REMARKS BY CHIEF JUSTICE KEMP
GENERAL ASSEMBLY
SWEARING IN CEREMONY

In just a few moments each of the elected officials will be taking their oath of office. In that oath, each person swears to support the Constitution of the United States of America and the Constitution of the State of Arkansas.

I would like to read the Preamble of each Constitution. The Preamble of the Constitution of the United States of America reads as follows:

We the people of the United States, in order to form a more perfect Union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish the Constitution for the United States of America.

The Preamble for the Arkansas Constitution reads as follows:

We the people of the State of Arkansas, grateful to Almighty God for the privilege of choosing our own form of government, for our civil and religious liberty, and desiring to perpetuate its blessings and secure the same to ourselves and posterity, do ordain and establish the Constitution.

In each of these preambles the Constitution is established by the people. We, the people are the government of the United States; we, the people are the government of the State of Arkansas. We should never forget this fact. More importantly, the elected and appointed officials on local, state and national levels should never forget this fact.

Our officials are serving in the government, but the people, us, we the people are the government of this great state.

**REMARKS OF
SPEAKER OF THE HOUSE OF REPRESENTATIVES
JANUARY 9, 2023**

I thank you once again for your vote of support and humbly accept the Speakership of the Arkansas House of Representatives for the 94th General Assembly.

I think I speak for more than just myself when I say thank you for selecting your speaker on the first and not the 15th vote. This body prides itself on not reflecting DC politics and we are off to a great start once again.

First and foremost I want to thank my lord and savior Jesus Christ for whom which anything that I've ever been able to accomplish is because of Him. And far more important than anything that I will ever do is having a personal relationship with Him. Regardless of any position that I may hold now, have held in the past or ever hold, all glory honor and praise goes to the Lord God Almighty. And I will give him praise in both the good times and the bad times.

I want to thank my wife Alie for her love support and sacrifice particularly during my service in the legislature. There's no question that she has the most difficult job in the Shepherd family, tending to the home, teaching school, and providing for our children while I'm here in Little Rock. Thank you Alie, I love you and you mean the world to me.

I also want to thank my children, Eli, Mary Kate and Libby for their love, and sacrifice and support as well. And though I embarrass them many times, I am so very proud of them and the young men and women that they are becoming.

I'd like to thank my parents for all that they've done for me through the years. There's no doubt that anybody that knows me can see both the traits of my father and my mother in me and I can't thank them enough. And to my brother and my sister and their families thank you for your love and support as always. My brother is also my law partner. I'm always thankful when I go back home and it still says Shepherd & Shepherd. And not just Shepherd.

I also recognize that each of you as Members also have family, friends, co-workers, and others who have sacrificed and supported you so that you can serve here at the Capitol. And at this time I would like for you to join me in thanking all of them for their support and sacrifice that makes our service possible.

It is always a special honor to have my father administer the oath of office. He and my mother instilled in me a love and understanding of the importance of public service from an early age. An early memory for me is in elementary school my grandparents and parents taking me to see then President Ronald Reagan speak in person. Of course, Rep. Eubanks said he actually got to vote for Ronald Reagan.

I was reminded of President Reagan's outlook on the future of our country when I thought about the challenges of our state now. We have emerged from one of the most trying periods for our health and our economy in recent history. But it's a new day in Arkansas. And we ring in a new year with new hope.

On New Year's Day in 1982, President Reagan spoke to a nation gripped by a recession. He said, "the road to recovery is never easy. But America is no stranger to challenges. We need only to live up to our convictions to set things right. We need only believe in ourselves, in our country, and in tomorrow."

As an aside, this summer I had the opportunity to go to the beaches of Normandy. And I would encourage anyone who is ever able to go to the beaches of Normandy, to go to the American cemetery. It will change your life forever as to how you see yourself as an American and how you see your service to our country. It brings tremendous perspective into the work that we have to do. And we have a great deal of challenges before us. Businesses need more workers, hospitals more nurses, schools more teachers, and public safety must be prioritized. But I believe the American spirit that Reagan talked about four decades ago can help solve the issues of today. A belief in ourselves, in our country, in our state, and in tomorrow.

The House is a special place and there isn't a day that has passed in 12 years where I am not immensely grateful that I am a part of this body. With all of us each representing approximately 30,000 Arkansans, our constituents have an accessible advocate to their state government.

Here is where people from every corner, mountain and valley of our state convene for the good of every Arkansan. Here, under the panes of stained glass and behind the columns of marble carved more than a century ago, we meet for the same purpose every two years....to leave Arkansas better than we found it.

It is worth noting, this body as a whole is younger than in years past. In fact, 21 members sworn in today are 40 year old or younger. For pop culture reference, this means that now 20% of the House was born after Ali's last fight, born after Bear Bryant coached his last game, and after ET phoned home. A new generation is taking on a larger role in leadership. They bring new ideas shaped by our fast changing world.

Conversely, we have members who have been serving in this body for more than a decade. They bring new ideas as well shaped by wisdom that comes with years and by their now extensive knowledge of the inner workings of government. The span of generations and experience in this body can serve Arkansas well if we listen to one another without judgment and with a genuine search for one another's perspective. Whether you are 27 or 77, the life experiences you bring to this body matters.

That does not end with just age. In this House we have farmers, lawyers, doctors, teachers, real estate agents, pastors, and this year we even have a couple of radio show hosts and a former professional wrestler. Our vast diversity in careers also strengthens the legislature. By sharing our individual expertise, we can together craft legislation that benefits all Arkansans.

This year, our districts have changed. We have a new district number and a new boundary. Some of you may have larger district than last year other a more condensed. But whether your constituents include the rice farmers in the Delta or the company executives in Bentonville. Whether your district borders the Mississippi or the Ouachita. Whether you live on the hill of the Razorbacks or the den of the Red Wolves.. in this chamber we are first and foremost Arkansans. And under this dome, our principles should be our guide. Here every Arkansan, you and the people you represent, deserve to be heard, respected, and valued. May we all strive to respect our differences and find our consensus to build upon.

Recently, I had a reporter in my office asking me what I expected in this session. After answering his questions about what I thought might be contentious this session, he said “you’re optimistic aren’t you?” As far as accusations from the press go, this is one I’ll gladly accept. He said this because I replied that although I expected vigorous debate on some issues, I wouldn’t characterize any potential issue as absolutely destined to be contentious. I think in the end we will come together to do the best for the people of Arkansas, and more times than not in a way that is not contentious, but respectful and vigorous, I think we will solve the problems laid before us.

I try to be an optimist. I think you have to be an optimist to serve here. If I’m not optimistic then I probably shouldn’t be your Speaker. If I didn’t believe we can make tomorrow better than today, if I didn’t believe every life has a God given purpose, if I didn’t believe in the goodness of humanity and a God who loves us unconditionally, I probably should not be here. But I do believe those things. And I believe you do too.

Our job now is to take this journey one day at a time and wake up every morning believing in the bright future of our state. I hope you will do that. As I have said now many, many times from this well, I remain willing to work with all who are willing, and together I know we can accomplish much for the people who matter most, the people of Arkansas.

May God bless you, may God bless the House, and may God continue to bless the Great State of Arkansas.

Governor Sarah Sanders
State of the State Address
To the 94th General Assembly
January 10, 2023

Governor Sarah Huckabee Sanders delivered remarks to the Joint Session of the 94th General Assembly after being sworn in as the 47th governor of Arkansas.

Remarks as prepared for delivery:

"Speaker Shepherd, President Hester, members of the Supreme Court, distinguished Members of the General Assembly, my fellow Arkansans:

It is an honor to stand before you as the 47th Governor, and the first woman governor, of the great state of Arkansas. I was 13 years old when I attended my first joint address back in 1996. Some of you may recall it was a pretty chaotic day. After getting lost in the surging crowd, I missed my dad's first big speech in this chamber. Today, I made sure to get here bright and early, and much to the surprise of those who know me well, I'm on time.

I'm grateful to be joined by my family: my wonderful husband Bryan; our three kids, Scarlett, Huck and George; and members of our extended family. Thank you all for being here.

We are also honored to be joined by former Governor Asa Hutchinson, former Senator David Pryor and his wife, Barbara. I'm thankful for their leadership and shared love of our great state.

As we gather in these storied chambers at the dawn of a new day, a turning point in the history of Arkansas will usher in a new era of good jobs, great schools, safer streets and stronger families.

The people of Arkansas, in their vast wisdom, have entrusted a new generation to lead. This is our moment. This our opportunity. And you and I are the leaders who the people have chosen to get the job done.

Our reasons for such high confidence and boundless optimism are many.

History teaches us that to every generation comes not only great challenges, but great opportunities – often in quick succession. After the upheaval of World War II, there were the decades of unparalleled economic growth. After the turmoil of Vietnam, stagflation and the gas lines of the 1970s, there was the peace and prosperity of the Reagan Era. After the financial crisis of 2008 and years of lingering stagnation, there was an unprecedented economic boom.

Like the rest of our country, Arkansas has weathered its share of storms in recent years: a worldwide pandemic, shuttered schools, crippling inflation and rising crime.

But here in Arkansas, that long night of hardship and heartache is breaking into a brighter tomorrow. If we seize this moment together, if we act on the principles we hold dear, we can make Arkansas stronger than ever.

I couldn't ask for better partners in this endeavor. President Hester, Speaker Shepherd – your partnership is the reason I know we will deliver for the people of Arkansas.

I want this legislature to know that as governor, I will always have an open door and an open mind. And like most of you, I don't care about getting credit – I care about getting results.

So this session, let us think bigger, act bolder, and do better than we ever have before.

With family budgets still battered by inflation, let's deliver another historic tax cut and give the people of Arkansas the pay raise they deserve.

Let's not surrender the competition for jobs to other states – let's cut taxes and bring jobs right here to Arkansas. And let's also cut wasteful spending so we can continue to phase out the income tax altogether.

The challenges we face in education did not appear yesterday. They will not be solved tomorrow. But we WILL get started TODAY.

I ask you to send me legislation that expands pre-K, improves literacy, and gives students real-world skills they need to succeed in the workplace.

Parents cannot be an afterthought in education. Parents are the foundation of a child's success. So let's give parents a greater role in education, including the right to choose the school that's best for their child – whether it is public, private or parochial. When we give parents a choice, we give children a chance.

In these endeavors, I will be guided by clear principles – principles I know you share.

Among these principles is the belief that the first responsibility of government is to secure the lives, liberty and property of its citizens. Any government that tolerates rampant crime has failed in its most important duty. As of today, Arkansas will tolerate crime no longer.

Together, we will build the prison space we need to keep our citizens safe. We will put more of our courageous cops on the street. We will shut down the crime wave that has plagued our cities. And we will teach our children that the badge is a symbol of justice, the police are a force for good, and our officers are heroes who are worthy of our highest respect.

There is so much more we can achieve as partners working together.

If you send me legislation promoting adoption or improving foster care, I will sign it. If you send me a bill defending the right to free speech, or the right to keep and bear arms, I will sign it. If you send me a bill that rewards our teachers with higher pay, I will sign it.

But if you send me legislation that grows government at the expense of freedom, I will veto it without hesitation or remorse. As a mom of three kids, I have no problem saying no.

Today, let us reaffirm our commitment to a timeless American idea: that government exists not to rule the people, but to serve the people.

The special interests may speak loudly, but it is the voice of the people that we must hear and follow. They are the men and women who till the soil, drive the long

hauls and run the restaurants. The people who work hard, give back to their communities and help their neighbors in times of need. The people who teach their children to love God, and to be proud of their country. They take responsibility for their actions – and they deserve a government that does the same.

A government that does a few things, and does them exceptionally well – that is the government they voted for, and that is what we must deliver.

Today, let us pledge that we will not rest until we have a government that is as good and decent and hardworking as the people of Arkansas.

I ask you to stand with me as we work for the state we love and the people we serve."

The House stood in recess at 11:20 a.m. until 11:29 a.m.

TO ADOPT THE RULES OF THE HOUSE OF REPRESENTATIVES OF
THE NINETY-FOURTH GENERAL ASSEMBLY.

Subtitle

TO ADOPT THE RULES OF THE HOUSE OF REPRESENTATIVES OF THE
NINETY-FOURTH GENERAL ASSEMBLY.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-
FOURTH GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. The Rules of the House of Representatives of the Ninety-Fourth General Assembly of the State of Arkansas are adopted to read as follows:

MEMBERS

1. Every representative shall be present within the House during the session of the House and every member shall be present at each committee meeting of which he or she is a member, unless excused or necessarily prevented. It is the policy of the Arkansas General Assembly, as a term-limited body, to encourage legislators to learn as much as possible by attending meetings of committees of which they are not a member. Prior signed and documented approval must be obtained from the chairperson of a committee for a visiting non-committee member to enjoy certain privileges offered to regular members.

2. For the purpose of seating in the House Chamber for an upcoming regular session of the General Assembly, the Speaker of the House, following the November General Election, shall declare all House Chamber seats vacant and representatives and representatives-elect must select in the order of their seniority any seat not occupied after notification by the Chief Clerk of available seats. Absence or failure to select a seat at the assigned selection time will automatically allow the Speaker to assign the member to his or her same seat if it is available or the member or member-elect to a seat selected by the Speaker. The Chief Clerk shall furnish voting machine and desk keys.

3. When it is necessary for seniority of incoming members to be determined by lot, the Speaker of the House and the Speaker-designate of the House shall conduct a drawing by lots upon receiving certification from the Secretary of State of

the election of membership to each General Assembly. Qualified and certified persons to be seated and officially receive the oath of office may do so only at a time and place prescribed by the House. No person having resigned from public office as a provision to a plea agreement to avoid felony prosecution shall be seated or administered the oath of office. Incoming members with previous legislative tenure shall be placed highest in seniority among the incoming members based upon previous terms of service. Where an equivalence of full terms of service exists, seniority for those with equal terms shall be asserted by drawing lots to determine their numerical standing.

4. A majority of all representatives elected to the House shall be necessary to transact business. When less than a quorum of House members shall assemble, those present shall be authorized to send for the absent representatives or adjourn. Penalties may be decided by a majority of the representatives present. (Arkansas Constitution, Article 5, § 11)

5. Each representative is expected to vote on each question put before the House unless he or she has an immediate personal interest.

6. Any representative shall have the right to explain his/her vote on any bill or other question before the House, in writing. Such explanation shall not be entered upon the Journal, but shall be filed with the Chief Clerk.

7. Every bill or resolution in the possession of the House or of any committee thereof shall be made available to any member for his/her examination.

8. No member at any time shall take from the House or any committee any bill or other paper belonging to the House, without consent of the Speaker, subject to the will of the House.

9. It shall be the duty of each representative to know, practice and preserve Parliamentary Law.

THE SPEAKER

10. Selection.

10.(a) As used in this rule, the term "Speaker-designate" shall mean the member of the House of Representatives selected by the House of Representatives of each General Assembly held preceding the convening of the next-following regular session of the General Assembly, in the following manner:

10.(a)(1) A caucus of the entire House of Representatives shall be held fifteen (15) minutes following sine die adjournment of the fiscal session held in each even-numbered year, at which time the members of the House shall select by secret ballot a member of the House to be known as the Speaker-designate. Each candidate for Speaker-designate shall be allowed fifteen (15) minutes to address the House before the ballot is taken. All members are required to be present for the addresses and for

the election. In the event a member is unable to attend, absentee ballots may be requested by a member for himself/herself from the Speaker's Office no sooner than twenty (20) calendar days prior to the scheduled election and must be completed and returned to the Speaker's Office no later than four p.m. (4:00 p.m.) the day before the scheduled election. It is the intent of the Speaker's office to accommodate any and all members for Speaker-designate voting, should a member have a documented emergency arise, the Speaker may direct staff to allow for absentee voting up to two (2) hours prior to the scheduled election. Leave for absence shall be requested immediately before the time of the election. The Speaker shall announce the name and number of votes received by the candidate who received at least a majority of the votes of the membership of the House. Each candidate shall be entitled to verify the number of votes he or she received.

10.(a)(2) The candidate receiving a majority vote of the membership of the House of Representatives shall be declared the winner of such election for Speaker-designate of the House of Representatives of the next-following General Assembly.

10.(a)(3) If no candidate receives a majority vote of the membership of the House of Representatives, the names of the two (2) candidates receiving the highest number of votes cast shall be placed on a run-off ballot and distributed among the membership of the House of Representatives in the same manner provided above.

10.(a)(4) If it is determined that the Speaker-designate will not serve as a member of the House of Representatives of the next-following General Assembly due to death, resignation, or failure to be a candidate for or to win reelection, a vacancy in the position of Speaker-designate shall exist and be filled at the caucus of the entire House of Representatives-elect held on the Friday of the week designated for the biennial Institute of Legislative Procedure (House Legislative Orientation), and the Speaker of the House of Representatives shall be elected upon convening of the next regular session.

10.(a)(5) It is the intent of this subsection that the Speaker-designate be the Speaker of the House of Representatives of the next-following General Assembly, subject to selection by the membership of the House upon convening of the regular session.

10.(a)(6) Petitions seeking pledge signatures of members of the House of Representatives for a particular candidate seeking selection as Speaker-designate shall not be circulated among the members of the House of Representatives.

11. Duties. The duties of the Speaker of the House shall be to:

11.(a) Take the chair each day at the hour fixed on the preceding day at adjournment. After the opening prayer and pledge of allegiance, he or she shall immediately call the members to order, and on the appearance of a quorum, cause the Journal of the preceding day to be read;

One copy of such literature which is distributed in the House Chamber and House premises must bear the signature of a representative authorizing distribution and the signed copy must be filed with the Chief Clerk; and

17.(i) The Secretary of the Senate and the Clerk of the House are authorized, subject to approval by the appropriate designated committee, to correct obvious errors occurring in documents originating in the House and the Senate respectively, provided that each such correction is noted on the bill jacket and is documented by a "correction note" at the end of the official daily Journal for the date on which the correction was made.

PARLIAMENTARIAN

18. The duties of the Parliamentarian shall be to:

18.(a) Convene the first session of the House at the time prescribed by law. The Parliamentarian shall call the members to order, call the roll, preserve order and decorum, and decide all questions of order subject to appeal by any representative pending the election of the Speaker. The Parliamentarian of the previous House shall serve as the official Parliamentarian until the appointment of a new Parliamentarian. 18.(h) Prepare and distribute the House Rules and amendments thereto, under the supervision of the Speaker and the House Rules Committee; and

18.(i) Have an adequate knowledge of Parliamentary Law and the Rules of the Arkansas House of Representatives.

PARLIAMENTARY PRACTICE

19. When a question is under debate, motions shall have precedence in the following order (the request for a quorum call is always in order; the Chairperson is not compelled to accept any motion):

19.(a) To fix the time to which the House will adjourn (non-debatable) (majority of a quorum);

19.(a)(1) (A majority of a quorum is a majority of those voting when at least a majority of the members are present and voting;)

19.(b) To adjourn (non-debatable) (majority of a quorum);

19.(c) To take a recess (non-debatable) (majority of a quorum);

19.(d) Postpone temporarily; lay on the table (non-debatable) (majority of a quorum) To take from the table (non-debatable) (majority of a quorum) (when the motion to take from the table is adopted, the proposition takes the same position it held when the motion to lay on the table was adopted);

19.(e) Immediate consideration (non-debatable) (2/3 of a quorum);

19.(f) Previous question (non-debatable) (5 seconds) (majority of a quorum);

19.(g) Limit or extend debate (non-debatable) (2/3 of a quorum);

19.(h) To expunge (debatable) (2/3 of membership) (67);

19.(i) Postpone to a day certain (debatable) (majority of a quorum);

19.(j) Committee of the Whole, go into (non-debatable) (majority of a quorum);

19.(k) Refer (debatable) (majority of a quorum);

19.(l) Amend (debatable) (majority of a quorum);

19.(m) Postpone indefinitely (debatable) (majority of membership);

19.(n) Take out of proper order (non-debatable) (2/3 of a quorum);

19.(o) Special order of business (debatable) (2/3 of a quorum); and

19.(p) To suspend the rules (non-debatable) (2/3 of a quorum).

20. A motion to adjourn shall always be in order, when the Floor can be obtained for that purpose, except when the previous question has been ordered.

21. The motion to recess, when the Floor can be obtained for that purpose, must specify the time which shall elapse and the time for reconvening. It may be amended to alter specific time.

22. Previous question:

22.(a) When any debatable question is before the House, any member may move the previous question. It shall be seconded by five (5) members whether the question shall be stated. When the previous question shall have been adopted, the proponents shall be allowed fifteen (15) minutes in which to debate it, and the opponents of the main question shall be allowed fifteen (15) minutes, after which time a vote upon the main question shall be taken.

22.(b) Pending a vote on the main question, one (1) motion to refer is permitted. A motion to refer under this rule applies to House resolutions as well as to House bills, to Senate bills and to Senate amendments to a House bill, and to a motion to amend the Journal. The motion to refer under this rule is non-debatable and may not be laid upon the table.

23. A motion to postpone to a day certain may not specify the hour; a special order is necessary to specify the hour; the motion may be amended and it is debatable within narrow limits only, confined to the merit of the motion itself.

24. The simple motion to refer is debatable within its narrow limits, but the merits of the proposition to which it is proposed to refer may not be brought into the debate. The motion to refer with instructions is debatable (majority vote of a quorum). When a question is raised about the proper referral of a bill to committee, if the Speaker admits error in the referral of the bill to a committee, the bill may be re-referred by a majority vote of a quorum; however, if the Speaker does not admit error in the referral of the bill to committee, the bill may only be re-referred by a two-thirds (2/3) vote of a quorum. When a bill is re-referred to a committee, any previous committee recommendation is automatically stripped from the bill.

24.(a) When a motion is under consideration, only two (2) substitutes to that motion shall be in order. Only a motion applicable to the main motion and of a higher precedence upon recognition may be substituted for the motion under consideration. A substitute to the third degree shall not be in order. Unless specified otherwise by the presenter of the motion at the time the motion is made, a substitute motion shall apply to the main motion.

25. The motion to postpone indefinitely opens to debate all the merits of the proposition to which it is applied. It may not be applied to the motion to refer, or to suspend the rules, or to motions relating to the order of business.

25.(a) The motion for indefinite postponement and possible consideration by a joint interim committee shall be as follows: "Mr. Speaker, I move that consideration of _____ be postponed indefinitely and that consideration be given by the joint interim committee on _____ for a study of _____." (majority of membership).

26. The motion to limit or extend debate must specify time limitations. A substitute motion specifying a lesser time may be accepted.

27. Reconsideration:

27.(a) When a proposition has been made and carried or lost, it shall be in order for any member of the majority on the same or succeeding legislative day to move for the reconsideration thereof, or give notice of his or her intentions to do so and such motion shall take precedence over other questions except consideration of a conference report or a motion to adjourn: Provided, the motion or proposition shall only be considered during the period reserved for regular bills. The notice shall not be withdrawn after the said succeeding legislative day without the consent of the House, and thereafter any member may call it up for consideration: Provided, the notice to reconsider must be disposed of within three (3) legislative days following the day the vote was taken; provided, that such notice to reconsider cannot be given after the 57th day of a regular session or during a special session or fiscal session during which times a motion to reconsider must be disposed of immediately.

27.(b) The provisions of the rule that the motion may be made "by any member of the majority" is construed, in case of a tie, to mean the member of the prevailing side, and the same construction applies in the case of a two-thirds (2/3) vote. Where the yeas and nays have not been ordered recorded in the Journal, any member, irrespective of whether he or she voted with the majority or not, may make the motion to reconsider or give notice thereof; but a member who was absent or who was paired in favor of the majority contention and did not vote may not make a motion.

27.(c) A bill in the possession of the House is not considered passed or an amendment agreed to if a motion to reconsider is pending; the effect of the motion being to suspend the original proposition. A notice or motion to reconsider shall not be allowed unless the bill is in the House. A bill shall not leave the House once notice of reconsideration is given. When the motion to reconsider is decided in the affirmative, the question immediately recurs on the motion reconsidered. However, prior to consideration of the question at hand, the Speaker shall have the title, expressing the main contents of the proposition being reconsidered, read to the

House. When the motion to reconsider is defeated, a second motion to reconsider may not be made.

27.(d) The motion to reconsider is agreed to by a majority of a quorum, even though the vote reconsidered requires a majority or more of the membership. Upon reconsideration when a proposition has been voted twice and either carried or lost it is considered "Clinched".

27.(e) A notice to reconsider is not debatable. A motion to reconsider is debatable when the item to which it applies is debatable.

27.(f) No bill, petition, memorial, or resolution referred to a committee or reported there-from for recommitment shall be brought back into the House on a motion to reconsider.

27.(g) The "Clincher" motion is two (2) motions in one (1); it is a motion to reconsider and to lay on the table. Having prevailed, the proposition shall not be again considered except by expunging the record. The "Clincher" motion is adopted by a majority of the membership. The Speaker shall accept a "Sound the Ballot" request after the "Clincher" has been adopted and before the next order of business is called.

27.(h) No "Clincher" motion shall be entertained on a bill passed during the morning hour or which has been represented to be non-controversial regardless of when passed. Prior to the 60th day of a session, no bill passed during the morning hour, or a bill appearing on the non-controversial bill calendar which has passed, shall be transmitted to the Senate until the expiration of the morning hour of the day next following its passage in which the House is in session.

28. No dilatory motion shall be entertained by the Speaker.

29. Two-thirds (2/3) of a quorum may suspend the rules, other than rules that require a two-thirds (2/3) or three-fourths (3/4) vote of the membership. Rule 12 of the Joint Rules of the Senate and House of Representatives - Suspension of Joint Rules

30. No standing rule or order shall be revised without one (1) day's notice being given thereof.

31. In every case not provided for in the House rules, the Speaker, the Parliamentarian, and the members shall be guided by Mason's Manual of Legislative Procedure. Each member of the Rules Committee may be furnished a copy of the current edition and of each new or revised edition of Mason's Manual of Legislative Procedure and additional copies may be available to other members from the Parliamentarian, upon approval of the Rules Committee.

Notwithstanding Rule 27 (h), a concurrent resolution or concurrent memorial resolution that is subject to this rule may be transmitted to the Senate on the same day that it is passed. A joint resolution proposing a Constitutional amendment shall be placed on the regular House calendar and is subject to Rule 27 (h).

36. Unfinished business items, except items "(a)" through "(g)", take up where the House left the day before when it adjourned. Items "(a)" through "(g)" begin new each day.

37. Privileged matters may interrupt the order of business. These privileged matters are:

19.(o) Special order of business (debatable) (2/3 of a quorum); and

19.(p) To suspend the rules (non-debatable) (2/3 of a quorum).

9) (House Rule 60(a)) All committee and subcommittee meetings including but not limited to hearings at which public testimony is to be taken, (normally called “public hearings”) shall be open to the public (Art. V, Sec. 13) and shall be scheduled at least

eighteen (18) hours in advance; agendas of bills, resolutions, and other proposals to be considered at such meetings shall be posted in a designated place at least eighteen (18) hours in advance; but in case of an emergency, a two-thirds (2/3) majority of the membership of the committee may bring bills or resolutions up for consideration upon notice of not less than two (2) hours.

10) (House Rule 60(b)) Special meetings of a standing committee may be called by the chairperson of the committee or by a majority of the members of the committee for conducting any business of the committee; provided, a special meeting of the committee may not conflict with regularly scheduled meetings of any standing committee; provided further, special meetings shall be subject to the same procedures regarding the publishing of agendas and notices of meetings that apply to regular standing committee meetings.

11) (House Rule 61(a)) All persons wishing to offer testimony to a committee hearing shall be given a reasonable opportunity to do so as determined by a majority of the committee. An oral or written statement shall not be a prerequisite to offer testimony before a committee.

12) (House Rule 63) No committee shall sit while the House is in session except the Committee on Rules or a Conference Committee, which shall notify the House.

13) (House Rule 66(a)) A bill, resolution or amendment in a House committee, having been rejected twice, shall not be placed on the committee agenda again or considered again during the same legislative session unless the vote is expunged (two-thirds of the membership of the committee). The motion to expunge shall be placed on the committee agenda, by a committee member, and placed at the bottom of the active list. A bill or resolution may be amended before a second consideration; but, unless expunged, even an amended bill having failed twice shall not be placed on the agenda or considered. Notice of reconsideration not permitted in committee.

14) (House Rule 47(a)) When a bill or resolution is under consideration, amendments shall be in order. Upon adoption, amendments shall become a part of the bill or resolution. Amendments to amendments may not be offered. All amendments offered before the House or one of its committees must be typewritten on an approved amendment form and signed by the sponsor. All amendments shall be attached to the original bill or resolution, numbered by the Bill Clerk, and shall be placed upon the members' desks before being acted upon by the House.

(House Rule 38(e)) All amendments shall be entered on a separate sheet of paper noting the line or lines to be changed and the words to be deleted or inserted.

15) (House Rule 68) No bill or resolution shall be introduced with a committee as the author of said bill or resolution unless that committee has voted unanimously to sponsor the bill or resolution.

16) (House Rule 69) Committee Records and Reports

69(a) The chairperson of each committee of the House shall keep or cause to be kept a separate record for each committee meeting in which there shall be entered:

~~69(a) 1.~~(1) The time and place of each hearing and each meeting of the committee.

~~69(a) 2.~~(2) The number and title of the bill or resolution with one of the following three recommendations: “do pass”, “do pass as amended”, or “do not pass”. If a committee recommends a bill or resolution “do pass as amended” and any of the amendments recommended by the committee are not adopted on the floor, the bill or resolution shall be re-referred to the same committee for further consideration and recommendation.

~~69(a) 3.~~(3) A summary of each bill or resolution's major provisions which may be several paragraphs in length in case of major bills or resolutions or simply the title of the bill or resolution in the case of minor bills or resolutions.

~~69(a) 4.~~(4) The reason for the committee’s action on the bill or resolution, including a brief minority report, if requested by any two (2) committee members.

~~69(a) 5.~~(5) A record of how every member voted on each bill or resolution when action is taken by the committee, including votes on a motion to postpone consideration on the bill or resolution and a recorded vote on any other motion, if requested by any two (2) committee members.

~~69(a) 6.~~(6) A list of all people testifying before a committee on each bill or resolution, the interest that they represent, and an indication of their position on the bill or resolution.

17) (House Rule 69(b)) Such records for each separate committee meeting shall be approved by the chairperson before the expiration of a seven (7) day period, with the exception of those records referred to in (a) ~~4.~~(1) and ~~2.~~(2), hereinabove which shall be filed immediately with the Clerk of the House.

18) (House Rule 24 part) When a question is raised about the proper referral of a bill or resolution to committee, if the Speaker admits error in the referral of the bill or resolution to a committee, the bill or resolution may be re-referred by a majority vote of a quorum; however, if the Speaker does not admit error in the referral of the bill or resolution to committee, the bill or resolution may only be re-referred by a two-thirds (2/3) vote of a quorum. When a bill or resolution is re-referred to a committee, any previous committee recommendation is automatically stripped from the bill or resolution. When a motion is under consideration, only two (2) substitutes to that motion shall be in order. Only a motion applicable to the main motion and of a higher precedence upon recognition may be substituted for the motion under consideration. A substitute to the third degree shall not be in order. Unless specified otherwise by

the presenter of the motion at the time the motion is made, a substitute motion shall apply to the main motion.

19) (House Rule 55 (a)) House Committee Staff will automatically and without delay ~~place~~ prepare a list of all bills or resolutions referred to the committees and on the committee agendas. Staff will notify the sponsor of bills or resolutions assigned to committee. Referred bills shall be placed on the committee's active agenda in the order they are read across the desk on the House Floor. A bill shall not be placed on a committee agenda until the second calendar day following the initial filing of the bill. When an active agenda is established in a committee and bills from that agenda are not placed on the deferred list and if the bills are passed over, they are placed at the bottom of the list of the day's active agenda.

20) After a bill or resolution has appeared on the committee agenda and has been called up for consideration by the committee and the sponsor of the bill or resolution or a representative is not present to present the bill or resolution, the bill or resolution will be placed on the active agenda two (2) additional times, but will be placed at the bottom of the active agenda. The chairperson of each committee will designate which bills or resolutions will appear on the agenda for each committee meeting. A bill shall not be placed on a committee agenda until the second calendar day following the initial filing of the bill.

21) The sponsor may request a bill or resolution be moved to a deferred list of bills and resolutions. A bill or resolution passed over after appearing on three (3) committee agendas shall be moved to the deferred list. Sponsor requests to move bills or resolutions from the deferred list to the active agenda must be made by 2:30 p.m. two (2) days prior to the scheduled committee meeting. Bills or resolutions moved from the deferred list to the active agenda shall be listed at the bottom of the active agenda. Bills or resolutions on the deferred list may be moved to the active calendar as provided by rule for a total of three (3) times only. A suspension of this rule by the committee (two-thirds of a quorum) will be required for each transfer of any bill or resolution having been moved three (3) times previously.

22) Bills or resolutions suggested as non-controversial will be considered before consideration of controversial bills or resolutions on the agenda. Bills and resolutions designated by sponsors as non-controversial shall appear on a consent agenda section of a committee's agenda. The objection of one (1) committee member to the consideration of a bill or resolution as non-controversial will automatically keep the bill or resolution from being considered as being non-controversial shall result in the bill or resolution being moved back to the referred items list. A committee by unanimous consent a quorum being present, may designate as non-controversial any bill or resolution receiving a "do pass" or "do pass as amended" recommendation.

Even though a bill or resolution has been considered as non-controversial, it will be necessary after a “do pass” or “do pass as amended” recommendation that a motion be made and there be unanimous consent of no less than a quorum of the committee for a bill or resolution to be eligible to be placed on the House non-controversial calendar.

23) If a bill or resolution is discussed by a committee at a meeting, but is not voted on because of time limitations or because the vote is deferred to the next meeting, the bill or resolution will not lose its order on the agenda and will not be counted as having been considered.

24) The author/sponsor of a bill or resolution may make a presentation for his or her bill or resolution and may elect at that time to respond to questions from the committee members. Following the initial presentation, non-legislative---non-committee members will be allowed to alternately speak against and for the bill or resolution. A procedural motion made by a member of the committee and adopted by the committee to limit or end debate will be allowed to govern non-legislative--non-committee members' discussions. At the conclusion of the non-legislative--non-committee member proponent and opponent presentations, the sponsor may return to the podium and may elect to field questions from the committee members. Those questions should be limited to requests for clarification or the securing of information. Questions that are rhetorically offered and are dilatory for the effect of debate are discouraged. At this point, the chair will entertain motions from committee members only. For disposition of a proposition in a House Committee, procedural motions (limit debate, immediate consideration, etc.) are allowed only following a main motion (do pass, do not pass, do pass as amended, etc.). Discussion from that point forward is limited to committee members for and against the motion, if debatable, in alternating fashion. If immediate consideration is not adopted and if debate has not been limited and time has not expired, the sponsor of the motion will be allowed to close for his or her motion. During the closing, the sponsor of the motion may elect to field questions from committee members. At the conclusion of these presentations, a vote will be taken on the motion properly before the committee.

25) As determined by the presider courtesy may be extended to General Assembly members who are non-committee members who need to return to their own committee meetings.

26) (House Rule 66) Eleven (11) members of a standing committee constitute a committee quorum with the Speaker present if he or she is a member of the committee and ten (10) members when the Speaker is not present. A committee recommendation of a bill or resolution will require these same numbers.

27) Smoking is prohibited in the committee rooms and all adjoining rooms.

28) (House Rule 69(a)~~5~~(5)) A roll call vote will be required if requested by any two (2) committee members, except for a quorum call which may be requested by one (1) member. The request for a quorum call is always in order.

29) When a roll call is required, the roll will be called by seniority with the vice chairperson being called next to last and the chairperson last. For a member's vote to be counted and recorded, he or she must vote "yes", "no" or "present".

30) During a roll call vote, when a member's name has been called twice and he or she does not respond, or when a member passes, they will not be allowed to vote at a later time on the current issue before the committee.

31) No seconds are required during the legislative process except those that are explicit in the rules, (roll call, previous question, sound the ballot, etc.)

32) (House Rule 38(~~p~~)(r)) "Fiscal impact statement" means a realistic statement of the estimated financial cost of implementing or complying with a proposed law regarding:

(1) Municipalities;

(2) Counties;

(3) Education, as related to the State of Arkansas and local school districts grades kindergarten through twelve (K-12);

(4) Corrections, if imposing new or additional costs and restrictions on inmate population patterns or affecting programs or services of the Department of Correction; or

(5) Lottery, if amending Arkansas Code, Title 23, Chapter 115, or imposing a new or increased cost to the ~~Arkansas Lottery Commission~~ Office of the Arkansas Lottery or a lottery;

(6) Health benefit plans, if imposing a new or increased cost obligation for health benefit plans, including pharmacy benefits, on an entity of the state; or

(7) New or existing scholarships to be funded with net proceeds from the state lottery or the Higher Education Grants Fund Account, as applicable.

33) (House Rule 38(~~e~~)(s)) When any House or Senate bill or resolution requiring an expenditure of public funds or otherwise imposing a new or increased cost obligation is pending before any committee of the House of Representatives, any member of the committee may request that a fiscal impact statement for such bill or resolution be placed on the desk of each member of the committee before the bill or resolution is called up for final action in the committee. If such request is made, the chairperson of the committee shall refer the bill or resolution to the appropriate state agency or to the legislative staff for the preparation of a fiscal impact statement, to be returned to the committee in writing not later than five (5) days from the date of the request.

34) (House Rule 38~~(s)~~(u)) Fiscal impact statements shall be made available to House Committees:

(1) At least one (1) day before the bill may be called up for final action in the House Committee during a regular legislative session or fiscal session of the General Assembly; and

(2) At least one (1) day before the bill may be called up for final action in the House Committee during a special session of the General Assembly.

Fiscal impact statements shall be made available to the full House of Representatives at least one (1) day before the bill may be called up for third reading and final action in the House of Representatives.

35) (House Rule 38~~(t)~~(v)) (1) Failure Except for bills imposing a new or increased cost obligation for health benefit plans on an entity of the state or bills regarding new or existing scholarships to be funded with net proceeds from the state lottery or the Higher Education Grants Fund, failure of the sponsor of a bill or resolution to provide the fiscal impact statement required in this rule shall not prohibit the consideration of it in the committee to which referred or on the floor of the House of Representatives, if no objection to it is made at the time such action is taken.

(2) A bill filed in the House of Representatives that will impose a new or increased cost obligation for health benefit plans, including pharmacy benefits, on an entity of the state shall:

(A) Have a fiscal impact statement attached to the bill prepared and filed with the chair of the committee to which the bill is referred; and

(B) Not be taken up by the committee to which the bill is referred until a fiscal impact statement is provided to the chair of the committee.

(3)(A) Any bill filed with the House of Representatives that creates a new scholarship to be funded with net proceeds from the state lottery or the Higher Education Grants Fund Account, as applicable, or affects an existing scholarship that is funded with net proceeds from the state lottery or the Higher Education Grants Fund Account, as applicable, shall:

(i) Have a lottery fiscal impact statement attached to it that is in the form set forth in Arkansas Code § 6-85-502; and

(ii) Not be taken up by the House Committee on Education and the Senate Committee on Education meeting jointly, until a lottery fiscal impact statement is attached.

They shall have power to punish any person, other than a member, for disorderly or contemptuous behavior in their presence, by fine and imprisonment, in the same manner and to the same extent as either house may do, for like conduct before it, by the Constitution and laws of this state.

(A) Any member of either house who shall be guilty of disorderly behavior in the presence of the meeting may be punished by the house of which he or she is a member, in the same manner as if the offense had been committed in the presence of that house.

Such system shall be designed in a manner which will permit either or both houses of the General Assembly to install compatible and interconnecting electronic equipment for the preparation of bills and resolutions in the same format as prepared by the Bureau of Legislative Research for introduction in either house of the General Assembly.

(2) The Bureau of Legislative Research shall provide the Secretary of the Senate and the Chief Clerk of the House of Representatives access by electronic medium to the central bill files in which bills and resolutions recorded in the automated bill preparation system are stored, to enable the engrossing rooms of the respective houses to have ready access thereto for enrollment of engrossed amendments adopted to such bills and resolutions.

§ 2. Petition.

(a) The qualified electors of the state or a district, as the case may be, may petition for the recall of an elected official by filing a recall petition demanding the recall of the elected official.

(f) If the Attorney General performs one (1) or more duties of the Secretary of State under this section due to the Secretary of State being the subject of the recall petition, the Attorney General may employ outside legal counsel to defend a legal challenge regarding the sufficiency of a recall petition.

"SECTION 1. DO NOT CODIFY. LEGISLATIVE INTENT.

(a)(1) One (1) in three (3) United States adults, or seventy nine million (79,000,000) adults holds a criminal record.

(2) Approximately twenty four percent (24%) of them, or approximately nineteen million (19,000,000), have been convicted of a felony, and ten percent (10%) of them, or approximately seven million seven hundred thousand (7,700,000), have been imprisoned at least once in their lifetimes.

(b) Both federal and Arkansas law prohibit the purchase or possession of a firearm by a person who has been convicted of a felony.

(c)(1) Tens of thousands of Arkansans who have committed nonviolent felonies have not only paid their debts to society but have since lived law-abiding lives for over a decade.

(2) Yet, those Arkansans are prohibited from purchasing and possessing a firearm to hunt, to protect their businesses, and to protect their families.

(d) Criminologists studying recidivism have found that felons usually have to stay out of trouble for about a decade before their risk of committing a crime equals that of other people with no criminal record.

(e)(1) Twenty-four (24) states provide nonviolent felons a pathway to restore their right to purchase and possess a firearm.

(2) In five (5) states, some nonviolent felons never lose their rights, while other states establish time frames for automatic restoration, and still others provide processes through the courts, boards, commissions, and other administrative avenues.

(f) With sparse research data available, an April 2008 report by the Washington State Sentencing Guidelines Commission suggests that offenders with restored gun rights in Washington state are roughly five (5) times less likely to recidivate than other offenders.

SECTION 7. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that, at this time, no state entity certifies the legal sufficiency of the popular name and ballot title for statewide initiative and referendum petitions before they are circulated to Arkansans; that the lack of such a review and certification process makes it far more likely that Arkansans will be asked to sign a petition that bears a legally insufficient popular name or ballot title; that the Attorney General has historically been the state entity to review and certify the legal sufficiency of popular names and ballot titles for statewide initiative and referendum petitions; that the Arkansas Supreme Court has held that the process under which the Attorney General provides such a review and certification is in furtherance of Arkansans' rights under Arkansas Constitution, Amendment 7; that the process will preserve the public peace, health, and safety by protecting Arkansans from signing a legally insufficient petition; and that this act is immediately necessary to help protect Arkansans' rights under Arkansas Constitution, Amendment 7 by providing for a process of review and certification before sponsors collect signatures. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that current Arkansas law requires a clinic, health center, or other facility in which a pregnancy of a woman known to be pregnant is willfully terminated or aborted in any month, including nonsurgical abortions, to be licensed by the Department of Health; that pursuant to Dobbs v. Jackson Women's Health Organization, 597 U.S. (2022) (decided June 24, 2022), overruling Roe v. Wade, 410 U.S. 113 (1973) and Planned Parenthood of Southeastern Pa. v. Casey, 505 U.S. 833 (1992), Acts 2019, No. 180, and Acts 2021, No. 309, the services described violate federal and state law; and that this act is immediately necessary to prevent any confusion about the licensing of an abortion clinic, health center, or other facility and the practices in which are detrimental and contrary to the public health, safety, and welfare of any patients and facility employees. Therefore, an emergency is declared to exist, and this act being

immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

- (1) The date of its approval by the Governor;
- (2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

Subchapter 6 — Arkansas ~~Renewable Energy Development~~ Cost-Shifting Prevention
Act of 2001 2023

23-18-601. Title.

This subchapter shall be known and cited as the "Arkansas ~~Renewable Energy Development~~ Cost-Shifting Prevention Act of 2001 2023".

23-18-602. Legislative findings and declarations.

~~(a) Net energy metering encourages the use of renewable energy resources and renewable energy technologies by reducing utility interconnection and administrative costs for small consumers of electricity. More than thirty (30) other states have passed similar laws or regulations in support of net energy metering programs. Increasing the consumption of renewable resources promotes the wise use of Arkansas's natural energy resources to meet a growing energy demand, increases Arkansas's use of indigenous energy fuels while reducing dependence on imported fossil fuels, fosters investments in emerging renewable technologies to~~

~~stimulate economic development and job creation in the state, including the agricultural sectors, reduces environmental stresses from energy production, and provides greater consumer choices. The General Assembly finds that:~~

(1) Arkansas has an established process for the billing option that enables customer-owned net-metering facilities to offset part or all of a net-metering customer's electric consumption;

(2) This billing option should continue subject to certain modifications for the benefit and rate protection of all electric utility customers in Arkansas; and

~~(b)(3) Arkansas has actively encouraged the manufacture of new technologies in the state through promotion of the Arkansas Emerging Technology Development Act of 1999, § 15-4-2101 et seq. [repealed]. Net metering would help to further attract energy technology manufacturers, to provide a foothold for these technologies in the Arkansas economy, and to make it easier for customer access to these technologies.~~

~~(c) Therefore, the General Assembly finds that it It is in Arkansas's long-term interest to adopt this subchapter the modifications set forth in this subchapter.~~

23-18-604. Commission authority — Definition.

~~(a)(1)~~ An electric utility shall allow net-metering facilities to be interconnected using, at a minimum, a single standard two-channel digital meter capable of registering the flow of electricity in two (2) directions that separately measures the electric energy in kilowatt hours that is:

(A) Supplied by an electric utility to the net-metering customer;
and

(B) Generated by the net-metering customer's net-metering facility and fed back to an electric utility.

(2) An electric utility may impose a charge to recover any cost of the standard two-channel digital meter that is not otherwise included in the rates paid by the net-metering customer.

~~(b)(1)~~ Following notice, and opportunity for public comment, and a hearing, a commission shall:

~~(1)~~ Shall establish appropriate rates, terms, and conditions for net metering, including without limitation the adoption or revision of any applicable rules on or before June 30, 2023;

~~(2)~~ For net-metering customers who receive service under a rate that does not include a demand component, may:

~~(A)~~ Require an electric utility to credit the net-metering customer with any accumulated net excess generation as measured in kilowatt hours or kilowatt hours multiplied by the applicable rate in the next applicable billing period and base the bill of the net-metering customer on the net amount of electricity as measured in kilowatt hours or kilowatt hours multiplied by the applicable rate that the

net-metering customer has received from or fed back to the electric utility during the billing period;

~~(B) Take the following actions if those actions are in the public interest and doing so will not result in an unreasonable allocation of or increase in costs to other utility customers:~~

~~(i) Separately meter the electric energy, measured in kilowatt hours, supplied by the electric utility to the net-metering customer and the electric energy, measured in kilowatt hours, that is generated by the net-metering customer's net-metering facility that is fed back to the electric utility at any time during the applicable billing period;~~

~~(ii) Apply the commission-approved retail rate to all kilowatt hours that are supplied by the electric utility to a net-metering customer by the electric utility during the applicable period determined by a commission;~~

~~(iii) Apply the avoided cost of the electric utility plus any additional sum determined under subdivision (b)(2)(B)(iv) of this section to all kilowatt hours supplied to the electric utility by a net-metering customer, during the period determined by a commission, which shall be credited to the total bill of the net-metering customer in a dollar value; and~~

~~(iv) The additional sum added to the avoided cost of the electric utility may be applied after the demonstration of quantifiable benefits by the net-metering customer and shall not exceed forty percent (40%) of the avoided cost of the electric utility;~~

~~(C) Authorize an electric utility to assess a net-metering customer that is being charged a rate that does not include a demand component a per-kilowatt-hour fee or charge to recover the quantifiable direct demand-related distribution cost of the electric utility for providing electricity to the net-metering customer that is not:~~

~~(i) Avoided as a result of the generation of electricity by the net-metering facility; and~~

~~(ii) Offset by quantifiable benefits; or~~

~~(D) Take other actions that are in the public interest and do not result in an unreasonable allocation of costs to other utility customers; The right to a hearing under this subsection may be waived by the parties.~~

(c) Through its actions under subdivision (b)(1) of this section, a commission shall:

(1)(A) Ensure that each net-metering customer pays the costs of an electric utility's facilities and associated expenses required to:

(i) Provide service to the net-metering customer; and

(ii) Enable the net-metering customer's use of the electric utility's facilities.

(B) The costs described under subdivision (c)(1)(A) of this section include without limitation any costs that are:

(i) Recovered through rates using the cost-of-service study underlying the rates approved by a commission in the electric utility's most recent application for a general change or modification of the electric utility's rates under § 23-4-401 et seq.;

(ii) Recovered through riders or surcharges; and

(iii) Adjusted for any commission-approved:

(a) Formula rate plan adjustments under the Formula Rate Review Act, § 23-4-1201 et seq.; or

(b) Adjustments under § 23-4-901 et seq.

(C) By June 30, 2023, a commission shall approve modifications to each electric utility's rate schedules applicable to net-metering customers to ensure that all existing and prospective net-metering customers pay all applicable riders and surcharges;

(2) Allow an electric utility to modify the rates, terms, and conditions, including without limitation the rate structure and any individual rate components for net-metering customers, subject to approval by the commission, without filing an application for a general change or modification of the electric utility's rates under § 23-4-401 et seq.;

(3) Not adjust the costs of an electric utility's facilities and associated expenses required to provide service to a net-metering customer and to enable the net-metering customer's use of the electric utility's facilities as specified in subdivision (c)(1)(A) of this section with any amounts that are not quantified in the cost-of-service study underlying the retail rates approved by a commission in the electric utility's most recent application for a general change or modification in rates under § 23-4-401 et seq., including without limitation any commission-approved:

(A) Formula rate plan adjustments under the Formula Rate Review Act, § 23-4-1201 et seq.; or

~~(3) Shall require that net-metering equipment be installed to accurately measure the electricity:~~

~~(A) Supplied by the electric utility to each net-metering customer; and~~

~~(B) Generated by each net-metering customer that is fed back to the electric utility over the applicable billing period;~~

~~(4) May authorize (9)(A) Authorize an electric utility to assess a net-metering customer a greater fee or charge of any type, if the electric utility's direct costs of interconnection and administration of net metering outweigh the distribution system, environmental, and public policy benefits of allocating the costs among the electric utility's entire customer base~~ standard one-time fee, to be approved by the commission, to recover administrative and related interconnection review costs.

(B) Any costs incurred by the electric utility for an interconnection study are the sole responsibility of the net-metering customer and shall be paid in advance of any work's being undertaken by the electric utility to:

~~(5) For net-metering customers who receive service under a rate that does not include a demand component, shall require an electric utility to credit a net-metering customer with the amount of any accumulated net excess generation as measured in kilowatt hours or kilowatt hours multiplied by the applicable rate in the next applicable billing period;~~

~~(6) Except as provided in subdivision (b)(9) of this section, for net-metering customers who receive service under a rate that includes a demand component, shall require an electric utility to credit the net-metering customer with any accumulated net excess generation in the next applicable billing period and base the bill of the net-metering customer on the net amount of electricity that the net-metering customer has received from or fed back to the electric utility during the billing period;~~

~~(7) May expand the scope of net metering to include additional facilities that do not use a renewable energy resource for a fuel if so doing results in distribution system, environmental, or public policy benefits;~~

~~(8) Shall provide that:~~

~~(A)(i) The amount of the net excess generation credit as measured in kilowatt hours or kilowatt hours multiplied by the applicable rate remaining in a net-metering customer's account at the close of a billing cycle shall not expire and shall be carried forward to subsequent billing cycles indefinitely.~~

~~(ii) However, for net excess generation credits older than twenty-four (24) months, a net-metering customer may elect to have the electric utility purchase the net excess generation credits in the net-metering customer's account at the electric utility's avoided cost, plus any additional sum determined under this section, if the sum to be paid to the net-metering customer is at least one hundred dollars (\$100).~~

~~(iii) An electric utility shall purchase at the electric utility's avoided cost, plus any additional sum determined under this section, any net excess generation credit remaining in a net-metering customer's account when the net-metering customer:~~

(c) The governing body of a municipal utility may limit the generating capacity of a net-metering facility to less than twenty-five kilowatts (25 kW) for residential customers or three hundred kilowatts (300 kW) for nonresidential customers only after the governing body finds that the capacity limit is necessary for reliable utility operations or the public health, safety, or welfare.

(d) The governing body of a municipal utility shall not establish a rate or fee that reduces the value of electric energy from a net-metering facility to below the avoided cost of the municipal utility.

(e) For customers who receive service under a rate that includes a demand component, the governing body of the municipal utility shall require a municipal utility to credit a net-metering customer with any accumulated net excess generation in the next applicable billing period and base the bill of the customer on the net amount of electricity that the net-metering customer has received from or fed back to the municipal utility during the billing period.

23-18-606. Rate structure determination.

(a) At its discretion, an electric utility may elect to use one (1) of the following rate structures to develop rates for net-metering customers:

(b) The monthly grid charge under this section shall be calculated for each customer class as follows:

(1)(A) Calculate the sum of all fixed costs collected through volumetric rates.

(B) The fixed costs collected through volumetric rates shall be any demand-related or customer-related costs collected in rates stated in dollars per kilowatt hour; and

(2)(A) Convert the fixed costs calculated in subdivision (b)(1) of this section into a rate, expressed in dollars per kilowatt hour, by dividing the total of the fixed costs under subdivision (b)(1) of this section for each customer class by the electric utility's sales during the test-year used to develop the retail rates approved by the commission in the electric utility's most recent application for a general change or modification in rates under § 23-4-401 et seq.

(B) The monthly grid charge for each customer class shall be determined by multiplying the fixed costs expressed under subdivision (b)(2)(A) of this section by the expected monthly output of a one-kilowatt direct current solar photovoltaic solar system determined under subsection (c) of this section.

(c)(1) The expected monthly output of a one-kilowatt direct current solar photovoltaic solar system shall be:

(A) Expressed in kilowatt hours; and

(B) Calculated by dividing the expected average annual output for a one-kilowatt direct current solar photovoltaic solar system using the process described in subdivisions (c)(2) and (3) of this section by twelve (12).

(2) For a fixed-tilt solar photovoltaic system, the average annual output for a one-kilowatt direct current solar photovoltaic solar system shall be:

(A) Expressed in kilowatt hours; and

(B) Determined using the National Renewable Energy Laboratory PVWatts Calculator using a direct current to alternating current (DC/AC) ratio of one and one-tenth (1.1) using a single location central to the electric utility's service territory.

(3) For a single-axis tracking solar photovoltaic system, the average annual output for a one-kilowatt direct current solar photovoltaic solar system shall be:

(A) Expressed in kilowatt hours; and

(B) Determined using the National Renewable Energy Laboratory PVWatts Calculator using a direct current to alternating current (DC/AC)

ratio of one and three-tenths (1.3) using a single location central to the electric utility's service territory.

(d) The monthly grid charge shall not be less than the amount of any electric utility fixed costs that are collected through volumetric charges, including without limitation any riders, and excluding the cost of fuel and purchased energy that the net-metering customer avoids.

SECTION 2. Arkansas Code Title 4, Chapter 88, is amended to add an additional subchapter to read as follows:

Subchapter 11 — Customer Protections for Net-metering Customers Act

4-88-1101. Title.

(2) "Net-metering facility" has the same meaning as defined in the Arkansas Cost-Shifting Prevention Act of 2023, § 23-18-601 et. seq.

4-88-1103. Net-metering customer protections.

The net-metering customer protections shall include without limitation the following, a:

(1) Requirement that any person who sells or leases a net-metering facility or who provides a net-metering service to a net-metering customer under the Arkansas Cost-Shifting Prevention Act of 2023, § 23-18-601 et. seq shall:

(A)(i) Provide a prospective or existing net-metering customer a minimum of five (5) business days to evaluate a proposal to construct a net-metering facility to provide all or part of the prospective or existing net-metering customer's needs for electric energy within a single electric utility's allocated service territory.

(ii) The proposal to the prospective or existing net-metering customer shall include:

(a) A description of the system and the system's placement on the net-metering customer's premises or other location consistent with the requirements of this subchapter;

(b) A description of the nameplate generating capacity and expected monthly and annual output of the net-metering facility in kilowatt hours;

(c) The estimated annual degradation to the net-metering facility;

(d) An estimated timeline for the installation of the net-metering facility;

(e) The total cost of the net-metering facility;

(f) The amounts due at the signing for and at the completion of the installation;

(g) The payment schedule;

(h) The payback period;

(i) The forecasted savings monthly and annual bill savings provided by the proposed net-metering facility in dollars based on the rate structure as defined in § 23-18-606;

(j) A description of any warranties;

(k) The length of the term of any warranties; and

(l) Notice that the prospective or existing net-metering customer may file a complaint with the Attorney General;

(B) Perform an energy efficiency audit on the potential or existing net-metering customer's premises and any customer meter locations to be served by the proposed net-metering facility as part of the proposal to sell or lease a net-metering facility or provide a net-metering service to a net-metering customer under the Arkansas Cost-Shifting Prevention Act of 2023, § 23-18-601 et. seq, or inform the prospective or existing net-metering customer of how to obtain an energy efficiency audit; and

(C) Inform the prospective or existing net-metering customer of the available energy efficiency measures to address the results of the audit as part of the proposal to sell or lease a net-metering facility or provide a net-metering service to a net-metering customer under the Arkansas Cost-Shifting Prevention Act of 2023, § 23-18-601 et. seq;

(2) Demonstration to the prospective or existing net-metering customer that the proposed net-metering facility meets all applicable safety requirements and standards; and

(3) Demonstration to the prospective or existing net-metering customer that the person who sells or leases a net-metering facility or who provides a net metering service to a net metering customer holds:

(A) All required permits to install, construct, or operate a net-metering facility in the state, and, if the governing county, city, or local authority does not require an electrical inspection, an executed certification that no electrical inspection or permit is required; and

(B) A bond or other acceptable financial security to ensure proper maintenance of the net-metering facility and decommissioning of the net-metering facility.

4-88-1104. Enforcement.

Any violation of this subchapter may be enforced under the powers of the office of the Attorney General under the Arkansas Deceptive Trade Practices Act, § 4-88-101 et seq., including without limitation all enforcement powers.

(2) Submit the commission rules to the Legislative Council by June 30,

2023.

(b) The commission shall approve modifications to the electric utilities' rate schedules applicable to net-metering to conform to this act by June 30, 2023.

SECTION 4. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that delay in the enactment of this act may result in unjust, unreasonable, and unduly discriminatory rates; and that this act is immediately necessary for the protection of Arkansas ratepayers. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."
