designated by the
3 division.

4 (c) The division shall take such action as is necessary to collect
5 such charges and may, in its discretion, withhold from any state moneys over
6 which the division has control funds necessary to pay the amounts owing by
7 such school districts and agencies.

8 (d) It is the intention of the General Assembly that the schools and
9 agencies shall pay for such services amounts sufficient to reimburse the
10 division for expenses incurred in the operation of the federal Surplus
11 Property Program and in the operation of special federal service programs.

12

13 19-63-104. Rural water associations.

14 Rural water associations are eligible to participate in the federal
15 Surplus Property Program operated under Pub. L. No. 81-152 and Pub. L. No.
16 81-754 as now administered by the Division of Emergency Management.

17

18 19-63-105. Authority to transfer excess military property to state and
19 local agencies – Service charge.

20 The Law Enforcement Support Office may:

21 (1) Cooperate with the United States Government under 10 U.S.C.
22 § 2576a in the transfer of excess military property to state and local law
23 enforcement agencies:

24 (A) Whose primary function is the enforcement of
25 applicable federal, state, and local laws; and

26 (B) Whose compensated law enforcement officers have powers
27 of arrest and apprehension, including without limitation counter-drug and
28 counter-terrorism activities;

32 needed by the state. The policy is implemented by prescribing essential
33 restrictions against conflict of interest without creating unnecessary
34 obstacles to entering public service.

35 (b) Public employees must discharge their duties impartially so as to
36 assure fair competitive access to governmental procurement by responsible

1 contractors. Moreover, they should conduct themselves in such a manner as to
2 foster public confidence in the integrity of the state procurement

17
18 19-67-101. Definitions.

19 As used in this chapter:

20 (1) “Consultant services contract” means a contract between a
21 state agency and an individual or organization in which:

22 (A) The service to be rendered to the state agency or to a
23 third-party beneficiary under the contract is primarily the giving of advice
24 by the contractor on a particular problem facing the state agency or the
25 third-party beneficiary;

26 (B) The contractor is an independent contractor with
27 respect to the state agency;

28 (C) The state agency does not exercise managerial control
29 over the day-to-day activities of the contractor; and

30 (D) The contract specifies the results expected from the
31 services to be rendered by the contractor and the advice or assistance to be
32 provided;

33 (2) “Contractor” means a person or organization that executes a
34 contract with a state agency under which the person or organization agrees to
35 provide professional services or consultant services to the state agency, and
36 the individuals performing the services are not state employees occupying

1 regular full-time or part-time or extra help positions provided by law;

2 (3)(A) "Design professional contract" means a contract that is
3 primarily for:

4 (i) Minor projects that are time-critical; and

5 (ii) Remodeling projects that do not exceed two
6 million dollars (\$2,000,000) in cost.

7 (B) Design professional contracts are primarily for the
8 procurement of architectural, engineering, and professional services
9 competitively selected under §§ 19-65-101, 19-65-102, and 19-65-201 – 19-65-
10 205.

11 (C) Design professional contracts shall be reviewed by the
12 state agency or institution at least yearly and adjusted to reflect
13 historical expenditures.

14 (D)(i) A state agency shall follow applicable Building
15 Authority Division guidelines, procedures, and rules for the selection and
16 award of contracts.

17 (ii) However, a guideline, procedure, or rule of the
18 division shall not increase or decrease the:

19 (a) Dollar amount under subdivision (3)(A)(ii)
20 of this section; or

21 (b) Specified period under § 19-61-512(a).

22 (E) Institutions of higher education that are exempt from
23 review and approval of the division shall comply with this section;

24 (4) "Employee" means an individual drawing a salary from a state
25 agency, whether elected or not, and any nonsalaried individual performing
26 professional services for any state agency;

27 (5) "Professional services contract" means a contract between a
28 state agency and a contractor in which:

29 (A) The relationship between the contractor and the state
30 agency is that of an independent contractor rather than that of an employee;

31 (B) The services to be rendered consist of the personal
32 services of an individual that are professional in nature;

33 (C) The state agency does not have direct managerial
34 control over the day-to-day activities of the individual providing the
35 services;

36 (D) The contract specifies the results expected from the

1 rendering of the services rather than detailing the manner in which the
2 services shall be rendered; and

3 (E) Services rendered under a professional services
4 contract are rendered to the state agency itself or to a third-party
5 beneficiary; and

6 (6) "State agency" means a department, agency, board,
7 commission, or institution of higher education of the State of Arkansas.

8

9 19-67-102. Purpose of contracts.

10 The principal purpose of a professional services contract or a
11 consultant services contract is the procurement of services by the state
12 agency rather than the procurement of commodities.

13

14 19-67-103. Contracts exempted.

15 This chapter does not apply to:

16 (1) The contracts of the Arkansas Department of Transportation
17 that are covered by the technical work requirements and administrative
18 controls of the Federal Highway Administration;

19 (2) Contracts entered into by the department in which the costs
20 and fees are established by competitive bidding;

21 (3) Contracts of institutions of higher education that are for
22 services related to patents, copyrights, or trademarks; or

23 (4) Contracts created under federally approved state plans for
24 services reimbursed under Title V of the Social Security Act, 42 U.S.C. §§
25 701 – 710, or Title XIX of the Social Security Act, 42 U.S.C. §§ 1396 –
26 1396v, as they existed on January 1, 2001, if those contracts and services
27 conform to all applicable federal laws and rules, and to the ethical
28 standards provided for in § 19-64-201.

29

30 19-67-104. Restrictions on contracts.

31 (a) A contract under this chapter shall not be used to avoid the
32 purpose or the spirit of the General Accounting and Budgetary Procedures Law,
33 § 19-4-101 et seq.

34 (b) A contract shall not be approved that would be in violation of §
35 19-4-701 et seq. relating to expenditures.

36 (c)(1) Except as provided in this subsection, a state agency shall not

1 engage in a professional services or consultant services contract with a
2 part-time or full-time employee who occupies a position authorized to be paid
3 from extra help or regular salaries for a state agency, except as provided in
4 § 21-1-403.

5 (2) However, this subsection does not prohibit an institution of
6 higher education from executing a contract with a state agency under which
7 professional or consulting services will be performed by employees of the
8 institution of higher education.

9 (3) An employee of an institution of higher education performing
10 professional or consulting services to a state agency may receive additional
11 compensation if:

12 (A) The institution of higher education requests and
13 receives written approval from the Commissioner of the Division of Higher
14 Education concerning the amount of additional compensation to be paid to any
15 employee; and

16 (B) The total salary payments received from the employee's
17 regular salaried position and amounts received for services performed under a
18 professional services contract do not exceed one hundred twenty-five percent
19 (125%) of the maximum annual salary authorized by law for the employee's
20 position with the institution of higher education.

21 (d) A director or any other department head of a state agency shall
22 not receive additional compensation under this chapter.

23 (e)(1) A contract under which a state agency retains day-to-day
24 managerial control over the person performing the services or in which the
25 relationship between the contractor and the state agency is that of employer
26 and employee is not a professional services contract and is prohibited.

27 (2) However, the Division of Information Systems may employ
28 persons over whom they exercise day-to-day managerial control for those
29 services under § 25-4-112 for which professional services contracts may be
30 used.

31

32 Subchapter 2 – Procedural Requirements – Guidelines and Rules

33

34 19-67-201. General guidelines and rules.

35 The State Procurement Director, after soliciting suggestions from state
36 agencies and after seeking and receiving the advice of the Attorney General

1 and review by the Legislative Council or by the Joint Budget Committee, if
2 the General Assembly is in session, shall publish general guidelines for the
3 procurement of professional and consultant services contracts and general
4 rules governing the use of each type of contract.

5
6 19-67-202. Certification by agency head.

7 The head of a state agency shall certify by his or her signature on
8 each contract entered into by that state agency that:

9 (1) All information required by law and by rule is supplied;

10 (2) The proper contracting form is utilized;

11 (3) All information contained in the contract is true and
12 correct to the best of his or her knowledge and belief;

13 (4) All general guidelines prescribed by the State Procurement
14 Director have been complied with;

15 (5) The services proposed to be provided under the contract are
16 necessary for operation of the state agency in fulfilling its legal
17 responsibilities and cannot be provided by any existing state agency;

18 (6) The contractor is fully qualified to perform the contract
19 and does not have a vested interest in the subject matter of the contract
20 that would constitute a conflict of interest and a bar to the contractor's
21 providing services of a professional and disinterested quality;

22 (7) The contract terms are reasonable and the benefits to be
23 derived are sufficient to warrant the expenditure of the funds called for in
24 the contract;

25 (8) Sufficient funds are available to pay the obligations when
26 the obligations become due; and

27 (9) A projected total cost of the contract is provided to
28 include expenditures that may be incurred under all available periods of
29 extension if the extensions were executed.

30
31 19-67-203. Approval or disapproval of contracts.

32 (a) The State Procurement Director may make whatever additional
33 inquiry he or she deems necessary and may require that additional information
34 be supplied if he or she has reason to believe that the contract should be
35 rejected because it does not comply with this chapter.

36 (b) The director shall return to the contracting state agency any

1 contract that fails to comply with the applicable laws and rules governing
2 the contract and shall approve any contract that complies with this chapter.

3 (c)(1) The director has final authority over the supervision and
4 approval of all contracts described in this chapter.

5 (2) However, the director shall seek review of the Legislative
6 Council or the Joint Budget Committee before approving or disapproving any
7 contract or class or group of contracts authorized under this chapter, unless
8 the Legislative Council or Joint Budget Committee specifically exempts the
9 contract or class or group of contracts by formal committee action.

10
11 19-67-204. Filing of contracts.

12 Service contracts filed with a state agency under § 19-4-1108 shall be
13 available for public inspection and auditing purposes.

14
15 19-67-205. Review requirement.

16 (a)(1) Every contract for professional consultant services covered by
17 this chapter that is executed using the professional and consultant services
18 contract form approved by the State Procurement Director shall be filed with
19 the Office of State Procurement.

20 (2) The execution date of all contracts shall be defined as the
21 date upon which performance of the services to be rendered under the contract
22 is to begin and not the date upon which the agreement was made.

23 (b)(1) A purchase order shall not be paid if a copy of the contract
24 under which the payment is being made has not previously been filed with the
25 Office of State Procurement.

26 (2) A payment shall not be made covering services rendered
27 before the execution date of the contract.

28 (c)(1) It is the intent of the General Assembly that this section be
29 strictly construed and enforced.

30 (2) However, in the unusual event that an obligation for
31 services has been incurred by a state agency under a contractual agreement or
32 proposed contract before the approval of the contract, the Chief Fiscal
33 Officer of the State may approve payment for such services after having first
34 received the review of the Legislative Council.

35
36 19-67-206. Standard contract forms.

1 (a) The State Procurement Director shall prescribe standard forms to
2 be utilized by all state agencies.

3 (b) The standard contract form shall include the following items, plus
4 such additional items as the director shall deem desirable for the purposes
5 of this chapter:

6 (1) A section setting forth in reasonable detail the objectives
7 and scope of the contractual agreement and the methods to be used to
8 determine whether the objectives specified have been achieved;

9 (2) The rates of compensation, transportation, per diem,
10 subsistence, out-of-pocket allowances, and all other items of costs
11 contemplated to be paid the contractor by the state agency;

12 (3) The method by which the rate of compensation and the total
13 payment shall be calculated;

14 (4) The maximum number of dollars that the state agency may be
15 obligated to pay to the contractor under the terms of the contract, including
16 all expenses and other items of costs, and the source of funding to be
17 utilized;

18 (5) The term of the contract;

19 (6)(A) The names of all individuals who will be supplying
20 services to the state agency or to third-party beneficiaries under the terms
21 of the contract, so far as those names are known to the contractor at the
22 time of the execution of the contract.

23 (B) If the names of all individuals supplying services
24 under the contract are not available at the time of the execution of the
25 contract, the contract shall contain a provision requiring the contractor to
26 submit periodically the names of individuals supplying services as soon as
27 the identity of those individuals is known to the contractor;

28 (7) When the contractor is a business entity, the federal
29 identification number of the business entity shall be listed on the contract
30 form;

31 (8)(A) A certification signed by the contractor shall be
32 included as follows:

33 " _____ (name) _____ (title)
34 I _____, certify under penalty of perjury
35 that, to the best of my knowledge and belief, no regular full-time or part-
36 time employee of any state agency of the State of Arkansas will receive any

1 personal, direct, or indirect monetary benefits which would be in violation
2 of the law as a result of the execution of this contract.”

3 (B) As used in subdivision (b)(8)(A) of this section, it
4 is understood that when the contractor is a widely held public corporation
5 “direct or indirect monetary benefit” does not apply to any regular corporate
6 dividends paid to a stockholder of the corporation who is also a state
7 employee and who owns less than ten percent (10%) of the total outstanding
8 stock of the contracting corporation;

9 (9)(A) For a contract in which the total compensation exclusive
10 of reimbursable expenses to be paid by the state agency does not exceed fifty
11 thousand dollars (\$50,000), a purchase order may be utilized in lieu of the
12 standard form or forms prescribed by the director.

13 (B)(i) However, if the state agency enters into a
14 subsequent contract with the same individual or organization during the same
15 fiscal year, regardless of the nature of the contract, then the details of
16 the original contract that utilized a purchase order form and of all
17 subsequent contracts, regardless of amount or type, shall be promptly
18 reported to the director.

19 (ii) Reporting under subdivision (b)(9)(B)(i) of
20 this section shall be done to allow the director to determine whether the
21 state agency is utilizing a series of contracts to avoid the use of the
22 standard form and to avoid the application of appropriate rules;

23 (10) Standard contract forms in use by licensed practitioners
24 such as architects and engineers may be used to supplement the standard
25 contract forms; and

26 (11) All professional consultant services contracts shall
27 contain the following clause:

28 “In the event the State of Arkansas fails to appropriate
29 funds or make moneys available for any biennial period covered by the term of
30 this contract for the services to be provided by the contractor, this
31 contract shall be terminated on the last day of the last biennial period for
32 which funds were appropriated or moneys made available for such purposes.

33 “This provision shall not be construed to abridge any other
34 right of termination the agency may have.”

35 (c) For the purpose of reporting methods of finance, a state agency
36 shall disclose the total estimated project cost in addition to any other

1 reporting requirements of the Legislative Council or the Joint Budget
2 Committee.

3

4 19-67-207. Compliance reporting – Definition.

5 (a) Each report required under this chapter shall be copied to the
6 Secretary of the Department of Transformation and Shared Services, who shall
7 review each report for compliance with the fiscal responsibility and
8 management laws of the state under the State Fiscal Management Responsibility
9 Act, § 19-1-501 et seq.

10 (b) If the secretary determines that a state agency, agency
11 procurement official, or state official or employee may be in violation of
12 the fiscal responsibility and management laws of the state under the State
13 Fiscal Management Responsibility Act, § 19-1-501 et seq., the secretary shall
14 notify the chief executive officer of the relevant state agency.

15

16 19-67-208. Cancellation of contract on entry of final business closure
17 order – Definition.

18 (a) As used in this chapter, “final business closure order” means a
19 business closure order for which a contractor has either:

20 (1) Waived further administrative review under § 26-18-1001 et
21 seq.; or

22 (2) Exhausted all remedies to appeal under § 26-18-1001 et seq.

23 (b) The Revenue Division of the Department of Finance and
24 Administration shall provide to the Office of State Procurement all final
25 business closure orders entered into against a contractor.

26 (c) Upon receipt of a final business closure order, the office shall,
27 as soon as reasonably practicable:

28 (1) Notify each state agency with which the contractor has a
29 contract that the:

30 (A) Contractor is subject to a final business closure
31 order; and

32 (B) Provision of any goods or services, or both, under a
33 contract with the contractor that is subject to a final business closure
34 order shall cease as soon as reasonably practicable; and

35 (2) Notify all state agencies that the contractor that is
36 subject to a final business closure order shall not be awarded or maintain a

1 contract with a state agency unless the office provides notice under
2 subsection (d) of this section.

3 (d) Upon receipt of information that a contractor has resolved a
4 business closure, the office shall notify all state agencies, as soon as
5 reasonably practicable, that:

6 (1) Any unexpired contracts with the contractor may continue if
7 the contract was not terminated, cancelled, suspended, or discontinued; and

8 (2) The contractor may be awarded or maintain a contract with a
9 state agency.

CHAPTER 69

PARTIAL EQUITY OWNERSHIP AGREEMENT EXECUTED BY A STATE RETIREMENT SYSTEM

19-69-101. Definition.

As used in this chapter, "partial equity ownership agreement" means an agreement with a legal entity, including without limitation a partnership, a limited partnership, a limited liability company, or similar legal entity that:

- (1) Includes a state retirement system as a partner, a limited partner, or a partial owner;
- (2) Creates an equity interest or ownership position for the state retirement system; and
- (3) Utilizes retirement trust funds that are not appropriated by the General Assembly.

19-69-102. Review of partial equity ownership agreements.

(a) A partial equity ownership agreement is subject to review by submission of the partial equity ownership agreement to the Office of State Procurement and the Legislative Council under this section.

(b) Since the partial equity ownership agreement is fundamentally and substantially different from a state contract for commodities, goods, and services that are reviewed under the Arkansas Procurement Law, § 19-61-101 et seq., or other contract that is reviewed under this subtitle, and since the partial equity ownership agreement is utilizing retirement trust funds that are not appropriated by the General Assembly, the partial equity ownership agreement is not subject to:

- (1) A limitation of the term or duration of the partial equity ownership agreement; or
- (2) An annual renewal clause.

(c) When submitting a partial equity ownership agreement for review, the state retirement system shall provide information that includes without limitation:

- (1) The managing parties to the partial equity ownership agreement;
- (2) The state retirement system's interest and ownership in the

1 partial equity ownership agreement;

2 (3) The reason for the formation of or entry into the partial
3 equity ownership agreement;

4 (4) Justification that the duration of the partial equity
5 ownership agreement is necessary to serve the best interests of the retirants
6 under the prudent investor rule as set out in §§ 24-2-610 – 24-2-619;

7 (5) The anticipated date of implementation of the partial equity
8 ownership;

9 (6) The anticipated termination date of the partial equity
10 ownership agreement; and

11 (7) Other information regarding the terms of the partial equity
12 ownership agreement that the office or the Legislative Council may reasonably
13 require for an adequate review.

14

15 19-69-103. Imminent need to enter into partial equity ownership
16 agreement.

17 (a) In lieu of a review under § 19-69-102, a partial equity ownership
18 agreement that necessitates immediate formation shall be reviewed by the
19 Office of State Procurement and the Legislative Council under this section.

20 (b)(1) The board of trustees of a state retirement system may enter
21 into a partial equity ownership agreement or substantially alter the terms of
22 an existing partial equity ownership agreement if the board of trustees
23 passes a resolution that:

24 (A) Determines an imminent need to immediately form or
25 enter into the partial equity ownership agreement;

26 (B) Deems it financially appropriate to immediately form
27 or enter into a partial equity ownership agreement; and

28 (C) Concludes that to forego the opportunity to promptly
29 implement the board of trustees' investment directives under the prudent
30 investor rule as set out in §§ 24-2-610 – 24-2-619 would be inconsistent with
31 the board of trustees' fiduciary duty of care to the retirants.

32 (2) The board of trustees of the state retirement system shall
33 provide the office and the Legislative Council with a copy of the resolution
34 under subsection (a) of this section within five (5) business days of the
35 passage of the resolution.

36 (c) For a partial equity ownership agreement reviewed under this

1 section, the state retirement system shall submit information to the office
2 and the Legislative Council within thirty (30) days of the passage of the
3 resolution that discloses:

4 (1) The managing parties to the partial equity ownership
5 agreement;

6 (2) The state retirement system's interest and ownership in the
7 partial equity ownership agreement;

8 (3) The reason for the immediate formation or entry into a
9 partial equity ownership agreement;

10 (4) Justification that the duration of the partial equity
11 ownership agreement is necessary to serve the best interests of the retirants
12 under the prudent investor rule as set out in §§ 24-2-610 – 24-2-619;

13 (5) The anticipated date of implementation;

14 (6) The anticipated termination date of the partial equity
15 ownership agreement; and

16 (7) Other information regarding the terms of the partial equity
17 ownership agreement that the office or the Legislative Council may reasonably
18 require for an adequate review.

19 (d) As may be reasonably required by the Legislative Council, a member
20 of the board of trustees, the director of the respective state retirement
21 system, or the director's appointee shall appear at the next scheduled
22 meeting of the Legislative Council after the receipt of the information under
23 subsection (c) of this section to present the information and explain the
24 details of the partial equity ownership agreement.

25
26 19-69-104. Retrospective review of partial equity ownership agreement
27 to ensure disclosure.

28 (a) Before April 7, 2009, if a state retirement system has entered
29 into a partial equity ownership agreement that has not been submitted
30 previously for review under § 19-60-101 et seq., the Arkansas Procurement
31 Law, § 19-61-101 et seq., or § 19-65-101 et seq., then the partial equity
32 ownership agreement shall be reviewed retrospectively under this section.

33 (b) The board of trustees of a state retirement system shall submit
34 information that the Office of State Procurement or the Legislative Council
35 may reasonably require to allow a retrospective review of a partial equity
36 ownership agreement under this section.

CHAPTER 70
CONSTRUCTION MANAGER-GENERAL CONTRACTOR METHOD OF PROCUREMENT PILOT PROGRAM

Subchapter 1. General Provisions
Subchapter 2. Construction Manager-General Contractor Method of Procurement
Pilot Program – Creation – Procedure

Subchapter 1 – General Provisions

19-70-101. Title.

This chapter shall be known and may be cited as the “Construction
Manager-General Contractor Method of Procurement Pilot Program”.

19-70-102. Legislative findings.

The General Assembly finds that:

(1) An efficient transportation system is critical for
Arkansas’s economy and the quality of life of the state’s residents;

(2) Transportation projects are costly and the revenues
currently available for highways and local roads are inadequate to preserve
and maintain existing infrastructure and to provide funds for highway
improvements;

(3) The State Highway Commission has developed an alternative,
cost-effective, procurement procedure for transportation projects performed
by the commission and the Arkansas Department of Transportation;

(4) A construction manager-general contractor method allows the
commission to engage a construction manager:

(A) To assist during the design and development process of
the transportation project, including without limitation to provide input
concerning the transportation project’s:

- (i) Design;
- (ii) Scheduling;
- (iii) Pricing; and
- (iv) Phasing; and

(B) Who may subsequently become the general contractor and
construct the transportation project if the parties agree on a guaranteed

1 maximum price; and

2 (5) The cost-effective benefits are achieved by shifting the
3 liability and risk for cost containment and transportation project scheduling
4 to the construction manager, which leads many states to call this method the
5 “construction manager at-risk method”.

6

7 19-70-103. Definitions.

8 As used in this chapter:

9 (1) “Authorized contingency” means a provision prepared and
10 submitted by the construction manager-general contractor as part of the
11 guaranteed maximum price that is designed to cover costs that may result
12 from:

13 (A) Incomplete design;

14 (B) Unforeseen and unpredictable conditions; or

15 (C) Uncertainties within the defined transportation
16 project scope that a prudent construction manager would not have reasonably
17 detected or anticipated during the discharge of his or her preconstruction
18 duties;

19 (2) “Construction manager-general contractor” means a business
20 firm or a legal entity selected by the Director of State Highways and
21 Transportation to act as a construction manager to provide preconstruction
22 services during the design and development phase of a transportation project;

23 (3) “Construction manager-general contractor method” means a
24 transportation project delivery method using a best value procurement process
25 in which a construction manager is procured to provide preconstruction
26 services and may subsequently construct the whole transportation project or
27 any part of the transportation project as the general contractor if the
28 Arkansas Department of Transportation and the construction manager-general
29 contractor reach an agreement on a guaranteed maximum price;

30 (4) “Guaranteed maximum price” means:

31 (A) The total dollar amount agreed to by the construction
32 manager-general contractor to complete the construction of the transportation
33 project, including without limitation the construction manager-general
34 contractor’s:

35 (i) Direct costs;

36 (ii) Overhead;

- 1 (iii) Profit; and
2 (iv) Any authorized contingency; and
3 (B) Any dollar amount added to the total dollar amount of
4 the transportation project submitted under subdivision (4)(A) of this section
5 to cover additional costs arising from changes in the scope of work as the
6 department may subsequently direct in writing;
7 (5) "Preconstruction services" means work, labor, or services,
8 including services furnished in connection with the design and development of
9 a transportation project before the construction phase, including without
10 limitation:
11 (A) Cost estimates;
12 (B) Schedule analysis;
13 (C) Sequencing of work;
14 (D) Risk identification and mitigation;
15 (E) Constructability reviews;
16 (F) Evaluation of alternative construction options;
17 (G) Assistance with various permits;
18 (H) Coordination with public or private utility service
19 providers;
20 (I) Communication with third-party stakeholders or the
21 public; and
22 (J) Development of a guaranteed maximum price; and
23 (6) "Request for proposals" means a document or publication
24 soliciting proposals for a contract for construction of a transportation
25 project between a construction manager-general contractor and the department.
26

27 19-70-104. Rules.

28 The State Highway Commission and the Arkansas Department of
29 Transportation may promulgate rules to implement and administer this chapter.
30

31 Subchapter 2 – Construction Manager-General Contractor Method of Procurement
32 Pilot Program – Creation – Procedure
33

34 19-70-201. Construction Manager-General Contractor Method of
35 Procurement Pilot Program – Creation.

36 (a) The State Highway Commission may develop a Construction Manager-

1 General Contractor Method of Procurement Pilot Program to test the
2 utilization of the construction manager-general contractor method as a cost-
3 effective option for constructing transportation projects.

4 (b)(1)(A) For the first phase of the program, the commission may
5 select a total of five (5) transportation projects on which to utilize the
6 construction manager-general contractor method.

7 (B)(i) The sum of the construction cost estimates prepared
8 as required under § 19-70-204 of all five (5) construction manager-general
9 contractor method transportation projects selected under subdivision
10 (b)(1)(A) of this section shall not exceed two hundred million dollars
11 (\$200,000,000).

12 (ii) A construction cost estimate of a construction
13 manager-general contractor method transportation project selected under
14 subdivision (b)(1)(A) of this section shall not exceed one hundred million
15 dollars (\$100,000,000).

16 (2)(A) For the second phase of the program, beginning on August
17 1, 2023, the commission may select a total of five (5) additional
18 transportation projects that are not currently in the procurement process on
19 which to utilize the construction manager-general contractor method.

20 (B)(i) The sum of the construction cost estimates prepared
21 as required under § 19-70-204 of all five (5) construction manager-general
22 contractor method transportation projects selected under subdivision
23 (b)(2)(A) of this section shall not exceed five hundred million dollars
24 (\$500,000,000).

25 (ii) A construction cost estimate of a construction
26 manager-general contractor method transportation project selected under
27 subdivision (b)(2)(A) of this section shall not exceed one hundred fifty
28 million dollars (\$150,000,000).

29 (c) The Director of State Highways and Transportation shall send
30 written notice identifying the transportation project and the reasons for
31 deciding to apply the construction manager-general contractor method to that
32 specific transportation project to:

33 (1) The Chair of the House Committee on Public Transportation;
34 and

35 (2) The Chair of the Senate Committee on Public Transportation,
36 Technology, and Legislative Affairs.

1 (d) The program established under this chapter shall terminate no
2 later than June 30, 2026.

3
4 19-70-202. Project selection.

5 If the Arkansas Department of Transportation determines that a
6 construction manager-general contractor method of procurement is appropriate
7 for a transportation project, the department shall establish a procedure for
8 awarding the contract for construction of the construction manager-general
9 contractor method transportation project using the criteria listed in § 19-
10 70-203.

11
12 19-70-203. Request for proposals.

13 (a) A request for proposals under this chapter shall include without
14 limitation the following:

15 (1) The minimum qualifications of the construction manager-
16 general contractor;

17 (2) The procedures for submitting a proposal to the Arkansas
18 Department of Transportation, the criteria for the evaluation of and
19 selection of a construction manager-general contractor to perform
20 preconstruction services, and the relative weight assigned for each criteria
21 as indicated in a technical scoring matrix;

22 (3) The form of the contract to be awarded for preconstruction
23 services;

24 (4) A listing of the types and scope of the preconstruction
25 services that will be required;

26 (5) The scope of the intended contract;

27 (6) The budget limits for the transportation project and the
28 preconstruction services;

29 (7) The method of payment and structure of fees for the
30 preconstruction services;

31 (8) A requirement that the construction manager-general
32 contractor submit relevant information regarding any licenses, registration,
33 or credentials that may be required to construct the transportation project;

34 (9) A requirement that the construction manager-general
35 contractor provide evidence that establishes that the construction manager-
36 general contractor is capable of obtaining the required bonding and

1 insurance;

2 (10) A requirement that the construction manager-general
3 contractor submit information concerning the debarment or default from a
4 federal, state, or local government transportation project within the past
5 five (5) years;

6 (11) A requirement that the construction manager-general
7 contractor provide information concerning the bankruptcy or receivership of
8 any of its members, including information concerning any work completed by a
9 surety;

10 (12) A requirement that the construction manager-general
11 contractor provide evidence of competency, capability, and capacity to
12 complete a transportation project of similar size, scope, or complexity; and

13 (13) A prohibition that excludes a person or firm that has
14 received compensation for assisting the department in preparing the request
15 for proposals from submitting a proposal in response to the request for
16 proposals or participating as a construction manager-general contractor team
17 member.

18 (b) A request for proposals under this chapter shall not:

19 (1) Require that the construction manager-general contractor
20 have prior experience with any particular transportation project procurement
21 method as a condition for submitting a proposal; and

22 (2) Give any preference for any particular contract delivery
23 method in the scoring of a proposal.

24 (c) The department shall:

25 (1) Send a written notice of award to the best-evaluated
26 construction manager-general contractor; or

27 (2) Send to all the construction manager-general contractors
28 that submitted a proposal a written notice that all proposals have been
29 rejected.

30

31 19-70-204. Construction manager-general contractor selection.

32 (a) The Arkansas Department of Transportation shall:

33 (1) Prepare contract plans, specifications, special provisions,
34 and other requirements composing the contract for construction of a
35 transportation project elected for procurement using the construction
36 manager-general contract method authorized by this chapter;

1 (2) Prepare a detailed construction cost estimate to evaluate
2 the appropriate price for the construction of the transportation project;

3 (3) If requested by the Director of State Highways and
4 Transportation, have an independent third-party cost estimator prepare a
5 detailed construction cost estimate to confirm the appropriate price for the
6 construction of the transportation project;

7 (4) Include in the contract created by subdivision (a)(1) of
8 this section a requirement that the construction manager-general contractor
9 perform at least thirty percent (30%) of the total cost for construction, not
10 including the preconstruction work performed by the construction manager-
11 general contractor; and

12 (5)(A) Keep the construction cost estimates prepared under
13 subdivisions (a)(2) and (3) of this section confidential and not subject to
14 public disclosure until after the contract has been awarded.

15 (B) Construction cost estimates prepared under
16 subdivisions (a)(2) and (3) of this section are confidential and exempt from
17 public disclosure under the Freedom of Information Act of 1967, § 25-19-101
18 et seq., but only until after the contract has been awarded.

19 (b) A construction manager-general contractor shall submit to the
20 department a guaranteed maximum price for the construction of the
21 transportation project using the contract plans, specifications, special
22 provisions, and other requirements prepared by the department as required by
23 subdivision (a)(1) of this section.

24 (c) The department may award the contract to a construction manager-
25 general contractor if the guaranteed maximum price does not exceed the cost
26 estimate provided by the department or independent third party by more than
27 ten percent (10%).

28 (d) If the director rejects the proposed guaranteed maximum price, the
29 department may:

30 (1) Work with the construction manager-general contractor to
31 find a guaranteed maximum price that is acceptable to both parties; or

32 (2) Request that the construction manager-general contractor
33 provide additional preconstruction services and submit a new guaranteed
34 maximum price as directed by this section.

35 (e) If the department does not award the contract to a construction
36 manager-general contractor, the department may proceed with the

1 transportation project using a procurement process authorized by law.

2 cancer;

3 (3) Because the Arkansas Cancer Research Center of the

9 capital improvement project relating to healthcare services, health

14 the issuance of an additional series of Tobacco Settlement Revenue Bonds in
15 support of the center.

16 (b) This subchapter is not intended to amend nor does it amend
17 Initiated Act 1 of 2000, the Tobacco Settlement Proceeds Act, § 19-90-101 et

21 implementation legislation necessary to authorize an additional series of
22 Tobacco Settlement Revenue Bonds to finance a portion of the additional
23 capital improvement project as provided under § 19-90-106(g).

24

25 19-90-203. Applicability of Tobacco Settlement Proceeds Act.

- (18) Arkansas Code Title 19, ~~Chapter 11~~ Subtitle 4;

SECTION 92. Arkansas Code § 10-4-410(b)(1), concerning audit costs incurred by Arkansas Legislative Audit, is amended to read as follows:

(b)(1) The administrative cost of auditing political subdivisions of the state shall be paid from the Ad Valorem Tax Fund as prescribed by § ~~19-5-906~~ 19-26-204.

SECTION 93. Arkansas Code § 10-4-412(a)(2), concerning the definitions used with respect to audits of counties and municipalities, is amended to read as follows:

(2) "Turnback funds" means:

- (A) General revenue turnback funds, as defined in the Revenue Stabilization Law, § ~~19-5-101~~ 19-20-101 et seq.; and
- (B) Highway revenue turnback funds, as distributed under § 27-70-207.

SECTION 94. Arkansas Code § 11-9-102(11)(A)(iv), resulting from Initiated Acts 1948, No. 4, § 2, and concerning exceptions to the definition of "employment" under the Workers' Compensation Law, is amended to read as follows:

(iv) The State of Arkansas and each of the political subdivisions thereof except as provided by §§ ~~6-17-1401 – 6-17-1405, 14-26-101 – 14-26-104, 14-60-101 – 14-60-104, 19-10-101 – 19-10-103, 19-10-202 – 19-10-210, 19-10-401 – 19-10-406~~ 11-17-202 – 11-17-208, 25-44-102 – 25-44-104, 25-44-202 – 25-44-210, and 21-5-601 – 21-5-610;

SECTION 95. Arkansas Code § 11-9-301(d), resulting from Initiated Acts 1948, No. 4, § 47, concerning funds established under the Workers' Compensation Law, is amended to read as follows:

1 (d) All incomes derived through investment of the Workers'
2 Compensation Fund, the Second Injury Trust Fund, and the Death and Permanent

8 SECTION 96. Arkansas Code § 11-10-310(f), concerning the Director of
9 the Division of Workforce Services and additional personnel of the Division
10 of Workforce Services, is amended to read as follows:

11 (f) If the division requests continuation of a growth pool position as
12 established under this subsection and subsection (e) of this section, the
13 position shall be requested as a new position in the division's next budget
14 request. Determining the maximum number of employees and the maximum amount
15 of appropriation and general revenue funding for a state agency each fiscal
16 year is the prerogative of the General Assembly. This is usually accomplished
17 by delineating such maximums in the appropriation act or acts for a state
18 agency and the general revenue allocations authorized for each fund and fund
19 account by amendment to the Revenue Stabilization Law, § ~~19-5-101~~ 19-20-101
20 et seq. Further, the General Assembly has determined that the division may
21 operate more efficiently if some flexibility is provided to the division
22 authorizing broad powers under this subsection and subsection (e) of this
23 section. Therefore, it is both necessary and appropriate that the General
24 Assembly maintain oversight by requiring prior approval of the Legislative
25 Council or Joint Budget Committee as provided by this subsection and
26 subsection (e) of this section. The requirement of approval by the
27 Legislative Council or Joint Budget Committee is not a severable part of this
28 subsection and subsection (e) of this section. If the requirement of approval
29 by the Legislative Council or Joint Budget Committee is ruled
30 unconstitutional by a court of competent jurisdiction, this entire subsection
31 and subsection (e) of this section are void.

32
33 SECTION 97. Arkansas Code § 11-10-532(a)(3)(C), concerning penalties
34 on fraudulent overpayments under the Division of Workforce Services Law, is
35 amended to read as follows:

36 (C) The portion of the penalty assessed under subdivision

1 (a)(3)(A) of this section in excess of fifteen percent (15%) of the
2 overpayment shall be deposited into a subaccount of the Division of Workforce
3 Services Special Fund under § ~~19-5-984~~ 19-26-268, to be entitled the “UI
4 Integrity Fund” that shall be used exclusively for integrity-related
5 activities arising under this chapter.

6
7 SECTION 98. Arkansas Code § 11-10-708(a)(1)(C), concerning the advance
8 interest tax under the Division of Workforce Services Law, is amended to read
9 as follows:

10 (C) The tax is effective the first month of the quarter
11 following the state’s obtaining an interest-bearing advance and shall remain
12 until the quarter immediately following the repayment of the advancement and
13 the Employment Security Advance Interest Trust Fund, § ~~19-5-935~~ 19-26-227,
14 attains a balance of five million dollars (\$5,000,000).

15
16 SECTION 99. Arkansas Code § 11-10-716(b)(1)(A), concerning the
17 collection of and interest on past due contributions under the Division of
18 Workforce Services Law, is amended to read as follows:

19 (b)(1)(A) At the end of each month, deposits in the Unemployment
20 Compensation Fund Clearing Account which have been established as interest
21 and penalty payments collected pursuant to §§ 11-10-716 – 11-10-723 shall be
22 paid over to the Treasurer of State and credited by him or her to the
23 Division of Workforce Services Special Fund, § ~~19-5-984~~ 19-26-268, created
24 and established in the State Treasury.

25
26 SECTION 100. Arkansas Code § 11-10-802(b)(1)(C), concerning accounts
27 and deposits under the Division of Workforce Services Law, is amended to read
28 as follows:

29 (C) All moneys received in the clearing account as
30 proceeds of § 11-10-706(c) shall be deposited and credited to the Division of
31 Workforce Services Special Fund, § ~~19-5-984~~ 19-26-268, pursuant to § 11-10-
32 716.

33
34 SECTION 101. Arkansas Code Title 11 is amended to add additional
35 chapters to read as follows to reenact §§ 19-5-701 – 19-5-705, §§ 19-5-707 –
36 19-5-710, §§ 19-5-801 – 19-5-804, §§ 19-5-806 – 19-5 809, § 19-10-102(b), §

1 19-10-103, § 19-10-105(1)-(3), § 19-10-401, § 19-10-402, and §§ 19-10-404 –
2 19-10-406:

3 CHAPTER 16

4 PUBLIC EMPLOYEES' UNEMPLOYMENT COMPENSATION

5
6 Subchapter 1 – General Provisions

7
8 Subchapter 2 – Reimbursement of Unemployment Compensation Benefits

9
10 11-16-201. Purpose.

11 It is the purpose of this subchapter that all programs, regardless of
12 their funding source, contribute equally to the cost of unemployment
13 compensation benefits charged to the state agencies operating such programs.
14 It is not the intent of this subchapter that the State of Arkansas relinquish
15 its status as a nontaxable reimbursable employer under the Division of
16 Workforce Services Law, § 11-10-101 et seq.

17
18 11-16-202. Definitions.

19 As used in this subchapter, unless the context otherwise requires:

20 (1) “Contribution” means a percentage of payroll expenditures
21 paid to the Unemployment Compensation Revolving Fund by a state agency in
22 order to provide current and timely reimbursements of benefits paid by the
23 Division of Workforce Services Law, § 11-10-101 et seq., for unemployment
24 benefits charged to the agency;

25 (2) “Experience rate” means the process of adjustment in a
26 future period of the contribution rate of an agency based on the difference
27 of the amounts paid to the revolving fund for a fiscal year compared to the
28 amounts of unemployment benefits charged to the agency for a fiscal year in
29 order to recover deficits and refund surpluses;

30 (3) “Payroll” means the gross total amount expended for a
31 payroll period for regular salaries, extra help, and authorized overtime
32 payments; and

33 (4) “State agency” means any state agency, board, commission,
34 department, institution, college, university, and community junior college
35 receiving an appropriation for regular salaries, extra help, and authorized
36 overtime payable from funds deposited into the State Treasury or depositories

1 other than the State Treasury by the General Assembly.

2
3 11-16-203. Applicability.

4 The provisions and applicability of this subchapter shall be in
5 conjunction with other state laws governing the unemployment compensation of
6 state employees. Employee coverage shall be in conformity with state and
7 federal laws applicable to state employees' unemployment compensation.
8 Nothing contained in this subchapter shall be applicable or construed to be
9 applicable to laws regulating unemployment compensation for municipal or
10 county employees.

11
12 11-16-204. Administration.

13 (a) This subchapter shall be administered by the Chief Fiscal Officer
14 of the State.

15 (b) Upon certification to the Chief Fiscal Officer of the State by the
16 Division of Workforce Services of unemployment compensation benefits paid
17 during a benefit period and charged to a state agency, the Chief Fiscal
18 Officer of the State shall direct that reimbursement be made to the division
19 from the Unemployment Compensation Revolving Fund for such amounts as are
20 properly certified.

21 (c) The Chief Fiscal Officer of the State shall have the authority to
22 make such rules as are necessary to enforce the provisions of this
23 subchapter.

24
25 11-16-205. Benefits claims investigations.

26 The Department of Workforce Services shall investigate all claims for
27 benefits filed by state employees whether or not the employing state agency
28 lodges a protest to the payment of such benefits. Such investigation shall
29 result in a determination of the eligibility of the employee for benefit
30 payments.

31
32 11-16-206. Contributions generally.

33 (a) Each state agency shall make contributions to the Unemployment
34 Compensation Revolving Fund using the experience rate determined in
35 accordance with § 11-10-704 from personal services matching costs funds
36 within fourteen (14) calendar days following the end of each calendar

1 quarter. The experience rate for each even-numbered fiscal year will be used
2 to fix the rate for the next even-numbered fiscal year. Each odd-numbered
3 fiscal year's experience rate will be used to fix the next odd-numbered
4 fiscal year rate.

5 (b) If during any fiscal year the Chief Fiscal Officer of the State
6 determines that the contribution rate for any agency will result in a
7 significant surplus or deficit for that fiscal year, then he or she shall
8 have the authority to adjust the agency contribution rate to reduce such
9 surplus or recover any such deficit, subject to the provisions of § 11-16-
10 207.

11
12 11-16-207. Maximum contributions.

13 In no event shall any experience rate result in a state agency making
14 contributions of more than three percent (3%) of its gross payroll
15 expenditures. In the event that an agency builds a deficit which would
16 require a contribution rate greater than three percent (3%), then that agency
17 shall continue to make contributions at the rate of three percent (3%), even
18 though eligible for an experience rate reduction, until any deficit owed the
19 fund is repaid. Only then shall the actual experience rate be used to compute
20 such agency contributions.

21
22 11-16-208. Loans.

23 (a) In the event that the Unemployment Compensation Revolving Fund
24 does not have sufficient funds available from contributions by state agencies
25 to make reimbursement to the Division of Workforce Services for benefits
26 paid, loans may be made from the Budget Stabilization Trust Fund to make such
27 payments.

28 (b) Any loans made to the Unemployment Compensation Revolving Fund
29 shall be repaid by June 30 of the first fiscal year after the fiscal year in
30 which such loans were made.

31
32 11-16-209. Financing.

33 Financing for the provisions of this subchapter shall be provided
34 within the appropriations and financing authority authorized by the General
35 Assembly for personal services matching costs.

36

1 (10) days after knowledge of any personal injury or death of any employee of
2 the state or any of its agencies, departments, or institutions. This report
3 shall be made on forms approved by the commission and shall give the date,
4 place, and time of day of any such injury or death, briefly stating the
5 circumstances and extent thereof, the name of the injured or deceased person,
6 and the names of any and all witnesses.

7
8 11-17-205. Jurisdiction and procedure.

9 (a)(1) The Workers' Compensation Commission shall have exclusive
10 jurisdiction, as limited in this subchapter, of all claims against the State
11 of Arkansas and its several agencies, departments, and institutions for
12 personal injuries and deaths of employees and officers of the State of
13 Arkansas and its agencies, departments, and institutions arising out of and
14 in the course of employment or service.

15 (2)(A) Awards for these injuries and deaths shall be made by the
16 commission in the same amounts and on the same terms and conditions as if
17 such injuries and deaths had arisen out of and in the course of private
18 employment covered by the Workers' Compensation Law, § 11-9-101 et seq.

19 (B) The procedure to be followed in the presentation,
20 hearing, and determination of claims shall, in all respects, be the same as
21 in claims for compensation for injuries and deaths arising out of and in the
22 course of private employment covered by the Workers' Compensation Law, § 11-
23 9-101 et seq.

24 (b) The General Assembly shall at each session appropriate, from such
25 sources as it may see fit, a sum sufficient to satisfy such claims as are or
26 probably will be payable during the following fiscal year under awards made
27 under this section. The commission shall direct the distributions of this
28 fund and make disbursements upon the vouchers issued against it.

29
30 11-17-206. State deemed self-insurer.

31 For the purposes of this subchapter, the State of Arkansas shall be
32 considered a self-insurer and shall be exempt from all fees and tax as such.

33
34 11-17-207. Awards and expenses.

35 In the event an award is made, the Workers' Compensation Commission
36 shall immediately take the necessary steps to pay the award and all expenses

1 incidental to the claim from any funds previously made available by the
2 General Assembly for such purpose.

3
4 11-17-208. Report of findings.

5 Upon the allowance or disallowance of any claim, the Workers'
6 Compensation Commission shall immediately transmit a copy of its findings to
7 the Secretary of the Department of Finance and Administration and interested
8 parties.

9
10 Subchapter 3 – Reimbursement of Workers' Compensation Benefits

11
12 11-17-301. Purpose.

13 It is the purpose of this subchapter that all programs, regardless of
14 their funding source, contribute equally to the cost of workers' compensation
15 benefits charged to the state agencies operating such programs.

16
17 11-17-302. Definitions.

18 As used in this subchapter, unless the context otherwise requires:

19 (1) "Contribution" means a percentage of payroll expenditures
20 paid to the Workers' Compensation Revolving Fund by a state agency in order
21 to provide current and timely reimbursements of benefits paid by the Workers'
22 Compensation Commission for workers' compensation benefits charged to the
23 agency;

24 (2) "Experience rate" means the process of adjustment in a
25 future period of the contribution rate of a state agency based on the
26 difference of the amounts paid to the Workers' Compensation Revolving Fund
27 for a fiscal year compared to the amounts of workers' compensation benefits
28 charged to the agency for a fiscal year in order to recover deficits and
29 refund surpluses;

30 (3) "Payroll" means the gross total amount expended for a
31 payroll period for regular salaries, extra help, and authorized overtime
32 payments; and

33 (4) "State agency" means any state agency, board, commission,
34 department, institution, college, university, and community junior college
35 receiving appropriation for regular salaries, extra help, and authorized
36 overtime payable from funds deposited into the State Treasury or depositories

1 other than the State Treasury by the General Assembly.

2
3 11-17-303. Applicability.

4 It is the intent of the General Assembly that the provisions of the
5 workers' compensation laws contained in § 11-9-502 apply to state agencies
6 and that "employer" as used in that statute includes state agencies.

7
8 11-17-304. Administration.

9 This subchapter shall be administered by the Chief Fiscal Officer of
10 the State. The Chief Fiscal Officer of the State shall have the authority to
11 establish procedures and to make such rules as are necessary to enforce the
12 provisions of this subchapter.

13
14 11-17-305. Contributions generally.

15 (a) Each state agency shall make contributions to the Workers'
16 Compensation Revolving Fund, using the experience rate determined in
17 accordance with this section, from personal services matching costs funds
18 within fourteen (14) calendar days following the end of each calendar
19 quarter. The experience rate for each even-numbered fiscal year will be used
20 to fix the rate for the next even-numbered fiscal year. Each odd-numbered
21 fiscal year's experience rate will be used to fix the next odd-numbered
22 fiscal year's rate.

23 (b) If during any fiscal year the Chief Fiscal Officer of the State
24 determines that the contribution rate for any agency will result in a
25 significant surplus or deficit for that fiscal year, he or she shall have the
26 authority to adjust the agency contribution rate to reduce such surplus or
27 recover any such deficit, subject to the provisions of § 11-17-306.

28
29 11-17-306. Maximum contributions.

30 In the event a state agency builds a deficit which would require a
31 contribution rate greater than two percent (2%), the agency shall continue to
32 make contributions at the rate of two percent (2%) until any deficit owed the
33 fund is repaid. In the event an agency's experience rate exceeds two percent
34 (2%) for one (1) full fiscal year, their contribution rate shall be adjusted
35 to equal their experience rate, not to exceed a maximum of five percent (5%).

SECTION 205. Arkansas Code § 20-76-303(2), concerning the powers and duties of the State Department for Social Security Administration Disability Determination and the Director of the State Department for Social Security Administration Disability Determination, is amended to read as follows:

(2) To accept and deposit into the State Treasury any funds from whatever source received and to withdraw therefrom such funds as may be required to carry out its functions, powers, and duties and, with respect thereto, to comply fully with the General Accounting and Budgetary Procedures Law, § 19-4-101 et seq., and the Arkansas Procurement Law, § ~~19-11-201~~ 19-61-101 et seq., and, where more restrictive, with the terms of any agreement entered into with the secretary in relation to the use of any funds made available to the State Department for Social Security Administration Disability Determination by the United States, or by any department or agency thereof. However, the State Department for Social Security Administration Disability Determination shall not have the authority to commit this state, either directly or indirectly, to the expenditure of any state funds in the absence of specific authority granted by the General Assembly; and

SECTION 206. Arkansas Code Title 20, Chapter 76, is amended to add an additional subchapter to read as follows to reenact §§ 19-7-701 – 19-7-708:

Subchapter 9 – Title XX Social Security Funds

20-76-901. Contract services – Advance payment.

(a) In order to provide effective purchased services to the needy citizens of Arkansas, the Secretary of the Department of Human Services is authorized to pay one-twelfth (1/12) of the total amount of a Title XX contract to the service provider on the effective date of the contract. The amount of the advance payment shall be adjusted out of the reimbursement actually earned by the provider during the contract period.

(b) This section will be used only after the secretary has conducted a study of the financial condition of the contracting agency to determine if an advance payment is necessary. If the advance is necessary, the secretary shall forward his or her request and the reasons therefor to the Chief Fiscal Officer of the State for approval.

(c)(1) If the request is approved, the Chief Fiscal Officer of the

1 State shall loan the necessary amount to the appropriate fund accounts within
2 the Department of Human Services from the Budget Stabilization Trust Fund.

3 (2) However, the balance of any loans made under subdivision
4 (c)(1) of this section during the course of a fiscal year shall be recovered
5 by the department and repaid to the fund by June 30 of that fiscal year.

6
7 20-76-902. Minimum program standards.

8 (a) In order to unify and consolidate standards for services of
9 clients under programs funded by Title XX Social Security funds, the
10 Secretary of the Department of Human Services shall establish, by July 1,
11 1980, minimum program standards for the services provided by all government
12 or private agencies under Title XX.

13 (b) In developing these standards, the secretary will consult with
14 such other agencies, organizations, or individuals as may be appropriate.

15 (c) These standards may be amended by the secretary from time to time,
16 provided that the terms of the Arkansas Administrative Procedure Act, § 25-
17 15-201 et seq., are complied with.

18
19 20-76-903. Loan provision.

20 (a) It is found and determined that the continued operations of the
21 Title XX Services Program of the Department of Human Services, in accordance
22 with the approved annual operations plan, are, from time to time, seriously
23 impaired by either administrative oversights and delays by the United States
24 Office of Grants Management or by the processes of federal fiscal year
25 conversion. It is further found and determined that such delays in the proper
26 preparation and transmittal of federal grant award authorizations and letter
27 of credit instruments have created unnecessary hardships on the providers of
28 services and the needy citizens of this state. Therefore, upon certification
29 of the pending availability of federal funding by the Secretary of the
30 Department of Human Services, the Chief Fiscal Officer of the State may grant
31 temporary advances, the maximum amount not to exceed five million dollars
32 (\$5,000,000), from the Budget Stabilization Trust Fund to the appropriate
33 account of the Department of Human Services so affected by such delays.

34 (b) The Chief Fiscal Officer of the State shall recover within a
35 period of twenty (20) days such temporary advances upon receipt of the grant
36 award authorizations or letter of credit instruments.

1
2 20-76-904. Deduction of tax withholding for individual contract
3 providers.

4 (a) It is found and determined that certain rules and regulations of
5 the Social Security Administration and the Internal Revenue Service require
6 the deduction of Federal Insurance Contributions Act and federal income tax
7 withholding from persons providing services under individual purchase-of-
8 service contracts, who are in fact independent contractors, or employees of
9 the person receiving the service, and that there is presently no provision
10 for payment of Federal Insurance Contributions Act and federal income tax
11 withholding for these individuals. It is further found and determined that
12 the use of individual contracts is necessary to the operation of the Title
13 XIX and Title XX programs, particularly in the areas of day care and services
14 to the elderly. Therefore, whenever the regulations of the Social Security
15 Administration or the Internal Revenue Service require the deduction of
16 Federal Insurance Contributions Act or federal income tax withholding for an
17 individual providing services under a Title XX individual purchase-of-service
18 contract, the Department of Human Services may pay the necessary Federal
19 Insurance Contributions Act tax out of federal funds and state or local
20 donated matching funds and may collect the necessary Federal Insurance
21 Contributions Act and federal income tax withholding as agent for the client
22 receiving the services.

23 (b) Individuals for whom Federal Insurance Contributions Act tax is
24 paid and Federal Insurance Contributions Act and federal income tax
25 withholding is deducted under this section shall not be considered as
26 employees of the state for the purposes of determining eligibility for
27 unemployment compensation or workers' compensation, for the purpose of state
28 income tax withholding, or for any other purposes.

29
30 20-76-905. Use of funds.

31 The Secretary of the Department of Human Services is authorized to use
32 funds earned through service fees, audit settlements, or federal program
33 settlements for operation of the Title XX service program. Any unanticipated
34 federal funding received under this provision will be handled in accordance
35 with the terms of the Miscellaneous Federal Grant Act, § 19-7-301 et seq.

36

1 20-76-906. Transfer of funds and appropriations.

2 (a)(1) The Secretary of the Department of Human Services, in
3 accordance with rules established by the Chief Fiscal Officer of the State,
4 shall have the authority to transfer funds and appropriations from the
5 appropriate division of the Department of Human Services to the various
6 agencies of the department which receive allotments of Title XX funds. These
7 transfers shall be limited to the allotment of funds available to each agency
8 within the department.

9 (2)(A) In the event that funds and appropriations transferred
10 under this section are not fully utilized, they will be available for
11 transfer back to the appropriate division of the department for reallocation.

12 (B) It is further intended that if transfer of
13 appropriations among line items appropriated to the appropriate division of
14 the department becomes necessary for effective operation of the program,
15 these shall be made in accordance with rules established by the Chief Fiscal
16 Officer of the State. However, no such transfer will be used to increase
17 authorization for regular salaries.

18 (b) The Chief Fiscal Officer of the State and the secretary shall
19 cooperate to establish such fund accounts for deposit and disbursement of
20 federal and local Title XX funds as are necessary for the orderly operation
21 of a Title XX services program. The Chief Fiscal Officer of the State and the
22 secretary shall establish procedures for the transfers of funds necessary to
23 make reimbursement to providers or to agency fund accounts in payment for
24 eligible services. These procedures will include provision for use of state
25 matching funds where appropriated by law.

26
27 20-76-907. Transfer of retirement benefits.

28 Any employee who is now a member of any retirement system shall not
29 lose any retirement benefits accrued in the system by the reorganization of
30 the Title XX service program. An employee so affected shall have the option
31 of continuing as a member of the retirement system of which the employee is a
32 member at the time of transfer or to join the retirement system for which the
33 transfer makes the employee eligible. However, the affected employee shall
34 make his or her election within six (6) months from the date of transfer.

35
36 20-76-908. Personnel transfers.

1 No employee transferred as a result of the reorganization of the Office
2 of Title XX Services shall lose status under the Arkansas Rules for Merit
3 Systems Administration as a result of transfer.

4

22 additional pages.

23 (3)(A) If an inmate files a claim or action that exceeds the
24 page limitations under this subsection, the commission shall:

2 (c) Hearings on a motion filed by a party shall be set:

3 (1) Upon request of one (1) of the parties; and

6
7 25-44-211. Appeals of decisions – Jurisdiction – Time periods to file.

8 (a)(1) Within forty (40) days after the Arkansas State Claims

19 (b) Subdivision (a)(1)(B)(ii)(a) of this
20 section applies only if the commission's reconsideration constitutes a final
21 order.

22 (2) The commission shall advise parties of the right of appeal
23 under this section when the commission notifies the parties of the

25 (3) The General Assembly has exclusive jurisdiction to hear

34 (ii) Transmit the notice of appeal to the General
35 Assembly for consideration.

36 (C) If an untimely notice of appeal is submitted under

1 subdivision (b)(1)(B) of this section, the commission shall notify all

6 for consideration.

7 (2)(A) Notice provided to the General Assembly under subdivision
8 (b)(1) of this section terminates the commission's jurisdiction over the
9 claim or action.

10 (B) Unless ordered to do so by the General Assembly, the
11 commission is prohibited from doing anything further on the claim or action
12 aside from ordinary ministerial duties.

13 (3) The commission shall regain jurisdiction over the claim or
14 action if, in consideration of an appeal of a final order, the General
15 Assembly sends the claim or action back to the commission:

16 (A) For further proceedings consistent with any order of
17 the General Assembly; or

18 (B) To notify the claimant that the award has been upheld,

32 issued by the commission.

33
34 25-44-213. State agency to pay claim – Employment compensation claims
35 – Director disbursing officer.

36 (a)(1) When a claim or action is determined to be a valid claim or

1 action against the state under this chapter and the claim or action is to be
2 paid from funds not in the State Treasury, the Director of the Arkansas State
3 Claims Commission shall notify the state agency against which the claim or
4 action is to be charged of the amount of the claim or action.

5 (2) Upon receipt of the notification under subdivision (a)(1) of
6 this section, the state agency shall deliver a check to the director who

10 (b)(1) The director shall distribute a warrant for the payment of a
11 valid claim against the state for employment compensation claims in the

28
29 25-44-214. Effect on liens.

30 (a) Arkansas State Claims Commission awards are state property and
31 therefore:

32 (1) Liens do not attach to commission awards; and

33 (2) A commission award is not assignable.

34 (b)(1) If the commission and the General Assembly approve appeals or
35 claims or actions above fifteen thousand dollars (\$15,000) and name as
36 payees, in addition to the claimant, other individuals or entities who would

1 normally have liens in a court of law, other than insurance company
2 subrogation claims, then the commission may deposit the amount approved into
3 the registry of the Pulaski County Circuit Court.

4 (2) After reasonable notice to the claimant and any named
5 payees, the court shall establish the validity and priority to the moneys

12 (b) If an award is greater than fifteen thousand dollars (\$15,000),
13 the commission shall refer the claim or action to the General Assembly for
14 approval and, if approved, an appropriation.

15
16 25-44-216. Final orders – Findings of fact and conclusions of law
17 required.

18 (a)(1) When the Arkansas State Claims Commission dismisses a claim or
19 action with a final order or issues a final order of a claim or action on the
20 merits, the commission shall set forth specific findings of fact and
21 conclusions of law to support its decision.

22 (2) Citations to a party's motion or argument do not fulfill the
23 requirements of this subsection unless otherwise supported by an explanation,
24 with particularity, as to why the party's motion or argument is determinative
25 to the outcome of the claim or action.

26 (3) When the commission bases its decision on a specific rule of
27 civil procedure, rule of evidence, statute, or controlling appellate court
28 decision, the commission shall cite the rule, statute, or appellate court
29 decision.

30 (4) The General Assembly shall not accept a claim or action on
31 appeal when the claim or action has as its final adjudication findings of
32 fact and conclusions of law that do not comply with this section.

33 (b) Failure to comply with this section shall result in the General
34 Assembly's sending the claim or action back to the commission for further
35 action until the requirements of subsection (a) of this section are met.

36 (c) A claim or action filed by a person who at the time of filing is

13 Assembly shall be treated as a subsequent act passed by the General Assembly
14 for the purposes of:

15 (A) Giving the act of the regular session of the Ninety-
16 Fifth General Assembly its full force and effect; and

17 (B) Amending or repealing the appropriate parts of the
18 Arkansas Code of 1987; and

19 (2) Section 1-2-107 shall not apply.

20
21 SECTION 374. DO NOT CODIFY. Incorporation of legislation into
22 recodified Arkansas Code, Title 19 and related amendments.

23 (a) For purposes of incorporation into the recodified Arkansas Code,
24 Title 19, created by this act and related amendments to the Arkansas Code
25 made in connection with the recodification of Arkansas Code, Title 19, all
26 references in the acts passed at the regular session of the Ninety-Fifth
27 General Assembly to Arkansas Code, Title 19, or to provisions of the Arkansas
28 Code amended by this act in connection with the recodification of Arkansas
29 Code, Title 19, shall be deemed to refer to the applicable or corresponding
30 provisions contained in the recodified Arkansas Code, Title 19 and related
31 amendments to the Arkansas Code made in connection with the recodification of
32 Arkansas Code, Title 19.

33 (b) The Bureau of Legislative Research, while assisting the Arkansas
34 Code Revision Commission with the commission's powers and duties, shall:

35 (1) Incorporate acts passed in the regular session of the
36 Ninety-Fifth General Assembly amending Arkansas Code, Title 19, or to

1 provisions of the Arkansas Code amended by this act in connection with the
2 recodification of Arkansas Code, Title 19, into the appropriate provisions of
3 the Arkansas Code so long as those revisions do not result in a change in the
4 substance or meaning of a provision of the act; and

5 (2) Make technical changes to the Arkansas Code necessary to
6 implement this act, including without limitation changes to citations in the
7 Arkansas Code referencing provisions of Arkansas law amended by this act.

8
9 SECTION 375. DO NOT CODIFY. Technical revisions to Code of Arkansas
10 Rules.

11 The General Assembly finds that:

12 (1) As a result of the recodification of Title 19 and other
13 amendments to the Arkansas Code under this act, multiple statutory references
14 to Title 19 or other provisions of Arkansas law in the Code of Arkansas Rules
15 will be incorrect and require revision to reflect the changes implemented by
16 this act; and

17 (2) It is the intent of the General Assembly that these
18 provisions of the Code of Arkansas Rules be updated by the Bureau of
19 Legislative Research as part of its maintenance of the Code of Arkansas
20 Rules.

21 (b) The bureau shall update statutory references to Title 19 or other
22 provisions of Arkansas law in the Code of Arkansas Rules to reflect the
23 proper citations under this act.

24 (c) Any person or state entity identifying one (1) or more citations
25 contained in the Code of Arkansas Rules that require revision to implement
26 this act may notify the Director of the Bureau of Legislative Research or his
27 or her designee of the citations at issue.

28
29 SECTION 376. DO NOT CODIFY. Correction of technical errors related to
30 implementation of recodification of Arkansas Code, Title 19.

31 (a)(1) The General Assembly finds that:

32 (A) The implementation of this act involves a multitude of
33 changes to existing Arkansas law;

34 (B) Many of the changes implemented by this act are highly
35 technical and require careful study of the purpose and context of each
36 Arkansas Code section, with the need for some of the changes not becoming

1 apparent until after the implementation of this act;

2 (C) When implementing revisions as large and comprehensive
3 as the changes under this act, it is inevitable that certain sections of the
4 Arkansas Code requiring technical changes to follow the intent of this act
5 will be either omitted or amended in a manner that is later found to be
6 erroneous and unintentional;

7 (D) It is likewise inevitable that other acts enacted by
8 the Ninety-Fifth General Assembly will not take into account the changes in
9 this act, resulting in technical inconsistencies between newly passed laws;
10 and

11 (E) If the correct statutory change to remedy an
12 unintentional error or an inconsistency between this act and another act of
13 the Ninety-Fifth General Assembly is readily apparent and consistent with the
14 intent of this act, the unintentional error or inconsistency should be
15 corrected as part of the codification process due to the technical nature of
16 the unintentional error or inconsistency.

17 (2) It is the intent of the General Assembly to empower the
18 Arkansas Code Revision Commission to correct technical errors identified in
19 the Arkansas Code during the implementation of this act to allow this act to
20 be fully implemented.

21 (b)(1)(A) Any person or state entity identifying one (1) or more
22 sections of the Arkansas Code that require revision to implement the intent
23 of this act may notify the Director of the Bureau of Legislative Research or
24 his or her designee of the section or sections at issue.

25 (B) If the Bureau of Legislative Research, while assisting
26 the commission with the commission's powers and duties, becomes aware of one
27 (1) or more sections of the Arkansas Code that require revision to implement
28 the intent of this act for which it appears that the bureau and the
29 commission do not have authority to make the necessary revision under § 1-2-
30 303(d), the bureau may notify the commission of the section or sections at
31 issue.

32 (2) If the commission determines that the revision necessary to
33 one (1) or more sections of the Arkansas Code under subdivision (b)(1) of
34 this section is technical in nature, germane to the intent of this act, and
35 consistent with this act's policy and purposes, the commission may make the
36 revision to the Arkansas Code.

1 (3) The commission shall notify the publisher of the Arkansas
2 Code of a revision to the Arkansas Code under subdivision (b)(2) of this
3 section as soon as possible so that the revision may be reflected in the
4 official hard copy version of the Arkansas Code and the official electronic
5 version of the Arkansas Code.

6 (4)(A) Except as provided in subdivision (b)(4)(B) of this
7 section, when the commission approves a revision to the Arkansas Code under
8 subdivision (b)(2) of this section, the commission shall notify the following
9 of the revision within thirty (30) days:

10 (i) The Speaker of the House of Representatives;

11 (ii) The President Pro Tempore of the Senate; and

12 (iii) The Legislative Council.

13 (B) The commission is not required to make a notification
14 under subdivision (b)(4)(A) of this section if the revision is made under §
15 1-2-303(d).

16 (c) The authority granted to the commission under this section is
17 supplemental to the commission's authority under § 1-2-303.

18 (d) This section shall expire on December 31, 2026.
