20 (2) The Office of Personnel Management may approve an adjustment
21 in the classification of a position within the same job series after the
22 secretary of the requesting cabinet-level department or the requesting agency
23 director has demonstrated that the:

24 (A)(i) Employee has satisfied the eligibility criteria as
25 established by the office.

26 (ii) The office shall submit the eligibility
27 criteria under subdivision (c)(2)(A)(i) of this section for review by the
28 Legislative Council or, if the General Assembly is in regular session, fiscal
29 session, or extraordinary session, the Joint Budget Committee; and

30 (B) Employee's satisfactory performance justifies the
31 change in classification.

32 (3) An adjustment approved under subdivision (c)(2) of this
33 section shall not exceed the highest graded classification designated as
34 career-path within the job series.

35 (4) The office shall file a report of job series adjustments
36 approved under this subsection (c) with the Legislative Council or, if the

1 General Assembly is in regular session, fiscal session, or extraordinary
 2 session, the Joint Budget Committee, for review at the next regularly
 3 scheduled meeting following the approval.

4
 5 SECTION 6. Arkansas Code § 21-5-209 is amended to read as follows:
 6 21-5-209. Compensation plan.

7 (a) There is established for state agencies covered by this subchapter
 8 a compensation plan for the setting of salaries and salary increases, when
 9 deserved, of all employees serving in positions covered by this subchapter.

10 (b) An employee whose salary falls below the entry pay level for the
 11 grade assigned to his or her classification may be adjusted to the entry pay
 12 level if approved by the Office of Personnel Management.

13 ~~(b)(1)(c)(1)~~ No employee shall be paid at a rate of pay higher than
 14 the maximum pay level in the grade assigned to his or her class unless
 15 otherwise provided for in this subchapter.

16 (2) However, an employee presently employed in a position who is
 17 being paid at a rate in excess of the maximum for his or her assigned grade
 18 may continue to receive his or her rate of pay.

19 ~~(e)(d)~~ It is the specific intent of the General Assembly to authorize,
 20 in the enactment of the compensation plans, rates of pay for each of the
 21 appropriate grades assigned to a class, but it is not the intent that any pay
 22 increases shall be automatic or that any employee shall have a claim or a
 23 right to pay increases unless the department head of the state agency
 24 determines that the employee, by experience, ability, and work performance,
 25 is eligible for the increase in pay authorized for the appropriate rate.

26 ~~(d)(e)~~ Pay levels established in this subchapter are for compensation
 27 management purposes and are not to be construed as a contract, right, or
 28 other expectation of actual employee salary determination.

29 ~~(e)(1)(f)(1)~~ The following grades and pay levels shall be authorized
 30 for the ~~General Salaries~~ State Government Services pay table effective July
 31 1, ~~2024~~ 2025, and thereafter, for the state service for all positions of

1 section and who moves into a position that does not need the skill to
2 communicate in a language other than English shall revert on the effective
3 date of the change to the rate of pay that the employee would otherwise
4 receive.

5 ~~(k)(1)(e)(1)~~ On-call duty or standby-duty differential may be
6 authorized for an employee whose job requires him or her to provide services
7 on nights, weekends, or holidays or other situations when the state agency
8 does not have regularly scheduled staff coverage.

9 (2) On-call duty or standby-duty differential is to be used for
10 officially scheduled duty outside regular work hours during which an employee
11 is required to be accessible by telephone, pager, or other means and must
12 return to the designated work site upon notification of need within a
13 specified response time.

14 (3)(A) An employee who is required to be available for duty on
15 nights, weekends, and holidays will be eligible to receive on-call or
16 standby-duty pay equivalent of an hourly rate not to exceed twenty percent
17 (20%) of his or her base hourly pay rate for each on-call or standby hour for
18 not more than forty-eight (48) hours during any seven-day work period.

19 (B)(i) Compensation shall not be paid to any employee
20 required to be on-call and standby who fails to respond after the second
21 notification that his or her services are needed.

22 (ii) If the equipment or paging device malfunctions,
23 the penalty shall not apply.

24 (C)(i) An employee on on-call or standby duty who is
25 called in to work shall be compensated for the actual hours worked at the
26 appropriate rate of pay with a minimum of two (2) hours for each call back.

27 (ii) The employee shall not be paid on-call or
28 standby pay for hours actually worked during a call back.

29 ~~(1) If granting additional compensation would have the effect of~~
30 ~~exceeding the maximum pay level for the grade assigned to the employee's~~
31 ~~classification, the additional compensation shall not be considered as~~
32 ~~exceeding the maximum allowable rate for that grade.~~

33 (f) A hard-to-fill or retain differential up to ten percent (10%) may
34 be authorized for a position or classification if:

35 (1) The state agency has certified the inability to recruit and
36 retain certain employees in a specific geographic area of the state based on

1 documented recruitment, turnover, or other competitive pay issues; or

2 (2)(A) There is an increased risk of personal physical injury
3 for an employee occupying a certain identified high-risk position that is
4 physically hazardous or dangerous.

5 (B) A position is determined to be physically hazardous or
6 dangerous:

7 (i) Due to location, facility, services provided, or
8 other factors directly related to the duty assignment of the positions; and

9 (ii) If the employee's regularly assigned work
10 schedule exposes the employee to clear, direct, and unavoidable hazards
11 during at least fifty percent (50%) of the work time and the employee is not
12 otherwise compensated for the hazardous exposure.

13 (C)(i) The requesting agency director or secretary of a
14 cabinet-level department shall identify the facility or unit, location, and
15 eligible positions and classifications within the facility or unit that are
16 identified as high-risk positions that are physically hazardous or dangerous.

17 (ii) The positions shall be certified by the agency
18 director or secretary of a cabinet-level department as having been assigned
19 to a work environment that poses an increased risk of personal injury and
20 shall be submitted as part of the plan for payment of a hard-to-fill or
21 retain differential to the office for approval by the Secretary of the
22 Department and Transformation and Shared Services in consultation with the
23 Chief Fiscal Officer of the State and following approval by the Legislative
24 Council or, if the General Assembly is in regular session, fiscal session, or
25 extraordinary session, the Joint Budget Committee.

26 (iii) Subsequent changes to the facility or unit,
27 location, and eligible positions or classifications within the facility or
28 unit on file with the office shall receive prior approval by the Secretary of
29 the Department of Transformation and Shared Services after approval by the
30 Legislative Council or, if the General Assembly is in regular session, fiscal
31 session, or extraordinary session, the Joint Budget Committee.

32 (D) It is the intent of this subsection that hard-to-fill
33 or retain differentials shall be at the discretion of the Secretary of the
34 Department of Transformation and Shared Services and shall not be implemented
35 using funds specifically set aside for other programs within the state
36 agency.

1 (g) An additional hard-to-fill or retain differential may be
2 authorized for employees occupying positions assigned to a maximum security
3 unit or facility if the work schedules expose employees to clear, direct, and
4 unavoidable hazards for clients, inmates, or patients who are in facilities
5 or units that are classified as maximum security.

6 (h) An employee who is receiving additional compensation for a high-
7 risk position that is physically hazardous or dangerous and then is
8 reassigned to normal duty shall revert on the day of the reassignment to the
9 rate of pay for which he or she is eligible under this subchapter.

10 ~~(m)~~(i) Other compensation differentials may be administered by the
11 Office of Personnel Management office after:

12 (1) Approval by the State Personnel Administrator; and

13 (2) Review by the Legislative Council or, if the General
14 Assembly is in session, the Joint Budget Committee.

15 (j) If granting additional compensation under this section would have
16 the effect of exceeding the maximum pay level for the grade assigned to the
17 employee's classification, the additional compensation shall not be
18 considered as exceeding the maximum allowable rate for that grade.

19 (k) The office may adopt policies establishing the percentage
20 increments that are available for each compensation differential.

21 (1)(1) Determining the maximum number of employees, the maximum
22 compensation of employees, and the maximum amount of appropriation of general
23 revenue funding for a state agency each fiscal year is the prerogative of the
24 General Assembly and is usually accomplished by delineating the maximums in
25 the appropriation act for a state agency and the general revenue allocations
26 authorized for each fund and fund account by amendment to the Revenue
27 Stabilization Law.

28 (2) In light of subdivision (1)(1) of this section, it is both
29 necessary and appropriate that the General Assembly maintain oversight by
30 requiring prior approval of the Legislative Council or Joint Budget Committee
31 as provided by subsection (f) of this section.

32 (3)(A) The requirement of approval by the Legislative Council or
33 Joint Budget Committee is not a severable part of subsection (f) of this
34 section.

35 (B) If the requirement of approval by the Legislative
36 Council or Joint Budget Committee is ruled unconstitutional by a court of

1 competent jurisdiction, subsection (f) of this section is void.

35 SECTION 16. DO NOT CODIFY. (a) Upon approval by the Office of
36 Personnel Management, an employee of the Department of Corrections who is

1 receiving a compensation differential under § 21-5-221 on the last day of
2 fiscal year 2025 shall have the compensation differential added to the
3 employee’s base salary before the implementation of the Fiscal Year 2026 pay
4 plan.

5 (b) An employee who has a compensation differential added to the
6 employee’s base salary under subsection (a) of this section shall no longer
7 be eligible for compensation differentials that have been removed.

8

9 SECTION 17. DO NOT CODIFY. CROSSWALK.

10 (a) The General Assembly finds that:

11 (1) This act creates widespread revisions to the system used for
12 the classification and compensation of state agency employees that are
13 necessary to ensure the continued services and operations of the state;

14 (2) It is impossible to implement revisions of the scope
15 contained within this act that coincide with the process for drafting and
16 enacting appropriation acts of the General Assembly;

17 (3) As a result of this impossibility, the appropriation acts
18 for state agencies enacted during the Ninety-Fifth General Assembly will not
19 reflect the changes under this act; and

20 (4) It is the intent of this section to provide for the
21 appropriation acts of state agencies enacted during the Ninety-Fifth General
22 Assembly to be superseded with information from this act as necessary to
23 fully implement this act and provide for the continued services and
24 operations of state agencies.

25 (b) The classification titles and grades established in § 21-5-208
26 under this act shall supersede the classification titles and grades
27 established in a state agency appropriation act enacted by the Ninety-Fifth
28 General Assembly that uses classification titles and grades other than those
29 established by this act, regardless of the date that the state agency
30 appropriation act becomes law.

31 (c) The classification titles and grades for state agencies
32 established in a state agency appropriation act enacted by the Ninety-Fifth
33 General Assembly shall be modified as follows during the fiscal year 2026,
34 regardless of the date that the state agency appropriation act becomes law:
